~~Frankfort Police Department
20602 Lincoln Way Lane, Frankfort, IL 60423
Monday - Friday, May 11 - 22, 2020
8:00 am till 4:00 pm~~

~~**Course Description:** At scene traffic crash data collection is useful only if all appropriate information is collected and properly interpreted and analyzed. Participation in Crash Investigation 2 enhances the capability and credibility of the at scene investigator.~~

~~Crash Investigation 2, based on the 2014 edition of J. Stannard Baker's world renowned textbook Traffic Crash Investigation, emphasizes vehicle behavior in crashes, vehicle damage analysis and more advanced mapping and evidence location skills.~~

~~Crash Investigation 2 builds upon topics examined in Crash Investigation 1 and provides the student/investigator with greater knowledge of the information available at the crash scene and how to properly collect and initiate interpretation of that information.~~

~~The course also provides instruction in the use of laser based measurement devices to measure crash scenes and the evidence found there. Laser Technology, Inc. units are used for these demonstrations. Downloading the electronic information into mapping programs is also covered.~~

~~**Course Materials:** All students need to bring a laptop computer or other device with a USB port to the class. Student reference materials will be distributed in USB flash drives (files will accept electronic comments and highlighting and can be saved).~~

~~**In all cases, please bring the following additional items to class:**~~ Comfortable-

- ~~▪ outdoor clothing (likely to get dirty) for Week 2 outdoor projects~~
- ~~▪ Small pair of scissors~~
- ~~▪ Simple calculator with square root key~~
- ~~▪ Staedtler Geometry Compass Mechanical~~
- ~~▪ Pencils~~
- ~~• Triangles 45-45-90 and 30-60-90~~
- ~~▪ Laptop computer (or other device) with USB port(s) and Adobe Reader installed~~
- ~~• **Traffic Crash Investigation, 11th Edition** — **All Crash Investigation 1 students receive a copy of the text. If necessary, a copy may be purchased online at nueps.northwestern.edu/crashbooks.**~~
- ~~▪ Students may use calculators and electronic communication devices in class; however, possession/use of electronic communication devices during closed book quizzes and exams is prohibited.~~

~~Who Should Attend:~~

- ~~▪ Crash Investigation 2 is designed for those who analyze data collected by other crash investigators and who gather and analyze supplementary data.~~
- ~~• Crash Investigation 2 participants must have successfully completed NUCPS's Crash Investigation 1 or its equivalent~~

~~Course Outcomes:~~ ~~Officers/investigators who successfully complete Crash Investigation 2 develop skills in technically preparing crash investigation data and collecting follow-up data required by prosecutors, defense attorneys, claim adjusters, fleet supervisors, reconstructionists and highway safety engineers.~~

~~Instructor (s):~~ ~~Course instructor(s) are provided by NUCPS.~~

~~Member Tuition: None* ————— Non-Member Tuition: None*~~

~~*Initial registration will be limited to Tri-River member agencies; a waiting list will be established for non-members. A limited number of seats are available, all agencies may be limited as to the number of attendees allowed to initially register and attend.~~

~~Illinois General Explosives Recognition and Requirements~~

~~-JJC, Weitendorf Agricultural Center
17840 W. Laraway Rd, Joliet, IL 60433
Friday, May 15, 2020
8:00 am till 4:00 pm~~

~~GPS alert: use 1151 East Laraway Road 60433, neighbor of Ag. Center~~

~~This course complies with the guidelines of the following mandate(s): Law Updates~~

~~Course Description:~~ This is a one day 8-hour class being provided by the Illinois Department of Natural Resources, OMM Explosives and Agg. Division. The class will provide hands on education for recognizing the different types of high/low explosives and their requirements at both the State of Illinois level, as well as the BATFE (Federal) level. In addition to general explosive recognition, the specifics and differences of consumer fireworks (1.4) vs. professional grade fireworks (1.3G) and the laws that pertain to them will be discussed in great detail.—

~~This class is being provided by the IDNR to help educate law enforcement and to provide direct assistance, on scene, when dealing with explosive situations. The IDNR regulates / investigates high and low explosives including 1.1, 1.2, 1.3, and 1.5. Too many times law enforcement does not have the education to know how to identify an explosive and/or if a bomb squad needs to be called. Bomb Squads, Explosives Breaching SWAT Teams, and BOMB Dog Handlers already possess the IL Individual Explosives License. The IDNR must be notified immediately upon any recovery of a regulated explosive and/or device to pursue the information necessary for enforcement.—~~

~~If the Officer and their respective department so desire; after completing the class and passing the exam they can receive an IL IDNR Individual Explosives License, to be used in association with their law enforcement duties. A random monthly bank of test questions will be administered at the end of the class which will consist of 50 questions that will be multiple choice and/or True False. Each officer receiving the license will fill out an application and must pass the test with an 80% or higher. Officers who do not pass the test will be provided an opportunity to retest in the near future.—~~

➤ **~~Licensing is recommended but not required to attend.~~**

~~There are eight chapters covered in the presentation and each officer will be provided a packet of information from the IDNR consisting of a copy of the IL Explosives Act, the Admin Codes that Apply to the Act, a general explosives safety packet, a packet for note taking as the presentation is given, and a small 4-page packet for officers to keep available as a quick reference guide for explosive identification purposes, while on duty.—~~

Continued on next page:

Key topical areas to be addressed include the following:

- ~~Illinois Explosives Act~~
- ~~Explosive Storage Requirements Law Enforcement and Non Law Enforcement~~
- ~~Explosives Safety/Recognition/Handling (m devices, homemade sticks, etc.)~~
- ~~Fireworks 1.3G low explosives (professional fireworks) vs 1.4 low explosives~~
- ~~Enforcement of 1.3G vs. 1.4 and their requirements~~

Instructor:

~~The instructor for this class is Nick Sterling who currently is a Specialist/Inspector/Investigator for the Illinois Department of Natural Resources, OMM Explosives and Agg. Division. Mr. Sterling's current territory includes Cook, Lake, McHenry, DuPage, Kane, Kendall, Gundy, and Will Counties. Sterling has been with the Department for four years and inspects/investigates all explosive storage facilities (Law enforcement and Non Law Enforcement), explosives accidents, explosives incidents, and performs random checks/investigations on both licensed and unlicensed individuals. Sterling has 18 years of high explosives experience and teaches the IL Individual Explosives License Class on a regular basis. Over the past few years Mr. Sterling has noticed a lack of education when law enforcement agencies are dealing with explosives related issues, and hopes to help prevent these issues in the future through education and assistance.~~

Tactical Field Interviewing

New Lenox Police Department
200 Veterans Parkway, New Lenox, IL 60451
Wednesday & Thursday, May 27 & 28, 2020
8:00 am—4:00 pm

This course complies with the guidelines of the following mandate(s):

Civil Rights | Constitutional and Proper Use of Law Enforcement Authority | Lead Homicide Investigator Continuing Education | Legal Updates | Procedural Justice | Cultural Competency

Course Description: The two-day WZ Seminar on Tactical Field Interviewing is designed to teach and reinforce the sound fundamentals of the field interviewing process for the patrol officer, field investigator, detective, police officer, special agent, or other law enforcement professional. Course participants learn a broad range of cutting edge methods and proprietary tools to conduct more effective interviews and interrogations in their terrorism-related investigations that will result in more actionable intelligence, quicker admissions and better statements.

The course is especially appropriate for those investigators tasked with the investigation of domestic or foreign terrorism and terrorist related activities. Criminal activities traditionally investigated by law enforcement may have provided cover and funding for terrorist organization in the United States and abroad. Investigators conducting these inquiries will learn to apply interviewing techniques that most often will bring these cases to a successful conclusion.

Instruction includes a comprehensive overview of non-confrontational interviewing methods to overcome the resistance of a traditional criminal or terrorist operative. Attendees will learn to assess verbal and non-verbal behavior, offer rationalizations, handle denials, detect deception and evaluate truthfulness. This course will enhance communication, interview and interrogation skills for a more focused and successful investigation of terrorist activities.

TOPICS INCLUDE:

- **Interview vs. Interrogation** and the advantages and disadvantages during a field contact or crime scene investigation.
- **Legal Aspects of Tactical Field Interviews:** A review of the laws regarding criminal interview and interrogation, Miranda warnings, consent to search, and the development of an admission into a legally acceptable confession.
- **Counter-Terrorism Interdiction Questioning:** Questioning techniques that can be utilized during a tactical interview of a potential terrorist suspect. Baseline and behavior provoking questions discussed.
- **Interpretation of Verbal and Physical Behavior:** The evaluation of verbal and physical behavior as they relate to identifying anomalies and the pursuit of the truth will be discussed in depth.
- **Cognitive Interviewing Techniques:** Techniques that can be utilized when interviewing a traumatized or a cooperating witness. Techniques in establishing rapport and the concept of Neurolinguistics.
- **Enticement Questions:** Behavior provoking non-accusatory questions that can be asked to entice a suspect into changing his original story.
- **Reducing Resistance:** How to use rationalizations to reduce resistance during a field interview.
- **Obtaining the Admission:** How alternative & assumptive questions can be utilized to obtain a confession

~~**Instructor:** Keith Zupec, CFI, brings over 23 years of law enforcement experience to the seminars he conducts for Wicklander-Zulawski & Associates, Inc. (WZ). Since 1997, he has been a law enforcement professional with the Waukegan (Illinois) Police Department. Besides his current position as Deputy Chief of Investigations, Keith has served as a patrol officer, detective, sergeant of detectives and a commander. Keith has also served as second in command of the department's SWAT Team for 10 years.~~

~~During his 18 years assigned to the Criminal Investigations Division, Keith conducted thousands of interviews and interrogations in over 200 death and homicide investigations. All the homicides he handled as a detective, or that he supervised, have been successfully concluded either through arrests or by outstanding arrest warrants. Due to his years of experience, particularly in interviewing and interrogation, Keith's main concentration within law enforcement is investigations.~~

~~Keith has a Bachelor of Arts from Western Illinois University. He attended Northwestern University Center for Public Safety, School of Police Staff and Command, as a graduate with honors in the 319th class. Keith is also a Certified Forensic Interviewer (CFI). A CFI demonstrates an understanding of legal aspects of interviewing and proficiency in interview preparation, behavioral analysis, accusatory and non-accusatory interviewing, documentation, and presentation of findings. As an instructor, Keith has presented to thousands of law enforcement officers throughout the country over the past 10 years in the areas of interviewing and interrogating along with homicide investigations.~~

~~Keith is a member of the International Association of Chiefs of Police, Law Enforcement Immigration Task Force, Lake County Chiefs of Police Association, International Homicide Investigators Association, Illinois Homicide Investigators Association, and the International Association of Interviewers. He has also received numerous state and local awards for his law enforcement service. His assignments included uniform patrol and plainclothes tactical operations. He was then promoted to the rank of Gang Crime Specialist and has investigated gang related criminal activity, including homicides, drive-by shootings, and narcotic trafficking.~~

Mental Preparation for Terrorist Attacks and Other Violent Encounters

Plainfield Police Department,
14300 S. Coil Plus Dr., Plainfield, IL. 60544
Tuesday; June 16, 2020
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
Use of Force | Constitutional & Proper Use of LE Authority

Course Description: Historically, the focus of officer safety has been on the dangers posed by violent criminals, but this has changed with the ever-increasing risk of terrorist attacks in America. While officers must still make officer safety a high priority, their primary emphasis must be on taking swift action to stop the killing when dealing with terrorist attacks, which necessitates the taking of greater risks than before. At the same time, they must never lose sight of the importance of effectively controlling violent individuals while carefully guarding against the use of excessive force. This makes it more important than ever for officers to possess the appropriate mindset. Through the extensive use of case studies and classroom participation, this course demonstrates how they can develop the mental tools they need to take appropriate action in the event of a terrorist attack, while also remaining mentally prepared to control violence in a manner that reduces the risk of unnecessary force.

At the conclusion of the training, the officer will be able to:

1. Explain how winners plan for violent encounters
2. Explain why it is important to train realistically.
3. List at least four ways that mental flexibility can be enhanced.
4. List at least four ways to improve decision making under stress
5. List and explain the five basic principles for close-quarters use of the handgun.
6. List at least three means for detecting an ambush.
7. List at least three tactical principles related to responding to terrorist attacks when off duty.
8. Analyze at least one lethal police encounter, and then present at least three learning points that can be learned from the incident.

Instructor: Brian McKenna is the owner of WINNING EDGE TRAINING and its sole instructor. He recently retired after 30 years with the Hazelwood (MO) Police Department. At the time of his retirement, he was assigned to the patrol division as a shift supervisor (lieutenant), and also served as an in-service trainer and lead firearms instructor. He is a state certified police instructor and former academy instructor, and holds a Master's Degree in human resource development.

Brian writes extensively on officer safety topics, and authors Law Officer Magazine's Officer Down column, a regular feature that analyzes officer-involved shootings for key learning points. This experience gave Brian the opportunity to conduct in-depth research into the dynamics of armed encounters and the most effective ways to control them. WINNING EDGE TRAINING is the culmination of this research, packed into training that uses the power of case studies, proven adult learning principles, and a dynamic presentation style to teach officers how to control violent encounters with the proper level of force.

Peer Support for Public Safety Agencies

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL 60451 Monday—

Friday: June 29—July 3, 2020 8:00am—4:00pm

Please note this course is intended for department members whose respective agencies currently have or are in the process of developing a Peer Support Team.

This course complies with the guidelines of the following mandate(s): Human Rights | Procedural Justice | Officer Wellness

Course Description: This 5 day, 40-hour program has been developed for entry level participants who have been chosen as peer support team members and is consistent with accepted industry standards, guidelines for peer support as proffered by the International Association of Chiefs of Police, and reviews of other law enforcement programs and peer support as a discipline. Content is heavily influenced by previous experiences in peer support, crisis hotline training, and related behavioral sciences. The overall philosophy is that peer support comes from within the peer support team member, from his or her own experiences, and from the recognition of one's own feelings. This provides the starting point for understanding crisis, stress, suicide, bereavement, crisis communication skills, the model known as Critical Incident Stress Debriefing, boundaries, confidentiality, and other pertinent information to prepare the team member to intervene in a personal crisis and/or critical incident.

Lecture, discussion, personal introspection, sharing and intense role playing exercises are the methods generally utilized in this training. Critiques from over 500 past participants have supported this training as the definitive starting point for a peer support team member.

Topics to be addressed include:

- What is peer support?
- The Peer Intervention Model
- The Nature of Crisis
- Crisis Communication Skills
- DSM IV & the Relationship with Trauma
- Understanding Suicide
- Cynicism
- Resiliency
- Setting Limits
- Retirement Issues
- Death & Dying

Lead Instructor: William Hogewood is a veteran of 49 years in law enforcement with Prince George's County, Maryland, joining in 1969, and the Bureau of Alcohol, Tobacco, and Firearms for 10 years. His company, Crisis Associates LLC, presents peer support and other behavior sciences programs tailored to the needs of clients. He is also involved in Crisis Negotiation Training stateside and in other countries. Mr. Hogewood has been involved in training others since 1980 with his department, the local Community Crisis Center, private corporations, and the U.S. State Department Anti-Terrorism Assistance Program. Course Description: This course will meet all the requirements of the Sexual Assault Incident Procedure Act (Public Act 099-0801) which was enacted January 1, 2017. This Act requires all agencies employing law enforcement officers, who conduct sexual assault and abuse investigations, be required to provide specialized training.

Instructors:

Sergeant John Arizzi has worked for the Lockport Police Department since 2005. He is the Investigations Sargent and currently serving as a Division Commander in the Will/Grundy Major Crimes Task Force. John is a former Deputy Director of the Metro Area Narcotics Squad and has worked undercover for both state and federal authorities. John is also an FBI certified crisis negotiator and served on the Will County SWAT team. John holds a Bachelor's Degree in Criminal Justice from Benedictine University.

Cordelia Coppleson is an Assistant Attorney General assigned to Criminal Enforcement. She is the Law Enforcement Training Project Coordinator for the Sexual Assault Incident Procedure Act. Cordelia is responsible for helping and supporting law enforcement agencies as they implement the new law through adopting policies, training and other requirements of the Act. Cordelia is a committed prosecutor, having spent the majority of her 20-year career as a Cook County State's Attorney assigned to the criminal division, with extensive experience in investigating, preparing and trying sexual assault cases.

Sergeant Jason Opiola has worked for the Crest Hill Police Department since 2001, and has been the supervisor of the Crest Hill Police Department's Criminal Investigative Division since the fall of 2017. Prior to his promotion, Jason was an Investigator assigned to the Criminal Investigative Division since 2009.

He has also been an Investigator with the Will/Grundy Major Crime's Task Force since 2010 and is currently serving as a Division Commander in the Task Force. Before being assigned to the Criminal Investigation Division, Jason served as the Crest Hill Police Department's Use of Force Instructor, Field Training Officer, Head Firearms Instructor, and member of Joliet Special Operations Squad. Jason holds a Bachelor's Degree in Business Management from Illinois Benedictine University.
