### ***Advanced Roadside Impaired Driving Enforcement***

Frankfort Police Department,

20602 Lincoln-Way Lane, Frankfort, IL 60423

Tuesday & Wednesday; October 29 & 30, 2019

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

Civil Rights | Constitutional & Proper Use of LE Authority | Human Rights | Legal Updates

**Course Description:** The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment.

ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

**Instructor:** Tony Lebron (Retired M/Sgt; Illinois State Police) will be the lead instructor.

# Crisis Intervention Team Training (CIT)

Plainfield Fire Protection District Headquarters  
23748 W. 135<sup>th</sup> Street, Plainfield, IL 60544  
Monday – Friday; October 28 – November 1, 2019  
8:00 am till 4:00 pm

**Please note: Officers are required to have 2 years of service in a non-probationary status before he/she may attend this class.**

This course complies with the guidelines of the following mandate(s): Civil Rights | Constitutional & Proper Use of LE Authority | Cultural Competency | Human Rights | Legal Updates | Procedural Justice | Mental Health Awareness

**Purpose:** Law enforcement officers are generally the first responders to crisis events. This course is also open to local and county sworn corrections officers. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

**Course Description:** Crisis Intervention Team training is an in-depth 40-hour specialized course of study for uniformed patrol law enforcement officers and sworn corrections officers who, in addition to their regular service calls, will be required to respond to crisis calls involving people who have behavioral disabilities. CIT officers will use their acquired knowledge and skill to effectively handle crisis situations and make the most appropriate disposition, which will best serve the individual and the community. Course is certified by the *Illinois Law Enforcement Training and Standards Board*.

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario-based training will take place on Thursday, October 31<sup>th</sup>, attendees will be required to wear their "department uniform of the day" for their current assignment.**

**About the Instructors:** The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

# Medical Marijuana & Standardized Field Sobriety Testing

Frankfort Police Department

20602 Lincoln-Way Lane, Frankfort, IL 60423

Friday; November 8, 2019

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

Civil Rights | Constitutional & Proper Use of LE Authority | Human Rights | Legal Updates

**Course Description:** The Compassionate Use of Medical Cannabis Pilot Program Act enacted January 1, 2014, created new challenges for law enforcement personnel. According to statute, the law enforcement officer must have an independent, cannabis-related factual basis, giving reasonable suspicion that the person is impaired by cannabis. Subsequent to establishing these elements, an officer may ask the driver to submit to Standardized Field Sobriety Tests. Under this statute, the results of SFSTs will be the primary tool in determining impairment. The goal of this 8-hour block of instruction is to provide officers with an overview of the medical marijuana statute. The primary focus will be on enforcing the DUI segment, including the implied consent provision.

- **A Standardized Field Sobriety Testing proficiency exam will be given utilizing the most recent SFST curriculum. This exam will serve as a SFST recertification in order to satisfy IDOT requirements for DUI grants.**

Officers will also be provided information on non-standardized tests and eye exams which will aid in the determination of cannabis impairment. The ultimate goal is to reduce the number of crashes, deaths and injuries caused by impaired drivers.

## Upon completion of this training officers will be able to:

- Summarize the Compassionate Use of Medical Cannabis Pilot Program Act
- Describe those individuals that may use or possess medical marijuana
- Describe those agencies capable of cultivating and selling medical marijuana
- Describe the limitations for possession and using medical marijuana
- Describe who is banned from the program
- Describe the implied consent provision of the statute
- Summarize scientific research related to driving and cannabis usage
- Administer SFSTs utilizing most recent curriculum
- Pass a SFST proficiency exam with standards from the most recent SFST curriculum
- Administer eye checks to determine cannabis usage
- Recognize signs and symptoms associated with cannabis usage
- Administer non-standardized field sobriety test

**Instructor:** Tony Lebron (Retired M/Sgt; ISP) will be the lead instructor.
