Please note: Officers are required to have 2 years of service in a non-probationary status before he/she may attend this class.

This course complies with the guidelines of the following mandate(s): Civil Rights | Constitutional & Proper Use of LE Authority | Cultural Competency | Human Rights | Legal Updates | Procedural Justice | Mental Health Awareness

Purpose: Law enforcement officers are generally the first responders to crisis events. This course is also open to local and county sworn corrections officers. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Crisis Intervention Team training is an in-depth 40-hour specialized course of study for uniformed patrol law enforcement officers and sworn corrections officers who, in addition to their regular service calls, will be required to respond to crisis calls involving people who have behavioral disabilities. CIT officers will use their acquired knowledge and skill to effectively handle crisis situations and make the most appropriate disposition, which will best serve the individual and the community. Course is certified by the *Illinois Law Enforcement Training and Standards Board*.

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario-based training will take place on Thursday, October 31th, attendees will be required to wear their "department uniform of the day" for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

~~Advanced Roadside Impaired Driving Enforcement~~

~~Frankfort Police Department,~~

~~20602 Lincoln Way Lane, Frankfort, IL 60423~~

~~Tuesday & Wednesday, October 29 & 30, 2019~~

~~8:00 am till 4:00 pm~~

This course complies with the guidelines of the following mandate(s):

Civil Rights | Constitutional & Proper Use of LE Authority | Human Rights | Legal Updates

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment.

ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructor: Tony Lebron (Retired M/Sgt; Illinois State Police) will be the lead instructor.

Strangulation Facts:

- Recent studies are showing that when you look at offenders who shoot and kill law enforcement officers, up to 75% have a history of strangling an intimate partner.
- There is a significant overlap between strangulation and sexual assault and abusers who employ strangulation have more in common with serial rapists and serial murderers than the average abuser.
- When a woman is strangled by an intimate partner one time, she is now 800% more likely to be murdered by that partner.
- Only 15% of cases have visible injury when investigated by an untrained officer.
- 43% of intimate partner homicides have a history of strangulation in the 12 months prior to the murder.

Key Topics to include:

- The Lethality of Strangulation: The Identifiable Risk to Our Communities
- Defining the Challenge: The Law & Anatomy
- Health Risks & Trauma Impacts of Strangulation
- Overcoming Obstacles: Improving Response with a Strangulation Supplement
- Accountability: Strategic Prosecution and the Use of Expert Witnesses

Instructor: Kelsey McKay trains and consults nationally for communities to implement protocol in various fields including intimate partner violence, child abuse, sexual assault, the use of expert witnesses, translating trauma and other complex topics. She was a prosecutor in Travis County, Texas for twelve years. For six years she exclusively prosecuted strangulation related crimes ranging from assault, sexual assault to capital murder. She has developed and implemented protocol for strangulation and domestic violence response and treatment. To that end she has strengthened how communities collaborate, investigate, treat and prosecute strangulation and intimate partner cases. She works to develop medical and non-medical experts in the community to testify to a jury regarding the evidence in strangulation, trauma related crime and family violence cases. She works with law enforcement to develop protocol and implement the use of a Strangulation Supplement into the field transforming the role of first responders to be more investigative by carrying her knowledge and needs as a prosecutor into the field on every case.

Grossman will draw upon decades of research in the areas of interpersonal aggression and killing, sharing what he has learned about our media culture, how the human mind works, mental conditioning for violent response, and what steps can be taken to reverse dysfunctional trends in human behavior. He will help participants improve their understanding of our violent culture and its toll on communities, schools, and law enforcement officers.

Topics include:

- The Virus of Violence in America and Worldwide
 - A New Breed of Domestic and International Terrorism
 - The Psychological Cost of Conflict
 - Understanding the ongoing challenges that confront the police officer
 - Controlling the Physiological Response to Combat
 - Adopting a professional model of service as a Paladin and protector
 - Post-Traumatic Stress Disorder (PTSD)
 - Stress Inoculation / Breathing Exercises
 - School and Workplace Violence Prevention
 - Surviving the Aftermath of Deadly Confrontations
 - Why workplace violence will continue to be a problem
 - How the central nervous system can work against us
- ***To facilitate this program, lunch will be served on site; attendees are encouraged to take advantage in order to expedite and enhance this very important seminar.***

Instructor: Lt. Col. Dave Grossman is a former Airborne Ranger, Infantry Officer, and West Point Psychology Professor with 23 years' experience in leading U.S. soldiers worldwide. He was a trainer of police, first responders, and health professionals immediately following the shootings in Jonesboro, Arkansas; Springfield, Oregon; and Littleton, Colorado.

Col. Grossman is a former Professor of Military Science at Arkansas State University and is an internationally recognized speaker in the field of human aggression and the roots of violence and violent crime. He authored the Pulitzer-nominated book, *On Killing: The Psychological Cost of Learning to Kill in War*, as well as a second publication entitled *Stop Teaching Our Kids to Kill*. His most recent book, *On Combat: The Psychology and Physiology of Deadly Conflict in War and in Peace*, was co-authored by Loren Christensen.

Medical Marijuana & Standardized Field Sobriety Testing

Frankfort Police Department
20602 Lincoln-Way Lane, Frankfort, IL 60423
Friday; November 8, 2019
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
Civil Rights | Constitutional & Proper Use of LE Authority | Legal Updates

Course Description: The Compassionate Use of Medical Cannabis Pilot Program Act enacted January 1, 2014, created new challenges for law enforcement personnel. According to statute, the law enforcement officer must have an independent, cannabis-related factual basis, giving reasonable suspicion that the person is impaired by cannabis. Subsequent to establishing these elements, an officer may ask the driver to submit to Standardized Field Sobriety Tests. Under this statute, the results of SFSTs will be the primary tool in determining impairment. The goal of this 8-hour block of instruction is to provide officers with an overview of the medical marijuana statute. The primary focus will be on enforcing the DUI segment, including the implied consent provision.

- **A Standardized Field Sobriety Testing proficiency exam will be given utilizing the most recent SFST curriculum. This exam will serve as a SFST recertification in order to satisfy IDOT requirements for DUI grants.**

Officers will also be provided information on non-standardized tests and eye exams which will aid in the determination of cannabis impairment. The ultimate goal is to reduce the number of crashes, deaths and injuries caused by impaired drivers.

Upon completion of this training officers will be able to:

- Summarize the Compassionate Use of Medical Cannabis Pilot Program Act
- Describe those individuals that may use or possess medical marijuana
- Describe those agencies capable of cultivating and selling medical marijuana
- Describe the limitations for possession and using medical marijuana
- Describe who is banned from the program
- Describe the implied consent provision of the statute
- Summarize scientific research related to driving and cannabis usage
- Administer SFSTs utilizing most recent curriculum
- Pass a SFST proficiency exam with standards from the most recent SFST curriculum
- Administer eye checks to determine cannabis usage
- Recognize signs and symptoms associated with cannabis usage
- Administer non-standardized field sobriety test

Instructor: Tony Lebron (Retired M/Sgt; ISP) will be the lead instructor.

COURSE GOALS:

- Proper application and use of flashlights
 - Multiple lights, Team techniques
- Learn and practice the "wall of light" theory
- Learn to use different lighting to their advantage
 - Street lights, ambient lights, moving traffic headlights, spot lights, flashlights
- Learn how to use darkness as a cover officer advantage
- Identify the special hazards officers face at night on traffic stops
- Learn techniques for removing and controlling multiple vehicle occupants
- Learn the proper commands for removing occupants from vehicles.
- Recognize Improvised Explosive Devices (IED) and rolling terrorist vehicles and use
- Review techniques for vehicle stop locations and suspect-officer interaction
- Learn how to secure an IED and scene for responder and public safety
- Learn how to contact STIC, JTTF, and DHS for terrorist involved stops
- Recognize physical tells of subjects who may be carrying IEDs

This class is a soft air, weapons training course. Officers need to bring their duty belts and should (not required) have their department vehicles for scenarios. Officers are encouraged to have either sweatshirts or long sleeve shirts available to wear. Face protection and Air Soft® type weapons will be issued at the training site.

The instructors: The lead instructor is Michael Drumm. All instructors are certified, full-time police officers, and are members of the Illinois Tactical Officers Association and the International Law Enforcement Educators and Trainers Association. Drumm is also a DHS contract instructor.

~~The Reid Technique of Interviewing and Interrogation®~~

~~Frankfort Police Department~~

~~20602 Lincoln Way Lane, Frankfort, IL 60423~~

~~Monday - Wednesday, December 2 - 4, 2019~~

~~8:00 am till 3:00 pm~~

This course complies with the guidelines of the following mandate(s):
Civil Rights | Constitutional & Proper Use of LE Authority | Lead Homicide Investigator | Legal Updates

Course Description: This is a 3-day, twenty-one hour program on the Reid Technique of Interviewing and Interrogation®. The course includes; interview and interrogation preparation, behavior symptoms, the Reid® Behavior Analysis Interview (B.A.I.) and "The Reid Nine Steps of Interrogation" which include:

Interview and Interrogation Preparation

The style, appearance and approach of the successful interviewer and interrogator will be covered, as will the room settings conducive to these activities.

Behavior Symptoms

Differences in verbal and nonverbal behavior between innocent and deceptive persons often can be observed, and are thus indicative of whether or not a suspect is telling the truth. A guilty suspect makes a conscious decision to resist your effort to get at the truth. In trying to maintain a structure of verbal lies, however, that suspect most often develops internal conflicts and tensions which manifest themselves in nonverbal behavior. Thus, body movements, facial expressions, eye contact, attitudes, posture and grooming gestures can indicate whether the subject is telling the truth or lying. Nonverbal indicators can also be used to determine whether the suspect under interrogation is listening, maintaining a defiant attitude or is ready to confess. You will learn how to observe and assess critical behavior symptoms and use those assessments to determine whether to move on to the next step of the interrogation.

Reid® Behavioral Analysis Interview (B.A.I.)

The information developed through use of the standard investigative questions of "who," "what," "when" and "how" is often not adequate — even in combination with physical evidence — to identify the wrongdoer. The Reid Behavioral Analysis Interview is a technique that uses a structured set of non-accusatory behavior-provoking questions developed as a result of many thousands of interviews. The B.A.I. makes it easier to determine whether the suspect is telling the truth about involvement in the matter under investigation, and is flexible enough to be used in cases ranging from employee theft to homicide.

The Reid Nine Steps of Interrogation®

The nine-step approach to a successful interrogation has been developed by John E. Reid and Associates through extensive research and practical experience over a period of 60 years. Because of the subject's importance, approximately half the classroom time in the seminar is devoted to the interrogation process and detailed examination of each of the nine steps.

John Reid and Associates will provide the instructor for this class.

John Reid Advanced Interviews & Interrogations

Frankfort Police Department

Thursday; December 5, 2019
8:00 am to 3:00 pm

This course complies with the guidelines of the following mandate(s):
Civil Rights | Constitutional & Proper Use of LE Authority | Lead Homicide Investigator | Legal Updates

Course Description: This course is for individuals who have completed the 3-day seminar on *The Reid Technique of Interviewing and Interrogation*, and builds upon their knowledge of the Reid Technique.

Most unsuccessful interrogations are a result of the investigator's inability to move the guilty suspect from one stage of the interrogation to the other. *Reid* has defined three distinct stages of the interrogation that may give the investigator problems:

1. Defiant stage: seven proven tactics to move suspects out of this stage
2. Neutral stage: four proven techniques to get the suspect to listen to the interrogator's themes
3. Acceptance stage: three specific techniques that will dramatically increase admissions of guilt

People who commit crimes do so to fulfill certain needs. What needs were satisfied is based upon the case facts, evidence and results of the interview — types of needs that will be thoroughly discussed are:

- Real need crimes
- Impulse need crimes
- Esteem need crimes
- Lifestyle need crimes

The Advanced Seminar will also address the following specific problem areas for some but not all interrogations:

- Juvenile interrogations
- Interrogation regarding guilty knowledge
- Playing one suspect against another
- Interrogation on multiple crimes

This course complies with the guidelines of the following mandate(s):
Law Updates | Civil Rights | Constitutional and Proper Use of Law Enforcement Authority

Course Description: The "Cannabis Regulation and Tax Act" as described in "Amendment to HB 1438", was signed into law by Governor Pritzker on June 25th, 2019. This legislation permits the cultivation, selling, and the adult use of cannabis, beginning January 1, 2020. The implementation of this legislation will have a tremendous effect on all aspects of law enforcement. The most profound impact will be on traffic safety. Illinois officers need to be trained to understand the legislation and to take appropriate action when required.

Upon Completion of this training officers will be able to:

- Describe business organization which may cultivate and sell cannabis
- Describe the entities associated with transporting, testing and education
- Define the state agencies associated with regulating the cannabis industry
- Distinguish the laws governing medical cannabis and the adult user
- Describe the possession limits for Illinois residents and non-residents
- Describe who is banned from the medical program
- Define the Opioid Alternative Pilot Program
- Define Medical Cannabis Provisional Patients
- Summarize scientific research related to driving and cannabis usage
- Recognize signs and symptoms associated with cannabis usage
- Describe research regarding the effectiveness of field tests
- Describe the two Implied Consent provision associated with the legislation
- Describe the limitations of chemical testing

Course Goals: At the end of this eight-hour block of instruction officers will have:

1. An understanding of the new cannabis laws as it relates to the cannabis industry;
2. The knowledge to identify violations of the cannabis laws;
3. The knowledge to observe, identify and articulate cannabis usage;
4. An understanding of the two DUI violations which may occur.

Instructor: Tony Lebron (Retired M/Sgt; ISP) will be the lead instructor.

Content includes the use of IVC violations for probable cause stops, bail bond procedures for multiple offense and out-of-state violators, and equipment and safety and enforcement issues.

Attendees will participate in table-top exercises in the morning and afternoon sessions. These exercises will help officers understand the subtle differences in the subsections of offenses (e.g.: turning, U turns, sign violations). Attendees will also examine the differences between business, petty, and serious IVC offenses. Attendees will:

- Learn the application of the "hands free" electronic communication device law
 - what is allowed while holding the device (speed dialing, etc)
- Review
 - New laws
 - Changes to existing laws
- Review current violations from commonly used IVC chapters
- Cover the new bond procedure for petty traffic offenses effective 01/01/2015
- Learn how to recognize vehicles which are *hazardous dilapidated motor vehicles*
 - when a vehicle can be towed by law enforcement from private property
- DUI enforcement laws
 - BAID
 - MDDP
 - Felony violations
- Review less commonly used, probable cause-based sections
- Learn proper application of IVC registration sections to out-of-state violators
- Review current court case law affecting application of the IVC

Continued on next page:

- Learn proper application and use of IVC sections for similar offenses
 - e.g.: charging too fast for conditions instead of speeding
- Review towing statutes and court rulings about vehicle towing
- Learn graduated license enforcement
- Review child safety seat enforcement

This course is appropriate for patrol and traffic enforcement officers (local, county, state), and their supervisors.

Instructor: H. Michael Drumm, D.P.A, will conduct the course. Dr. Drumm is president of Drumm & Associates, Ltd. He has more than 37 years of IVC enforcement experience, and is currently a member of the Monee Police Department. Drumm is an ITOA and ILEETA member, and is certified as an instructor with the Illinois Law Enforcement Training and Standards Board. 8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): Civil Rights | Constitutional & Proper Use of LE Authority | Legal Updates | Procedural Justice

Course Description: This four-day hands-on, problem-based learning course is specifically designed for first-line patrol and administrative support services managers responsible for supervising and managing Field Training Officers and probationary law enforcement employees. Instruction will include all revisions to the Process.

The course emphasizes the necessary components of supervising probationers and Field Training Officers at the patrol shift level to ensure that administrative guidelines and legal requirements are met. The course highlights two essential supervisory responsibilities: (1) the ability to comprehensively examine probationer performance documentation in accordance with the **totally revised** standardized Field Training and Evaluation Process assessment guidelines, and (2) auditing the probationer's on-the-job training to insure the Field Training Unit utilizes the most appropriate instructional techniques for training task mastery and when necessary, corrective action. The instructional presentation will focus upon discussion of critical Field Training issues as well as hands on completion of the course materials during small group and individual in-class exercises. Students are required to complete out-of-classroom reading assignments.

Course content will include:

- Insuring that your Agency's Field Training and Evaluation Process structure actually *works*.
- In-class review and assessment of participating agency *Probationer's Training and Evaluation Manual* (POM).
- Staffing the Field Training Unit: Recruitment, Testing, Selection and Training of FTOs.
- Realistic definition and expectations of Field Training Officer duties/responsibilities.
- Issues of compensation for Field Training Unit personnel.
- FTO scheduling issues/resource allocation.
- Utilizing the non-numerically anchored performance assessment scale and guidelines including 2009 revisions.
- Performance assessment errors that compromise the objectivity and legality of Field Training.
- Auditing the *Daily Observation Report*: Application of the standardized evaluation guidelines.
- Auditing the FTO's application of the on-shift instructional techniques.
- Auditing Probationer training and coaching documentation. Are the FTOs doing what they were trained to do?
- Conducting the *Weekly Performance Summary* process meeting.
- Special focus: **Not Responding to Training** (NRT) Probationer and extension of training

Continued on next page:

Crisis Intervention Team Training (CIT)

Orland Park Police Department
15100 S. Ravinia Ave., Orland Park IL 60462
Monday – Friday; February 10 - 14, 2020
8:00 am till 4:00 pm

Please note: Officers are required to have 2 years of service in a non-probationary status before he/she may attend this class.

This course complies with the guidelines of the following mandate(s): Civil Rights | Constitutional & Proper Use of LE Authority | Cultural Competency | Human Rights | Legal Updates | Procedural Justice | Mental Health Awareness

Purpose: Law enforcement officers are generally the first responders to crisis events. This course is also open to local and county sworn corrections officers. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Crisis Intervention Team training is an in-depth 40-hour specialized course of study for uniformed patrol law enforcement officers and sworn corrections officers who, in addition to their regular service calls, will be required to respond to crisis calls involving people who have behavioral disabilities. CIT officers will use their acquired knowledge and skill to effectively handle crisis situations and make the most appropriate disposition, which will best serve the individual and the community. Course is certified by the *Illinois Law Enforcement Training and Standards Board*.

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario-based training will take place on Thursday and attendees will be required to wear their department uniform of the day for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.
