40 Hour Firearms Instructor Course

JJC, Weitendorf Agricultural Center; 17840 W. Laraway Rd, Joliet, IL 60433

&

Will County Sheriff's Range & Training Facility; 2402 Laraway Rd., Joliet, IL 60433

Monday - Friday, September 21 – 25, 2015

1:30 pm till 9:30 pm

(Class will begin at the JJC Ag. Center each afternoon)

GPS alert: use **1151 East Laraway Road 60433**, neighbor of Ag. Center

Course Description: This course of instruction is designed to produce a qualified law enforcement firearms instructor who is capable of training police officers of all experience levels to safely, efficiently, and effectively employ their duty handguns in the course of their work activities. Additionally, student officers will be trained on choosing various firearms, ammunition, and firearms accessories for the law enforcement mission. Communications skills coupled with teaching and learning skills will be integrated into every component of this course of instruction. This course is open to any officer who is currently assigned as or under consideration for assignment as a police firearms instructor.

At the completion of this training, the student officer will be able to identify the law enforcement mission critical goals and objectives of a police firearms instructor, demonstrate the instructional issues, and produce documentation detailing the training efforts.

Student officers will be required to pass a written exam, correctly demonstrate designated training exercises, and pass a live fire qualification course with their duty handgun.

Training methodology will be:

- Explanation – By Instructor
- Demonstration – By Instructor
- Corrected Practice / Hands On By Student Officer Under Supervision of Instructor(s)
- Demonstration – By Student Officer

➤ *This course is certified by the Illinois Law Enforcement Training and Standards Board (ILETBS)*

STUDENTS MUST BRING THE FOLLOWING EQUIPMENT TO CLASS:

- ✓ 1000 rounds of ammunition
- ✓ Hat with bill to protect face from brass ejections
- ✓ Eye protection
- ✓ Pencil/pen and notebook
- ✓ Duty leather and pistol
- ✓ Duty flashlight
- ✓ Soft body armor
- ✓ Comfortable clothing and boots, NO SHORTS (fatigues/BDUs suggested) NOTE: Students will participate in multiple tactical exercises and can expect to get dirty.
- ✓ Water to drink during tactical exercises
- ✓ **A packed lunch**

Continued on next page:

Lead Instructor:

Jeff Chudwin served 38 years and retired as Chief of Police for the Village of Olympia Fields, Illinois. Jeff is a founding member and president of the Illinois Tactical Officers Association. As a competitive shooter of over 35 years he has won numerous competitions including the 2010 National Patrol Rifle Championship. He designed the first patrol rifle instructor training program certified by the Illinois Law Enforcement Training and Standards Board.

He has studied firearms use and design and developed and patented rifle and pistol safety devices. He developed and instructs the basic patrol rifle, patrol rifle instructor, advanced patrol rifle, Firearms Instructor Update, and rifle-pistol armorer courses for MTU's state wide. Combining his experience as an attorney, prosecutor, and career peace officer, he writes for several law enforcement publications and lectures nationwide regarding police use of force, firearms training, patrol functions, and tactical operations.

Non-Member Tuition: \$200.00

Practical Homicide Investigation® Seminar

Tactics, Procedures, and Forensic Techniques

Harrah's Joliet Hotel, 151 N. Joliet St., Joliet, IL 60432

Monday - Wednesday, September 28, 29 & 30, 2015

8:00 am to 5:00 pm (*Monday & Tuesday*):

8:00 am to 3:00 pm (*Wednesday*)

Course Description: This seminar is an intensive program based upon the author's personal experience as a New York City Homicide Commander, author, lecturer and consultant in death investigations, extensive research of written materials in the field, and personal interviews and associations with experts in the sphere of forensic science and criminal investigation. The course of instruction will cover the entire sequence of events which occur in a homicide. The program will then focus on practical tactics, procedures, and forensic techniques which can be employed in sound, efficient and professional homicide investigation.

- 3-Day Seminar includes the *Practical Homicide Investigation, 5th Edition* text book, and the newly revised *PHI Checklist and Field Guide 2nd Edition*.

Objectives:

At the conclusion of the seminar, participants will have acquired a greater understanding of their role of homicide investigators and should be able to:

- follow logical steps in the management of a homicide investigation
- adequately document a case for future reference or court appearance
- identify the various types of wounds and injuries which can result in homicide
- be familiar with homicide cases of a sexual nature
- recognize the value of *Investigative Analysis* in the solving of homicide cases

Instructor: Vernon J. Geberth is a retired Lieutenant-Commander of the New York City Police Department with over 44 years of law enforcement experience. He retired as the Commanding Officer of the Bronx Homicide Task Force, which handled over 400 murder investigations a year. During his career he was a Detective, a Precinct Detective Squad Commander, Temporary Commander of the 7th Homicide Zone in the South Bronx and Commander of Bronx Homicide. He has personally investigated, supervised, assessed and consulted on over eight thousand death investigations.

***No Tuition for Tri-River members.**

Due to the loss of grant funding :

*** Illinois Law Enforcement and Illinois Coroner Personnel tuition \$400.00** (does not include hotel or related travel expenses).

Out of State Law Enforcement tuition will be \$450.00 (does not include hotel or related travel expenses)

A limited amount of hotel rooms are available until Sept. 6th for \$75.00 a room plus 13% tax a night for attendees. Reserve rooms on-line with Harrah's directly at [Harrah's PHI room rate & reservation](#) or by phone at 815.740.7800 (please contact Tri-River for discount code before making reservations by phone).

The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.

****Funding for this course is pending before the Illinois Law Enforcement Training and Standards Board under the Death Investigation Grant Program. Depending on funding level, tuition may be charged or course cancelled.**

Shooting Skills for the Woman Officer

Will County Sheriff's Range & Training Facility

2402 Laraway Rd., Joliet, IL 60433

Saturday, October 3, 2015

8:00 am till 4:00 pm

Course Description: This course has been designed to assist the woman shooter in improving her proficiency with the duty handgun. Problem solving and coaching activities will be emphasized throughout the course. Officers will review the most basic components of law enforcement shooting skills and then practice what they have learned in dry fire simulations and in live fire range activities.

Students will progress from basic marksmanship drills to close quarter survival courses of fire. The focus of this training is for women officers to identify and effectively practice those skills that will be required to not only survive, but thrive when threatened with deadly force.

Students must bring the following items to class:

- 300 rounds of quality ammunition
- Duty handgun
- Duty leather/nylon, including holster, gun belt, magazine pouch/speedloader pouch
- Protective eye wear with wrap-around side protection - OFFICERS WEARING CORRECTIVE LENSES MUST HAVE A SET OF PROTECTIVE EYEWEAR
- Hearing protection - a combination of soft earplugs and shooting muffs is advised for indoor use

Students **MUST** wear shirts with tight-fitting necks and baseball-type caps with bills to prevent hot brass from entering their clothing or falling behind protective eye wear.

Students should pack a lunch, as this class is taught in shifts during meal periods.

Instructor: Lead instructor for this class will be Deputy Kimberly Heath, Will County Sheriff's Department.

Member Tuition: None

Non-Member Tuition: \$50.00

Tri-River Police Training Region - MTU 16
Cancelled due to the loss of grant funding
~~Crisis Intervention Team Training (CIT)~~
~~40-Hour State-Certified Course~~
~~Orland Park Police Department~~
~~15100 S. Ravinia Ave., Orland Park IL 60462~~
~~Monday – Friday, October 5 – 9, 2015~~
~~8:00 am till 5:00 pm~~

Purpose: Law enforcement officers are generally the first responders to crisis events. This course is also open to local and county sworn corrections officers. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Crisis Intervention Team training is an in-depth 40-hour specialized course of study for uniformed patrol law enforcement officers and sworn corrections officers who, in addition to their regular service calls, will be required to respond to crisis calls involving people who have behavioral disabilities. CIT officers will use their acquired knowledge and skill to effectively handle crisis situations and make the most appropriate disposition, which will best serve the individual and the community.

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario based training will take place on Thursday, October 8th, attendees will be required to wear their "department uniform of the day" for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

Current Trends in Drug Abuse

Romeoville Police Department

1050 West Romeo Road (at Sunset Pointe Drive), Romeoville, IL 60446

Monday, October 5, 2015

8:00 am till 4:00 pm

Course Description: This one day course has been updated for 2015, and addresses the latest trends in substance abuse, including the newest designer synthetic drugs such as "Flakka" and the facts on six Illinois cases involving the Russian synthetic heroin known as "Krokodil" from the D.E.A. and Illinois State Police Labs. The latest update on "Molly" and other synthetic drugs of abuse, including "bath salt cocaine" (6-APB) and new forms of synthetic marijuana including Smacked! which hospitalized 77 users. Recommendations for dealing with "drug-induced excited delirium" and alternative prosecution of non-scheduled drugs will be presented. Police drug seizures reported to the Illinois State Police Forensic lab will be highlighted at the county level along with addiction treatment data trends for a real-time picture of drug abuse at the county level. Additionally, substance identification, paraphernalia, and concealment will be explored by a highly-experienced national drug trainer and former police officer.

This class is designed for patrol officers, investigators, or officers working schools, crime prevention, narcotics, or gang units.

Each student will receive a 77-page resource book and the most recent copy of the Illinois State Police Quarterly Drug Report.

This course has been certified by the Illinois Law Enforcement Training and Standards Board.

Instructor: The instructor for this class is Bruce R. Talbot, of Talbot Associates. Sergeant Bruce R. Talbot retired in 2002 after 25 years of police service and has become a noted national speaker on the topic of gateway drugs. Sergeant Talbot has been qualified in criminal court as an expert witness in the field of drug and alcohol impairment DUI trials in Illinois and Texas. He has twice been called to testify as an expert witness before two United States Senate Committees. His testimony has been published in the Congressional Record.

A.R.I.D.E.

Advanced Roadside Impaired Driving Enforcement

Kankakee County Sheriff's Office
3000 S. Justice Way, Kankakee, IL 60901
Thursday & Friday, October 1 & 2, 2015
8:00 am till 4:00 pm

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment.

ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructor: Tony Lebron (Retired M/Sgt; Illinois State Police) will be the lead instructor.

The Tactical Analysis Program

"Tactical Awareness and Threat Recognition"

Plainfield Police Department

14300 Coil Plus Drive; Plainfield, IL 60544

Tuesday & Wednesday, October 6 & 7, 2015

8:00 am till 4:00 pm

Course Description: The Tactical Analysis program offered by The CP Journal provides training to the defense, law enforcement and security industries in behavioral pattern recognition and analysis. Developing the ability to observe, classify, assess and communicate nonverbal behavior empowers our nation's protectors to proactively recognize potential threats before an attack occurs. The observation process taught in the program improves both intuitive decision-making and the deliberate analysis of situations, persons, and the environment.

The "Tactical Awareness and Threat Recognition" portion of the course provides instruction in the foundational behavioral observations used to make assessments about individual people. The course is focused on ensuring that students can accurately assign people to each of the four mutually exclusive primary clusters of behavior. Once officers have proven that they can make these observations, articulate the reason for objectively assigning a person to each cluster, and understand the "why" behind the assessments, these behaviors are then put into the context of the "officer-ambush" to determine the significance of each behavior in relation to the risks that police officers face.

The "Tactical Sense-making" portion of the course expands on the behaviors taught on the first day to include all four pillars of observable behaviors. Officers learn how to establish an all-encompassing baseline for the areas the law enforcement professionals are expected to operate in using a deliberate, systematic and repeatable process.

Instructor: Patrick Van Horne; Founded security-consulting company (The CP Journal) to provide training in behavioral analysis to the military, law enforcement, and private security industries. Designed, developed and implemented unique behavioral training programs for threat recognition, risk management and advanced questioning. A former Marine Officer, Patrick led 350 Marines through a yearlong combat training and preparation program prior to their deployment. Designed long-term training plan for cross-functional teams from 9 diverse technical areas. He also led 40 Marines and served as Second-in-Command for 200 Marines through two deployments to Iraq. Coordinated all intelligence, operational, logistics, communication and training requirements across units. Patrick is also the co-author of the acclaimed book ***Left of Bang***.

This project is supported by Homeland Security funds, awarded by the Illinois Terrorism Task Force through the Illinois Law Enforcement Training and Standards Board.

Report Writing for Police Officers & CSO's

Tuesday- Wednesday, October 13 & 14, 2015

8:00 am till 4:30 pm

Village of Manhattan Meeting Room

260 Market Place, Manhattan, IL 60442

Introduces 17 Standards (and a few helpful hints) for Effective Police Report Writing™ used by police departments throughout the State of Illinois. Following these standards:

- Gives all officers the same criteria for writing police reports.
- Insures essential elements of each incident are included in the report.
- Introduces an objective system for evaluating and critiquing officers' reports.

Using a variety of video portrayed situations, officers assess their writing styles and identify their strengths and weaknesses.

Each session provides:

- ✓ A training needs profile prepared for each attendee based on a review of their pre-workshop reports submitted for analysis.
- ✓ Two in-class assessments - results will be discussed with the agency training coordinator following the workshop.
- ✓ An annual follow-up assessment at no additional cost to your department.

The Bulletproof Mind

"Mental Preparation for Combat"

Local 150 Operating Engineers Training Center
19800 W. South Arsenal Rd., Wilmington IL 60481

Friday, October 16, 2015

8:00 am till 4:00 pm

(Registration will begin at 7:30 am)

Course Description: This course is open to all levels of law enforcement and other first responders, and will be conducted by Lt. Colonel (Ret.) Dave Grossman of the Warrior Science group, Mascoutah, Illinois.

Col. Grossman will draw upon decades of research in the areas of interpersonal aggression and killing, sharing what he has learned about our media culture, how the human mind works, mental conditioning for violent response, and what steps can be taken to reverse dysfunctional trends in human behavior. He will help participants improve their understanding of our violent culture and its toll on communities, schools, and law enforcement officers.

Topics include:

- The Virus of Violence in America and Worldwide
- A New Breed of Domestic and International Terrorism
- The Psychological Cost of Conflict
- Understanding the ongoing challenges that confront the police officer
- Controlling the Physiological Response to Combat
- Adopting a professional model of service as a Paladin and protector
- Post-Traumatic Stress Disorder (PTSD)
- Stress Inoculation / Breathing Exercises
- School and Workplace Violence Prevention
- Surviving the Aftermath of Deadly Confrontations
- Why workplace violence will continue to be a problem
- How the central nervous system can work against us

➤ ***To facilitate this program, lunch will be available on site for a reasonable fee; attendees are encouraged to take advantage in order to expedite and enhance this very important seminar.***

Instructor:

Lt. Col. Dave Grossman is a former Airborne Ranger, Infantry Officer, and West Point Psychology Professor with 23 years' experience in leading U.S. soldiers worldwide. He was a trainer of police, first responders, and health professionals immediately following the shootings in Jonesboro, Arkansas; Springfield, Oregon; and Littleton, Colorado.

Col. Grossman is a former Professor of Military Science at Arkansas State University and is an internationally recognized speaker in the field of human aggression and the roots of violence and violent crime. He authored the Pulitzer-nominated book, *On Killing: The Psychological Cost of Learning to Kill in War*, as well as a second publication entitled *Stop Teaching Our Kids to Kill*. His most recent book, *On Combat: The Psychology and Physiology of Deadly Conflict in War and in Peace*, was co-authored by Loren Christensen.

This project is supported by Homeland Security funds, awarded by the Illinois Terrorism Task Force through the Illinois Law Enforcement Training and Standards Board.

Rapid Medical Response **"Self-aid/Buddy-aid"**

Plainfield Police Department
14300 S. Coil Plus Drive, Plainfield, IL 60544
Monday, October 19, 2015
8:00 am till 4:00 pm

Course Description: Patrol officers are at greater risk than ever before due to escalating violence, better trained terrorists, and offenders who have military or paramilitary style training. The ever increasing intent of these criminal elements is to kill first responders in military type ambushes and wreak havoc in urban environments. Our medical and police first responders are not adequately trained or equipped to deal with the critical moments during these horrific events. Paramedics are not allowed into combat zones while shooting is still occurring. The police, therefore, are on their own to treat themselves and others for wounds sustained during a response to multiple shooters.

Consequently, this workshop incorporates military style responses to active shooters with combat medical support that parallels the tactics required. This workshop familiarizes patrol officers with the basic uses of the Israeli bandage and other methods of emergency self-medical care during active shooting incidents or terrorist attacks. The workshop features use of combat tourniquets and pressure dressings similar to those used by the U. S Military in Iraq and Afghanistan.

Course Summary: This 1-day course provides officers with the skills to provide life-saving self-aid/buddy-aid (SA/BA) in the event of serious injury. What differentiates this training from a standard first-aid course is the focus on providing proven tactical medical concepts in an austere and hostile patrol environment. During the morning session, officers will receive lecture and practical instruction in the core concepts SA/BA; airway/breathing, bleeding control/shock, assessment, high-threat evacuation. In the afternoon, officers will participate in multiple law enforcement based scenarios. These scenarios allow each officer to apply the SA/BA concepts learned in a dynamic patrol based setting.

- Mental/Physical Response to Trauma
- Airway/Breathing Management
- Bleeding Control/Shock Management
- Rapid Casualty Evaluation
- High-Threat Casualty Evacuation
- Hands-On/Practical Training
- Scenario Training

Instructors: Are supplied by, Professional Tactical EMS Consulting, Inc. (PROTEC). PROTEC specializes in providing tactical EMS consulting/contracting services and medical training to law enforcement agencies.

*This project is supported by Homeland Security funds, awarded by the Illinois Terrorism Task Force through the Illinois Law Enforcement Training and Standards Board. **Course subject to cancellation if minimum enrollment is not met.***

Night-Time Traffic Stops: with Air Soft® Training

JJC, Weitendorf Agricultural Center
17840 W. Laraway Rd, Joliet, IL 60433

Monday, November 9, 2015

4:00 pm till 12:00 midnight

(Please note times)

GPS alert: use 1151 East Laraway Road 60433, neighbor of Ag. Center

Course Description: Vehicle stops are one of the most hazardous duties performed by police officers; no two traffic stops are ever the same. These hazards compound themselves at night, when unknown threats and risks can be present within reach, but hidden by darkness. This eight hour, scenario-based seminar is designed to teach officers the unique tactical considerations and tactics for making traffic stops from positions of advantage and safety at night.

COURSE GOALS:

- Proper application and use of flashlights
 - Multiple lights, Team techniques
- Learn and practice the "wall of light" theory
- Learn to use different lighting to their advantage
 - Street lights, ambient lights, moving traffic headlights, spot lights, flashlights
- Learn how to use darkness as a cover officer advantage
- Identify the special hazards officers face at night on traffic stops
- Learn techniques for removing and controlling multiple vehicle occupants
- Learn the proper commands for removing occupants from vehicles.
- Recognize Improvised Explosive Devices (IED) and rolling terrorist vehicles and use
- Review techniques for vehicle stop locations and suspect-officer interaction
- Learn how to secure an IED and scene for responder and public safety
- Learn how to contact STIC, JTTF, and DHS for terrorist involved stops
- Recognize physical tells of subjects who may be carrying IEDs

This class is a soft air, weapons training course. Officers need to bring their duty belts and should (not required) have their department vehicles for scenarios. Officers are encouraged to have either sweatshirts or long sleeve shirts available to wear. Face protection and Air Soft® type weapons will be issued at the training site.

The instructors: The lead instructor is Michael Drumm. All instructors are certified, full-time police officers, and are members of the Illinois Tactical Officers Association and the International Law Enforcement Educators and Trainers Association. Drumm is also a DHS contract instructor.

This project is supported by Homeland Security funds, awarded by the Illinois Terrorism Task Force through the Illinois Law Enforcement Training and Standards Board. This course is subject to cancellation if minimum enrollment is not met.

Memory & Listening Skills for Police

Morris Police Department
200 E. Chapin St. Morris, IL 60450
Tuesday, November 10, 2015
8:00 am to 4:00 pm

The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator

Course Description:

The primary focus of the course will be to provide Law Enforcement personnel with a basic ability to intake names, numbers, and facts in large volume, and recall them in sequential and random order. This course also provides the ability to listen and recall relevant information.

Course Goals:

- Provide participants with the ability to remember names better.
- Introduce the audience to the mnemonic techniques of Pairing, Linking, Chunking, Loci, Pegs, and the Major Mnemonic System.
- Provide participants with the ability to productively intake, store, and recall verbal scenarios.

Instructor:

Jim Zalud is a 30 year teacher of verbal, non-verbal, and mnemonic skills. Jim has spoken to police departments, colleges, and corporations throughout the Midwest. He has completed C.I.T., and is a member of the International Law Enforcement Educators and Trainers Association.

C.R.I.M.E. 1-2-3

Criminal Related Interviewing Made Easy®

Village of Manhattan Meeting Room

260 Market Place, Manhattan, IL 60442

Friday, November 13, 2015

8:00 am till 4:00 pm

The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.

Course Description: This dynamic 8 hr. course is specifically designed to prepare all detectives, investigators, agents, supervisors, gang officers and uniformed patrol officers to become effective interviewers and consistently successful in getting difficult confessions. From newer officers to the more experienced detectives, you will learn to easily separate the interview and interrogation process in three easy steps. Each crucial step provides simple and straightforward how-to's that will allow you to get confessions in any venue or circumstance.

In one day, your expert instructors will provide each attendee with easy-to-understand tools that have been used and perfected on hard-core criminals for over sixteen years. This will be the most exciting and helpful interview class you have ever attended. No more time-consuming and expensive courses that teach complex interrogation "tactics" that have more steps than you can remember during a stressful interview. Build self-confidence, learn what to do and start becoming a great interviewer today. C.R.I.M.E 1-2-3 is here. "So get in, get it and get out."

Course Topics:

- Real interviewer preparation
- Time management
- Know your suspect, or terrorist group
- Set the stage for success
- Proper introductions and face time
- Recognize and utilize your strong points
- Physical and verbal considerations
- Homicide preparation and legal aspects
- Choosing "your" interview technique
- Closing the confession
- Morals and the media

Instructor: Domenic Cappelluti CFI is a veteran street cop with the Waukegan (Illinois) Police Department and former Group Supervisor of the elite Lake County Major Crime Task Force (Illinois). With over 16 years of experience Domenic has specialized in high profile violent street crimes, to include homicides, murder for hire cases on gang and drug officers, and officer involved shootings. During his career, Domenic has worked in patrol, and avidly supervised the Criminal Investigations Division and the Gang Suppression Unit. Domenic has proudly conducted and directed hundreds of gang and drug related operations throughout his County and the Chicago metropolitan area targeting Chicago based street gangs

Rapid Medical Response

"Self-aid/Buddy-aid" (SA/BA)

Kankakee County Sheriff's Office

3000 S. Justice Way, Kankakee, IL 60901

Wednesday, November 18, 2015

8:00 am till 4:00 pm

Course Description: Patrol officers are at greater risk than ever before due to escalating violence, better trained terrorists, and offenders who have military or paramilitary style training. The ever increasing intent of these criminal elements is to kill first responders in military type ambushes and wreak havoc in urban environments. Our medical and police first responders are not adequately trained or equipped to deal with the critical moments during these horrific events. Paramedics are not allowed into combat zones while shooting is still occurring. The police, therefore, are on their own to treat themselves and others for wounds sustained during a response to multiple shooters.

Consequently, this workshop incorporates military style responses to active shooters with combat medical support that parallels the tactics required. This workshop familiarizes patrol officers with the basic uses of the Israeli bandage and other methods of emergency self-medical care during active shooting incidents or terrorist attacks. The workshop features use of combat tourniquets and pressure dressings similar to those used by the U. S Military in Iraq and Afghanistan.

Course Summary: This 1-day course provides officers with the skills to provide life-saving self-aid/buddy-aid (SA/BA) in the event of serious injury. What differentiates this training from a standard first-aid course is the focus on providing proven tactical medical concepts in an austere and hostile patrol environment. During the morning session, officers will receive lecture and practical instruction in the core concepts SA/BA; airway/breathing, bleeding control/shock, assessment, high-threat evacuation. In the afternoon, officers will participate in multiple law enforcement based scenarios. These scenarios allow each officer to apply the SA/BA concepts learned in a dynamic patrol based setting.

- Mental/Physical Response to Trauma
- Airway/Breathing Management
- Bleeding Control/Shock Management
- Rapid Casualty Evaluation
- High-Threat Casualty Evacuation
- Hands-On/Practical Training
- Scenario Training

The Instructors: Are supplied by, Professional Tactical EMS Consulting, Inc. (PROTEC). PROTEC specializes in providing tactical EMS consulting/contracting services and medical training to law enforcement agencies.

*This project is supported by Homeland Security funds, awarded by the Illinois Terrorism Task Force through the Illinois Law Enforcement Training and Standards Board. **Course subject to cancellation if minimum enrollment is not met.***

Field Training Officer Certification

(Sokolove Model)

Romeoville Police Department

1050 West Romeo Road (at Sunset Pointe Drive), Romeoville, IL 60446

Monday - Friday, November 16 - 20, 2015

8:00 am till 4:00 pm

Course Description:

This forty-hour course is specifically designed for experienced uniformed patrol personnel selected to serve as Field Training Officers with probationary employees. The course emphasizes the FTO's role in assisting probationers certify for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policy, procedures and community service delivery standards.

The instruction highlights two essential Field Training and Evaluation Process skills: 1) the ability to examine and objectively document the probationer's job behaviors using the 2009 revised non-numerical/behaviorally anchored standardized assessment guidelines and, 2) analyzing the probationer's training needs and using proper instructional techniques for corrective action.

The instruction presentation will focus upon discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out-of-classroom reading assignments from the course text and workbook, Breaking Routine™: Field Training Officer.

The course content will include:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process.
- The Instructional Relay Race: Taking over where Basic Police Training/Certification left off.
 - Inventorying the probationer's current knowledge and skill proficiencies.
- Selection and use of on-the-job instructional techniques: finding the best tools to meet the challenge.
- Utilization of legally defensible, non-numerical standardized evaluation guidelines.
- Objectively documenting probationer performance.
- Documenting the extent of training and coaching without becoming a best-seller author.
- Strategically addressing Probationer areas of Corrective Action Necessary.
- Utilizing the Probationer Officer Manual as the Field Training playbook.
- Practical Directed Patrol Mapping™: Preparing the Probationer for Proactive - Community Oriented Policing: Dancing with SARA!
- Creating a Self-Reliant™ law enforcement agent.

Special attention: Students should be familiar with their Department's current Field Training and Evaluation Process and should be briefed on their agency's process. Students are encouraged to bring a copy of their agency's Probationary Office Manual and forms to class.

Instructor: This course will be taught by: Mr. Bruce Sokolove, Field Training Assoc., Ypsilanti, MI.
