Crisis Intervention Team Training (CIT-B) Basic

Orland Park Police Department

15100 S. Ravinia Ave., Orland Park, IL. 60462

Monday – Friday; October 30 – November 3, 2023

8:00 am till 4:00 pm

NOTE: Officers are required to have 2 years of service in a non-probationary status before they may attend this class.

This course complies with the guidelines of the following mandate(s):

• Civil Rights	0.5 hours
• Constitutional/Proper Use of LE Authority Use of LE Authority	0.5 hours
• Crisis Intervention	12.0 hours
• Human Rights	7.0 hours
• Legal Updates	2.0 hours
• Officer wellness/mental health	2.0 hours
• Procedural Justice	4.0 hours
• De-escalation Techniques	8.0 hours (4.0 Hours Scenario-Based)
• Officer Safety Techniques	4.0 hours (3.0 Hours Scenario-Based)
• Crisis Intervention Team Training	40 hours

Purpose: Law enforcement officers are generally the first responders to crisis events. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Participants of this voluntary, 40-hour training program, receive intensive training on recognizing and addressing individuals in the community who have a mental illness or other behavioral health crisis. The CIT training program is an in depth, specialized course for officers with at least two years' experience. The five-day course includes presentations by behavioral health specialists, experienced field officers and representatives from regional service providers. Officers will receive training in topics such as mental illness/signs and symptoms, co-occurring disorders, child and adolescent issues, medical conditions and psychotropic medications, and law enforcement response and legal issues. They will also learn advanced communication and de-escalation techniques, partake in valuable exercises, have a unique opportunity to participate in discussions with individuals who have a mental illness and or their family members and given an opportunity to exercise their skills in realistic scenario role plays.

(Continued)

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario-based training will take place on Thursday, November 2nd; attendees will be required to wear their “department uniform of the day” for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

FULL* ~~32 Hour Juvenile Specialist Skills~~ Program *FULL

NEW LOCATION Plainfield Police Department **NEW LOCATION**

14300 Coil Plus Dr., Plainfield, IL 60544

Monday-Thursday; November 6-9, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 2.0 Hours
- Const. Use of LE Authority 4.0 Hours
- Human Rights 3.0 Hours
- Legal Updates 9.0 Hours
- Procedural Justice 5.0 Hours
- Crisis Intervention 1.0 Hour
- Reporting of Child Abuse and Neglect 3.0 Hours
- Specialized Training
 - School Resource Officer (SRO) Pre-Qualified
 - Juvenile Law 10.0 Hours
 - Officer & Youth Interaction 16.0 Hours
 - Lead Homicide Investigator 32.0 Hours

PURPOSE OF COURSE: This four-day, 32-hour program has been designed by expert practitioners from the fields of juvenile law, social work, and law enforcement to assist recently assigned juvenile officers in the legal, moral, and social issues that they will encounter in their positions as juvenile specialists. Public Act 88-7 requires "Juvenile Officers" to complete a course as prescribed by the Board. This course meets that requirement.

COURSE OVERVIEW: The focus of this course is primarily to provide police officers with the skills, knowledge, and abilities needed to perform their duties as juvenile officers. In this unique role, juvenile officers not only enforce laws, but also respond compassionately and effectively to family problems. They serve as protectors of society by investigating criminal acts for findings of delinquency and as supporters of youths by helping them to grow out of adolescence without experiencing the stigma of police involvement.

Specific topics to be addressed in this program include the following:

- The role and responsibility of the Juvenile Officer
- Gaining perspectives on the assignment
- Child development
- Child psychology
- Communicating with adolescents and parents
- Adolescents and electronic influences
- Intervention and prevention strategies
- Article I of the Juvenile Court Act: General provisions
- Article II of the Juvenile Court Act: Abused, neglected, and dependent minors
- Article III of the Juvenile Court Act: Minors requiring authoritative intervention
- Article IV of the Juvenile Court Act: Addicted Minors
- Article V of the Juvenile Court Act: Delinquent minors
- Psychodynamics of child abuse

(CONTINUED)

- The role of law enforcement and social services
- Protective custody
- Investigative techniques
- Preparing child abuse cases for court
- Sexual abuse and sexual exploitation investigations

COURSE GOALS: The goals of this course are to make officers particularly aware of the demographics of the burgeoning youth population, which is becoming increasingly more vulnerable to gang recruitment, violent crime, sexual exploitation, alcohol, and drug abuse, and carrying weapons. Officers will become uniquely aware of these problems and the needs facing the children, adolescents, young adults, and parents that they will be serving in their capacity as juvenile officers. Throughout the program, participation in supportive networks such as Juvenile Officer Associations, Gang Task Forces, and high school liaison programs will be discussed and encouraged.

40 Hour Instructor Development Course

New Lenox Police Department
200 Veterans Parkway, New Lenox, IL. 60451
Monday-Friday; November 6-10, 2023
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|----------------------------------|-------------------------------------|
| • Cultural Competency | 3.0 Hours (1.0 Hour Scenario-Based) |
| • Officer wellness/mental health | 1.0 Hour |
| • Procedural Justice | 3.0 Hours (1.0 Hour Scenario-Based) |

Course Description: This new 40-hour curriculum has been designed to provide new instructors with the skills needed to become dynamic, effective trainers. In this highly interactive and participatory program, students will be introduced to a multitude of techniques that can be used successfully within traditional law enforcement environments and applications, including the classroom, field operations, simulated scenes, scenarios, and assessment training.

This course focuses on techniques of instruction that address different adult learning styles and will provide a comprehensive overview of different classroom management principles. Participants will complete numerous practical exercises in public speaking, demonstrative instruction, and lesson plan preparation. Class will culminate in each participant providing a block of instruction on a law enforcement-related topic of their choosing. Attendees will be encouraged in the development of their instructional skills through immediate, supportive feedback from instructors as well as their fellow classmates.

Topics to be addressed include:

- How to instruct to all adult learning styles
- Time management of a training program or unit of instruction
- Organization and lesson plan preparation
- Writing course objectives
- Different types of class participation
- How to construct exam questions
- Classroom media, including PowerPoint, and Poll Everywhere

Adaptive Decision Making for Law Enforcement

Frankfort Police Department

20602 Lincoln-Way Lane, Frankfort, IL. 60423

Tuesday, November 7, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|------------------------------|----------|
| • Civil Rights | 1.0 Hour |
| • Const. Use of LE Authority | 1.0 Hour |
| • Procedural Justice | 1.0 Hour |
| • Use of Force | 1.0 Hour |

Course Description: The law enforcement environment can often be described as one that is a non-linear, open loop system, that happens at light speed. One where time can be either friend or foe. Operating in this environment creates stress which affects decision-making. Within this time-compressed environment officers often feel they need to act because they are there, rather than allowing the circumstances of the call to determine the urgency to act. The question is how to provide a strategy for officers to effectively control the stress response and to make lawful and ethical decisions. The answer is two-fold; with 1) Emotional Intelligence and 2) The Adaptive Decision-Making Model.

The Adaptive Decision-Making Model addresses lawful and ethical decision-making. The model's foundation is the 4th Amendment Search and Seizure law. It asks, "Does the officer have the lawful authority to act or search or arrest?" Then examines the urgency to take an action, or what threshold of "government intrusion" will be acceptable to accomplish the law objective? This engaging workshop provides the attendees with strategies to increase their emotional intelligence competencies and develop their critical thinking and decision-making skills.

Course topics include:

- The 5 Pillars of Emotional Intelligence
- The Law Enforcement Environment
- Decision-making and Thinking Mental Models
- The Adaptive Decision-Making Model

NOTE: Participants must bring a laptop computer or tablet capable of connecting to the Internet. The participant's e-device must have a PDF reader (Adobe Reader Recommended). (4 Hours)

Orland Park Police Department
15100 S. Ravinia Ave., Orland Park, IL. 60462
Monday; November 13, 2023

8:00 am till 12:00 pm

This course complies with the guidelines of the following mandate(s):

- Crisis Intervention 1.0 hour
- Officer wellness/mental health 3.0 hours (0.50 Hour Scenario-Based)

Course Description: First responders work in a world that is filled with hours of calm and moments of chaos. Couple this with everyday factors that touch our lives, and it is possible to lose our sense of purpose and drive. This course will focus on understanding the physiological and psychological effects of stress and job-related trauma on the body and identify tools that can increase long-term protective factors and optimize human performance under stress.

In this four-hour workshop facilitated by an experienced first responder, participants will engage in meaningful conversations about the stressful and often traumatic life of a first responder. Participants should expect to leave the workshop with a better understanding of how stress and trauma affect first responder performance and be equipped with techniques to build resilience and initiate difficult conversations.

Outcomes:

PERFORMANCE

1. Define stress and differentiate between two types.
2. Recognize the effects of stress on physical and mental performance.

PERSISTENCE

3. Initiate an #IWillListen / #IWillTalk conversation.
4. Identify at least five resources for officers in your agency to turn to for help.

PREVENTION – R.A.N.G.E. of Options

5. Explore resilience and healthy habits.
6. Employ a R.A.N.G.E. of five resilience skills.

Course Description: This four-day hands-on, problem-based learning course is specifically designed for first-line patrol and administrative support services managers responsible for supervising and managing Field Training Officers and probationary law enforcement employees. Instruction will include all revisions to the Process.

The course emphasizes the necessary components of supervising probationers and Field Training Officers at the patrol shift level to ensure that administrative guidelines and legal requirements are met. The course highlights two essential supervisory responsibilities: (1) the ability to comprehensively examine probationer performance documentation in accordance with the **totally revised** standardized Field Training and Evaluation Process assessment guidelines, and (2) auditing the probationer's on-the-job training to ensure the Field Training Unit utilizes the most appropriate instructional techniques for training task mastery and when necessary, corrective action. The instructional presentation will focus upon discussion of critical Field Training issues as well as hands on completion of the course materials during small group and individual in-class exercises. Students are required to complete out-of-classroom reading assignments.

Course content will include:

- Ensuring that your Agency's Field Training and Evaluation Process structure actually *works*.
- In-class review and assessment of participating agency *Probationer's Training and Evaluation Manual* (POM).
- Staffing the Field Training Unit: Recruitment, Testing, Selection and Training of FTOs.
- Realistic definition and expectations of Field Training Officer duties/responsibilities.
- Issues of compensation for Field Training Unit personnel.
- FTO scheduling issues/resource allocation.
- Utilizing the non-numerically anchored performance assessment scale and guidelines including 2009 revisions.
- Performance assessment errors that compromise the objectivity and legality of Field Training.
- Auditing the *Daily Observation Report*: Application of the standardized evaluation guidelines.
- Auditing the FTO's application of the on-shift instructional techniques.

Continued on next page:

- Auditing Probationer training and coaching documentation. Are the FTOs doing what they were trained to do?
- Conducting the *Weekly Performance Summary* process meeting.
- Special focus: ***Not Responding to Training*** (NRT) Probationer and extension of training.
- Supervising the development of the NRT Probationer's *Performance Improvement Plan*.
- Supervising Probationers during Step V, the Solo Patrol Certification Period.
- Reorientation of personnel returning to Patrol Operations after extended street-absence.
- Preparing Probationer Employment Status Reports/Recommendation for the Chief Executive.
- Assessing the effectiveness of the Field Training Officers and the Field Training Process.
- Avoiding *constructive discharge* allegations
- Defending against State and Federal Court wrongful discharge claims.

Students should bring a copy of their Agency's current Field Training and Evaluation Process manual and forms.

Below 100: Train the Trainer*

8:00 am till 4:00 pm

Will County Sheriff's Office
16911 W. Laraway Rd., Joliet, IL 60433
Monday, December 18, 2023

This course complies with the guidelines of the following mandate(s):

- Procedural Justice 4.0 Hour

Course Description: (Morning Session); Over the course of the last ten years, more than 150 law enforcement officers, on average, have died each year in the line-of-duty. Law enforcement is a dangerous profession and there will always be line-of-duty deaths at the hands of evil people. Unfortunately, too many officer deaths are due to "accidents" attributable to otherwise preventable circumstances. In fact, the number of deaths due to accidents has actually been higher in some years than the number of deaths due to felonious assault. The Below 100 initiative was started in 2011, with the mission of reducing line-of-duty police officer deaths to less than 100 per year through the targeting of common behaviors, practices, and mindsets that often lead to such tragedies.

Issues to be addressed in this program include:

- Wearing seat belts and maintaining safe vehicle speeds
- Wearing body armor
- The power of What's Important Now (W.I.N.)
- The threat of complacency

Officers of all ranks are encouraged to attend this highly intensive 4-hour class.

***Train the Trainer Afternoon Session: (Morning and Afternoon)**

This 8-hour presentation includes the High-Level Overview program (4 hours) and an afternoon Train-the-Trainer portion which will equip trainers to conduct risk assessments, examine policy and make changes if necessary, and present the Below 100 program within their own agencies.

Topics to be addressed include the following:

- Challenges inherent to police culture and effecting organizational change
- Wearing seat belts and maintaining safe vehicle speeds
- Wearing body armor
- The power of What's Important Now (W.I.N.)
- The threat of complacency
- Basics of the Below 100 PowerPoint presentation

Students will be provided with all related materials, including the High-Level Overview and supporting items such as sample policies, posters, videos, and relevant supporting articles. Typically, an outline and electronic access to all relevant files will be provided.

***PLEASE NOTE: Officers wishing to attend this Train-the-Trainer program MUST attend the Below 100 High Level Overview program conducted during the morning session.**

Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)

Romeoville Police Department

1050 West Romeo Road, Romeoville, IL. 60446

Wednesday & Thursday; **December 20-21**, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|--|---------------------------------------|
| • Civil Rights | 10.0 Hours (3.0 Hours Scenario-Based) |
| • Const. Use of L.E. Authority | 2.0 Hours |
| • Legal Updates | 4.0 Hours |
| • Advanced Roadside Impaired Driving Enforcement (ARIDE) | 16.0 Hours (3.0 Hours Scenario-Based) |

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training, he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.

| • Legal Updates | 2.0 Hours |
| • Procedural Justice | 25.0 Hours |

Course Description: This forty-hour course is specifically designed for experienced uniformed patrol personnel selected to serve as Field Training Officers with probationary employees. The course emphasizes the FTO's role in assisting probationers certify for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policy, procedures and community service delivery standards. The instruction highlights two essential Field Training and Evaluation Process skills: 1) the ability to examine and objectively document the probationer's job behaviors using the 2009 revised non-numerical/behaviorally anchored standardized assessment guidelines and, 2) analyzing the probationer's training needs and using proper instructional techniques for corrective action. The instruction presentation will focus upon discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out- of-classroom reading assignments from the course text and workbook, Breaking Routine™: Field Training Officer.

The course content will include:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process.
- The Instructional Relay Race: Taking over where Basic Police Training/Certification left off.
 - Inventorying the probationer's current knowledge and skill proficiencies.

Crisis Intervention Team Training (CIT-B) Basic

Plainfield Fire Protection District Headquarters

23748 W. 135th Street; Plainfield, IL. 60544

Monday – Friday; February 5 – 9, 2024

8:00 am till 4:00 pm

NOTE: Officers are required to have 2 years of service in a non-probationary status before they may attend this class.

This course complies with the guidelines of the following mandate(s):

• Civil Rights	0.5 hours
• Constitutional/Proper Use of LE Authority Use of LE Authority	0.5 hours
• Crisis Intervention	12.0 hours
• Human Rights	7.0 hours
• Legal Updates	2.0 hours
• Officer wellness/mental health	2.0 hours
• Procedural Justice	4.0 hours
• De-escalation Techniques	8.0 hours (4.0 Hours Scenario-Based)
• Officer Safety Techniques	4.0 hours (3.0 Hours Scenario-Based)
• Crisis Intervention Team Training	40 hours

Purpose: Law enforcement officers are generally the first responders to crisis events. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Participants of this voluntary, 40-hour training program, receive intensive training on recognizing and addressing individuals in the community who have a mental illness or other behavioral health crisis. The CIT training program is an in depth, specialized course for officers with at least two years' experience. The five-day course includes presentations by behavioral health specialists, experienced field officers and representatives from regional service providers. Officers will receive training in topics such as mental illness/signs and symptoms, co-occurring disorders, child and adolescent issues, medical conditions and psychotropic medications, and law enforcement response and legal issues. They will also learn advanced communication and de-escalation techniques, partake in valuable exercises, have a unique opportunity to participate in discussions with individuals who have a mental illness and or their family members and be given an opportunity to exercise their skills in realistic scenario role plays.

(Continued)

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario-based training will take place on Thursday, February 8th; attendees will be required to wear their "department uniform of the day" for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

32 Hour Juvenile Specialist Skills Program

Romeoville Police Department

1050 West Romeo Rd., Romeoville, IL. 60446

Monday-Thursday; February 12-15, 2024

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 2.0 Hours
- Const. Use of LE Authority 4.0 Hours
- Human Rights 3.0 Hours
- Legal Updates 9.0 Hours
- Procedural Justice 5.0 Hours
- Crisis Intervention 1.0 Hour
- Reporting of Child Abuse and Neglect 3.0 Hours
- Specialized Training
 - School Resource Officer (SRO) Pre-Qualified
 - Juvenile Law 10.0 Hours
 - Officer & Youth Interaction 16.0 Hours
 - Lead Homicide Investigator 32.0 Hours

PURPOSE OF COURSE: This four-day, 32-hour program has been designed by expert practitioners from the fields of juvenile law, social work, and law enforcement to assist recently assigned juvenile officers in the legal, moral, and social issues that they will encounter in their positions as juvenile specialists. Public Act 88-7 requires "Juvenile Officers" to complete a course as prescribed by the Board. This course meets that requirement.

COURSE OVERVIEW: The focus of this course is primarily to provide police officers with the skills, knowledge, and abilities needed to perform their duties as juvenile officers. In this unique role, juvenile officers not only enforce laws, but also respond compassionately and effectively to family problems. They serve as protectors of society by investigating criminal acts for findings of delinquency and as supporters of youths by helping them to grow out of adolescence without experiencing the stigma of police involvement.

Specific topics to be addressed in this program include the following:

- The role and responsibility of the Juvenile Officer
- Gaining perspectives on the assignment
- Child development
- Child psychology
- Communicating with adolescents and parents
- Adolescents and electronic influences
- Intervention and prevention strategies
- Article I of the Juvenile Court Act: General provisions
- Article II of the Juvenile Court Act: Abused, neglected, and dependent minors
- Article III of the Juvenile Court Act: Minors requiring authoritative intervention
- Article IV of the Juvenile Court Act: Addicted Minors
- Article V of the Juvenile Court Act: Delinquent minors
- Psychodynamics of child abuse
- The role of law enforcement and social services
- Protective custody
- Investigative techniques

(CONTINUED)

[Back to Index](#)

- Preparing child abuse cases for court
- Sexual abuse and sexual exploitation investigations

COURSE GOALS: The goals of this course are to make officers particularly aware of the demographics of the burgeoning youth population, which is becoming increasingly more vulnerable to gang recruitment, violent crime, sexual exploitation, alcohol, and drug abuse, and carrying weapons. Officers will become uniquely aware of these problems and the needs facing the children, adolescents, young adults, and parents that they will be serving in their capacity as juvenile officers. Throughout the program, participation in supportive networks such as Juvenile Officer Associations, Gang Task Forces, and high school liaison programs will be discussed and encouraged.

| • Legal Updates | 1.0 Hour |
| • Procedural Justice | 1.0 Hour |
| • Law concerning stops, searches, and the use of force | 5.0 Hours |
| • Specialized: Lead Homicide Investigator | 8.0 Hours |

Course Description: This course will focus on police officer use of force considerations in on-duty and off-duty scenarios. Practical use of force issues will be examined by viewing actual videos from live police use of force encounters and discussing the officer's decisions in those instances. The course will review U.S. Supreme Court cases, Federal Court decisions, Illinois statutes and case law, and what our courts specifically look for in police use of force situations. The course will also address use of force occurrences, ranging from crimes in progress to the use of force in medical emergencies. The material will consider use of force from an officer's perspective: pre-assault indicators, force options that may be utilized, the use of intermediate weapons, permitted uses of force, prohibited uses of force, and the deadly use of force. Instruction will include proper documentation, Qualified Immunity, Garrity issues, and the Illinois Uniform Peace Officer's Disciplinary Act. The program will conclude with a discussion of the "10 Myths of Police Use of Force."

Topics Discussed:

- Video analysis of actual police use of force events and decision making
- Use of force during crimes in progress; offenders fleeing a crime scene; medical emergencies
- Use of force where offender is neither evading arrest nor committing a crime
- Review of Illinois, Federal, and U.S. Supreme Court cases regarding police use of force
- What our courts consider when evaluating an officer's use of force
- Pre-assault indicators; force options; quantum of force; use of intermediate weapons
- Acceptable methods of force; unacceptable methods of force; use of deadly force
- Documenting an officer's use of force
- Probable cause and Qualified Immunity; Garrity issues
- The Illinois Uniform Peace Officer's Disciplinary Act
- "The 10 Myths of Police Use of Force"

|--|-----------|
| • Civil Rights | 1.0 Hour |
| • Const. Use of LE Authority | 1.0 Hour |
| • Legal Updates | 1.5 Hours |
| • Procedural Justice | 0.5 Hour |
| • Psychology of Domestic Violence | 1.5 Hours |
| • Reporting of Child Abuse and Neglect | 0.5 Hour |

Course Description: Criminal offenses committed against animals are often overlooked and not prioritized. However, it permeates and affects most traditional areas of law- including tort, criminal, family, civil and constitutional law. Through extensive research, a link has been established between crimes committed against animals and those committed against human victims. Often these crimes against human victims do not become apparent until the crime against an animal has been discovered. Recognizing and understanding this link and how to properly navigate from the inception of the investigation to the witness stand is the key goal of this course.

Topics to be addressed in this class include:

- Understanding Illinois Current Animal statutes and applicable case law
- A crash course in Domestic violence in general, and how it's been linked to animal cruelty
- Animal hoarding, a mental illness
- Investigating animal cruelty cases
- Search warrants
- Animal forfeiture

Instructor: Assistant State's Attorney Courtney Hogan is assigned as a felony assistant. Along with these duties, she assists as a special prosecutor for animal cruelty cases in the Animal Protection Unit. She has served as a prosecutor in the domestic violence division in Michigan and Will County. She has been a practicing attorney for nearly ten years, graduating from Western Michigan Thomas M. Cooley Law School.

Course Description:

This training features interactive lectures and discussions of actual case histories, videos, and laws specific to homicide investigations. This comprehensive seminar provides instruction in conducting investigations and prosecuting death cases from the start of the investigation, through evidence collection, press conferences, trial testimony, and ultimately conviction.

This class uses a combination of actual homicide case studies, so participants work through a case from the beginning, through case closure. **The training provides participants the techniques and structure to *lead* a professional and lawful investigation.**

“Effective 01-01-2012, under 50 ILCS 705/10.11, only law enforcement officers who successfully complete the Board certified 40-hour Lead Homicide Investigator training program may be assigned as lead investigators in homicide investigations.” This course fulfills the requirements.

Instructor: Lou Tessmann, CFI retired from the Waukegan (Illinois) Police Department after 23 years of service in a wide variety of assignments, including patrol, investigations, training, and ultimately Deputy Chief of Police. Lou is a 26-year veteran of the United States Marine Corps, retiring as a CWO-4. In addition to his service in Vietnam he was activated for Desert Storm and Desert Shield and has received numerous military awards including the Naval Commendation Medal. Lou began his career as a police officer with the City of Waukegan assigned to the patrol division. He was later assigned to the detective bureau for nine years and as a juvenile officer for one year. Lou also served as the Commander of the elite Lake County Major Crime Task Force. The task force works on major criminal investigations relating to homicides, kidnappings, and police-involved shootings. During his career, he has conducted thousands of interviews and interrogations. Most noteworthy, Lou has obtained over 80 homicide confessions during his career with only three instances where he was unable to obtain a confession from the homicide suspect.

Course Description: In most jurisdictions, traffic crashes account for more lives lost, more injuries and more property damage than all criminal activity combined. To effectively implement crash prevention programs and improve quality of life, law enforcement agencies need to know the who, what, where, when and why of crash occurrence.

The moments immediately following a traffic crash are crucial, and only a well-trained crash investigator knows how to identify and collect the necessary information at the crash scene and to begin the interpretation of that evidence.

Crash investigators must work quickly and confidently to preserve significant physical results before the crash scene is altered or evidence disappears. They must anticipate what information will be needed for enforcing traffic laws, planning crash prevention programs and possible case litigation. In addition, they must properly document the at-scene information and evidence because once the scene is cleared, the evidence might be impossible to recover.

Crash Investigation 1, based on J. Stannard Baker's world-renowned text, Traffic Crash Investigation, is an in-depth study of the skills needed to systematically investigate a traffic crash. Techniques for recognizing and properly recording roadway and vehicle crash evidence are thoroughly presented. Students learn to take measurements and photographs of the crash scene and to create sketches and after-crash diagrams. Crash Investigation 1 also addresses how the collected data are used to reconstruct crashes. Finally, the use of electronic devices to collect and record at-scene data is also introduced.

Course Topics:

- Preparation for traffic crash investigation
- Information from and about people
- Information from vehicles
- Information from roads
- Measuring and mapping the crash scene
- Photographing the crash scene and damaged vehicles

Continued on next page:

- For this updated program, students will develop a new case study. Photographs and exhibits have been updated, and classroom instruction now includes how the latest generation of vehicle electronics - including data recorders, traction and stability controls, multiple airbags, etc. - affect both the crash and the crash investigation

Course Materials: All students need to bring a laptop computer or other device with a USB port to the class. Student reference materials will be distributed in USB flash drives (files will accept electronic comments and highlighting and can be saved).

In all cases, please bring the following additional items to class:

- Comfortable outdoor clothing (likely to get dirty) for Week 2 outdoor projects
- Simple calculator with square root key
- Mechanical Pencils
- Staedtler Geometry Compass
- Laptop computer (or other device) with USB port(s) and Adobe Reader installed.
- Students may use calculators and electronic communication devices in class; however, possession/use of electronic communication devices during closed-book quizzes and exams is prohibited.

Course Outcomes: Officers/investigators who successfully complete Crash Investigation 1 significantly improve their ability to handle all aspects of the majority of traffic crash investigations occurring within their jurisdictions.

Participants who successfully complete Crash Investigation 1 or its equivalent are eligible to enroll in Tri-River's and NUCPS's next crash investigation course, Crash Investigation 2.

Instructor (s): Course instructor(s) are provided by *NUCPS*.

Law enforcement and school officials must know how to proactively respond to online threats of school violence and mass shootings, especially when there is "Leakage" (information about intentions) threatening students, the public, and school personnel. Being trained to identify the perpetrator immediately provides law enforcement and school officials the ability to act quickly and effectively to reduce the threat of school shootings and other forms of violence.

Training Objectives:

- Why it is important NOT to disregard information given to LEO or school officials.
- What the term "Leakage" means and how we can interpret the information.
- Learn free and open source online investigative tools into social networks and App generated phone numbers.
- Learn to identify and collect cyber evidence to identify suspects.
- Learn the three-step process in investigating internet crimes.
- Learn the importance of Preservation, Exigent Circumstances, and Search Warrants.
- Learn how to obtain IP's, screen names, screen captures, and email headers.
- State laws: Terrorist Threat, Falsely Making a Terrorist Threat, Swatting, and Causing a Catastrophe.
- Suspect search warrant, arrest, interrogation, and mental health evaluation.
- Examine a successful cyber-crime case study investigation from start to finish.

Please Note: Make sure you bring a PC laptop or MacBook to the training; Chromebooks, tablets, and iPads will not work. If you are using a device provided by your employer, you will want to make sure your device is not restricted and can access various websites. The day before the training go online on the device you plan to bring and make sure to download any updates the device needs. Lastly, install the free trial of Snagit from techsmith.com

Mandates and Professional Development: Professional Development hours for K-12 educators will be available. This training is also certified by the ILETSB for the following law enforcement mandates: Civil Rights (3 hrs), Constitutional/Proper Use of Law Enforcement Authority (2 hrs), Crisis Intervention (1.5 hrs), Legal Updates (2 hrs), Procedural Justice (3.5 hrs), De-escalation Techniques (1 hr), Officer Safety Techniques, including cover, concealment, and time (1 hr), and Lead Homicide Investigator Recert (16 hrs), as well as SRO Pre-Qualified Active Threat Response (4 hrs), Juvenile Law (3 hrs), and Officer & Youth Interaction (3 hrs).

About the Instructor: Detective Richard Wistocki (Ret.) has been a law enforcement officer for 30 years, with 28 years at the Naperville Police Department, and spending his last 22 years at Naperville as an Internet Crimes Investigator. Wistocki has been a SWAT operator/sniper for the past 22 years and is a founding member and an affiliate member of the Illinois Attorney Generals High Tech Crimes Bureau (ICAC). He is a Cyber Trainer for NASRO and is an instructor for the Department of Justice and various Law Enforcement Mobile Training Units and POST units across the United States. Wistocki is also the creator of the Illinois Sexting Law, Exploitation of a Child Online, Swatting and the new State of Illinois School Resource Officer Mandatory Certification Law.

BUILDING A BETTER POLICE REPORT

Lockport Police Department

1212 South Farrell Rd., Lockport, IL. 60441

Tuesday; March 12, 2024

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|-----------------------------------|-----------|
| • Const. Use of LE Authority | 0.5 Hour |
| • Procedural Justice | 3.0 Hours |
| • Psychology of Domestic Violence | 2.0 Hours |
| • Use of Force (General) | 1.0 Hour |
| • Lead Homicide Investigator | 8.0 Hours |

Course Description:

This 8-hour course will focus on enhancing an officer's report writing skills so that he or she may better submit clear, accurate, concise, and detailed primary case reports. Emphasis will be placed on detailing probable cause for an arrest, better providing investigators with essentials in primary reports so that follow-up may become more efficient and enhancing case building in a way that will aid prosecutorial success. The course will examine some of the top failure points of poorly written reports as seen by shift supervisors, and then provide a blueprint to organization to better build reports for the future. Added emphasis will be placed on the additional care and challenges presented when preparing initial reports for Domestic Violence, Criminal Sexual Assault, and when an officer has had to apply physical force in the field. This course is geared to both newer patrol officers who may be developing report writing experience, as well as those veteran officers who might benefit from enhancing their report writing skills. Learning will be done through both lecture and a practical writing lab. Students are encouraged to bring a laptop computer with Microsoft Word installed.

Topics to be discussed:

- Developing a winning mindset for proper report writing- Why it is THAT important!
- Top areas of report failure and how to correct them before you commit them
- Eliminating the "Cliffhangers" and communicating to your overall audience (cops, courts, lawyers, and social services)
- Implementing a fool-proof "Blueprint" for organizing any report, every time
- Making the link from describing events to establishing why actions were taken
- Strategy for reviewing reports prior to submitting them
- Challenges in preparing a primary Domestic Violence Report
- Challenges in preparing a primary Sexual Assault Report
- Documenting your use of force within your report

The Threat of Hate Groups in the United States and Their Implications for Law Enforcement

Frankfort Police Department

20602 Lincoln-Way Lane, Frankfort, IL. 60423

Wednesday; March 13, 2024

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
Pending

Course Description: It is crucial that U.S. law enforcement is made aware of the dynamics of the threat of hate groups/crimes and craft solutions to combat it.
This eight-hour, in-service program addresses this timely topic as noted below.

Hate crime laws protect people who are targeted based on their actual or perceived characteristics like race, color, religion, gender, sexual orientation or physical or mental disability. Lone wolves and cabals inspired by hate-based ideology, as well as those formally linked to a hate group, perpetrate such crimes. According to the FBI, hate crime incidents increased by 11.6% from 2020-2021. Also, nationally, we have witnessed lone-wolf, mass casualty hate crimes with increasing frequency such as in: Jacksonville (2023, 3 killed), Buffalo (2022, 9 killed), El Paso (2019, 23 killed), Pittsburgh (2018, 11 killed), and Orlando (2016, 49 killed), all fueled by hatred of Blacks, Hispanics, Jews, and LGBTQ communities, respectively. During the Covid-19 pandemic, there was a substantial increase in anti-Asian hate crimes.

Hate groups targeting the full spectrum of American society remains prominent, with actions some of which are constitutionally protected to others that include deadly plots. These harmful manifestations of extremism have many root causes but are aggravated presently by political, social, and economic factors as well as social media.

The first portion of the program will discuss: radicalization, recruitment, and mobilization of group members; ideologies and activities of hate groups and their concomitant crimes; indicators of hate crimes and signs of hate crime perpetrators; and selected hate crimes and lessons learned therein; among other themes. The session's second portion will address law enforcement responses to this menace, such as: underscoring the importance of responding to and investigating hate crimes; facilitating outreach to targeted communities; encouraging hate crime reporting through community outreach; preventing the frequency/severity of attacks; officer safety issues; planning for and responding to protests/counter-protests; and other topics.

Sovereign Citizen Awareness for Law Enforcement

Frankfort Police Department

20602 Lincoln-Way Lane, Frankfort, IL. 60423

Thursday; March 14, 2024

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

Pending

Course Description: It is crucial that U.S. law enforcement is made aware of the dynamics of the threat of sovereign citizens and craft solutions to combat this growing homeland security challenge. The eight-hour, in-service program, Sovereign Citizen Awareness and Responses, addresses this timely topic as noted below.

According to various estimates, there are several hundred thousand sovereign citizen adherents in the United States, a type of anti-government extremists. These individuals believe that the U.S. federal government is illegitimate and that they are "freemen," outside the control of government. Sovereign citizens eschew all affiliations and interactions with the federal government, while giving primacy to the power of the county law enforcement official, the sheriff. In recent years, some sovereign citizens have embraced QAnon ideals and vice versa, and thereby further fueling extremism.

In the past several years, sovereign citizens have increasingly been involved in criminal activities nationwide, including fraud as well as threats and violence against government officials, particularly law enforcement. Murders of police officers by sovereign citizens are indicative of the types of threats law enforcement faces from sovereign citizens for more than three decades, which arose with the sovereign citizen progenitor, the Posse Comitatus group. Sovereign citizens are increasingly non-compliant during interactions with police, and violently so.

There are disparate indicators that law enforcement should be aware of in relation to sovereign citizens. Knowledge of sovereign citizen indicators, symbols, and tactics can aid law enforcement's efficacy in dealing with them and enhancing officer safety while doing so. Leveraging traditional policing activities against this threat and others specifically focused on this type of extremism will be addressed as well.

Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)

Crest Hill Police Department

20590 City Center Boulevard, Crest Hill, IL. 60403

Monday & Tuesday; March 18-19, 2024

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|--|---------------------------------------|
| • Civil Rights | 10.0 Hours (3.0 Hours Scenario-Based) |
| • Const. Use of L.E. Authority | 2.0 Hours |
| • Legal Updates | 4.0 Hours |
| • Advanced Roadside Impaired Driving Enforcement (ARIDE) | 16.0 Hours (3.0 Hours Scenario-Based) |

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem.

The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.

Crash Investigation 2

**Frankfort Police Department
20602 Lincoln-Way Lane, Frankfort, IL 60423
Monday – Friday, March 25 – April 5, 2024
8:00 am till 4:00 pm**

This course complies with the guidelines of the following mandate(s):

- | | |
|------------------------------|--|
| • Civil Rights | 2.0 Hours |
| • Const. Use of LE Auth | 3.5 Hours (3.0 Hours Scenario-Based) |
| • Legal Updates | 3.0 Hours (1.0 Hour Scenario-Based) |
| • Procedural Justice | 9.5 Hours (2.0 Hours Scenario-Based) |
| • Lead Homicide Investigator | 80.0 Hours (18.5 Hours Scenario-Based) |

Course Description:

At scene traffic crash data collection is useful only if all appropriate information is collected and properly interpreted and analyzed. Participation in Crash Investigation 2 enhances the capability and credibility of the at-scene investigator.

Crash Investigation 2, based on the 2014 edition of J. Stannard Baker's world-renowned textbook Traffic Crash Investigation, emphasizes vehicle behavior in crashes, vehicle damage analysis and more advanced mapping and evidence location skills.

Crash Investigation 2 builds upon topics examined in Crash Investigation 1 and provides the student/investigator with greater knowledge of the information available at the crash scene and how to properly collect and initiate interpretation of that information.

The course also provides instruction in the use of laser-based measurement devices to measure crash scenes and the evidence found there. Laser Technology, Inc. units are used for these demonstrations. Downloading the electronic information into mapping programs is also covered.

Course Topics:

- Vehicle damage analysis - description, reporting and determination of direction of forces
- Vehicle behavior in crashes
- Results of the crash on the road - identifying and interpreting tire marks and road scars
- Lamp filament analysis - determining whether headlamps, tail lights and turn signals were on or off at moment of impact
- Tire damage analysis - role of tire failure
- Measurement methods - perspective grid, photogrammetry, measurement techniques, diagram drawing and systematic methods for organizing and illustrating data
- Interpretation of data - use of all information obtained through investigation
- Specialized data gathering - measuring devices and other testing
- Laser-based measurement and use of mapping software
- In addition to addressing how the latest generation of vehicle electronics - including data recorders, traction and stability controls, multiple airbags - affect both the crash and the crash investigation, specific new topics include: **(Continued on next page)**

[Back to Index](#)

- hit-and-run investigations
- dealing with event data recorders
- technical report writing and other emerging technologies

Course Materials: All students need to bring a laptop computer or other device with a USB port to the class. Student reference materials will be distributed in USB flash drives (files will accept electronic comments and highlighting and can be saved).

In all cases, please bring the following additional items to class:

- Comfortable outdoor clothing (likely to get dirty) for Week 2 outdoor projects
- Small pair of scissors
- Simple calculator with square root key
- Staedtler Geometry Compass
- Mechanical Pencils
- Triangles 45-45-90 and 30-60-90
- Laptop computer (or other device) with USB port(s) and Adobe Reader installed
- **Traffic Crash Investigation, 11th Edition – All Crash Investigation 1 students receive a copy of the text. If necessary, a copy may be purchased online at nucps.northwestern.edu/crashbooks.**
- Students may use calculators and electronic communication devices in class; however, possession/use of electronic communication devices during closed-book quizzes and exams is prohibited.

Who Should Attend:

- Crash Investigation 2 is designed for those who analyze data collected by other crash investigators and who gather and analyze supplementary data.
- Crash Investigation 2 participants must have successfully completed NUCPS's Crash Investigation 1 or its equivalent

Course Outcomes: Officers/investigators who successfully complete Crash Investigation 2 develop skills in technically preparing crash investigation data and collecting follow-up data required by prosecutors, defense attorneys, claim adjusters, fleet supervisors, reconstructionists and highway safety engineers.

Instructor (s): Course instructor(s) are provided by *NUCPS*.

Building Entry and Control Tactics Combined for 21st Century Policing

Plainfield Police Department

14300 Coil Plus Dr., Plainfield, IL. 60544

Tuesday and Wednesday; March 26-27, 2024

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|---|--|
| • De-escalation Techniques | 7.75 Hours (7.25 Hours Scenario-Based) |
| • Officer safety techniques, including cover, concealment, and time | 8.25 Hours (7.75 Hours Scenario-Based) |
| • Specialized: School Resource Officer (SRO) Pre-Qualified | |
| ○ Active Threat Response | 16.0 Hours (15.5 Hours Scenario-Based) |

Course Description: This course will be two days in length for a total of 16 hours of training. This program has been designed by Conceptual Guardian Systems Inc. to provide students with concepts related to building entry and control tactics.

This course will cover building entry and control tactics, combined together to show Officers safer ways to clear buildings and how to more effectively deal with compliant and non-compliant subjects encountered during building entry. Officers will learn how to non-compliantly handcuff a subject on the ground without placing a knee on the subject's back, reducing the chance for positional asphyxia. Officers will also learn how to non-compliantly handcuff a subject in a standing position that allows the Officer to quickly move a subject out of a zone of concern. Officers will learn concepts related to building entry that will allow them to safely clear any building on the planet using two easy to learn concepts. Officers will also learn hallway and stairway clearing tactics. This course is related to single Officer/two Officer call for service response and team tactics related to search/arrest warrants and active shooter response.

PLEASE NOTE: **SCHOOL RESOURCE OFFICERS WILL RECEIVE PRIORITY**

Students must bring duty belt, duty pistol, duty long gun, flashlight or weapon mounted light and body armor.

Instructors: Lead Instructor, Jason Laferriere is the Owner and Founder of CGSI. Jason has spent over 33 years in Law Enforcement and 39 years studying and teaching martial arts. Jason spent 21 years as a Special Agent with Homeland Security Investigations serving as the Assistant Team Leader and Training Coordinator for HSI Chicago's SRT team. He created HSI's SRT control tactics system and undercover escape and evasion program. Prior to HSI, Jason was a Police Officer in Montpelier, Vermont and served in the United States Coast Guard.
