~~Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)~~

POSTPONED
New date April 3-4, 2023
Frankfort Police Dept.

~~New Lenox Police Department
200 Veterans Parkway, New Lenox, IL. 60451
Wednesday & Thursday, February 8-9, 2023
8:00 am till 4:00 pm~~

~~This course complies with the guidelines of the following mandate(s):-~~

- ~~• Civil Rights 10.0 Hours (3.0 Hours Scenario-Based)~~
- ~~• Const. Use of L.E. Authority 2.0 Hours~~
- ~~• Legal Updates 4.0 Hours~~
- ~~• Advanced Roadside Impaired Driving Enforcement (ARIDE) 16.0 Hours (3.0 Hours Scenario-Based)~~

~~**Course Description:** The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.~~

~~This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:~~

- ~~• Update of Standardized Field Sobriety Testing Battery~~
- ~~• How drug impaired driving affects our community~~
- ~~• SFST Proficiency Examination~~
- ~~• Drugs in the human body and the impairing effects they may have~~
- ~~• Seven categories of drugs identified by the DEC Program~~
- ~~• Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement~~
- ~~• Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts~~

~~Much of the classroom training is devoted to hands-on practice.~~

~~**Instructors:** Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.~~

| • Specialized: School Resource Officer (SRO) Pre-Qualified | |
| ○ Active Threat Response | 4.0 Hours |
| ○ Officer & Youth Interaction | 2.0 Hours |

Course Description:

No child has died in a school fire in fifty years. How many have died from school violence? Far too many.

Lt. Col. Grossman turns his research on the psychology of violence inside out, applying the lessons he's learned into a presentation whose core thesis everyone can agree on: We must protect the children who have been entrusted to our care.

And that means facing some uncomfortable facts, including violent children, terrorists, and the lagging security systems when something does happen. Taking into context the tragedies of school massacres from Jonesboro to Columbine, Sandy Hook to Uvalde, Col. Grossman outlines a series of strategies to help keep our kids safe, including immediate and long-term solutions.

A fact filled presentation based on the most recent school safety research and offering vital response technologies for any audience of caring teachers, school officials, and parents.

Course topics include:

- The magnitude of the problem of violent crime in the US and worldwide and the threat to our schools.
- The role of the media in enabling the current worldwide "virus" of violent crime.
- Immediate measures that can be taken to make our schools safer.
- Key new resources available to cut violence and bullying in half and provide a double-digit increase in test scores.

Instructor:

In their description of Lt. Col. Dave Grossman, Slate Magazine said, "Grossman cuts such a heroic, omniscient figure, he could have stepped out of a video game." He has five patents to his name, has published four novels, two children's books, and six non-fiction books.

He is a US Army Ranger, a paratrooper, and a former West Point Psychology Professor. He has a Black Belt in Hojutsu, the martial art of the firearm, and has been inducted into the USA Martial Arts Hall of Fame.

Col. Grossman's research was cited by the President of the United States in a national address, and he has testified before the U.S. Senate, the U.S. Congress, and numerous state legislatures. He has served as an expert witness and consultant in state and Federal courts.

(CONTINUED)

[Back to Index](#)

He helped train mental health professionals after the Jonesboro school massacre, and he was also involved in counseling or court cases in the aftermath of the Paducah, Springfield, Littleton and Nickel Mines Amish school massacres.

Col. Grossman has been called upon to write the entry on "Aggression and Violence" in the Oxford Companion to American Military History, three entries in the Academic Press Encyclopedia of Violence, Peace and Conflict and has presented papers before the national conventions of the American Medical Association, the American Psychiatric Association, the American Psychological Association, and the American Academy of Pediatrics.

Since his retirement from the U.S. Army in 1998, he has been travelling full time as one of our nation's leading trainers for military, law enforcement, mental health providers, and school safety organizations.

Today Col. Grossman is the director of Grossman On Truth, LLC (www.GrossmanOnTruth.com). In the wake of the 9/11 terrorist attacks, he has written and spoken extensively on the terrorist threat, with articles published in the Harvard Journal of Law and Civil Policy and many leading law enforcement journals, and he has been inducted as a "Life Diplomat" by the American Board for Certification in Homeland Security, and a "Life Member" of the American College of Forensic Examiners Institute.

The Legal & Justifiable Use of Force - Pavletic

Will County Sheriff's Office

16911 W. Laraway Rd., Joliet, IL. 60433

Tuesday; February 21, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|--|-----------|
| • Const. Use of LE Authority | 1.0 Hour |
| • Legal Updates | 1.0 Hour |
| • Procedural Justice | 1.0 Hour |
| • Law concerning stops, searches, and the use of force | 5.0 Hours |
| • Specialized: Lead Homicide Investigator | 8.0 Hours |

Course Description: This course will focus on police officer use of force considerations in on-duty and off-duty scenarios. Practical use of force issues will be examined by viewing actual videos from live police use of force encounters and discussing the officer's decisions in those instances. The course will review U.S. Supreme Court cases, Federal Court decisions, Illinois statutes and case law, and what our courts specifically look for in police use of force situations. The course will also address use of force occurrences, ranging from crimes in progress to the use of force in medical emergencies. The material will consider use of force from an officer's perspective: pre-assault indicators, force options that may be utilized, the use of intermediate weapons, permitted uses of force, prohibited uses of force, and the deadly use of force. Instruction will include proper documentation, Qualified Immunity, Garrity issues, and the Illinois Uniform Peace Officer's Disciplinary Act. The program will conclude with a discussion of the "10 Myths of Police Use of Force."

Topics Discussed:

- Video analysis of actual police use of force events and decision making
- Use of force during crimes in progress; offenders fleeing a crime scene; medical emergencies
- Use of force where offender is neither evading arrest nor committing a crime
- Review of Illinois, Federal, and U.S. Supreme Court cases regarding police use of force
- What our courts consider when evaluating an officer's use of force
- Pre-assault indicators; force options; quantum of force; use of intermediate weapons
- Acceptable methods of force; unacceptable methods of force; use of deadly force
- Documenting an officer's use of force
- Probable cause and Qualified Immunity; Garrity issues
- The Illinois Uniform Peace Officer's Disciplinary Act
- "The 10 Myths of Police Use of Force"

Instructor: Jeffrey J. Pavletic is an award-winning trial attorney who has built a reputation of integrity and exceptional skill in the courtroom. As a prosecutor for the past two decades, he has tried countless cases to victory (including approximately 150 jury trials with a concentration in homicide and violent crime). In addition to trying some of the highest profile and complex cases that have occurred in the history of Northern Illinois, Jeff was Chief of the Felony Review Division, and is currently the First Assistant State's Attorney for the Lake County (Illinois) State's Attorney's Office. Jeff served as Special Counsel to the U.S. House of Representatives Judiciary Committee in the impeachment of President Clinton.

His duties included all aspects of independent counsel review, the impeachment inquiry, presentation of articles of impeachment to the U.S. House of Representatives, all witness interviews and depositions of trial witnesses, and the actual impeachment trial before the U.S. Senate. Jeff has received numerous federal, state, and local awards.

These include Illinois State Crime Commission's State's Attorney of the Year, Felony Trial Attorney of the Year, The Fred L. Foreman Criminal Justice Award, The Ruth Rosengarden Victim Service provider Award, and a special U.S. House of Representatives Award presented by Congressman Henry Hyde. Jeff has been featured on 20/20, The Today Show, Good Morning America, Court TV, and the Discovery Channel. Jeff is a published author and a well-respected legal instructor who holds undergraduate and graduate faculty positions and has received accolades as a nationally renowned lecturer, training thousands of police officers, lawyers, prosecutors, and judges.

Comprehensive DUI Awareness

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL. 60451

Monday; February 27, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|------------------------------|-----------|
| • Civil Rights | 0.5 Hour |
| • Const. Use of LE Authority | 0.5 Hour |
| • Legal Updates | 2.5 Hours |

Course Description: This new program will provide students with a comprehensive overview of DUI enforcement and a summary of all impaired driving curriculums developed by the National highway Traffic Safety Administration (NHTSA), which will assist them in determining if they require or desire future DUI training. Emphasis will be placed on the tenants of DUI enforcement not covered in basic training. Officers will also be provided with the genesis and motivation for techniques, procedures, and law currently used in DUI enforcement. Pharmacology and physiology will be discussed in order to enhance officers' knowledge of the effects of alcohol/drugs on the human body. Eye examinations will focus on the dynamics of pupillary reaction to stimuli related to possible impairment caused by alcohol/drugs. This course will not train officers in field testing per se, but will review common mistakes made by officers when conducting such tests, thus enabling officers to avoid future defense challenges. This course will emphasize the eight implied consent warnings and the statutory elements required for enforcement. The final portion of the program will focus on the chemical testing of breath, blood, and urine. Relevant court cases will be highlighted throughout the training.

Topics to be addressed include the following:

- Review of NHTSA curriculums
- Pharmacology and physiology of alcohol on the human body and pharmacokinetics utilizing Widmark's formulas
- Retrograde extrapolation
- The three phases of the DUI process as described by NHTSA
- Common errors associated with Standardized Field Sobriety tests (SFST's) and other non-standardized Tests
- Eye exams conducted during DUI encounters and the pupillary dynamics of possible alcohol and/or drug Impairment
- Approved Preliminary Breath Test instruments that have automatic sampling/self-diagnostics and the administrative rules governing their use
- The 8 Implied Consent Warnings and the statutory elements associated with their use
- Evidential chemical tests an officer may request after a DUI arrest and the administrative rules associated with each test

Instructor: Tony Lebron (Retired M/Sgt; ISP) will be the lead instructor.

○ Lead Homicide Investigator	40.0 Hours

Course Description:

This training features interactive lectures and discussions of actual case histories, videos, and laws specific to homicide investigations. This comprehensive seminar provides instruction in conducting investigations and prosecuting death cases from the start of the investigation, through evidence collection, suspect interviews, press conferences, trial testimony, and ultimately conviction.

This class uses a combination of actual homicide case studies, so participants work through a case from the beginning, through case closure. **The training provides participants the techniques and structure to *lead* a professional and lawful investigation.**

“Effective 01-01-2012, under 50 ILCS 705/10.11, only law enforcement officers who successfully complete the Board certified 40-hour Lead Homicide Investigator training program may be assigned as lead investigators in homicide investigations.” This course fulfills the requirements.

Instructor: Lou Tessmann, CFI retired from the Waukegan (Illinois) Police Department after 23 years of service in a wide variety of assignments, including patrol, investigations, training, and ultimately Deputy Chief of Police. Lou is a 26-year veteran of the United States Marine Corps, retiring as a CWO-4. In addition to his service in Vietnam he was activated for Desert Storm and Desert Shield and has received numerous military awards including the Naval Commendation Medal. Lou began his career as a police officer with the City of Waukegan assigned to the patrol division. He was later assigned to the detective bureau for nine years and as a juvenile officer for one year. Lou also served as the Commander of the elite Lake County Major Crime Task Force. The task force works on major criminal investigations relating to homicides, kidnappings, and police-involved shootings. During his career, he has conducted thousands of interviews and interrogations. Most noteworthy, Lou has obtained over 80 homicide confessions during his career with only three instances where he was unable to obtain a confession from the homicide suspect.

Jeffrey J. Pavletic is a subject matter expert and an award-winning trial attorney who has built a reputation of integrity and exceptional skill in the courtroom. As a prosecutor over the past three decades, he has tried countless cases to victory (including approximately 175 jury trials with a concentration in homicide and violent crime). In addition to trying some of the most high profile and complex cases that have occurred in the history of Northern Illinois, Jeff was Chief of the Felony Review Division, and was the First Assistant State's Attorney for the Lake County (Illinois State's Attorney's Office).

Enforcing Cannabis Laws

Monee Police Department

5356 W. Main Street, Monee, IL 60449

Monday; March 6, 2023

8:00 am to 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|------------------------------|-----------|
| • Civil Rights | 1.0 Hour |
| • Const. Use of LE Authority | 3.0 Hours |
| • Legal Updates | 4.0 Hours |

Course Description: The "Cannabis Regulation and Tax Act" as described in "Amendment to HB 1438", was signed into law by Governor Pritzker on June 25th, 2019. This legislation permits the cultivation, selling, and the adult use of cannabis, beginning January 1, 2020. The implementation of this legislation will have a tremendous effect on all aspects of law enforcement. The most profound impact will be on traffic safety. Illinois officers need to be trained to understand the legislation and to take appropriate action when required.

Upon Completion of this training officers will be able to:

- Describe business organization which may cultivate and sell cannabis
- Describe the entities associated with transporting, testing and education
- Define the state agencies associated with regulating the cannabis industry
- Distinguish the laws governing medical cannabis and the adult user
- Describe the possession limits for Illinois residents and non-residents
- Describe who is banned from the medical program
- Define the Opioid Alternative Pilot Program
- Define Medical Cannabis Provisional Patients
- Summarize scientific research related to driving and cannabis usage
- Recognize signs and symptoms associated with cannabis usage
- Describe research regarding the effectiveness of field tests
- Describe the two Implied Consent provision associated with the legislation
- Describe the limitations of chemical testing

Course Goals: At the end of this eight-hour block of instruction officers will have:

1. An understanding of the new cannabis laws as it relates to the cannabis industry;
2. The knowledge to identify violations of the cannabis laws;
3. The knowledge to observe, identify and articulate cannabis usage;
4. An understanding of the two DUI violations which may occur.

Instructor: Tony Lebron (Retired M/Sgt; ISP) will be the lead instructor.

- ~~• Advanced Roadside Impaired Driving Enforcement (ARIDE) 16.0 Hours (3.0 Hours Scenario-Based)~~

~~**Course Description:** The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.~~

~~This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:~~

- ~~• Update of Standardized Field Sobriety Testing Battery~~
- ~~• How drug impaired driving affects our community~~
- ~~• SFST Proficiency Examination~~
- ~~• Drugs in the human body and the impairing effects they may have~~
- ~~• Seven categories of drugs identified by the DEC Program~~
- ~~• Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement~~
- ~~• Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts~~

~~Much of the classroom training is devoted to hands-on practice.~~

~~**Instructors:** Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.~~

Thursday, March 9, 2023

9:00 am till 12:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|----------------------|-----------|
| • Legal Updates | 2.5 Hours |
| • Procedural Justice | 0.5 Hour |

Course Description:

Law enforcement agencies receive a large number of FOIA requests. Properly responding to those requests involves understanding not only the Illinois FOIA statute but also other Illinois laws that regulate access to police reports, investigation files, and video and audio recordings. This course will summarize those laws and apply them to FOIA requests for common law enforcement records. Topics to be addressed in this course include:

- Personal privacy for victims and witnesses
- Traffic crash reports
- Limits on disclosure of juvenile records
- Requests for worn body camera recordings
- Records relating to open investigations and pre-trial cases
- Best practices for responding to FOIA requests in a timely manner

Please note: this course will not address expungement of arrest reports or retention of worn body camera recordings. A link will be provided to the meeting after registering.

Topics to be discussed:

- The limitations of the Act.
- Various definitions that must be considered.
- The time deadlines provided by the Act.
- Various exclusions from the coverage of the Act.
- Various techniques in dealing with FOI requests will be discussed.
- Alternative methods of responding to these requests will be listed and analyzed.
- The Local Records Act will be discussed and defined.
- Guidelines for compliance with these provisions concerning both paper and electronic records.
- The required methods of identifying, inventorying, and destroying local records will be analyzed.
- New expungement and sealing requirements.

Instructor: Leah Bartelt is the Public Access Counselor in the Illinois Attorney General's Office. The Public Access Bureau works to educate public bodies and citizens about the Illinois Freedom of Information and Open Meetings Acts, and to address allegations that public bodies have violated those laws. Leah joined the Attorney General's office in January 2015 and was named Public Access Counselor in March 2022. Leah is a graduate of the University of Pennsylvania Law School, and earned a Bachelor of Arts degree in Economics from the University of Chicago.

32 Hour Juvenile Specialist Skills Program

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL. 60451

Monday-Thursday; March 20-23, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 2.0 Hours
- Const. Use of LE Authority 4.0 Hours
- Human Rights 3.0 Hours
- Legal Updates 9.0 Hours
- Procedural Justice 5.0 Hours
- Crisis Intervention 1.0 Hour
- Reporting of Child Abuse and Neglect 3.0 Hours
- Specialized Training
 - School Resource Officer (SRO) Pre-Qualified
 - Juvenile Law 10.0 Hours
 - Officer & Youth Interaction 16.0 Hours
 - Lead Homicide Investigator 32.0 Hours

PURPOSE OF COURSE: This four-day, 32-hour program has been designed by expert practitioners from the fields of juvenile law, social work, and law enforcement to assist recently assigned juvenile officers in the legal, moral, and social issues that they will encounter in their positions as juvenile specialists. Public Act 88-7 requires "Juvenile Officers" to complete a course as prescribed by the Board. This course meets that requirement.

COURSE OVERVIEW: The focus of this course is primarily to provide police officers with the skills, knowledge, and abilities needed to perform their duties as juvenile officers. In this unique role, juvenile officers not only enforce laws, but also respond compassionately and effectively to family problems. They serve as protectors of society by investigating criminal acts for findings of delinquency and as supporters of youths by helping them to grow out of adolescence without experiencing the stigma of police involvement.

Specific topics to be addressed in this program include the following:

- The role and responsibility of the Juvenile Officer
- Gaining perspectives on the assignment
- Child development
- Child psychology
- Communicating with adolescents and parents
- Adolescents and electronic influences
- Intervention and prevention strategies
- Article I of the Juvenile Court Act: General provisions
- Article II of the Juvenile Court Act: Abused, neglected, and dependent minors
- Article III of the Juvenile Court Act: Minors requiring authoritative intervention
- Article IV of the Juvenile Court Act: Addicted Minors
- Article V of the Juvenile Court Act: Delinquent minors
- Psychodynamics of child abuse
- The role of law enforcement and social services

***Continued on next page:**

[Back to Index](#)

- Protective custody
- Investigative techniques
- Preparing child abuse cases for court
- Sexual abuse and sexual exploitation investigations

COURSE GOALS: The goals of this course are to make officers particularly aware of the demographics of the burgeoning youth population, which is becoming increasingly more vulnerable to gang recruitment, violent crime, sexual exploitation, alcohol, and drug abuse, and carrying weapons. Officers will become uniquely aware of these problems and the needs facing the children, adolescents, young adults, and parents that they will be serving in their capacity as juvenile officers. Throughout the program, participation in supportive networks such as Juvenile Officer Associations, Gang Task Forces, and high school liaison programs will be discussed and encouraged.

Course Description: This eight-hour course will be an open forum review of the primary enforcement sections of the Illinois Vehicle Code. Content includes the use of IVC violations for probable cause stops, bail bond procedures for multiple offense and out-of-state violators, and equipment and safety and enforcement issues. Attendees will participate in table-top exercises in the morning and afternoon sessions. These exercises will help officers understand the subtle differences in the subsections of offenses (e.g.: turning, U turns, sign violations). Attendees will also examine the differences between business, petty, and serious IVC offenses. Attendees will:

- Learn the application of the "hands free" electronic communication device law
 - what is allowed while holding the device (speed dialing, etc)
- Review
 - New laws
 - Changes to existing laws
- Review current violations from commonly used IVC chapters
- Cover the new bond procedure for petty traffic offenses effective 01/01/2021
- Learn how to recognize vehicles which are hazardous dilapidated motor vehicles
- DUI enforcement laws
 - BAID
 - MDDP
 - DUI-convicted driver felony violations
- Review less commonly used, probable cause-based sections
- Equipment
- Learn to identify probable cause violations in 2nd division vehicles
- Learn to identify unsafe vehicle equipment and attaching components
- Learn to correctly identify appropriate driver's license weight classifications
- Learn identification violations on private/local delivery and tow trucks

***Continued on next page:**

Instructor: H. Michael Drumm, D.P.A, will conduct the course. Dr. Drumm is president of Drumm & Associates, Ltd. He has more than 38 years of IVC enforcement experience and is currently a member of the Monee Police Department. Drumm is an ITOA and ILEETA member and is certified as an instructor with the Illinois Law Enforcement Training and Standards Board. This course complies with the guidelines of the following mandate(s):

- | | |
|-----------------------------------|-----------|
| • Const. Use of LE Authority | 0.5 Hour |
| • Procedural Justice | 3.0 Hours |
| • Psychology of Domestic Violence | 2.0 Hours |
| • Use of Force (General) | 1.0 Hour |
| • Lead Homicide Investigator | 8.0 Hours |

Course Description:

This 8- hour course will focus on enhancing an officer's report writing skills so that he or she may better submit clear, accurate, concise, and detailed primary case reports. Emphasis will be placed on detailing probable cause for an arrest, better providing investigators with essentials in primary reports so that follow-up may become more efficient and enhancing case building in a way that will aid prosecutorial success. The course will examine some of the top failure points of poorly written reports as seen by shift supervisors, and then provide a blueprint to organization to better build reports for the future. Added emphasis will be placed on the additional care and challenges presented when preparing initial reports for Domestic Violence, Criminal Sexual Assault, and when an officer has had to apply physical force in the field. This course is geared to both newer patrol officer who may be developing report writing experience, as well as those veteran officers who might benefit from enhancing their report writing skills. Learning will be done through both lecture and a practical writing lab. Students are encouraged to bring a laptop computer with Microsoft Word installed.

Topics to be discussed:

- Developing a winning mindset for proper report writing- Why it is THAT important!
- Top areas of report failure and how to correct them before you commit them
- Eliminating the "Cliffhangers" and communicating to your overall audience (cops, courts, lawyers, and social services)
- Implementing a fool-proof "Blueprint" for organizing any report, every time
- Making the link from describing events to establishing why actions were taken
- Strategy for reviewing reports prior to submitting them
- Challenges in preparing a primary Domestic Violence Report
- Challenges in preparing a primary Sexual Assault Report
- Documenting your use of force within your report

| • Procedural Justice | 25.0 Hours |

Course Description: This forty-hour course is specifically designed for experienced uniformed patrol personnel selected to serve as Field Training Officers with probationary employees. The course emphasizes the FTO's role in assisting probationers certify for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policy, procedures and community service delivery standards. The instruction highlights two essential Field Training and Evaluation Process skills: 1) the ability to examine and objectively document the probationer's job behaviors using the 2009 revised non-numerical/behaviorally anchored standardized assessment guidelines and, 2) analyzing the probationer's training needs and using proper instructional techniques for corrective action. The instruction presentation will focus upon discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out- of-classroom reading assignments from the course text and workbook, Breaking Routine™: Field Training Officer.

The course content will include:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process.
- The Instructional Relay Race: Taking over where Basic Police Training/Certification left off.
 - Inventorying the probationer's current knowledge and skill proficiencies.
- Selection and use of on-the-job instructional techniques: finding the best tools to meet the challenge.
- Utilization of legally defensible, non-numerical standardized evaluation guidelines.
- Objectively documenting probationer performance.
- Documenting the extent of training and coaching without becoming a best-selling author.
- Strategically addressing Probationer areas of Corrective Action Necessary.
- Utilizing the Probationer Officer Manual as the Field Training playbook.
- Practical Directed Patrol Mapping™: Preparing the Probationer for Proactive – Community Oriented Policing: Dancing with SARA!
- Creating a Self-Reliant™ law enforcement agent.

Special attention: *Students should be familiar with their Department's current Field Training and Evaluation Process and should be briefed on their agency's process. Students are encouraged to bring a copy of their agency's Probationary Office Manual and forms to class.*

Instructor: This course will be taught by: Mr. Bruce Sokolove, Field Training Assoc., Ypsilanti, MI.

Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)

Frankfort Police Department
20602 Lincoln-Way Lane, Frankfort, IL. 60423
Monday & Tuesday; April 3-4, 2023
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|--|---------------------------------------|
| • Civil Rights | 10.0 Hours (3.0 Hours Scenario-Based) |
| • Const. Use of L.E. Authority | 2.0 Hours |
| • Legal Updates | 4.0 Hours |
| • Advanced Roadside Impaired Driving Enforcement (ARIDE) | 16.0 Hours (3.0 Hours Scenario-Based) |

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.

The Reid Technique of Interviewing and Interrogation®

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL 60451

Monday - Wednesday; April 3-5, 2023

8:00 am till 3:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|------------------------------|---------------------------------------|
| • Civil Rights | 1.0 Hour |
| • Const. Use of LE Authority | 1.0 Hour |
| • Legal Updates | 2.0 Hours |
| • Procedural Justice | 12.0 Hours |
| • Lead Homicide Investigator | 18.0 Hours (7.0 Hours Scenario-Based) |

Course Description: This is a 3-day, twenty-one hour program on the Reid Technique of Interviewing and Interrogation®. The course includes; interview and interrogation preparation, behavior symptoms, the Reid® Behavior Analysis Interview (B.A.I.) and "The Reid Nine Steps of Interrogation" which include:

Interview and Interrogation Preparation

The style, appearance and approach of the successful interviewer and interrogator will be covered, as will the room settings conducive to these activities.

Behavior Symptoms

Differences in verbal and nonverbal behavior between innocent and deceptive persons often can be observed, and are thus indicative of whether or not a suspect is telling the truth. A guilty suspect makes a conscious decision to resist your effort to get at the truth. In trying to maintain a structure of verbal lies, however, that suspect most often develops internal conflicts and tensions which manifest themselves in nonverbal behavior. Thus, body movements, facial expressions, eye contact, attitudes, posture and grooming gestures can indicate whether the subject is telling the truth or lying. Nonverbal indicators can also be used to determine whether the suspect under interrogation is listening, maintaining a defiant attitude or is ready to confess. You will learn how to observe and assess critical behavior symptoms and use those assessments to determine whether to move on to the next step of the interrogation.

Reid® Behavioral Analysis Interview (B.A.I.)

The information developed through use of the standard investigative questions of "who," "what," "when" and "how" is often not adequate — even in combination with physical evidence — to identify the wrongdoer. The Reid Behavioral Analysis Interview is a technique that uses a structured set of non-accusatory behavior-provoking questions developed as a result of many thousands of interviews. The B.A.I. makes it easier to determine whether the suspect is telling the truth about involvement in the matter under investigation, and is flexible enough to be used in cases ranging from employee theft to homicide.

The Reid Nine Steps of Interrogation®

The nine-step approach to a successful interrogation has been developed by John E. Reid and Associates through extensive research and practical experience over a period of 60 years. Because of the subject's importance, approximately half the classroom time in the seminar is devoted to the interrogation process and detailed examination of each of the nine steps.

John Reid and Associates will provide the instructor for this class.

John Reid Advanced Interviews & Interrogations

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL 60451

Thursday; April 6, 2023

8:00 am till 3:00 pm

This course complies with the guidelines of the following mandate(s):

- Procedural Justice 3.0 Hours
- Lead Homicide Investigator 6.0 Hours (3.0 Hours Scenario-Based)

Course Description: This course is for individuals who have completed the 3-day seminar on *The Reid Technique of Interviewing and Interrogation*, and builds upon their knowledge of the Reid Technique.

Most unsuccessful interrogations are a result of the investigator's inability to move the guilty suspect from one stage of the interrogation to the other. *Reid* has defined three distinct stages of the interrogation that may give the investigator problems:

1. Defiant stage: seven proven tactics to move suspects out of this stage
2. Neutral stage: four proven techniques to get the suspect to listen to the interrogator's themes
3. Acceptance stage: three specific techniques that will dramatically increase admissions of guilt

People who commit crimes do so to fulfill certain needs. What needs were satisfied is based upon the case facts, evidence and results of the interview — types of needs that will be thoroughly discussed are:

- Real need crimes
- Impulse need crimes
- Esteem need crimes
- Lifestyle need crimes

The Advanced Seminar will also address the following specific problem areas for some but not all interrogations:

- Juvenile interrogations
- Interrogation regarding guilty knowledge
- Playing one suspect against another
- Interrogation on multiple crimes

Course Instructor: This course will be taught by Instructors with John E. Reid and Associates, Inc.

| • Specialized Training: School Resource Officer (SRO) Pre-Qualified | |
| ○ Active Threat Response | 4.0 Hours |
| ○ Juvenile Law | 3.0 Hours |
| ○ Officer & Youth Interaction | 3.0 Hours |

Course Description:

Law Enforcement and School Officials need to obtain the proper information when responding to threats of school violence online, especially when there is "Leakage" and the posting party is targeting students and school personnel. It is important for the LEO/School Administrator to obtain crucial information and evidence in these cases and initiate due process paperwork in a timely manner. The LEO will then continue the investigation and use the Exigent Circumstances protocol to get the appropriate information. Identifying the perpetrator immediately provides Law Enforcement and Schools the ability to act quickly and proactively to reduce the threat of school shootings and other forms of violence.

Objectives:

Upon completion of the training exercises, participants will:

- Learn why it is important NOT to disregard information given to LEO or school officials.
- Understand what the term "Leakage" means and how we can interpret the information.
- Learn about free and open source online investigative tools.
- Know items of cyber evidence needed to successfully identify suspects who post online threats.
- Learn the three-step process in investigating internet crimes.
- Learn the importance of Preservation, Exigent Circumstances and Search Warrants if needed.
- Learn how to obtain IP's, screen names, screen captures, and email headers
- Outline state laws covering; Terrorist Threat, Falsely Making a Terrorist Threat, Swatting and Causing a Catastrophe.
- Once suspect is identified, importance of search warrant, arrest, interrogation and mental evaluation.
- We will examine a successful cyber-crime case study investigation from start to finish.

IMPORTANT please read carefully: The attending Officer will need the following items to attend. 1. Computer with internet connection (ensure your computer is turned on early in case it requires updates)

Monday – Wednesday; April 17 – 19, 2023

8:00 AM to 5:00 PM

This course complies with the guidelines of the following mandate(s):

PENDING

Course Description:

This was the first national training program to address the needs of Child Passenger Safety (CPS) Professionals. It combines the best features of various existing training programs with additional contributions from many of the nation's leading CPS professionals.

This three-day course is presented through a combination of lectures, discussion of new issues, role-playing and hands on practice with both child safety seats and vehicle belt systems. Students should be prepared for substantial physical activity needed to install safety seats. Written and hands on tests will be given, including participation in a "real world" CPS Clinic or child safety checkpoint, where students must demonstrate proficiency communicating and demonstrating proper installation to the public.

The standardized training course is targeted to:

- New CPS advocates aspiring to become technically competent and to participate in or conduct child safety seat clinics
- Experienced CPS professionals who want to advance their technical skills, and
- Anyone involved in child passenger safety education that would like to teach others

Certification is required through the National SAFE KIDS Campaign for those who successfully complete this course. A fee of \$95 is required prior to enrollment, which will pay for this certification process*.

* The National Safe Kids Campaign is now the certifying body for the National Standardized Child Passenger Safety Training Program. The course fee is payable to the National Safe Kids Campaign not the Tri-River Police Training Region. You will need to call Tri-River to get specific information on how to register on-line with the National group. Tri-River personnel will not collect the tuition. Additionally, **you must register at least 10 working days prior to the start of the course**, or the National Safe Kids campaign will charge an additional late fee.

NOTE: Officers should bring note-taking materials. The instructors will dictate the type of clothing to be worn (uniform/civilian) depending on the function being performed.

Course Description

This program is designed to provide instruction to law enforcement personnel who will be responsible for firearms training activities for their departments. This program concentrates on instructional techniques and is designed to develop students as prospective firearms instructors. The focus of this course is firearms skills and prospective instructors' ability to create, demonstrate, and coach firearms proficiency skills. Administrative aspects of defensible firearms programs are also stressed in this course. Students will be taught how to maintain necessary records, safely manage firearms exercises, range medical procedures, and develop realistic drills to ensure their agencies have comprehensive firearms programs.

The following items must be brought to this course:

- Soft Body Armor (MANDATORY)
- Eye and ear protection
- Handgun and holster
- Billed Ball Cap
- Cleaning kit
- 1,000 rounds pistol ammunition
- Shotgun with 5 shotgun rounds (if department has shotguns-fam fire only)
- Carbine with 50 rounds rifle ammunition
- Note-taking materials

Law enforcement agencies must carefully select individuals who are to be utilized as firearms instructors. Only personnel who are willing to exercise patience, good judgment, safety consciousness, instructional acumen, and a willingness to document and record the activities of individual shooters/students should be considered for the position of firearms instructor. The focus of this program is to insure that instructors return to their department with the ability to enhance officers firearms skills with the most current methods and practices related to firearms skills.

| • Legal Updates | 3.0 Hours (1.0 Hour Scenario-Based) |
| • Procedural Justice | 3.0 Hours |
| • Lead Homicide Investigator | 80.0 Hours (8.0 Hours Scenario-Based) |

Course Description: In most jurisdictions, traffic crashes account for more lives lost, more injuries and more property damage than all criminal activity combined. To effectively implement crash prevention programs and improve quality of life, law enforcement agencies need to know the who, what, where, when and why of crash occurrence.

The moments immediately following a traffic crash are crucial, and only a well-trained crash investigator knows how to identify and collect the necessary information at the crash scene and to begin the interpretation of that evidence.

Crash investigators must work quickly and confidently to preserve significant physical results before the crash scene is altered or evidence disappears. They must anticipate what information will be needed for enforcing traffic laws, planning crash prevention programs and possible case litigation. In addition, they must properly document the at-scene information and evidence because once the scene is cleared, the evidence might be impossible to recover.

Crash Investigation 1, based on J. Stannard Baker's world-renowned text, Traffic Crash Investigation, is an in-depth study of the skills needed to systematically investigate a traffic crash. Techniques for recognizing and properly recording roadway and vehicle crash evidence are thoroughly presented. Students learn to take measurements and photographs of the crash scene and to create sketches and after-crash diagrams. Crash Investigation 1 also addresses how the collected data are used to reconstruct crashes. Finally, the use of electronic devices to collect and record at-scene data is also introduced.

Course Topics:

- Preparation for traffic crash investigation
- Information from and about people
- Information from vehicles
- Information from roads
- Measuring and mapping the crash scene
- Photographing the crash scene and damaged vehicles

Continued on next page:

- For this updated program, students will develop a new case study. Photographs and exhibits have been updated, and classroom instruction now includes how the latest generation of vehicle electronics - including data recorders, traction and stability controls, multiple airbags, etc. - affect both the crash and the crash investigation

Course Materials: All students need to bring a laptop computer or other device with a USB port to the class. Student reference materials will be distributed in USB flash drives (files will accept electronic comments and highlighting and can be saved).

In all cases, please bring the following additional items to class:

- Comfortable outdoor clothing (likely to get dirty) for Week 2 outdoor projects
- Simple calculator with square root key
- Mechanical Pencils
- Staedtler Geometry Compass
- Laptop computer (or other device) with USB port(s) and Adobe Reader installed.
- Students may use calculators and electronic communication devices in class; however, possession/use of electronic communication devices during closed-book quizzes and exams is prohibited.

Course Outcomes: Officers/investigators who successfully complete Crash Investigation 1 significantly improve their ability to handle all aspects of the majority of traffic crash investigations occurring within their jurisdictions.

Participants who successfully complete Crash Investigation 1 or its equivalent are eligible to enroll in Tri-River's and NUCPS's next crash investigation course, Crash Investigation 2.

Instructor (s): Course instructor(s) are provided by *NUCPS*.

Small Unmanned Aircraft Systems (Drones) in Law Enforcement

JJC, Weitendorf Agricultural Education Center
17840 W. Laraway Rd., Joliet, IL 60433
Monday-Thursday, May 15-18, 2023
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|------------------------------|-----------|
| • Civil Rights | 1.0 Hour |
| • Const. Use of LE Authority | 4.0 Hours |
| • Legal Updates | 1.0 Hour |
| • Procedural Justice | 1.0 Hour |
| • Officer safety techniques | 1.0 Hour |

Course Description: This training will introduce officers to the use of Small Unmanned Aircraft Systems (sUAS), commonly called "drones", for both evidence collection and search operations. The course will cover all aspects of UAS operations, including preparations for the mandatory FAA Part 107 licensing. It will include information on the necessary waiver to fly in populated areas and night operation of drones. Hands-on experience with full-sized drones will give officers the confidence and ability to operate in a safe manner. Evidence collections in both photo and video format will be addressed, as well as the legal aspects of how to handle and store this information, as it differs from standard photo/video collection rules.

Finally, the Freedom from Drone Surveillance Act, ILCS 725/167 will be discussed to provide officers and their departments with a clear understanding about operating drones within the confines of the law, including the mandate to inform the State about maintenance and flight operations. Upon completion of this course, attendees will possess the knowledge to successfully take and pass their Part 107 FAA pilot's exam to become a licensed pilot. They will also be able to assist in creating proper departmental policies and procedures for operating drones.

Course Objectives: Identify the following: All state and federal laws pertaining to Small Unmanned Aircraft Systems (sUAS); different types of airspace; weather and weather-related conditions including cloud formations, types of fog, and wind conditions and how they play a role in the flight of a sUAS; loading and performance factors; airport and airfield standards, including left traffic patterns, METARS, TAFs, sectional charts, longitude and latitude; crew resource management, including types of attitudes, visual observers, Remote Pic, and the effects of drugs and alcohol; radio communication including 2.4 and 5 GHz, AWOS, ASOS, licensed frequencies, and CTAF; Emergency, Lost-Link, and Flyaway procedures; launch and recovery; and Plan B and C.

- ✓ Perform the procedures for: Vertical takeoff and landing, basic flight maneuvers, recording video, taking still images, autonomous flights, pre-flight and maintenance, equipment replacement, record keeping, pre- and post-flight inspection, and logbook maintenance.
- ✓ Gain the necessary knowledge and skills to test for and earn the FAA certification for sUAS Operator.
- ✓ Understand the Freedom from Drone Surveillance Act. (CONTINUED)

Instructor: Chris Edwards, Associate Professor at Rend Lake College, the primary instructor for this class, holds an AAS degree in Information Technology from Rend Lake College, a Bachelor's Degree in Information Technology from Southern Illinois University Carbondale, and a Master's Degree in Cybersecurity from Liberty University. He is licensed as a Remote Pilot by the FAA. Chris teaches in the Information Technology Division at Rend Lake, with an emphasis on Cybersecurity and Computer Forensics. He has developed the sUAS curriculum for the college. Chris has taught a related series of courses for over three years and has added several other courses to the curriculum.

| • Human Rights | 1.0 Hour |
| • Procedural Justice | 1.0 Hour |

Purpose: Law enforcement officers today must understand the need to be educated in the differences that exist among the many cultures that we have in America. It is important that individuals who engage in law enforcement learn to understand and respect the differences among the many cultures today. This understanding will assist in enhancing the public perception of law enforcement and thus provide officers with the knowledge, skills, and attitude necessary for dealing with cultural differences and thus enhance the professional image of today's law enforcement officers.

Course Description: Policing a Diversified America is a specialized course of study for law enforcement officers, who as part of their calls for service and proactive responsibilities, will likely encounter people that may be different from who they are and people who have different views on life. With this 8-hour training course officers will be able use the knowledge attained to better relate to a variety of cultures and communicate/interact effectively through understanding.

The key components of this course will cover the following:

- The definition of culture and the many types of cultures that exist today in America.
- The history of cultural tensions in America
- The mental conditioning of bias
- Discussion on cultural stereotyping
- Presumptions about Law Enforcement and Culture
- Controversies involving the excessive use of force
- The Civil Rights Act
- Laws Governing Racial Profiling
- Case Laws Involving Law Enforcement and Bias
- Effective Communication Through Understanding

About the Instructor: The course will be conducted by Traneil Thomas. Traneil is currently a Sergeant and former detective with over 20 years of Law Enforcement experience. Traneil is also a Marine Corps Veteran and holds a Bachelor's Degree in Criminal Justice. He is currently the CEO and Owner of Trained Ready Armed Defense Training & Consulting; he is also the owner of Trained Ready & Armed Apparel. Traneil grew up on the south-side of Chicago and is well versed in both urban and suburban lifestyles.

Purpose: Law enforcement officers are generally the first responders to crisis events. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Participants of this voluntary, 40-hour training program, receive intensive training on recognizing and addressing individuals in the community who have a mental illness or other behavioral health crisis. The CIT training program is an in depth, specialized course for officers with at least two years' experience. The five-day course includes presentations by behavioral health specialists, experienced field officers and representatives from regional service providers. Officers will receive training in topics such as mental illness/signs and symptoms, co-occurring disorders, child and adolescent issues, medical conditions and psychotropic medications, and law enforcement response and legal issues. They will also learn advanced communication and de-escalation techniques, partake in valuable exercises, have a unique opportunity to participate in discussions with individuals who have a mental illness and/or their family members and be given an opportunity to exercise their skills in realistic scenario role plays.

(Continued)

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints, and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario-based training will take place on Thursday, June 8th, attendees will be required to wear their "department uniform of the day" for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.
