Basic School Resource Officer Course

Plainfield Police Department

14300 Coil Plus Drive, Plainfield, IL 60544

Monday – Friday; July 22 – 26, 2019

8:00 am till 5:00 pm

This course complies with the guidelines of the following mandate(s): Use of Force
Civil Rights | Constitutional & Proper Use of LE Authority | Legal Updates | Procedural Justice

Course Description:

The Basic School Resource Officer Course is a forty-hour block of instruction designed for any law enforcement officer with two years or less experience working in an educational environment and school administrators.

The course emphasizes three main areas of instruction:

- Functioning as a police officer in the school setting
- Working as a resource and problem solver
- Developing teaching skills

Attendees will gain a solid working knowledge of the School Resource Officer concept and how to establish a lasting partnership with their schools. The course is taught on a five-day, eight hour format. Classes begin promptly at 8:00 am each morning and run through 5:00 pm each day. Attendees are required to attend all sessions in order to obtain the National School Resource Officer Basic Course Certificate. There is a written examination, multiple discussions, and at least one graded practical exercise for each student.

Who Should Attend:

The School Resource Officer Program is a true Community Based Police program. Although many of the officers attending our courses will be assigned as School Resource or School Liaison Officers, the course is designed to benefit school administrators working with law enforcement and any law enforcement officer working with youth, or in an educational environment.

This includes: School Resource Officers; School District Officers; DARE Officers; GREAT Officers; Juvenile Officers; Community Officers; School Security Officers; School Liaison Officers; School Administrators and Probation Officers.

Instructors: Will be supplied by the National Association of School Resource Officers (NASRO). NASRO, the world's leader in school-based policing, is a not-for-profit organization founded in 1991 with a solid commitment to our nation's youth. NASRO is an organization for school-based law enforcement officers, school administrators, and school security/safety professionals working as partners to protect students, school faculty and staff, and the schools they attend.

Member Tuition: None, *includes one year NASRO membership.*

Non-Member Tuition: \$495.00, *includes one year NASRO membership.*

1215 Houbolt Road, Joliet, IL 60431
Tuesday & Wednesday, July 30 & 31, 2019
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
Constitutional & Proper Use of LE Authority | Law Updates

Course Description:

This 3-day (24 hour) course is for Investigators, Evidence Technicians, Patrol Officers, Animal Control Officers, Community Service Officers and Prosecuting Attorneys who are responsible for identifying, investigating and seeking prosecution of animal cruelty.

Day One:

- Identifying Cruelty

This will be a review of the statute for officers. It will also identify key factors that officers encounter on a daily basis of their patrol duties that build cases for neglect or aggravated cruelty

- Animal Hoarding / Puppy Mills

This will be an awareness level training that gives officers vital information about neglect in puppy mills and hoarding situations. This will also cover information for prosecutors to consider when handling these cases.

- Blood Sports Training

This class will cover how to identify a dog fighting or cockfighting operation and ways to investigate these cases.

Day Two:

- Online Investigations

As a building block to the "Hoarding and Puppymills" instruction from day 1, this class will lead officers through investigative steps for online and social media investigations.

It will have a focus on these types of cases to interlink the training for an officer's role in investigations.

- Identifying Evidence and Collection

This block will incorporate examples that follow the requested topics with focus on identifying evidence and collection of evidence in these cases.

- Importance of forensic Veterinary Evaluations

- Prep for prosecution

This block will be for officers and prosecutors involved in cruelty cases. It will discuss case file preparation and prosecution techniques for consideration of animal crimes.

Lead Instructor: Leigh Anne Garrard is a Regional Investigator with the ASPCA's Field Investigations and Response Team. Garrard has over eleven years of experience fighting animal cruelty in various capacities, including humane investigations, animal shelter operations, and sworn law enforcement.

During her time as a Director of Animal Services she created a citizen advisory committee, marketing plan, capital improvement plan, and fostered many community partnerships that benefited the animals in her care. Her approach to problem solving in animal services earned her "Supervisor of the Year 2015" accolades by her peers and staff in Chatham County NC Government. In her career she worked as a Staff Sergeant for Chatham County Sheriff's Office where she continued to serve her community. She remains active as part time as a reserve officer with Pittsboro Police Department in her home state of NC.

She has worked as an instructor for over five years for the University of Missouri's Law Enforcement Training Institute, National Animal Cruelty Investigations School and is a Certified North Carolina Department of Justice Instructor. A major focus of her work through the years has been through professional development by supporting and enhancing law enforcement's response to animal cruelty through training and hands-on support.

Illinois General Explosives Recognition and Requirements

JJC, Weitendorf Agricultural Center
17840 W. Laraway Rd, Joliet, IL 60433
Monday, August 12, 2019
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): Law Updates

Course Description: This is a one day 8-hour class being provided by the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. The class will provide hands on education for recognizing the different types of high/low explosives and their requirements at both the State of Illinois level, as well as the BATFE (Federal) level. In addition to general explosive recognition, the specifics and differences of consumer fireworks (1.4) vs. professional grade fireworks (1.3G) and the laws that pertain to them will be discussed in great detail.

This class is being provided by the IDNR to help educate law enforcement and to provide direct assistance, on scene, when dealing with explosive situations. The IDNR regulates / investigates high and low explosives including 1.1, 1.2, 1.3, and 1.5. Too many times law enforcement does not have the education to know how to identify an explosive and/or if a bomb squad needs to be called. Bomb Squads, Explosives Breaching SWAT Teams, and BOMB Dog Handlers already possess the IL Individual Explosives License. The IDNR must be notified immediately upon any recovery of a regulated explosive and/or device to pursue the information necessary for enforcement.

If the Officer and their respective department so desire; after completing the class and passing the exam they can receive an IL IDNR Individual Explosives License, to be used in association with their law enforcement duties. A random monthly bank of test questions will be administered at the end of the class which will consist of 50 questions that will be multiple choice and/or True-False. Each officer receiving the license will fill out an application and must pass the test with an 80% or higher. Officers who do not pass the test will be provided an opportunity to retest in the near future.

➤ **Licensing is recommended but not required to attend.**

There are eight chapters covered in the presentation and each officer will be provided a packet of information from the IDNR consisting of a copy of the IL Explosives Act, the Admin Codes that Apply to the Act, a general explosives safety packet, a packet for note taking as the presentation is given, and a small 4-page packet for officers to keep available as a quick reference guide for explosive identification purposes, while on duty.

Continued on next page:

Key topical areas to be addressed include the following:

- Illinois Explosives Act
- Explosive Storage Requirements-Law Enforcement and Non-Law Enforcement
- Explosives Safety/Recognition/Handling (m-devices, homemade sticks, etc.)
- Fireworks- 1.3G low explosives (professional fireworks) vs 1.4 low explosives
- Enforcement of 1.3G vs. 1.4 and their requirements

Instructor:

The instructor for this class is Nick Sterling who currently is a Specialist/Inspector/Investigator for the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. Mr. Sterling's current territory includes Cook, Lake, McHenry, DuPage, Kane, Kendall, Gundy, and Will Counties. Sterling has been with the Department for four years and inspects/investigates all explosive storage facilities (Law enforcement and Non-Law Enforcement), explosives accidents, explosives incidents, and performs random checks/investigations on both licensed and unlicensed individuals. Sterling has 18 years of high explosives experience and teaches the IL Individual Explosives License Class on a regular basis. Over the past few years Mr. Sterling has noticed a lack of education when law enforcement agencies are dealing with explosives related issues, and hopes to help prevent these issues in the future through education and assistance.

Asset Forfeiture & Financial Crimes Training

JJC, Weitendorf Agricultural Center
17840 W. Laraway Rd, Joliet, IL 60433

Wednesday, September 04, 2019

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
Law Updates | Civil Rights | Constitutional and Proper Use of Law LE Authority

Course Description: Sweeping changes were made to all of Illinois Asset Forfeiture statutes which will take effect July 1, 2019. Notice requirements, filing deadlines, proof of service, seizure thresholds, awarding of property, and burdens of proof have all changed, and a new reporting requirement has been added. These changes impact how officers need to investigate cases in the field and how prosecutors litigate cases in the courtroom. Law enforcement officers and prosecutors will need to change the way these cases are handled if Asset Forfeiture will be a component in any cases your agency investigates or prosecutes after July 1, 2019.

In part one of the course, we will review the changes in the new law as compared to the old law and we will discuss how to best implement the new statutory requirements and develop best practices to deal with the changes. In part two of the course, we will discuss techniques for developing the financial component of your investigations to uncover more assets to apply the new law to and also develop methods to make Asset Forfeiture and Money Laundering cases more winnable.

We will explore various facets of financial and money laundering investigations, including money laundering, asset forfeiture, and uncovering financial leads. We will learn how to uncover, locate, document and seize drug proceeds, and add money laundering and conspiracy charges to a drug investigation. We will discuss various financial crimes investigative techniques including FINCEN (Financial Crimes Enforcement Network) information, credit reports, bank and credit card records, merchant 8300's, car dealer records, real estate and tax records, bankruptcy filings, and benefits applications.

Asset Forfeiture is a valuable tool to law enforcement in the following areas: improving public safety by forfeiting the DUI and suspended driver's car, taking away expensive vehicles and other assets from drug dealers, seizing bank accounts of criminals who commit check/credit card fraud and other financial crimes, forfeiting real property paid for with proceeds of mortgage fraud or any other crime where money is derived, and taking profits away from fencing groups.

This course will provide law enforcement officers and prosecutors an understanding of forfeiture law in Illinois and how to successfully incorporate the forfeiture component into criminal investigations and prosecutions. After reviewing the legislative changes to applicable forfeiture statutes that take place July 1, 2018, the course will cover practical implementation of those statutes through real world examples. Additionally, investigative techniques will be developed to make the forfeiture cases more winnable in court under the new statutory scheme.

Continued on next page:

This course will be useful for patrol officers; officers in specialized units such as narcotics, gangs or financial crimes; command staff; and agency policymakers. For those individuals who have already attended a forfeiture training, this course will broaden your ability to implement forfeiture law into your investigations and capture previously untouched assets of criminal enterprises.

Instructor: Dant Foulk has been an Assistant State's Attorney in Will County Illinois for the past fifteen years. In his present assignment, he manages the Asset Forfeiture Unit, coordinates and vertically prosecutes cases in the Financial Crimes Unit and works as a lobbyist in Springfield, IL. Prior to his current assignment, Dant was assigned to the Felony Trial Division where he handled general felony trials including homicides, sex crimes, crimes against persons, financial crimes, and narcotics crimes.

As manager of the Asset Forfeiture Unit, Dant handles civil asset forfeiture proceedings and prosecutes criminal money laundering cases. In this capacity, he focuses on identifying, locating, seizing and forfeiting narcotics proceeds, proceeds of money laundering activities, and proceeds of other financial crimes. Dant's work in the Financial Crimes Unit includes coordinating the long term investigation of complex financial crimes and the financial component of narcotics crimes, reviewing and analyzing financial records, conducting Grand Jury investigations and prosecuting these cases. Typical criminal enterprises investigated include credit card fraud and check fraud rings, identity theft conspiracies, insurance and benefits fraud, narcotics organizations, street-gangs, and money laundering activities of any criminal enterprise. In his capacity as a lobbyist, Dant drafts legislation, analyzes and tracks pending bills, coordinates with other county, local and state agencies, negotiates bills, and persuades members of the legislature to advance the interests of law enforcement.

Dant is a native of St. Louis, Missouri. He graduated from St. Louis University in 1997 with a bachelor's degree in Biology with a concentration in molecular genetics and a minor in the French language. He received his Juris Doctor *cum laude* from the John Marshall Law School in 2001.

Dant is licensed to practice in Illinois and in the United States Patent and Trademark Office as a Patent Lawyer. Prior to joining the Will County State's Attorney's Office, Dant was an associate in the Chicago office of Barnes & Thornburg. His practice focused on patent and trademark prosecution, intellectual property litigation, and non-infringement opinions in the fields of mechanical, electro-mechanical, and business method patents.

Dant is a member of the American Bar Association, the Illinois State Bar Association, The Will County Bar Association, and the Intellectual Property Law Association of Chicago. Dant also is a task force member of the High Intensity Money Laundering and Related Financial Crime Area (HIFCA) Task Force and serves on the board of the Illinois Drug Enforcement Officers Association as General Counsel (IDEOA).

Dant has taught Criminal Law as an adjunct professor and routinely lectures in the areas of criminal law, use of force, search and seizure, money laundering, and asset forfeiture. He has also lectured for the DEA, El Paso Intelligence Center (EPIC), the Department of Homeland Security, The State of Indiana, The Chicago Police Department, the Miami Dade Police Department Training Unit, the Illinois Gaming Board, the IDEOA, CCROC, the NICB, and the Illinois Law Enforcement Training and Standards Board MTU system. Dant is the principal trainer for the Illinois State Police in the area of Asset Forfeiture and Money Laundering.

This course complies with the guidelines of the following mandate(s): Civil Rights | Constitutional & Proper Use of LE Authority | Cultural Competency | Human Rights | Legal Updates | Procedural Justice | Mental Health Awareness

Purpose: Law enforcement officers are generally the first responders to crisis events. This course is also open to local and county sworn corrections officers. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Crisis Intervention Team training is an in-depth 40-hour specialized course of study for uniformed patrol law enforcement officers and sworn corrections officers who, in addition to their regular service calls, will be required to respond to crisis calls involving people who have behavioral disabilities. CIT officers will use their acquired knowledge and skill to effectively handle crisis situations and make the most appropriate disposition, which will best serve the individual and the community. Course is certified by the *Illinois Law Enforcement Training and Standards Board*.

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario-based training will take place on Thursday, October 31th, attendees will be required to wear their “department uniform of the day” for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

Advanced Roadside Impaired Driving Enforcement

Frankfort Police Department,

20602 Lincoln-Way Lane, Frankfort, IL 60423

Tuesday & Wednesday; October 29 & 30, 2019

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

Civil Rights | Constitutional & Proper Use of LE Authority | Human Rights | Legal Updates

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment.

ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructor: Tony Lebron (Retired M/Sgt; Illinois State Police) will be the lead instructor.

This course complies with the guidelines of the following mandate(s): Use of Force
Legal Updates | Civil Rights | Constitutional & Proper Use of LE Authority

Course Description: Vehicle stops are one of the most hazardous duties performed by police officers; no two traffic stops are ever the same. These hazards compound themselves at night, when unknown threats and risks can be present within reach but hidden by darkness. This eight-hour, scenario-based seminar is designed to teach officers the unique tactical considerations and tactics for making traffic stops from positions of advantage and safety at night.

COURSE GOALS:

- Proper application and use of flashlights
 - Multiple lights, Team techniques
- Learn and practice the "wall of light" theory
- Learn to use different lighting to their advantage
 - Street lights, ambient lights, moving traffic headlights, spot lights, flashlights
- Learn how to use darkness as a cover officer advantage
- Identify the special hazards officers face at night on traffic stops
- Learn techniques for removing and controlling multiple vehicle occupants
- Learn the proper commands for removing occupants from vehicles.
- Recognize Improvised Explosive Devices (IED) and rolling terrorist vehicles and use
- Review techniques for vehicle stop locations and suspect-officer interaction
- Learn how to secure an IED and scene for responder and public safety
- Learn how to contact STIC, JTTF, and DHS for terrorist involved stops
- Recognize physical tells of subjects who may be carrying IEDs

This class is a soft air, weapons training course. Officers need to bring their duty belts and should (not required) have their department vehicles for scenarios. Officers are encouraged to have either sweatshirts or long sleeve shirts available to wear. Face protection and Air Soft® type weapons will be issued at the training site.

The instructors: The lead instructor is Michael Drumm. All instructors are certified, full-time police officers, and are members of the Illinois Tactical Officers Association and the International Law Enforcement Educators and Trainers Association. Drumm is also a DHS contract instructor.

The Reid Technique of Interviewing and Interrogation®

Frankfort Police Department,
20602 Lincoln-Way Lane, Frankfort, IL 60423
Monday - Wednesday; December 2 - 4, 2019
8:00 am till 3:00 pm

This course complies with the guidelines of the following mandate(s):
Civil Rights | Constitutional & Proper Use of LE Authority | Lead Homicide Investigator | Legal Updates

Course Description: This is a 3-day, twenty-one hour program on the Reid Technique of Interviewing and Interrogation®. The course includes; interview and interrogation preparation, behavior symptoms, the Reid® Behavior Analysis Interview (B.A.I.) and "The Reid Nine Steps of Interrogation" which include:

Interview and Interrogation Preparation

The style, appearance and approach of the successful interviewer and interrogator will be covered, as will the room settings conducive to these activities.

Behavior Symptoms

Differences in verbal and nonverbal behavior between innocent and deceptive persons often can be observed, and are thus indicative of whether or not a suspect is telling the truth. A guilty suspect makes a conscious decision to resist your effort to get at the truth. In trying to maintain a structure of verbal lies, however, that suspect most often develops internal conflicts and tensions which manifest themselves in nonverbal behavior. Thus, body movements, facial expressions, eye contact, attitudes, posture and grooming gestures can indicate whether the subject is telling the truth or lying. Nonverbal indicators can also be used to determine whether the suspect under interrogation is listening, maintaining a defiant attitude or is ready to confess. You will learn how to observe and assess critical behavior symptoms and use those assessments to determine whether to move on to the next step of the interrogation.

Reid® Behavioral Analysis Interview (B.A.I.)

The information developed through use of the standard investigative questions of "who," "what," "when" and "how" is often not adequate — even in combination with physical evidence — to identify the wrongdoer. The Reid Behavioral Analysis Interview is a technique that uses a structured set of non-accusatory behavior-provoking questions developed as a result of many thousands of interviews. The B.A.I. makes it easier to determine whether the suspect is telling the truth about involvement in the matter under investigation, and is flexible enough to be used in cases ranging from employee theft to homicide.

The Reid Nine Steps of Interrogation®

The nine-step approach to a successful interrogation has been developed by John E. Reid and Associates through extensive research and practical experience over a period of 60 years. Because of the subject's importance, approximately half the classroom time in the seminar is devoted to the interrogation process and detailed examination of each of the nine steps.

John Reid and Associates will provide the instructor for this class.

John Reid Advanced Interviews & Interrogations

Frankfort Police Department
20602 Lincoln-Way Lane, Frankfort, IL 60423
Thursday; December 5, 2019
8:00 am to 3:00 pm

This course complies with the guidelines of the following mandate(s):
Civil Rights | Constitutional & Proper Use of LE Authority | Lead Homicide Investigator | Legal Updates

Course Description: This course is for individuals who have completed the 3-day seminar on *The Reid Technique of Interviewing and Interrogation*, and builds upon their knowledge of the Reid Technique.

Most unsuccessful interrogations are a result of the investigator's inability to move the guilty suspect from one stage of the interrogation to the other. *Reid* has defined three distinct stages of the interrogation that may give the investigator problems:

1. Defiant stage: seven proven tactics to move suspects out of this stage
2. Neutral stage: four proven techniques to get the suspect to listen to the interrogator's themes
3. Acceptance stage: three specific techniques that will dramatically increase admissions of guilt

People who commit crimes do so to fulfill certain needs. What needs were satisfied is based upon the case facts, evidence and results of the interview — types of needs that will be thoroughly discussed are:

- Real need crimes
- Impulse need crimes
- Esteem need crimes
- Lifestyle need crimes

The Advanced Seminar will also address the following specific problem areas for some but not all interrogations:

- Juvenile interrogations
- Interrogation regarding guilty knowledge
- Playing one suspect against another
- Interrogation on multiple crimes

Course Instructor: This course will be taught by Instructors with John E. Reid and Associates, Inc.

Supervising & Managing the Field Training Process

(Sokolove Model)

Romeoville Police Department

1050 West Romeo Road, Romeoville, IL 60446

Tuesday - Friday, December 17 - 20, 2019

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): Civil Rights | Constitutional & Proper Use of LE Authority | Legal Updates | Procedural Justice

Course Description: This four-day hands-on, problem-based learning course is specifically designed for first-line patrol and administrative support services managers responsible for supervising and managing Field Training Officers and probationary law enforcement employees. Instruction will include all revisions to the Process.

The course emphasizes the necessary components of supervising probationers and Field Training Officers at the patrol shift level to ensure that administrative guidelines and legal requirements are met. The course highlights two essential supervisory responsibilities: (1) the ability to comprehensively examine probationer performance documentation in accordance with the **totally revised** standardized Field Training and Evaluation Process assessment guidelines, and (2) auditing the probationer's on-the-job training to insure the Field Training Unit utilizes the most appropriate instructional techniques for training task mastery and when necessary, corrective action. The instructional presentation will focus upon discussion of critical Field Training issues as well as hands on completion of the course materials during small group and individual in-class exercises. Students are required to complete out-of-classroom reading assignments.

Course content will include:

- Insuring that your Agency's Field Training and Evaluation Process structure actually *works*.
- In-class review and assessment of participating agency *Probationer's Training and Evaluation Manual* (POM).
- Staffing the Field Training Unit: Recruitment, Testing, Selection and Training of FTOs.
- Realistic definition and expectations of Field Training Officer duties/responsibilities.
- Issues of compensation for Field Training Unit personnel.
- FTO scheduling issues/resource allocation.
- Utilizing the non-numerically anchored performance assessment scale and guidelines including 2009 revisions.
- Performance assessment errors that compromise the objectivity and legality of Field Training.
- Auditing the *Daily Observation Report*: Application of the standardized evaluation guidelines.
- Auditing the FTO's application of the on-shift instructional techniques.
- Auditing Probationer training and coaching documentation. Are the FTOs doing what they were trained to do?
- Conducting the *Weekly Performance Summary* process meeting.
- Special focus: **Not Responding to Training** (NRT) Probationer and extension of training

Continued on next page:

- Supervising the development of the NRT Probationer's *Performance Improvement Plan*.
- Supervising Probationers during Step V, the Solo Patrol Certification Period.
- Reorientation of personnel returning to Patrol Operations after extended street-absence.
- Preparing Probationer Employment Status Reports/Recommendation for the Chief Executive.
- Assessing the effectiveness of the Field Training Officers and the Field Training Process.
- Avoiding *constructive discharge* allegations
- Defending against State and Federal Court wrongful discharge claims.

Students should bring a copy of their Agency's current Field Training and Evaluation Process manual and forms.
