~~Field Training Officer Certification~~

(Sokolove Model)

~~Romeoville Police Department~~

~~1050 West Romeo Road (at Sunset Pointe Drive), Romeoville, IL 60446~~

~~Monday - Friday, November 16 - 20, 2015~~

~~8:00 am till 4:00 pm~~

Course Description:

This forty-hour course is specifically designed for experienced uniformed patrol personnel selected to serve as Field Training Officers with probationary employees. The course emphasizes the FTO's role in assisting probationers certify for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policy, procedures and community service delivery standards.

The instruction highlights two essential Field Training and Evaluation Process skills: 1) the ability to examine and objectively document the probationer's job behaviors using the 2009 revised non-numerical/behaviorally anchored standardized assessment guidelines and, 2) analyzing the probationer's training needs and using proper instructional techniques for corrective action.

The instruction presentation will focus upon discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out-of-classroom reading assignments from the course text and workbook, *Breaking Routine™: Field Training Officer*.

The course content will include:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process.
- The Instructional Relay Race: Taking over where Basic Police Training/Certification left off.
 - Inventorying the probationer's current knowledge and skill proficiencies.
- Selection and use of on-the-job instructional techniques: finding the best tools to meet the challenge.
- Utilization of legally defensible, non-numerical standardized evaluation guidelines.
- Objectively documenting probationer performance.
- Documenting the extent of training and coaching without becoming a best-seller author.
- Strategically addressing Probationer areas of Corrective Action Necessary.
- Utilizing the Probationer Officer Manual as the Field Training playbook.
- Practical Directed Patrol Mapping™: Preparing the Probationer for Proactive - Community Oriented Policing: Dancing with SARA!
- Creating a Self-Reliant™ law enforcement agent.

Special attention: *Students should be familiar with their Department's current Field Training and Evaluation Process and should be briefed on their agency's process. Students are encouraged to bring a copy of their agency's Probationary Office Manual and forms to class.*

Instructor: This course will be taught by: Mr. Bruce Sokolove, Field Training Assoc., Ypsilanti, MI.

Rapid Medical Response
"Self-aid/Buddy-aid" (SA/BA)

Monee Police Department,
5356 W. Main Street, Monee, IL 60449
Wednesday, December 16, 2015
8:00 am till 4:00 pm

Course Description: Patrol officers are at greater risk than ever before due to escalating violence, better trained terrorists, and offenders who have military or paramilitary style training. The ever increasing intent of these criminal elements is to kill first responders in military type ambushes and wreak havoc in urban environments. Our medical and police first responders are not adequately trained or equipped to deal with the critical moments during these horrific events. Paramedics are not allowed into combat zones while shooting is still occurring. The police, therefore, are on their own to treat themselves and others for wounds sustained during a response to multiple shooters.

Consequently, this workshop incorporates military style responses to active shooters with combat medical support that parallels the tactics required. This workshop familiarizes patrol officers with the basic uses of the Israeli bandage and other methods of emergency self-medical care during active shooting incidents or terrorist attacks. The workshop features use of combat tourniquets and pressure dressings similar to those used by the U. S Military in Iraq and Afghanistan.

Course Summary: This 1-day course provides officers with the skills to provide life-saving self-aid/buddy-aid (SA/BA) in the event of serious injury. What differentiates this training from a standard first-aid course is the focus on providing proven tactical medical concepts in an austere and hostile patrol environment. During the morning session, officers will receive lecture and practical instruction in the core concepts SA/BA; airway/breathing, bleeding control/shock, assessment, high-threat evacuation. In the afternoon, officers will participate in multiple law enforcement based scenarios. These scenarios allow each officer to apply the SA/BA concepts learned in a dynamic patrol based setting.

- Mental/Physical Response to Trauma
- Airway/Breathing Management
- Bleeding Control/Shock Management
- Rapid Casualty Evaluation
- High-Threat Casualty Evacuation
- Hands-On/Practical Training
- Scenario Training

The Instructors: Are supplied by, Professional Tactical EMS Consulting, Inc. (PROTEC). PROTEC specializes in providing tactical EMS consulting/contracting services and medical training to law enforcement agencies.
