NEW COURSE! Basic School Resource Officer Course	Plainfield PD	Monday- Friday August 3 -7, 2015	Register

This schedule will be updated as additional programs and locations are contracted.

Crisis Intervention Team Training (CIT)

40-Hour State Certified Course

Plainfield Fire Protection District (Headquarters)

23748 W. 135th Street; Plainfield, Illinois 60544

Monday-Friday, March 16 - 20, 2015

8:00 am till 5:00 pm

Purpose:

Law enforcement officers are generally the first responders to crisis events. This course is also open to local and county sworn corrections officers. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description:

Crisis Intervention Team training is an in-depth 40-hour specialized course of study for uniformed patrol law enforcement officers and sworn corrections officers who, in addition to their regular service calls, will be required to respond to crisis calls involving people who have behavioral disabilities. CIT officers will use their acquired knowledge and skill to effectively handle crisis situations and make the most appropriate disposition, which will best serve the individual and the community.

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.

About the Instructors:

The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training. All scenarios are facilitated and evaluated by certified CIT officers.

~~Basic Crime Prevention Through Environmental Design Training~~ ~~(CPTED)~~

~~Romeoville Police Department~~

~~1050 West Romeo Road (at Sunset Pointe Drive), Romeoville, IL 60446~~

~~Tuesday—Thursday, March 24—26, 2015~~

~~8:00 am till 4:00 pm~~

Course Description:

Crime Prevention Through Environmental Design (CPTED) is based on the principle that proper design and effective use of buildings and public spaces in neighborhoods can lead to a reduction in the fear and incidence of crime, and an improvement in the quality of life. CPTED's goal is to prevent crime through designing a physical environment that positively influences human behavior. It is based on four principles: natural access control, natural surveillance, territoriality, and maintenance. Participants will learn the basics of CPTED principles and how they work; apply successful applications and techniques of CPTED to specific crimes; consider CPTED principles in plans to secure key public places, schools, and facilities; and conduct a community safety assessment using CPTED principles.

Course Objectives:

- CPTED theory, overview of history of crime and physical environment, CPTED principles and how they apply to problem solving, community planning, and conducting safety and security assessments
- CPTED applications to specific crimes and "hot spots" locations
- Specific practical techniques including street and security lighting, landscaping, barriers, traffic calming, and target hardening
- Role of maintenance, ordinances, and other local laws in strategies to prevent crime and improve quality of life
- How to link neighborhood volunteers to local crime prevention, community building, and homeland security initiatives
- How to consider CPTED principles in plans to secure key public places and facilities

Benefits of CPTED

Law Enforcement Will Benefit From

- Sustainable links with planning, development, code enforcement, and other local agencies
- Clarification and action on neighborhood priorities related to crime and quality of life

Municipal Leadership Will See

- Improved perception of safety and livability in public areas, schools, and neighborhoods
- Enhanced consideration of public safety in planning, development, and redevelopment projects

Business Leaders/Owners Will Gain

- Safer locations that are more attractive to customers and employees
- Enhanced problem-solving partnerships with local government and community members
- Skills to recognize potential problems in the business districts before they become serious

Continued on next page:

[Back to Index](#)

Architects/Planners Will Gain

- CPTED is recognized as an acceptable component of LEED (Leadership in Energy and Environmental Design) or Green Building
- A holistic approach to the development and planning process
- Increased collaboration between city agencies, businesses, and communities to improve public safety

Instructor: Ret. Sgt. Chuck Sczuroski, NCPC Master Trainer

Charles (Chuck) Sczuroski is a master trainer for the National Crime Prevention Council. Mr. Sczuroski has extensive experience in developing curricula, facilitating, and conducting various types of crime prevention training all over the country for diverse audiences. Mr. Sczuroski has conducted various types of training including gang prevention; basic and advanced Crime Prevention Through Environmental Design for communities and law enforcement agencies; basic and advanced campus crime prevention; basic and advanced crime prevention and foreclosure and mortgage fraud. He has trained all audiences including youth, diverse populations, city and government agencies, law enforcement, and community organizations. He has provided technical assistance to states wanting to become strong, viable, and self-sustaining crime prevention associations. He also has years of experience in helping communities create crime prevention action plans and then following up with those communities to provide technical assistance on implementing the plans.

Prior to joining NCPC, Mr. Sczuroski served as the director of training and client services for NESCTC, an international security company that provides services throughout North America, the Caribbean, and Europe. Mr. Sczuroski served as the president of the Rhode Island Crime Prevention Association and was a member of the Peer-to-Peer Technical Assistance Network. He is a retired Sergeant from the Pawtucket, RI, Police Department where he initiated and was responsible for numerous programs, including Neighborhood Watch and DARE. He served as the senior citizen advocate and founded three police community centers for at-risk youth. He developed and implemented a nationally recognized high school citizen police academy and mentoring program and served as the city's Federal Emergency Management Agency's volunteer coordinator.

Mr. Sczuroski has an M.A. in administration of justice from Anna Maria College and a B.S. in criminal justice from Roger Williams University.

~~The Reid Technique of Interviewing and Interrogation®~~

~~JJC, Weitenhoff Agricultural Education Center~~

~~17840 Laraway Rd, Joliet, IL 60433~~

~~Monday, Tuesday & Wednesday, March 30 — April 1, 2015~~

~~8:00 am till 3:00 pm~~

GPS alert: use 1151 East Laraway Road 60433, neighbor of Ag. Center

Course Description:

This is a twenty-one hour program on the Reid Technique of Interviewing and Interrogation®. The course includes; interview and interrogation preparation, behavior symptoms, the Reid® Behavior Analysis Interview (B.A.I.) and "The Reid Nine Steps of Interrogation" which include:

Interview and Interrogation Preparation

The style, appearance and approach of the successful interviewer and interrogator will be covered, as will the room settings conducive to these activities.

Behavior Symptoms

Differences in verbal and nonverbal behavior between innocent and deceptive persons often can be observed, and are thus indicative of whether or not a suspect is telling the truth. A guilty suspect makes a conscious decision to resist your effort to get at the truth. In trying to maintain a structure of verbal lies, however, that suspect most often develops internal conflicts and tensions which manifest themselves in nonverbal behavior. Thus, body movements, facial expressions, eye contact, attitudes, posture and grooming gestures can indicate whether the subject is telling the truth or lying. Nonverbal indicators can also be used to determine whether the suspect under interrogation is listening, maintaining a defiant attitude or is ready to confess. You will learn how to observe and assess critical behavior symptoms and use those assessments to determine whether to move on to the next step of the interrogation.

Reid® Behavioral Analysis Interview (B.A.I.)

The information developed through use of the standard investigative questions of "who," "what," "when" and "how" is often not adequate — even in combination with physical evidence — to identify the wrongdoer. The Reid Behavioral Analysis Interview is a technique that uses a structured set of non-accusatory behavior-provoking questions developed as a result of many thousands of interviews. The B.A.I. makes it easier to determine whether the suspect is telling the truth about involvement in the matter under investigation, and is flexible enough to be used in cases ranging from employee theft to homicide.

The Reid Nine Steps of Interrogation®

The nine step approach to a successful interrogation has been developed by John E. Reid and Associates through extensive research and practical experience over a period of 60 years. Because of the subject's importance, approximately half the classroom time in the seminar is devoted to the interrogation process and detailed examination of each of the nine steps.

John Reid and Associates will provide the instructors for this class.

The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.

Tactical Field Interviewing

Kankakee County Sheriff's Office

3000 S. Justice Way, Kankakee, IL 60901

Tuesday & Wednesday, April 7 & 8, 2015

8:00 am – 4:00 pm

Course Description: The 2-day Wicklander-Zulawski (WZ) Seminar on Tactical Field Interviewing is designed to teach and reinforce the sound fundamentals of the field interviewing process for the patrol officer, field investigator, detective, police officer, special agent, or other law enforcement professional. Course participants learn a broad range of cutting-edge methods and proprietary tools to conduct more effective interviews and interrogations in their terrorism-related investigations that will result in more actionable intelligence, quicker admissions and better statements.

Instruction includes a comprehensive overview of non-confrontational interviewing methods to overcome the resistance of a traditional criminal or terrorist operative. Attendees will learn to assess verbal and non-verbal behavior, offer rationalizations, handle denials, detect deception and evaluate truthfulness. This course will enhance communication, interview and interrogation skills for a more focused and successful investigation of terrorist activities.

The non-confrontational approach to field interviewing has been recognized for the way it produces faster and more accurate results. In many cases, admissions are achieved without the suspect ever making a denial or protesting his innocence. Additionally, suspects often reveal more about their activities than during a traditional confrontational interrogation approach. The multiple strategies taught in this class provide flexibility to alter interviewing strategies depending on the reaction of the suspect. Simply said, if one method is not working, the investigator has additional techniques to utilize.

COURSE OBJECTIVES: After completing this course of instruction the participant will be able to:

- Understand the law on criminal interviews and interrogations and the development of the admission into legally acceptable confessions.
- Interpret and evaluate the suspect's verbal and physical behavior as they relate to truth and deception during field interviews.
- Apply factual analysis to the interviewing process.
- Assist subjects in recalling events and details of past activity.
- Employ non-accusatory interview techniques to obtain information and detect subject's truthfulness.
- Enhance their skills to effectively investigate ongoing, organized drug trafficking, money laundering, terrorist financing, and other financial transactions suggestive of criminal activity.
- Uncover patterns, trends and correlation indicative of money laundering or other criminal activity.

Instructor: Lou Tessmann, CFI® recently retired as Deputy Chief for the Waukegan (Illinois) Police Department after 23 years of service in a wide variety of experiences including patrol, investigations, training and ultimately Deputy Chief of Police. Lou is a 26-year veteran of the U.S. Marines, retiring as a CWO-4. In addition to his service in Vietnam he was activated for Desert Storm and Desert Shield and has received numerous military awards including the Naval Commendation Medal.

Continued on next page:

Lou began his career as a police officer with the City of Waukegan, Illinois assigned to the patrol division. He was later assigned to the detective bureau for nine years and as a juvenile officer for one year. Lou also served as the Commander of the elite Lake County Major Crime Task Force. The task force works on major criminal investigations relating to homicides, kidnappings, and police-involved shootings. During his career, he has conducted thousands of interviews and interrogations. Most noteworthy, Lou has obtained over 80 homicide confessions during his career with only three instances where he was unable to obtain a confession from the homicide suspect.

*This project is supported by Homeland Security funds, awarded by the Illinois Terrorism Task Force through the Illinois Law Enforcement Training and Standards Board. **Application has been made, course subject to cancellation if not funded or minimum enrollment is not met.***

The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.

Tri-River Police Training Region - MTU 16

~~Second Division Overweight Vehicle Enforcement & Portable Weight Scale Certification~~

~~Monroe Police Department,
5356 W. Main Street, Monroe, IL 60449
Monday thru Friday, April 13—17, 2015
8:00 am till 5:00 pm~~

Course Description: This forty hour course provides law enforcement officers with instruction which addresses size, weight, measurement and dimension related issues and violations as they pertain to commercial Vehicles. This program is designed to provide traffic and patrol officers with the skills and knowledge to enforce Illinois truck related laws and regulations within their jurisdictions.

➤ *This course is state certified by the Illinois Law Enforcement Training and Standard Board.*

This is the complete course open to all police officers regardless of truck enforcement experience and includes Portable Scale Certification.

Upon completion of this course, officers will demonstrate proficiency by:

- Identifying 2nd Division Vehicles and their components
- Identifying vehicles exempt from Chapter 15 laws
- Locating and applying Height and Length laws to 2nd Division Vehicles
- Locating and applying Weight laws to 2nd Division Vehicles
- Interpreting the requirements of any legally issued permit
- Recognizing violations of Chapter 3/Registration laws applying to 2nd Division Vehicles
- Correctly applying the Commercial Drivers Licensing restrictions to Professional Drivers
- Identifying which violations result in warnings and which in citations
- Calculating Overweight Fines and determining the appropriate bond

Students must achieve a minimum score of 70 percent on a written examination to receive certification for the 40 hour Second Division Overweight Vehicle course. Successful graduates will leave with all the tools necessary to do their jobs when they return to the road, including a reference manual, job aids and contacts to enhance their enforcement experience.

Previous 40 Hour Course (Truck) graduates needing Portable Scale Certification may attend the Thursday, April 16th Class for that purpose. Contact Tri-River if interested in Thursday session.

Instructor: The lead instructor for this class will be Trooper Armida Baccega (Retired) of the Illinois State Police.

Rapid Medical Response

"Self-aid/Buddy-aid" (SA/BA)

Kankakee County Sheriff's Office

3000 S. Justice Way, Kankakee, IL 60901

Wednesday, April 22, 2015

8:00 am till 4:00 pm

Course Description:

Patrol officers are at greater risk than ever before due to escalating violence, better trained terrorists, and offenders who have military or paramilitary style training. The ever increasing intent of these criminal elements is to kill first responders in military type ambushes and wreak havoc in urban environments. Our medical and police first responders are not adequately trained or equipped to deal with the critical moments during these horrific events. Paramedics are not allowed into combat zones while shooting is still occurring. The police, therefore, are on their own to treat themselves and others for wounds sustained during a response to multiple shooters.

Consequently, this workshop incorporates military style responses to active shooters with combat medical support that parallels the tactics required. This workshop familiarizes patrol officers with the basic uses of the Israeli bandage and other methods of emergency self-medical care during active shooting incidents or terrorist attacks. The workshop features use of combat tourniquets and pressure dressings similar to those used by the U. S Military in Iraq and Afghanistan.

Course Summary:

This 1-day course provides officers with the skills to provide life-saving self-aid/buddy-aid (SA/BA) in the event of serious injury. What differentiates this training from a standard first-aid course is the focus on providing proven tactical medical concepts in an austere and hostile patrol environment. During the morning session, officers will receive lecture and practical instruction in the core concepts SA/BA; airway/breathing, bleeding control/shock, assessment, high-threat evacuation. In the afternoon, officers will participate in multiple law enforcement based scenarios. These scenarios allow each officer to apply the SA/BA concepts learned in a dynamic patrol based setting.

- Mental/Physical Response to Trauma
- Airway/Breathing Management
- Bleeding Control/Shock Management
- Rapid Casualty Evaluation
- High-Threat Casualty Evacuation
- Hands-On/Practical Training
- Scenario Training

The instructors:

Are supplied by, Professional Tactical EMS Consulting, Inc. (PROTEC). PROTEC specializes in providing tactical EMS consulting/contracting services and medical training to law enforcement agencies.

*This project is supported by Homeland Security funds, awarded by the Illinois Terrorism Task Force through the Illinois Law Enforcement Training and Standards Board. **Application has been made, course subject to cancellation if not funded or minimum enrollment is not met.***

Illinois County Jail & Detention Standards

Will County Adult Detention Facility

95 S. Chicago St.; Joliet, IL 60436

Friday, April 24, 2015

9:00 am till 3:00 pm

Course Description: This one-day (6-hour) training session will provide an overview of the Illinois County Jail Standards highlighting recent changes. This training will provide useful information for reducing exposure to civil and criminal liability. Additionally the minimum standards monitored by the Illinois Department of Corrections Office of Jail and Detention Standards will be addressed.

Training Objectives:

- Improve safety to staff and detainees.
- Protect the civil and legal rights of staff and detainees.
- Encourage efficient management of jails and lockups.

Topics Will Include:

- Admission Procedures and Detainee Orientation
- Medical Care / Aftercare
- Classification and Separation Issues
- Mental Health Considerations
- Food Service and Commissary Issues
- Supervision of Detainees & Security
- Mail, Telephone, Visitation Rights
- Offender Management

❖ *This training is designed for all levels of county jail operations, training does not pertain to the operation of "municipal lockups".*

The Instructor:

Errica Weatherspoon of the Detention Standards Unit Illinois Department of Corrections. Errica has been employed with the Illinois Department of Corrections for over twenty years. She started with the department in 1994 as a Correctional Officer at Stateville Correctional Center. She continued to work as a Correctional Officer for many years at both Stateville and Joliet (now closed) Correctional Center until her promotion to a Senior Parole Officer in 2004. Errica was a Parole Agent for eight years until she was attained her current position as a Criminal Justice Specialist in 2012.

~~40 Hour Firearms Instructor Course~~

~~JJC, Weitendorf Agricultural Center; 17840 W. Laraway Rd, Joliet, IL 60433~~

~~&~~

~~Will County Sheriff's Range & Training Facility; 2402 Laraway Rd., Joliet, IL 60433~~

~~Monday – Friday, April 27 – May 1, 2015~~

~~1:00 pm till 9:00 pm~~

(Class will begin at the JJC Ag. Center each afternoon)

GPS alert: use 1151 East Laraway Road 60433, neighbor of Ag. Center

Course Description:

This course of instruction is designed to produce a qualified law enforcement firearms instructor who is capable of training police officers of all experience levels to safely, efficiently, and effectively employ their duty handguns in the course of their work activities. Additionally, student officers will be trained on choosing various firearms, ammunition, and firearms accessories for the law enforcement mission. Communications skills coupled with teaching and learning skills will be integrated into every component of this course of instruction. This course is open to any officer who is currently assigned as or under consideration for assignment as a police firearms instructor.

At the completion of this training, the student officer will be able to identify the law enforcement mission critical goals and objectives of a police firearms instructor, demonstrate the instructional issues, and produce documentation detailing the training efforts.

Student officers will be required to pass a written exam, correctly demonstrate designated training exercises, and pass a live fire qualification course with their duty handgun.

Training methodology will be:

- Explanation – By Instructor
- Demonstration – By Instructor
- Corrected Practice / Hands On By Student Officer Under Supervision of Instructor(s)
- Demonstration – By Student Officer

➤ *This course is certified by the Illinois Law Enforcement Training and Standards Board (ILETBS)*

STUDENTS MUST BRING THE FOLLOWING EQUIPMENT TO CLASS:

- ✓ 750 rounds of ammunition
- ✓ Hat with bill to protect face from brass ejections
- ✓ Eye protection
- ✓ Pencil/pen and notebook
- ✓ Duty leather and pistol
- ✓ Duty flashlight
- ✓ Soft body armor
- ✓ Comfortable clothing and boots, NO SHORTS (fatigues/BDUs suggested) NOTE: Students will participate in multiple tactical exercises and can expect to get dirty.
- ✓ Water to drink during tactical exercises
- ✓ A packed lunch

Continued on next page:

Lead Instructor:

Jeff Chudwin served 38 years and retired as Chief of Police for the Village of Olympia Fields, Illinois. Jeff is a founding member and president of the Illinois Tactical Officers Association. As a competitive shooter of over 35 years he has won numerous competitions including the 2010 National Patrol Rifle Championship. He designed the first patrol rifle instructor training program certified by the Illinois Law Enforcement Training and Standards Board.

He has studied firearms use and design and developed and patented rifle and pistol safety devices. He developed and instructs the basic patrol rifle, patrol rifle instructor, advanced patrol rifle, Firearms Instructor Update, and rifle-pistol armorer courses for MTU's state wide. Combining his experience as an attorney, prosecutor, and career peace officer, he writes for several law enforcement publications and lectures nationwide regarding police use of force, firearms training, patrol functions, and tactical operations.

Breath Alcohol Testing

(24-hour Breath Analysis Instrument Operator Course)

Frankfort Police Department,
20602 Lincoln Way Lane, Frankfort, IL 60423
Tuesday - Thursday, April 28 - 30, 2015
8:00 am till 5:00 pm

Course Description:

Officers completing this program will be certified as Illinois Breath Analysis Operators by the Illinois State Police. This twenty-four hour course is also certified by the Illinois Law Enforcement Training and Standards Board.

Some of the topics that will be discussed are as follows:

- Operation and function of the breath testing equipment approved for use in Illinois
- Detailed discussions on drinking driver enforcement
- Laboratory training in the use of equipment
- Pharmacological effects of alcohol
- Legal matters relating to drinking driver enforcement (including implied consent and case presentation for court)

Successful completion and attendance of the course including passing the exam is required to be a state certified Breath Alcohol Operator (BAO).

❖ ***Participants are encouraged, but not required, to bring a laptop computer; ISP course materials are now on a "CD" which is supplied.***

Instructors:

The Illinois State Police Academy will be providing instructors for this course.

Member Tuition: None

Non-Member Tuition: None

This course is funded by the Illinois Department of Transportation through the Police Traffic Services Training Project and administered by the Illinois Law Enforcement Training & Standards Board.

A.R.I.D.E.: Advanced Roadside Impaired Driving Enforcement

Plainfield Police Department

14300 S. Coil Plus Drive, Plainfield IL 60544

Monday & Tuesday, April 27 & 28, 2015

8:00 am till 4:00 pm

Course Description:

The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment.

ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructor: Tony Lebron (Retired M/Sgt; Illinois State Police) will be the lead instructor.

Explosive Recognition: Bomb and Security Planning

Station 3 Training Center, Frankfort Fire Protection District

24420 S. LaGrange Rd. (Rt. 45), Frankfort, IL 60423

Friday, May 8, 2015

8:00 am to 4:00 pm

Course Description:

This 8 hour course of instruction is designed to prepare first responders to recognize Improvised Explosive Devices. The course is designed for first responders to be able to recognize and report an incident involving explosives and explosive incendiary devices. First Responders will be able to identify and investigate incidents involving the use of explosives, explosive devices, and explosive incendiary devices.

At the conclusion of this course, participants will be able to identify and take safe and appropriate action in the event of a potential or realized incident involving explosives and incendiaries, to include Home Made Explosives (HME).

Topics include:

- Types of Explosions, Mechanical, Chemical, Nuclear
- High and Low Explosives- Post Blast Investigation
- Military Ordnance
- Initiating Systems
- Gas Enhanced Improvised Explosive Devices
- Secondary Devices- Response Guidelines
- Home Made Explosives

Instructor:

This course will be taught by: Sergeant Larry Drish, Commander of the Cook County Sheriff's Police Bomb Unit.

*This project is supported by Homeland Security funds, awarded by the Illinois Terrorism Task Force through the Illinois Law Enforcement Training and Standards Board. **Application has been made, course subject to cancellation if not funded or minimum enrollment is not met.***

Local 150 Operating Engineers Training Center
19800 W. South Arsenal Rd., Wilmington IL 60481

Tuesday, May 12, 2015

8:00 am till 4:00 pm

Course Description: This one-day training course is designed for detectives, supervisors, dispatchers, and prosecutors who investigate or prosecute homicides. The course instructs on the guilty and innocent indicators made by individuals during 911 homicide phone calls. Each indicator is thoroughly defined, discussed and exemplified by actual 911 homicide phone calls.

The course goal is to make each attendee aware of the importance of examining the 911 calls made by individuals reporting a death or homicide. One-third of all murders call in their own crime pretending to be innocent. Much can be learned about the offender and offense from a critical analysis of the taped call.

Topics will include:

- Analysis of Actual Homicide Calls
- Indicators of Innocence
- Indicators of Guilt
- Utilizing the C.O.P.S. Scale
- Importance of Critical Analysis
- Columbus Case Review
- Sanders Case Review
- Eleventh, Minnesota Case Review
- Caylee Anthony Case Review
- In-Class Exercises

Instructor: Lt. Tracy Harpster has served with the Moraine Police Department in Ohio since 1984. He has worked as a street officer, undercover narcotics officer, Patrol Sergeant, Detective Sergeant, and Operations Lieutenant. Lt. Harpster was a Task Force Director in the Ohio Organized Crime Investigations Commission and was assigned to the FBI Joint Terrorism Task Force in Dayton, Ohio. He is currently the Director of the Tactical Crime Suppression Unit Narcotics task Force.

Tracy Harpster has spent the last six years analyzing 911 Homicide Calls and has developed a model which indicates offender probability. He has co-authored several articles on the subject and is nationally recognized presenter/instructor at homicide conferences across the United States.

The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.

Illinois DUI and IVC Legal Update

Romeoville Police Department

1050 West Romeo Road (at Sunset Pointe Drive), Romeoville, IL 60446

Friday, May 15, 2015

8:00 am till 4:00 pm

Course Description:

This course is design and instructed by an experienced and practicing assistant state's attorney to give police officers, first line supervisors and command level personnel a review and update in the area of DUI and many of the associated issues. In addition to the DUI update, recent legislation and case law involving other aspects of the Illinois Vehicle Code will also be examined.

Topics to be covered include:

- Updates on DUI/Traffic laws (both statutory and case law)
- Legal issues associated with fatal/life threatening crashes with and without evidence of impairment
- Summary suspension issues
- Trial and courtroom issues
- Chemical testing
- Updates on other issue pertaining to the Illinois Vehicle Code

Instructor:

Deborah Mills had been a prosecutor for 15 years, 5 years with the Milwaukee District Attorney's Office and the remaining 10 years with the Will County State's Attorney's Office. Deborah has supervised the DUI/Traffic Unit in the Will County State's Attorney's Office since 2004 and has primarily prosecuted DUI/Traffic cases since 2004. Additionally Deborah has trained officers and prosecutors in both Illinois and Wisconsin on various DUI and traffic issues.

DWI Detection & Standard Field Sobriety Testing (SFST)

(24-hour course)

Bolingbrook Police Department

375 Briarcliff Rd., Bolingbrook, IL 60440

Wednesday thru Friday, May 20, 21 & 22, 2015

8:00 am till 4:30 pm

This three day, 24 hour course is a State Certified program on the standardization of sobriety testing procedures. The latest testing methods will be demonstrated. Horizontal Gaze Nystagmus (HGN) techniques for improved probable cause standard for DUI arrests will be taught. This course will also cover the pharmacological differences between drug effects and alcohol effects on the body.

- ***This course utilizes live dosed individuals as opposed to videos, which greatly enhances the training.***

Course Description: The purpose of this course is to increase deterrence of DWI violations, and thereby reduce the number of crashes, deaths and injuries caused by impaired drivers. As a result of this training, participants will become significantly better able to:

- Understand enforcement's role in general DWI deterrence.
- Understand detection phases, clues and techniques.
- Understand requirements for organizing and presenting testimonial and documentary evidence in DWI cases.
- Recognize and interpret evidence of DWI violations.
- Administer and interpret Standardized Field Sobriety Tests.
- Describe DWI evidence clearly and convincingly in written reports and verbal testimony.
- Understand the tasks and decisions of DWI detection.
- Know and recognize typical vehicle maneuvers and human indicators symptomatic of DWI associated with initial observations.
- Know and recognize typical reinforcing maneuvers and indicators that come to light during the stopping sequence.
- Know and recognize typical sensory and other clues of alcohol and/or other drug impairment that may be seen during face-to-face contact with DWI suspects.
- Know and recognize typical behavioral clues of alcohol and/or other drug impairment that may be seen during the suspect's exit from the vehicle.
- Understand the role and relevance of psychophysical testing in pre-arrest screening of DWI suspects.
- Know and carry out appropriate administrative procedures for validated divided attention psychophysical tests.
- Know and carry out appropriate administrative procedures for the Horizontal Gaze Nystagmus test.
- Know and recognize typical clues of alcohol and/or other drug impairment that may be seen during administration of the Standardized Field Sobriety Tests.

Instructors: The instructors for this class will be Lt. Dave Schurr of the Bolingbrook Police Department and Sgt. Steve Sigler of the Illinois State Police.

**Application for funding by the Illinois Department of Transportation through the Police Traffic Services Training Project and administered by the Illinois Law Enforcement Training and Standards Board has been submitted.*

Hot Topics!

Presented by Attorney at Law Kevin Burke

Bourbonnais Police Department

700 Main Street NW, Bourbonnais, IL 60914

Thursday & Friday, May 21 & 22, 2015

8:00 am till 4:00 pm

Course Description:

Hot Topics! rigorously examines a wide range of "hot" issues, including critical aspects of the following: DUI; a variety of search and seizure issues, including recent cases concerning the use of drug sniffing canines; the progressively confusing area of consent search: the authority to control vehicle occupants during car stops and more; Miranda issues including several important recent decisions from the United States and Illinois Supreme Courts; recent revisions of the Eavesdrop statute; changes in the Criminal Code and case decisions impacting the Criminal Code; certain changes in the Cannabis Control Act and Controlled Substances Act and more...Course content is constantly revised and updated.

This up to date course will trouble shoot a wide range of issues. "Hot Topics" is an ideal course for any law enforcement officer and a great course for the supervisor who wants to "catch up" on changes in important areas of law.

"Hot Topics" will also include critical aspects of the following:

- A range of DUI enforcement issues
- Miranda compliance and issues including important recent decisions
- A variety of Search and Seizure issues from Illinois and Federal Courts
- Recent selected statutory changes in the Criminal Code
- Recent selected statutory changes in the Vehicle Code
- Identification Procedures
- Eavesdrop statute
- Recent changes in the Cannabis Control Act and Controlled Substances Act

Instructor: Attorney Kevin Burke is well known throughout the state for his legal outlines and instruction on a variety of topics relevant to Illinois peace officers. He has a broad background in law enforcement, prosecution, and law related instruction to criminal justice professionals.

C.R.I.M.E. 1-2-3

Criminal Related Interviewing Made Easy®

Romeoville Police Department

1050 West Romeo Road (at Sunset Pointe Drive), Romeoville, IL 60446

Tuesday, May 26, 2015

8:00 am till 4:00 pm

Course Description:

This dynamic 8 hr. course is specifically designed to prepare all detectives, investigators, agents, supervisors, gang officers and uniformed patrol officers to become effective interviewers and consistently successful in getting difficult confessions. From newer officers to the more experienced detectives, you will learn to easily separate the interview and interrogation process in three easy steps. Each crucial step provides simple and straightforward how-to's that will allow you to get confessions in any venue or circumstance.

In one day, your expert instructors will provide each attendee with easy-to-understand tools that have been used and perfected on hard-core criminals for over sixteen years. This will be the most exciting and helpful interview class you have ever attended. No more time-consuming and expensive courses that teach complex interrogation "tactics" that have more steps than you can remember during a stressful interview. Build self-confidence, learn what to do and start becoming a great interviewer today. C.R.I.M.E 1-2-3 is here. "So get in, get it and get out."

Course Topics:

- Real interviewer preparation
- Time management
- Know your suspect, or terrorist group
- Set the stage for success
- Proper introductions and face time
- Recognize and utilize your strong points
- Physical and verbal considerations
- Homicide preparation and legal aspects
- Choosing "your" interview technique
- Closing the confession
- Morals and the media

Instructor:

Domenic Cappelluti CFI is a veteran street cop with the Waukegan (Illinois) Police Department and former Group Supervisor of the elite Lake County Major Crime Task Force (Illinois). With over 16 years of experience Domenic has specialized in high profile violent street crimes, to include homicides, murder for hire cases on gang and drug officers, and officer involved shootings. During his career, Domenic has worked in patrol, and avidly supervised the Criminal Investigations Division and the Gang Suppression Unit. Domenic has proudly conducted and directed hundreds of gang and drug related operations throughout his County and the Chicago metropolitan area targeting Chicago based street gangs

The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.

*This project is supported by Homeland Security funds, awarded by the Illinois Terrorism Task Force through the Illinois Law Enforcement Training and Standards Board. **Application has been made, course subject to cancellation if not funded or minimum enrollment is not met.***

32 Hour Police Cyclist Class

JJC, Weitendorf Agricultural Education Center

17840 Laraway Rd, Joliet, Illinois 60433

Monday - Thursday, June 1 - 4, 2015

8:00 am – 4:00 pm*

****One session will be in late afternoon/evening based on weather conditions.***

GPS alert: use 1151 East Laraway Road 60433, neighbor of Ag. Center

Course Description: This course, which is nationally certified through the International Police Mountain Bike Association (IPMBA), has been developed for officers and First Line Supervisors and focuses on the use of the bicycle as a patrol vehicle. Participants will spend approximately half of each day riding their bikes and negotiating obstacles. Students will learn to safely handle their bikes while in traffic and how to use the bicycle when making traffic stops, citizen contacts, and suspect contacts. They will also learn how to safely handle bicycles in pursuit situations.

The course includes:

- Bicycle, uniform, accessory, and clothing selections
- Basic physical fitness and injury avoidance
- Critical situation riding techniques
- Basic maintenance, tire changing, brake and gear adjustment, lubrication
- Pre-ride safety inspections
- Traffic strategies and approaches to calls
- Negotiation of basic obstacles
- Patrolling, vehicle stops, suspect stops
- Pursuits and takedowns
- **Night patrol (evening class is generally the third day of class)**
- Drug enforcement
- Community relations
- Bicycles and firearms

Continued on next page:

Equipment requirements:

Participants must bring:

- ✓ A multi-gear, quality mountain bike
- ✓ Headlight and rear reflector (or taillight)
- ✓ Bicycle helmet that meets CPSC standards,
- ✓ Protective eyewear, including clear lenses for the night class.
- ✓ Pedal retention, such as toe clips or power grips.

Highly recommended:

- Bike water bottle
- Cycling gloves
- Padded bike shorts
- Rear rack gear bag
- Rear mounted kick stand
- Body armor
- Police radio or cell phone

IMPORTANT NOTE: Student bikes MUST meet IPMBA standards for appropriate frame height and size, i.e. there should be 1.5 to 3 inches of clearance between the rider and the top tube of the bike when the rider is astride it in a flat-footed stance.

It is recommended that students wear department bike uniforms and duty gear for this course. If not available, clothing identifiable with 'POLICE' markings is also acceptable. It is also suggested that participants bring a basic tool kit, frame pump, replacement tire tubes and a rain jacket.

Instructor:

The lead instructor for this class will be Sgt. Bernie Hogancamp, Homewood Police Department (Retired).

Member Tuition: None

Non-Member Tuition: \$200.00*

**Members will have priority in registration.*

Basic School Resource Officer Course

Plainfield Police Department

14300 S. Coil Plus Drive, Plainfield, IL 60544

Monday - Friday, August 3 - 7, 2015

8:00 am till 5:00 pm

Course Description:

The Basic School Resource Officer Course is a forty-hour block of instruction designed for any law enforcement officer with two years or less experience working in an educational environment and school administrators.

The course emphasizes three main areas of instruction:

- Functioning as a police officer in the school setting
- Working as a resource and problem solver
- Developing teaching skills

Attendees will gain a solid working knowledge of the School Resource Officer concept and how to establish a lasting partnership with their schools. The course is taught on a five day, eight hour format. Classes begin promptly at 8:00 am each morning and run through 5:00 pm each day. Attendees are required to attend all sessions in order to obtain the National School Resource Officer Basic Course Certificate. There is a written examination, multiple discussions, and at least one graded practical exercise for each student.

Who Should Attend:

The School Resource Officer Program is a true Community Based Police program. Although many of the officers attending our courses will be assigned as School Resource or School Liaison Officers, the course is designed to benefit school administrators working with law enforcement and any law enforcement officer working with youth, or in an educational environment.

This includes: School Resource Officers; School District Officers; DARE Officers; GREAT Officers; Juvenile Officers; Community Officers; School Security Officers; School Liaison Officers; School Administrators and Probation Officers.

Instructors: Will be supplied by the National Association of School Resource Officers (NASRO). NASRO, the world's leader in school-based policing, is a not-for-profit organization founded in 1991 with a solid commitment to our nation's youth. NASRO is an organization for school-based law enforcement officers, school administrators, and school security/safety professionals working as partners to protect students, school faculty and staff, and the schools they attend.

Member Tuition: \$200.00, includes one year NASRO membership; please register thru Tri-River as normal, you will then be given additional registration instructions.

Non-Member Tuition: \$495.00, includes one year NASRO membership; **non-members must register thru NASRO, please follow one of these links for registration:**

www.nasro.org or <https://nasro.org/events/?event-id=189>
