# "My C.I."

## *Cultivating and Effectively Handling Today's Top Confidential Informants*

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL 60451

Monday; March 18, 2019

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s)

Civil Rights | Constitutional and Proper Use of Law LE Authority | Lead Homicide

**Course Description:** The focus of this dynamic one day seminar is to simply clarify each and every aspect of working hand and hand with an "informant" in any criminal investigation, such as of drug cases, property crimes and other serious crimes against person including homicides. This seminar has been developed for *patrol officers, tactical officers, detectives, gang investigators, agents and command staff*. Your expert instructor will share his experiences and address issues to help you develop your own strategies in spotting, cultivating and safely getting informants to work for you.

From first time offenders to high-level criminal organizations, the mentality of those heavily involved in today's most serious crimes is rapidly changing. Today, we are tasked with combating the most dangerous criminals in the U.S. and across the world who continue to improve in ways of eluding law enforcement. This is where "My C.I." comes in. Behind every great informant is a greater handler who always understands their capabilities, an informant's limits, and the legal aspects during day to day operations. Despite the ambitions or motivators of potential informants, you will develop the expertise that's needed today to protect the informant, your agency and yourself.

### **Topics Include:**

- Spotting today's possible candidates and dangers
- Evaluating the informant and their potential in each investigation
- The significance of protecting your agency and establishing voluntariness
- Understanding the informant's motivators and lifestyle
- Mastering rapport and effective communication
- Establishing and maintaining ethical and professional relationships
- Today's legal aspects and courtroom preparation

**Instructor:** Steve Hollister, is a detective with the Waukegan (Illinois) Police Department and has been a police officer for over 19 years. During his tenure, Steve has worked in Patrol, Gang Unit, Drug Unit, Adult Investigations, SWAT, and currently the Gang Intelligence Unit (GIU) which is a high bred Gang/Drug unit. Steve primarily worked for the department's elite drug and gang unit as the drug unit's senior drug investigator until having the opportunity to work as a Task Force Officer (TFO) with the Drug Enforcement Administration (DEA). During his time with the DEA, over \$10 Million dollars were seized in the form of currency, homes, vehicles and jewelry. Also during his tenure at DEA, well over 300 kilos of heroin, cocaine or meth were taken off the streets as well as numerous high level cartel members that organized drug operations in the United States, Columbia, Mexico and Peru.

## ***Advanced Roadside Impaired Driving Enforcement***

Frankfort Police Department,  
20602 Lincoln-Way Lane, Frankfort, IL 60423  
Tuesday & Wednesday; March 19 & 20, 2019  
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):  
Civil Rights | Constitutional & Proper Use of LE Authority | Human Rights | Legal Updates

**Course Description:** The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment.

ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

**Instructor:** Tony Lebron (Retired M/Sgt; Illinois State Police) will be the lead instructor.

This course complies with the guidelines of the following mandate(s): Civil Rights  
Introductory Mental Health Awareness | Law Updates | Use of Force | Cultural Competency | Lead Homicide  
Investigator | Procedural Justice | Human Rights | Constitutional and Proper Use of L.E. Authority

## **Course Description:**

In the last four decades, the number of individuals with mental illness living in a community setting has risen drastically, resulting in increased contacts with law enforcement. Agencies across the country have responded by developing new protocols, hiring social workers, and implementing special response teams. This course is designed to increase officer awareness of mental health disorders and provide effective intervention techniques for handling mental health crisis situations. This training will benefit all levels of public safety, including police officers, corrections officers, probation officers, EMTs and telecommunicators.

(This course is State certified and meets Board guidelines for eight mandated training areas. It is also approved for eight hours credit toward the 32-hour recertification requirement for Lead Homicide Investigators.)

## **Topics include:**

- History and Background
- National Perspectives
- Types and Symptoms of Mental Illness
- Medications and Co-occurring Disorders
- Treatment for Mental Illness

## **Child Death Investigation: From Death Scene to Court**

Plainfield Fire Protection District (Headquarters)

23748 W. 135<sup>th</sup> Street; Plainfield, IL 60544

Monday & Tuesday, March 25 & 26, 2019

8:00 am to 4:00 pm

This course complies with the guidelines of the following mandate(s): Law Updates | Lead Homicide Investigator | Procedural Justice | Human Rights | Constitutional and Proper Use of L.E. Authority

**Course Description:** Determining the cause and manner of a child's death requires an approach that differs from other types of homicides. This course provides a comprehensive overview of the mechanisms of death typically found with child deaths, as well as specific information and strategies for properly investigating the cases. The slightest misstep can derail a case and take it from homicide to undetermined, and not everyone is cut out to handle these cases.

The course gives participants a new perspective on exactly what these cases require to reach final determinations of cause and manner of death. Participants will learn practical exercises for reconstructions of infant deaths, participate in scenarios, and delve in-depth into cases for discussion. (You're encouraged to bring your own cases to class.) Strategies to prevent mistakes will be outlined.

### **Participants will be able to:**

- Recognize the variety of mechanisms common to child deaths
- Interpret wounds, injuries and pathological findings
- Identify death scene details that are critical in determining cause and manner
- Understand the importance of interdisciplinary investigations
- Deal with and obtain information from grieving families
- Conduct a proper reconstruction for an infant death investigation

**Instructor:** Lisa Mayhew, with both her bachelor and master degrees in Child Development, has worked as a child development specialist in North Carolina since 1992. She has provided direct therapy services to children, as well as providing consultation and training within North Carolina and across the US in areas related to child development. She specializes in the 0-3 year population, children with special needs and interdisciplinary collaboration. She has served as the Child Death Investigator/Trainer for the Office of the Chief Medical Examiner since 2000 conducting investigations of child deaths statewide, and providing assistance in investigations to local and state agencies.

Continued on next page:

In addition, Lisa operates the Child Death Investigation Training Program in conjunction with the North Carolina Justice Academy to agencies statewide involved in the investigation of child fatalities. She provides training to local and state law enforcement agencies across the US, and is the author of Child Death Investigations: Interdisciplinary Techniques from Cradle to Court available through Carolina Academic Press. She served as a consultant in the development of the Infant/Child Death Investigation Kit with Tri Tech Forensics and is an instructor for their training institute.

# **The Reid Technique of Interviewing and Interrogation®**

New Lenox Police Department  
200 Veterans Parkway, New Lenox, IL 60451  
Tuesday - Thursday; March 26 - 28, 2019  
8:00 am till 3:00 pm

This course complies with the guidelines of the following mandate(s):  
Civil Rights | Constitutional & Proper Use of LE Authority | Lead Homicide Investigator | Legal Updates

**Course Description:** This is a 3 day, twenty-one hour program on the Reid Technique of Interviewing and Interrogation®. The course includes; interview and interrogation preparation, behavior symptoms, the Reid® Behavior Analysis Interview (B.A.I.) and “The Reid Nine Steps of Interrogation” which include:

## **Interview and Interrogation Preparation**

The style, appearance and approach of the successful interviewer and interrogator will be covered, as will the room settings conducive to these activities.

## **Behavior Symptoms**

Differences in verbal and nonverbal behavior between innocent and deceptive persons often can be observed, and are thus indicative of whether or not a suspect is telling the truth. A guilty suspect makes a conscious decision to resist your effort to get at the truth. In trying to maintain a structure of verbal lies, however, that suspect most often develops internal conflicts and tensions which manifest themselves in nonverbal behavior. Thus, body movements, facial expressions, eye contact, attitudes, posture and grooming gestures can indicate whether the subject is telling the truth or lying. Nonverbal indicators can also be used to determine whether the suspect under interrogation is listening, maintaining a defiant attitude or is ready to confess. You will learn how to observe and assess critical behavior symptoms and use those assessments to determine whether to move on to the next step of the interrogation.

## **Reid® Behavioral Analysis Interview (B.A.I.)**

The information developed through use of the standard investigative questions of “who,” “what,” “when” and “how” is often not adequate — even in combination with physical evidence — to identify the wrongdoer. The Reid Behavioral Analysis Interview is a technique that uses a structured set of non-accusatory behavior-provoking questions developed as a result of many thousands of interviews. The B.A.I. makes it easier to determine whether the suspect is telling the truth about involvement in the matter under investigation, and is flexible enough to be used in cases ranging from employee theft to homicide.

## **The Reid Nine Steps of Interrogation®**

The nine-step approach to a successful interrogation has been developed by John E. Reid and Associates through extensive research and practical experience over a period of 60 years. Because of the subject’s importance, approximately half the classroom time in the seminar is devoted to the interrogation process and detailed examination of each of the nine steps.

John Reid and Associates will provide the instructor for this class.

# John Reid Advanced Interviews & Interrogations

New Lenox Police Department  
200 Veterans Parkway, New Lenox, IL 60451  
Friday; March 29, 2019  
8:00 am to 3:00 pm

This course complies with the guidelines of the following mandate(s):  
Civil Rights | Constitutional & Proper Use of LE Authority | Lead Homicide Investigator | Legal Updates

**Course Description:** This course is for individuals who have completed the 3-day seminar on *The Reid Technique of Interviewing and Interrogation*, and builds upon their knowledge of the Reid Technique.

Most unsuccessful interrogations are a result of the investigator's inability to move the guilty suspect from one stage of the interrogation to the other. *Reid* has defined three distinct stages of the interrogation that may give the investigator problems:

1. Defiant stage: seven proven tactics to move suspects out of this stage
2. Neutral stage: four proven techniques to get the suspect to listen to the interrogator's themes
3. Acceptance stage: three specific techniques that will dramatically increase admissions of guilt

People who commit crimes do so to fulfill certain needs. What needs were satisfied is based upon the case facts, evidence and results of the interview — types of needs that will be thoroughly discussed are:

- Real need crimes
- Impulse need crimes
- Esteem need crimes
- Lifestyle need crimes

The Advanced Seminar will also address the following specific problem areas for some but not all interrogations:

- Juvenile interrogations
- Interrogation regarding guilty knowledge
- Playing one suspect against another
- Interrogation on multiple crimes

Attendees will also examine the differences between business, petty, and serious IVC offenses. Attendees will:

- Learn the application of the "hands free" electronic communication device law
  - what is allowed while holding the device (speed dialing, etc)
- Review
  - New laws
  - Changes to existing laws
- Review current violations from commonly used IVC chapters
- Cover the new bond procedure for petty traffic offenses effective 01/01/2015
- Learn how to recognize vehicles which are *hazardous dilapidated motor vehicles*
  - when a vehicle can be towed by law enforcement from private property
- DUI enforcement laws
  - BAID
  - MDDP
  - Felony violations
- Review less commonly used, probable cause-based sections
- Learn proper application of IVC registration sections to out-of-state violators
- Review current court case law affecting application of the IVC

Continued on next page:

- Learn proper application and use of IVC sections for similar offenses
  - e.g.: charging too fast for conditions instead of speeding
- Review towing statutes and court rulings about vehicle towing
- Learn graduated license enforcement
- Review child safety seat enforcement

This course is appropriate for patrol and traffic enforcement officers (local, county, state), and their supervisors.

# Autism Awareness for Law Enforcement

Plainfield Police Department

14300 Coil Plus Drive, Plainfield, IL 60544

Monday; May 20, 2019

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): **Mental Health Awareness**  
Civil Rights | Use of Force | Procedural Justice | Human Rights | Constitutional and Proper Use of L.E.  
Authority

**Course Description:** This one day, 8-hour program has been designed to provide students with basic understanding of Autism Spectrum Disorders and strategies for interactions with individuals with an Autism Spectrum Disorder. Over the years the number of individuals diagnosed with Autism Spectrum Disorders (ASD) has risen drastically, resulting in increased contacts with law enforcement. This training will show students how inappropriate responses by individuals with Autism Spectrum Disorders, such as lack of communication skills, aggressive behavior, and obsessive-compulsive behaviors can be reconciled. This can be done by identifying procedures that a law enforcement officer should/may employ when interacting with an individual with a disability and identify the procedures a law enforcement officer should follow to ensure the safety and cooperation of a person with Autism Spectrum Disorder (ASD).

## Course Topics:

- Explanation of Autism
- Characteristics of Autism
- Strategies for Interaction
- De-escalation Strategies
- Wandering Issues
- Communication Strategies (verbal and non-verbal)
- Interviewing Victims/Offenders
- Use of Force Considerations
- Law Enforcement Programs

# Illinois General Explosives Recognition and Requirements

JJC, Weitendorf Agricultural Center  
17840 W. Laraway Rd, Joliet, IL 60433  
Thursday, May 23, 2019  
8:00 am till 4:00 pm

**GPS alert: use 1151 East Laraway Road 60433, neighbor of Ag. Center**

This course complies with the guidelines of the following mandate(s): Law Updates

**Course Description:** This is a one day 8-hour class being provided by the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. The class will provide hands on education for recognizing the different types of high/low explosives and their requirements at both the State of Illinois level, as well as the BATFE (Federal) level. In addition to general explosive recognition, the specifics and differences of consumer fireworks (1.4) vs. professional grade fireworks (1.3G) and the laws that pertain to them will be discussed in great detail.

This class is being provided by the IDNR to help educate law enforcement and to provide direct assistance, on scene, when dealing with explosive situations. The IDNR regulates / investigates high and low explosives including 1.1, 1.2, 1.3, and 1.5. Too many times law enforcement does not have the education to know how to identify an explosive and/or if a bomb squad needs to be called. Bomb Squads, Explosives Breaching SWAT Teams, and BOMB Dog Handlers already possess the IL Individual Explosives License. The IDNR must be notified immediately upon any recovery of a regulated explosive and/or device to pursue the information necessary for enforcement.

If the Officer and their respective department so desire; after completing the class and passing the exam they can receive an IL IDNR Individual Explosives License, to be used in association with their law enforcement duties. A random monthly bank of test questions will be administered at the end of the class which will consist of 50 questions that will be multiple choice and/or True-False. Each officer receiving the license will fill out an application and must pass the test with an 80% or higher. Officers who do not pass the test will be provided an opportunity to retest in the near future.

➤ **Licensing is recommended but not required to attend.**

There are eight chapters covered in the presentation and each officer will be provided a packet of information from the IDNR consisting of a copy of the IL Explosives Act, the Admin Codes that Apply to the Act, a general explosives safety packet, a packet for note taking as the presentation is given, and a small 4-page packet for officers to keep available as a quick reference guide for explosive identification purposes, while on duty.

Continued on next page:

[Back to Index](#)

**Key topical areas to be addressed include the following:**

- Illinois Explosives Act
- Explosive Storage Requirements-Law Enforcement and Non-Law Enforcement
- Explosives Safety/Recognition/Handling (m-devices, homemade sticks, etc.)
- Fireworks- 1.3G low explosives (professional fireworks) vs 1.4 low explosives
- Enforcement of 1.3G vs. 1.4 and their requirements

**Instructor:**

The instructor for this class is Nick Sterling who currently is a Specialist/Inspector/Investigator for the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. Mr. Sterling's current territory includes Cook, Lake, McHenry, DuPage, Kane, Kendall, Gundy, and Will Counties. Sterling has been with the Department for four years and inspects/investigates all explosive storage facilities (Law enforcement and Non-Law Enforcement), explosives accidents, explosives incidents, and performs random checks/investigations on both licensed and unlicensed individuals. Sterling has 18 years of high explosives experience and teaches the IL Individual Explosives License Class on a regular basis. Over the past few years Mr. Sterling has noticed a lack of education when law enforcement agencies are dealing with explosives related issues, and hopes to help prevent these issues in the future through education and assistance.

# **Peer Support for Public Safety Agencies**

New Lenox Police Department  
200 Veterans Parkway, New Lenox, IL 60451  
Monday – Friday; June 10 - 14, 2019  
8:00am – 4:00pm

**Please note this course is intended for department members whose respective agencies currently have or are in the process of developing a Peer Support Team.**

This course complies with the guidelines of the following mandate(s): Human Rights | Procedural Justice

**Course Description:** This 5 day, 40-hour program has been developed for entry-level participants who have been chosen as peer support team members and is consistent with accepted industry standards, guidelines for peer support as proffered by the International Association of Chiefs of Police, and reviews of other law enforcement programs and peer support as a discipline. Content is heavily influenced by previous experiences in peer support, crisis hotline training, and related behavioral sciences. The overall philosophy is that peer support comes from within the peer support team member, from his or her own experiences, and from the recognition of one's own feelings. This provides the starting point for understanding crisis, stress, suicide, bereavement, crisis communication skills, the model known as Critical Incident Stress Debriefing, boundaries, confidentiality, and other pertinent information to prepare the team member to intervene in a personal crisis and/or critical incident.

Lecture, discussion, personal introspection, sharing and intense role-playing exercises are the methods generally utilized in this training. Critiques from over 500 past participants have supported this training as the definitive starting point for a peer support team member.

## **Topics to be addressed include:**

- What is peer support?
- The Peer Intervention Model
- The Nature of Crisis
- Crisis Communication Skills
- DSM IV & the Relationship with Trauma
- Understanding Suicide
- Cynicism
- Resiliency
- Setting Limits
- Retirement Issues
- Death & Dying

**Lead Instructor:** William Hogewood is a veteran of 49 years in law enforcement with Prince George's County, Maryland, joining in 1969, and the Bureau of Alcohol, Tobacco, and Firearms for 10 years. The Basic School Resource Officer Course is a forty-hour block of instruction designed for any law enforcement officer with two years or less experience working in an educational environment and school administrators.

The course emphasizes three main areas of instruction:

- Functioning as a police officer in the school setting
- Working as a resource and problem solver
- Developing teaching skills

Attendees will gain a solid working knowledge of the School Resource Officer concept and how to establish a lasting partnership with their schools. The course is taught on a five-day, eight hour format. Classes begin promptly at 8:00 am each morning and run through 5:00 pm each day. Attendees are required to attend all sessions in order to obtain the National School Resource Officer Basic Course Certificate. There is a written examination, multiple discussions, and at least one graded practical exercise for each student.

## Who Should Attend:

The School Resource Officer Program is a true Community Based Police program. Although many of the officers attending our courses will be assigned as School Resource or School Liaison Officers, the course is designed to benefit school administrators working with law enforcement and any law enforcement officer working with youth, or in an educational environment.

This includes: School Resource Officers; School District Officers; DARE Officers; GREAT Officers; Juvenile Officers; Community Officers; School Security Officers; School Liaison Officers; School Administrators and Probation Officers.

**Instructors:** Will be supplied by the National Association of School Resource Officers (NASRO). NASRO, the world's leader in school-based policing, is a not-for-profit organization founded in 1991 with a solid commitment to our nation's youth. NASRO is an organization for school-based law enforcement officers, school administrators, and school security/safety professionals working as partners to protect students, school faculty and staff, and the schools they attend.

**Member Tuition: None**, *includes one year NASRO membership.*

**Non-Member Tuition: \$495.00**, *includes one year NASRO membership.*
