Solo Officer Response Rapid Deployment

Lincoln-Way North High School

19900 S. Harlem Ave, Frankfort, IL 60423 (Park in the rear, near the loading dock)

Friday; May 7, 2021

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): Use of Force

Course Description:

Rapid deployment/immediate action is the swift and immediate deployment of law enforcement resources to a life-threatening active threat situation. These situations require immediate action and the rapid deployment of law enforcement. Failure to act has catastrophic consequences resulting in death and/or great bodily harm to innocent people. These incidents may also necessitate the immediate and rapid deployment of personnel to contain and prevent the escape of an armed and dangerous offender or rescue a downed officer and/or civilian.

Course Objectives:

This course has been designed to train SRO's and patrol officers in the basic fundamentals and tactical skill sets of Solo Officer Active Threat response protocols. The focus of this program will be to provide officers with the knowledge, specialized tactical skill sets and strategic understanding when it is necessary to respond alone to an active threat situation. Officers will attend a short classroom presentation and then spend most of the class engaged in active threat scenario training. The class will culminate in several realistic force-on-force scenarios with live role players.

Topics to be addressed:

Individual movement • Individual room clearing tactics • Use-of-force and safety priorities • Equipment and identification requirements • Linking up with other first responders and integration of other personnel and agencies • Verbal skills • Deployment and firearms handling

COURSE PREREQUISITES:

- This course is open to all sworn police officers; ****priority will be given to SRO's****.
- This is not a beginner's course. Participants must have a working knowledge of basic conventional rapid deployment techniques and tactics.
- Course participants should be physically capable of operating in challenging crisis situations.
- Course participants will be required to jog, kneel and perform police tactical skills. If an officer is physically incapable of performing these basic tasks, please do not register them to attend.

THE COURSE REQUIRES EVERY ATTENDEE TO BE EQUIPPED WITH THE FOLLOWING:

- **Converted patrol rifle and pistol that shoot marking cartridges (converted pistols and AR15 drop in bolts are available for those that do not have their own).**
- **Officers must bring their own converted weapons, but they must be Simunition, Force-on-Force, or UTM ammunition capable.**
- **Air-Soft training pistols and rifles are also acceptable.**
- **Officers must have a minimum of 100 marking rounds (50 pistol / 50 rifle).**
- **Officers should also bring protective mask and neck protection if available.**
- **All participants must bring their own rifles.**
- **Food and drink in a cooler for breaks and lunches - students will eat on site.**

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

Civil Rights | Const. Use of LE Authority | Lead Homicide Investigator | Legal Updates | Procedural Justice

Course Description:

This *two-day* course will provide the investigator with strategies to vigorously target, investigate, interview/interrogate, prosecute and prevent resurgence of criminal street gangs. The program will equip the investigator with the knowledge and tools to “attack” organized gangs by using a multi-agency, multi-jurisdictional approach. The concepts taught in this course have been used to effectively dismantle gangs and take back communities.

Topics Include:

- Understanding today’s gang alliances and their growing social network
- Gangs in schools
- Effective street interviewing
- Conducting gang investigations-graffiti to homicide
- Being successful in the interview-getting confessions
- Strategize your follow up *attack-eradication* strategies

Instructor: Domenic Cappelluti CFI was a veteran street cop with the Waukegan (Illinois) Police Department and former Group Supervisor of the elite Lake County Major Crime Task Force (Illinois). With over 24 years of experience Domenic has specialized in high profile violent street crimes, to include homicides, murder for hire cases on gang and drug officers, and officer involved shootings. During his career, Domenic has worked in patrol, and avidly supervised the Criminal Investigations Division and the Gang Suppression Unit. Domenic has proudly conducted and directed hundreds of gang and drug related operations throughout his County and the Chicago metropolitan area targeting Chicago based street gangs

Railroad Liaison Officer

Frankfort Police Department
20602 Lincoln-Way Lane, Frankfort, IL 60423

Wednesday; May 19, 2021

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): Law Update

Course Description: In the United States, a pedestrian or vehicle is struck by a train every three hours. Likewise, there is a train derailment every two hours. Trains and tracks traverse every locality, carrying passengers, freight, and hazardous materials. Should one of these collisions or derailments occur within a local jurisdiction, it becomes the responsibility of local emergency services to respond and safeguard the community. It is essential that every police department has personnel trained to manage these unique types of incidents.

The Railroad Liaison Officer (RLO) Program provides the necessary training for officers to not only respond to and mitigate train related incidents, but also prepares the officers to return to local jurisdictions and provide training/guidance to the remainder of the department on rail safety enforcement and incident mitigation. The RLOs will also be provided resources allowing them to prepare railroad safety presentations to the general public. The RLO will develop connections with railroad special agents and will be the railway expert within your department.

Topics that will be covered include:

- History and Authority of Railroad Police
- History of CN Railway
- Basic Railroad Awareness
- Incident Response
- Safety
- Hazardous Material Incident Response
- Traffic, Trespass, and Other Enforcement
- RLO Benefits and Recognition

Instructor: Jeffrey Price is a Special Agent and CSO with the CN Railroad Police Department, Central Division, located in Harvey, IL, where he oversees safety education and community participation in the States of Illinois, Indiana, and Iowa. S/A Price has been involved with Operation Lifesaver since 2009 and has taught Grade Crossing Collision Investigation (GCCCI) and other railroad safety classes at various law enforcement agencies and police academies. Prior to working at CN, S/A Price worked as a Corporal with the Mishawaka Indiana Police Department for 11 years where he served as a Field Training Officer, Drug Recognition Expert (DRE) and Crisis Intervention Team (CIT) member. S/A Price graduated from ILEA in Plainfield, IN, Class 07-171. S/A Price is currently a certified law enforcement instructor as a generalist and emergency vehicle operations (EVO) by the Indiana Law Enforcement Training Board.

~~Crisis Intervention Team Training (CIT)~~

~~Plainfield Fire Protection District (Headquarters)-~~

~~23748 W. 135th Street, Plainfield, IL 60544-~~

~~Monday—Friday; June 14—18, 2021~~

~~8:00 am till 4:00 pm~~

~~Please note: Officers are required to have 2 years of service in a non-probationary status before he/she may attend this class.~~

~~This course complies with the guidelines of the following mandate(s): Civil Rights | Const. Use of LE Authority | Cultural Competency | Human Rights | Legal Updates | Procedural Justice | Mental Health Awareness-~~

~~Purpose:~~ Law enforcement officers are generally the first responders to crisis events. This course is also open to local and county sworn corrections officers. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

~~Course Description:~~ Crisis Intervention Team training is an in-depth 40-hour specialized course of study for uniformed patrol law enforcement officers and sworn corrections officers who, in addition to their regular service calls, will be required to respond to crisis calls involving people who have behavioral disabilities. CIT officers will use their acquired knowledge and skill to effectively handle crisis situations and make the most appropriate disposition, which will best serve the individual and the community. Course is certified by the *Illinois Law Enforcement Training and Standards Board*.

The key components of this course cover the following:

- ~~• Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.~~
- ~~• Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.~~
- ~~• Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.~~
- ~~The scenario-based training will take place on Thursday, June 17th, attendees will be required to wear their "department uniform of the day" for their current assignment.~~**

~~About the Instructors:~~ The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

Advanced Roadside Impaired Driving Enforcement

Will County Sheriff's Office

16911 W. Laraway Rd., Joliet, IL. 60433

Monday & Tuesday; June 28 & 29, 2021

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
Civil Rights | Const. Use of LE Authority | Human Rights | Legal Updates

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment.

ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Anthony Ikis, of the River Grove Police Department, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor.

Illinois General Explosives Recognition and Requirements

Grundy County Administration Center (EOC)

1320 Union St., Morris, IL

Tuesday; June 22, 2021

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): Law Updates

Course Description: This is a one day 8-hour class being provided by the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. The class will provide hands on education for recognizing the different types of high/low explosives and their requirements at both the State of Illinois level, as well as the BATFE (Federal) level. In addition to general explosive recognition, the specifics and differences of consumer fireworks (1.4) vs. professional grade fireworks (1.3G) and the laws that pertain to them will be discussed in great detail.

This class is being provided by the IDNR to help educate law enforcement and to provide direct assistance, on scene, when dealing with explosive situations. The IDNR regulates / investigates high and low explosives including 1.1, 1.2, 1.3, and 1.5. Too many times law enforcement does not have the education to know how to identify an explosive and/or if a bomb squad needs to be called. Bomb Squads, Explosives Breaching SWAT Teams, and BOMB Dog Handlers already possess the IL Individual Explosives License. The IDNR must be notified immediately upon any recovery of a regulated explosive and/or device to pursue the information necessary for enforcement.

If the Officer and their respective department so desire; after completing the class and passing the exam they can receive an IL IDNR Individual Explosives License, to be used in association with their law enforcement duties. A random monthly bank of test questions will be administered at the end of the class which will consist of 50 questions that will be multiple choice and/or True-False. Each officer receiving the license will fill out an application and must pass the test with an 80% or higher. Officers who do not pass the test will be provided an opportunity to retest in the near future.

➤ **Licensing is recommended but not required to attend.**

There are eight chapters covered in the presentation and each officer will be provided a packet of information from the IDNR consisting of a copy of the IL Explosives Act, the Admin Codes that Apply to the Act, a general explosives safety packet, a packet for note taking as the presentation is given, and a small 4-page packet for officers to keep available as a quick reference guide for explosive identification purposes, while on duty.

Continued on next page:

Key topical areas to be addressed include the following:

- Illinois Explosives Act
- Explosive Storage Requirements-Law Enforcement and Non-Law Enforcement
- Explosives Safety/Recognition/Handling (m-devices, homemade sticks, etc.)
- Fireworks- 1.3G low explosives (professional fireworks) vs 1.4 low explosives
- Enforcement of 1.3G vs. 1.4 and their requirements

Instructor:

The instructor for this class is Nick Sterling who currently is a Specialist/Inspector/Investigator for the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. Mr. Sterling's current territory includes Cook, Lake, McHenry, DuPage, Kane, Kendall, Gundy, and Will Counties. Sterling has been with the Department for four years and inspects/investigates all explosive storage facilities (Law enforcement and Non-Law Enforcement), explosives accidents, explosives incidents, and performs random checks/investigations on both licensed and unlicensed individuals. Sterling has 18 years of high explosives experience and teaches the IL Individual Explosives License Class on a regular basis. Over the past few years Mr. Sterling has noticed a lack of education when law enforcement agencies are dealing with explosives related issues, and hopes to help prevent these issues in the future through education and assistance.

This course complies with the guidelines of the following mandate(s)
Civil Rights | Constitutional and Proper Use of Law LE Authority | Lead Homicide

Course Description: The focus of this dynamic one-day seminar is to simply clarify each and every aspect of working hand and hand with an "informant" in any criminal investigation, such as of drug cases, property crimes and other serious crimes against person including homicides. This seminar has been developed for *patrol officers, tactical officers, detectives, gang investigators, agents and command staff*. Your expert instructor will share his experiences and address issues to help you develop your own strategies in spotting, cultivating and safely getting informants to work for you.

From first time offenders to high-level criminal organizations, the mentality of those heavily involved in today's most serious crimes is rapidly changing. Today, we are tasked with combating the most dangerous criminals in the U.S. and across the world who continue to improve in ways of eluding law enforcement. This is where "My C.I." comes in. Behind every great informant is a greater handler who always understands their capabilities, an informant's limits, and the legal aspects during day to day operations. Despite the ambitions or motivators of potential informants, you will develop the expertise that's needed today to protect the informant, your agency and yourself.

Topics Include:

- Spotting today's possible candidates and dangers
- Evaluating the informant and their potential in each investigation
- The significance of protecting your agency and establishing voluntariness
- Understanding the informant's motivators and lifestyle
- Mastering rapport and effective communication
- Establishing and maintaining ethical and professional relationships
- Today's legal aspects and courtroom preparation
