IDNR Explosives Safety, Recognition and Handling Course

Morris Police Department
200 E. Chapin St., Morris, IL 60450
Tuesday; June 11, 2024
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|----------------------|-----------|
| • Legal Updates | 3.5 Hours |
| • Procedural Justice | 2.0 Hours |

Course Description: This is a one day 8-hour class being provided by the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. The class will provide hands on education for recognizing the different types of high/low explosives and their requirements at both the State of Illinois level, as well as the BATFE (Federal) level. In addition to general explosive recognition, the specifics and differences of consumer fireworks (1.4) vs. professional grade fireworks (1.3G) and the laws that pertain to them will be discussed in great detail.

This class is being provided by the IDNR to help educate law enforcement and to provide direct assistance, on scene, when dealing with explosive situations. The IDNR regulates / investigates high and low explosives including 1.1, 1.2, 1.3, and 1.5. Too many times law enforcement does not have the education to know how to identify an explosive and/or if a bomb squad needs to be called. Bomb Squads, Explosives Breaching SWAT Teams, and BOMB Dog Handlers already possess the IL Individual Explosives License. The IDNR must be notified immediately upon any recovery of a regulated explosive and/or device to pursue the information necessary for enforcement.

If the Officer and their respective department so desire; after completing the class and passing the exam they can receive an IL IDNR Individual Explosives License, to be used in association with their law enforcement duties. A random monthly bank of test questions will be administered at the end of the class which will consist of 50 questions that will be multiple choice and/or True-False. Each officer receiving the license will fill out an application and must pass the test with an 80% or higher. Officers who do not pass the test will be provided an opportunity to retest in the near future.

- **Licensing is recommended but not required to attend.**

There are eight chapters covered in the presentation and each officer will be provided a packet of information from the IDNR consisting of a copy of the IL Explosives Act, the Admin Codes that Apply to the Act, a general explosives safety packet, a packet for note taking as the presentation is given, and a small 4-page packet for officers to keep available as a quick reference guide for explosive identification purposes, while on duty.

Key topical areas to be addressed include the following:

- Illinois Explosives Act
- Explosive Storage Requirements-Law Enforcement and Non-Law Enforcement
- Explosives Safety/Recognition/Handling (m-devices, homemade sticks, etc.)
- Fireworks- 1.3G low explosives (professional fireworks) vs 1.4 low explosives
- Enforcement of 1.3G vs. 1.4 and their requirements

Instructor:

The instructor for this class is Nick Sterling who currently is a Specialist/Inspector/Investigator for the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. Mr. Sterling's current territory includes Cook, Lake, McHenry, DuPage, Kane, Kendall, Grundy, and Will Counties. Sterling has been with the Department for four years and inspects/investigates all explosive storage facilities (Law enforcement and Non-Law Enforcement), explosives accidents, explosives incidents, and performs random checks/investigations on both licensed and unlicensed individuals. Sterling has 18 years of high explosives experience and teaches the IL Individual Explosives License Class on a regular basis. Over the past few years Mr. Sterling has noticed a lack of education when law enforcement agencies are dealing with explosives related issues, and hopes to help prevent these issues in the future through education and assistance.

Brill Law Enforcement Action in Democracy (LEAD) – 4 Hour

Plainfield Police Department
14300 Coil Plus Dr., Plainfield, IL. 60544
Wednesday; June 12, 2024
8:00 am till 12:00 pm (4 hours)

This course complies with the guidelines of the following mandate(s):

- | | |
|-----------------------|-----------|
| • Cultural Competency | 1.0 Hour |
| • Human Rights | 2.0 Hours |
| • Procedural Justice | 1.0 Hour |

Course Description: This dynamic 4-hour program has been designed to provide law enforcement officers with a compelling historical analysis of the Holocaust that serves as a framework for further exploration of the ways in which abuses of authority evolve over time and how the rights of individuals must be balanced with the need for societal protection. The Law Enforcement Democracy Initiative is a proven program that impacts how police officers consider empathy, ethics, and morals in their decision-making process.

Participants will examine how changes in government policy and law shifted traditional functions of policing in German society to the implementation of human rights abuses and genocidal programs represented as national security and defense priorities. They will consider the effects these incremental policy shifts had on societal, occupational, and personal life, as well as the decision making of individual police officers during the Nazi era. Through examination of historical and contemporary case studies, students will consider the following issues:

- Moral and ethical decision-making
- Explore issues of racism, bias, and violence through exploration of contemporary case studies
- Discuss the dangers of silence and indifference
- Challenges inherent to the law enforcement profession
- Responsibilities officers have to society and each other
- Stereotyping and the abuse of authority
- Empathizing and connecting with individuals
- Current Hate Crime legislation, reporting considerations, and review of high-profile hate crimes

Class will conclude with a Holocaust survivor's eyewitness recounting of events as they happened during the Nazi era.

Dr. Susan Woollen: I worked in higher education for over 30 years, and I retired from the Department of Criminal Justice Sciences (CJS) at Illinois State University in 2019. I was an administrator in CJS and co-taught a study abroad course on genocide using the Holocaust as a case study. I also taught classes in the College of Education at ISU. My early research focused on equity in education and women's leadership in higher education. Currently, a former colleague and I are conducting research that applies a criminological theory to explain the causes of genocide and how to prevent future cases. I have co-presented results of this research to the American Society of Criminology, as well as to the United Nations Office on Drugs and Crime. I am also actively involved with the Illinois Holocaust Museum and Education Center as a docent, facilitator, and member of the Second-Generation Speakers' Bureau (my mother was a survivor of the atomic bomb that was deployed over Nagasaki, and I present her pre-war, war, and post-war experiences to community members).

She received her undergraduate degrees in law enforcement and in criminal justice from the University of Cincinnati. She received her Master's in Public Administration from The Ohio State University and then returned to the University of Cincinnati on scholarship to work on her doctorate in Sociology, which she received in 1995. She's taught and conducted research in the US and in England where her work on stolen goods markets has been put forward as best practice in and has attracted interest from policymakers in various countries. In addition to her many grants, she was the first recipient of the Home Office's Innovative Research Challenge Grant (UK) and she received an outstanding teaching award in the United States. Her published works include numerous academic papers and chapters in books. The Reid Technique of Interviewing and Interrogation®

| • Legal Updates | 2.0 Hours |
| • Procedural Justice | 12.0 Hours |
| • Lead Homicide Investigator | 18.0 Hours (7.0 Hours Scenario-Based) |

Course Description: This is a 3-day, twenty-one hour program on the Reid Technique of Interviewing and Interrogation®. The course includes; interview and interrogation preparation, behavior symptoms, the Reid® Behavior Analysis Interview (B.A.I.) and "The Reid Nine Steps of Interrogation" which include:

Interview and Interrogation Preparation

The style, appearance and approach of the successful interviewer and interrogator will be covered, as will the room settings conducive to these activities.

Behavior Symptoms

Differences in verbal and nonverbal behavior between innocent and deceptive persons often can be observed, and are thus indicative of whether or not a suspect is telling the truth. A guilty suspect makes a conscious decision to resist your effort to get at the truth. In trying to maintain a structure of verbal lies, however, that suspect most often develops internal conflicts and tensions which manifest themselves in nonverbal behavior. Thus, body movements, facial expressions, eye contact, attitudes, posture and grooming gestures can indicate whether the subject is telling the truth or lying. Nonverbal indicators can also be used to determine whether the suspect under interrogation is listening, maintaining a defiant attitude or is ready to confess. You will learn how to observe and assess critical behavior symptoms and use those assessments to determine whether to move on to the next step of the interrogation.

Reid® Behavioral Analysis Interview "(B.A.I.)"

The information developed through use of the standard investigative questions of "who," "what," "when" and "how" is often not adequate — even in combination with physical evidence — to identify the wrongdoer. The Reid Behavioral Analysis Interview is a technique that uses a structured set of non-accusatory behavior-provoking questions developed as a result of many thousands of interviews. The B.A.I. makes it easier to determine whether the suspect is telling the truth about involvement in the matter under investigation, and is flexible enough to be used in cases ranging from employee theft to homicide.

The Reid Nine Steps of Interrogation®

The nine-step approach to a successful interrogation has been developed by John E. Reid and Associates through extensive research and practical experience over a period of 60 years. Because of the subject's importance, approximately half the classroom time in the seminar is devoted to the interrogation process and detailed examination of each of the nine steps.

COURSE OVERVIEW: The focus of this course is primarily to provide police officers with the skills, knowledge, and abilities needed to perform their duties as juvenile officers. John Reid Advanced Interviews & Interrogations

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL 60451

Thursday; October 24, 2024

8:00 am till 3:00 pm

This course complies with the guidelines of the following mandate(s):

- Procedural Justice 3.0 Hours
- Lead Homicide Investigator 6.0 Hours (3.0 Hours Scenario-Based)

Course Description: This course is for individuals who have completed the 3-day seminar on *The Reid Technique of Interviewing and Interrogation*, and builds upon their knowledge of the Reid Technique.

Most unsuccessful interrogations are a result of the investigator's inability to move the guilty suspect from one stage of the interrogation to the other. *Reid* has defined three distinct stages of the interrogation that may give the investigator problems:

1. Defiant stage: seven proven tactics to move suspects out of this stage
2. Neutral stage: four proven techniques to get the suspect to listen to the interrogator's themes
3. Acceptance stage: three specific techniques that will dramatically increase admissions of guilt

People who commit crimes do so to fulfill certain needs. What needs were satisfied is based upon the case facts, evidence and results of the interview — types of needs that will be thoroughly discussed are:

- Real need crimes
- Impulse need crimes
- Esteem need crimes
- Lifestyle need crimes

The Advanced Seminar will also address the following specific problem areas for some but not all interrogations:

- Juvenile interrogations
- Interrogation regarding guilty knowledge
- Playing one suspect against another
- Interrogation on multiple crimes

Adaptive Decision Making for Law Enforcement

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL. 60451

Monday, October 28, 2024

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|------------------------------|----------|
| • Civil Rights | 1.0 Hour |
| • Const. Use of LE Authority | 1.0 Hour |
| • Procedural Justice | 1.0 Hour |
| • Use of Force | 1.0 Hour |

Course Description: The law enforcement environment can often be described as one that is a non-linear, open loop system, that happens at light speed. One where time can be either friend or foe. Operating in this environment creates stress which affects decision-making. Within this time-compressed environment officers often feel they need to act because they are there, rather than allowing the circumstances of the call to determine the urgency to act. The question is how to provide a strategy for officers to effectively control the stress response and to make lawful and ethical decisions. The answer is two-fold; 1) Emotional Intelligence and 2) The Adaptive Decision-Making Model. The Adaptive Decision-Making Model addresses lawful and ethical decision-making. The model's foundation is the 4th Amendment Search and Seizure law. It asks, "Does the officer have the lawful authority to act or search or arrest?" Then examines the urgency to take an action, or what threshold of "government intrusion" will be acceptable to accomplish the law objective? This engaging workshop provides the attendees with strategies to increase their emotional intelligence competencies and develop their critical thinking and decision-making skills.

Course topics include:

- The 5 Pillars of Emotional Intelligence
- The Law Enforcement Environment
- Decision-making and Thinking Mental Models
- The Adaptive Decision-Making Model
