- Cultural Competency 0.50 Hour
- Officer wellness/mental health 1.0 Hours
- Procedural Justice 2.0 Hours

Course Description:

Jan Mirikitani leads the class in group discussions on Sergeant-related duties. The goal is to get Supervisors to consistently commit to their department's missions for public safety, to develop their subordinates to achieve those outcomes, while building community trust. Although First-line Supervisors are promoted from the ranks, they are now accountable for Department goals bigger than their loyalty to Officer friendships. This training focuses on the Supervisor's communication methods and commitment to Officer wellness & morale.

Who Should Attend:

First-Line Supervision-24 Hours is a must for all new Supervisors or soon-to-be-promoted Officers. Experienced Sergeants are encouraged to attend to improve their supervisory effectiveness and to increase their leadership development. Lieutenants will gain insights to better supervise Sergeants.

Course Content:

- Supervisor assessment of their personal communication style & demeanor: assertive, aggressive, or nonassertive (passive).
 - How to lead/develop graduated recruits & experience laterals
 - Working towards Supervisor consistency between squads per Department leadership goals.
 - Supervisors are gate-keepers of maintaining internal & external Department ethics.
 - Officer customer service cored in Peel's Principles of Policing.
 - Why department confidentiality matters, including personal usage of social media.
 - How to professionally handle public complaints.
 - Proofing & editing Officer reports towards quality narratives.
 - How to coach Officers towards improved job performance. How to manage toxic employees & their impact on department morale, insubordination, & public trust, if left unchecked.
- Supervisors will work in groups on common negative internal/external scenarios.

Instructor: Jan Mirikitani has consulted & trained for federal & local law enforcement agencies. She has been a keynote speaker & trainer for national, regional, & state conferences for the Federal Reserve Bank System, U.S. Bankruptcy Court, U.S. District Court, Federal Probation, Federal Pre-Trial, Department of the Interior, Environmental Protection Agency, The IL Sheriffs Association, D.A.R.E. America, Division of Family Services, Greater IL Chapter IPMA-HR Directors, IL City Administrators Conference, MO & IL Municipal Statewide Clerk training. Jan has trained multiple law enforcement agencies & academies since 1989 & teaches for multiple MTUs.

Monday-Wednesday; December 2-4, 2024

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|------------------------------|------------|
| • Civil Rights | 4.0Hours |
| • Const. Use of LE Authority | 1.0 Hour |
| • Crisis Intervention | 1.0 Hour |
| • Procedural Justice | 2.0 Hours |
| • Lead Homicide Investigator | 14.5 Hours |

Course Description:

The phenomenon of the school shooter in our schools is at an all-time high. With the advent of depression, bullying and suicidal tendencies as a result, first responders in our school and police departments must be trained to handle these situations with immediacy and GREAT sensitivity. The goal MUST be to identify and intercept the criminal activity before the school shooter is able to take action. The goal of this training is to empower school administrators and Law Enforcement how to gather digital evidence against the aggressor so they may find out who the perpetrator is and take action immediately after the comment or posting is made by the aggressor. The LEO/ School Administrator will learn the fundamentals of investigating social media and internet related crimes that deal with domestic terrorism. We will use the Electronics Communication Privacy Act (ECPA) to our advantage in identifying the person responsible for posting the online threats BEFORE the shooter has the opportunity to kill our children.

COURSE PREREQUISITES: This class requires ALL attendees to bring with them a PC or a Mac lap top computer. **Chromebooks and iPads will not perform** well in this learning environment. The student must be able to sign into their email from the computer that they are using. The student must be able to download the "Search Investigative Tool Bar" to use the cyber investigative tools required in this class. (<https://www.search.org/toolbar/>) The free 30 day trial of Snagit needs to be downloaded shortly before the class. (<https://www.techsmith.com/download/snagit/>)

Topics to be discussed:

- Obtain the basic overview of various social networks and what information they possess.
- Learn why it is important NOT to disregard information that has been given to LEO or school officials.
- Learn about the history of the school shooter and their attributes.
- Understanding what the term "Leakage" means and how we can interpret the information.
- Knowing what tool Law Enforcement has according to ECPA.
- Learn about online investigative tools that are free and open source in their use.
- Know items of evidence needed to successfully identify suspects who post online threats.
- Discuss the three-step process in investigating internet crimes.
- Discuss the importance of Preservation, Exigent Circumstances and Search Warrants if needed.
- Understand how to obtain IP's, screen names, screen captures, email headers, and statements for the investigation. **(continued)**

- Discuss the laws in that state in reference; Terrorist Threat, Falsely Making a Terrorist Threat, Swatting and Causing a Catastrophe.
- Overview of computer and cell phone forensics and when it is appropriate to seize these items from a victim or a suspect to be analyzed.
- Once the suspect is identified, the importance of arrest, interrogation and mental evaluation.
- We will examine a case review of a successful cyber-crime investigation from start to finish.

Instructor:

Detective Richard Wistocki had been with the Naperville Police Department for 25 years. In his last 19 years as an Internet Crimes Investigator with the Naperville Police Department, he has forged numerous partnerships with the community and other Law Enforcement Agencies. He is one of the founding members and an affiliate member of the Illinois Attorney Generals High Tech Crimes Bureau. He is a member of the United States Secret Service Computer Crimes Task Force. Rich's passion is concentrated in teaching parents how to parent their children while online. He takes his juvenile investigations experience and applies it to teaching parents how to be better parents. In August of 2006, MySpace.com, owned by Fox Interactive Media had presented Detective Wistocki with the "Law Enforcement Innovation" award. He served as the Law Enforcement Liaison between My Space and the Attorney Generals Internet Crimes against Children Task Force. Detective Wistocki currently presents every other month to parent groups on how to protect their children online. He is a regular guest on Fox 32 Chicago as an expert in Cyber-Safety. In May of 2007, Detective Rich Wistocki presented to the National Governors Association on Keeping Kids Safe Online. On June 1st, 2007, the National Exchange Club of Naperville presented Detective Wistocki with the "Officer of the Year" Award.

Law Enforcement Officers, Police Crime Analysts, and Prosecutors will first learn about the proper way to seize, preserve, and analyze Mobile Phones. Mobile Forensic Tools such as Graykey, Cellebrite, and Axiom will be discussed. Students will be instructed on data that is stored on Apple and Android devices. Mobile phone location history using Advertiser ID location information, Apple iOS locations, and Google location history will be discussed. Google Geofence Data will be discussed and how this data can be used in unsolved and Cold Case Investigations. This course will be a hands-on class where students will work with Cellebrite reader and a forensic mapping tool to analyze Apple and Google location data.

Students will need a laptop or windows tablet (NO IPAD) with internet capability and Google Earth Pro for Desktop installed on their laptop. Bring a mouse to use with the laptop.

Upon Completion:

Participants will be able to seize and handle cell phones properly to allow for the best evidence to be extracted using forensic tools. Participants will be introduced to different methods and tools to extract data from cell phones along with knowing the most efficient techniques to analyze phone records using Cellebrite. Participants will understand the device location information that iOS devices store along with data that Google stores in their own servers which can be obtained with a court order. Participants will learn the best way to leverage Google Device Locations using Geofence Warrants which can be used in current and Cold Case Investigations.

- Civil Rights 1.5 Hours
- Const. Use of LE Authority 7.0 Hours
- Legal Updates 4.5 Hours
- Procedural Justice 2.5 Hours
- Lead Homicide Investigator 16.0 Hours

PURPOSE OF COURSE: This two-day, 16-hour course is to provide police administrators, and those responsible for conducting them, with the skills necessary to properly conduct internal investigations.

COURSE OVERVIEW: Conducting a proper investigation builds citizen and employee trust in departments and protects police officers' rights. Ultimately, internal investigations contribute to departments' missions when complaints against officers for alleged violations of rules, policies, and laws are fairly investigated. This highly informational seminar will include the latest developments in case law pertaining to a variety of issues, including:

- The burden of proof for department rules
- Review aspects of Illinois Safe-T Act
- Due process and officers' rights
- Garrity immunity
- The 4th Amendment's effect on investigations
- 1st Amendment rights
- The effect of ethics on investigations
- Basic guidelines to conduct an investigation
- The effect of case law on policy
- The use of "formal" and "informal" inquiries
- Knowing when and how to conduct investigations
- Effectively handling citizen complaints against officers
- Review Procedural Justice aspects

COURSE GOALS: The goals of this course are to make students aware of constitutional and procedural law requirements that must be considered when conducting internal investigations and the development of legal department policies governing internal investigations. In addition, give basic guidelines to conduct internal investigations which can be utilized in your current policies and procedures.

Instructors: James Grubisic holds an M.S in Public Safety Administration from Lewis University and serves as an adjunct faculty member at several schools of higher education. He has served in various roles within the Chicago Police Department and is currently an Investigator assigned to the Cook County States Attorney's Office Investigations Bureau.

NHTSA - Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)

Romeoville Police Department
1050 West Romeo Road, Romeoville, IL. 60446
Monday & Tuesday; January 13-14, 2025
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 10.0 Hours
- Const. Use of L.E. Authority 2.0 Hours
- Legal Updates 4.0 Hours
- Specialized
 - Advanced Roadside Impaired Driving Enforcement (ARIDE) 16.0 Hours

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training, he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.

Course Description: This forty-hour course is specifically designed for experienced uniformed patrol personnel selected to serve as Field Training Officers with probationary employees. The course emphasizes the FTO's role in assisting probationers certify for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policy, procedures and community service delivery standards. The instruction highlights two essential Field Training and Evaluation Process skills: 1) the ability to examine and objectively document the probationer's job behaviors using the 2009 revised non-numerical/behaviorally anchored standardized assessment guidelines and, 2) analyzing the probationer's training needs and using proper instructional techniques for corrective action. The instruction presentation will focus upon discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out- of-classroom reading assignments from the course text and workbook, *Breaking Routine™: Field Training Officer*.

The course content will include:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process.
- The Instructional Relay Race: Taking over where Basic Police Training/Certification left off.
 - Inventorying the probationer's current knowledge and skill proficiencies.
- Selection and use of on-the-job instructional techniques: finding the best tools to meet the challenge.
- Utilization of legally defensible, non-numerical standardized evaluation guidelines.
- Objectively documenting probationer performance.
- Documenting the extent of training and coaching without becoming a best-selling author.
- Strategically addressing Probationer areas of Corrective Action Necessary.
- Utilizing the Probationer Officer Manual as the Field Training playbook.
- Practical Directed Patrol Mapping™: Preparing the Probationer for Proactive – Community Oriented Policing: Dancing with SARA!
- Creating a Self-Reliant™ law enforcement agent.

Special attention: *Students should be familiar with their Department's current Field Training and Evaluation Process and should be briefed on their agency's process. Students are encouraged to bring a copy of their agency's Probationary Officer Manual and forms to class.*

| • De-escalation Techniques | 8.0 hours (4.0 Hours Scenario-Based) |
| • Officer Safety Techniques | 4.0 hours (3.0 Hours Scenario-Based) |
| • Crisis Intervention Team Training | 40 hours |

Purpose: Law enforcement officers are generally the first responders to crisis events. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Participants of this voluntary, 40-hour training program, receive intensive training on recognizing and addressing individuals in the community who have a mental illness or other behavioral health crisis. The CIT training program is an in depth, specialized course for officers with at least one-year of non-probationary experience. The five-day course includes presentations by behavioral health specialists, experienced field officers and representatives from regional service providers. Officers will receive training in topics such as mental illness/signs and symptoms, co-occurring disorders, child and adolescent issues, medical conditions and psychotropic medications, and law enforcement response and legal issues. They will also learn advanced communication and de-escalation techniques, partake in valuable exercises, have a unique opportunity to participate in discussions with individuals who have a mental illness and or their family members and given an opportunity to exercise their skills in realistic scenario role plays.

(Continued)

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario-based training will take place on Thursday, February 6th; attendees will be required to wear their "department uniform of the day" for their current assignment.**

**** Students are encouraged to bring a laptop or tablet that can utilize a thumb drive, as printed copies of the materials will not be provided. ****

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

| • Legal Updates | 1.0 Hour |
| • Procedural Justice | 1.0 Hour |
| • Law concerning stops, searches, and the use of force | 5.0 Hours |
| • Specialized: Lead Homicide Investigator | 8.0 Hours |

Course Description: This course will focus on police officer use of force considerations in on-duty and off-duty scenarios. Practical use of force issues will be examined by viewing actual videos from live police use of force encounters and discussing the officer's decisions in those instances. The course will review U.S. Supreme Court cases, Federal Court decisions, Illinois statutes and case law, and what our courts specifically look for in police use of force situations. The course will also address use of force occurrences, ranging from crimes in progress to the use of force in medical emergencies. The material will consider use of force from an officer's perspective: pre-assault indicators, force options that may be utilized, the use of intermediate weapons, permitted uses of force, prohibited uses of force, and the deadly use of force. Instruction will include proper documentation, Qualified Immunity, Garrity issues, and the Illinois Uniform Peace Officer's Disciplinary Act. The program will conclude with a discussion of the "10 Myths of Police Use of Force."

Topics Discussed:

- Video analysis of actual police use of force events and decision making
- Use of force during crimes in progress; offenders fleeing a crime scene; medical emergencies
- Use of force where offender is neither evading arrest nor committing a crime
- Review of Illinois, Federal, and U.S. Supreme Court cases regarding police use of force
- What our courts consider when evaluating an officer's use of force
- Pre-assault indicators; force options; quantum of force; use of intermediate weapons
- Acceptable methods of force; unacceptable methods of force; use of deadly force
- Documenting an officer's use of force
- Probable cause and Qualified Immunity; Garrity issues
- The Illinois Uniform Peace Officer's Disciplinary Act
- "The 10 Myths of Police Use of Force"

Instructor: Jeffrey J. Pavletic is an award-winning trial attorney who has built a reputation of integrity and exceptional skill in the courtroom. As a prosecutor for the past two decades, he has tried countless cases to victory (including approximately 150 jury trials with a concentration in homicide and violent crime). In addition to trying some of the highest profile and complex cases that have occurred in the history of Northern Illinois, Jeff was Chief of the Felony Review Division, and is currently the First Assistant State's Attorney for the Lake County (Illinois) State's Attorney's Office. Jeff served as Special Counsel to the U.S. House of Representatives Judiciary Committee in the impeachment of President Clinton. **(continued next page)**

His duties included all aspects of independent counsel review, the impeachment inquiry, presentation of articles of impeachment to the U.S. House of Representatives, all witness interviews and depositions of trial witnesses, and the actual impeachment trial before the U.S. Senate. Jeff has received numerous federal, state, and local awards.

These include Illinois State Crime Commission's State's Attorney of the Year, Felony Trial Attorney of the Year, The Fred L. Foreman Criminal Justice Award, The Ruth Rosengarden Victim Service provider Award, and a special U.S. House of Representatives Award presented by Congressman Henry Hyde. Jeff has been featured on 20/20, The Today Show, Good Morning America, Court TV, and the Discovery Channel. Jeff is a published author and a well-respected legal instructor who holds undergraduate and graduate faculty positions and has received accolades as a nationally renowned lecturer, training thousands of police officers, lawyers, prosecutors, and judges.

| • Procedural Justice | 3.0 Hours |
| • Lead Homicide Investigator | 24.0 Hours |

Course Description:

This 3-day seminar has been created by lead instructor and interviewing expert Detective Dom Cappelluti. It was created to specifically prepare today's detectives, investigators, agents, supervisors, gang and drug officers, and uniformed patrol officers to become effective interviewers when conducting criminal investigations and other professional duties as directed by their respective agencies.

The focus of this 3-day seminar is to provide law enforcement personnel with specialized interview and interrogation training that will significantly help develop the knowledge and skill level needed to effectively and professionally conduct interviews and interrogations with today's most experienced criminals.

Each specific module has been designed for every participant to focus on self-evaluation and address their own strong and weak points as they prepare to become professional interviewers in today's demanding times.

Each participant will receive Dom's textbook, "The Crime Book" and a custom outline book.

Topics to be discussed:

- Participants will learn today's legal aspects and trending policies concerning custodial interviews
- Learn how to avoid false confessions or the perception of unethical practices
- Understand successful approaches to conducting the more difficult interview and interrogations of today
- Learn different ways to professionally and successfully provide Miranda to gain compliance
- Understanding the power of the interviewer's own personality and how to use it
- Successful preparation before every interview
- Learn how to conduct the professional interview and then the interrogation if needed
- Learn how to protect the truth and secure the confession

Instructor: Domenic Cappelluti is a veteran street cop and detective with the Waukegan (IL) Police Department and former Group Supervisor for the Lake County Major Crime Task Force. With over 20 years on the job, Domenic has specialized in high profile violent street crimes, including homicides, murder for hire cases on gang and narcotics officers, and officer involved shootings. During his career, Domenic has supervised the Criminal Investigations Division and the Gang Suppression Unit. Domenic has investigated hundreds of gang and drug related operations throughout Lake County and the Chicago metropolitan area, primarily targeting Chicago-based street gangs. He is fluent in Spanish and Italian and has successfully conducted thousands of interviews, including interrogations in Spanish with Hispanic street gang members.

Domenic is nationally recognized for his teaching and vast experience in criminal interrogation, homicide investigation, and gang enforcement and has testified as an expert witness on these subjects in several states. He is Certified Forensic Interviewer (CFI) and the recipient of numerous prestigious awards for his accomplishments in homicide investigation and urban gang enforcement.

Domenic passionately teaches law enforcement officers and federal agents across the United States and Mexico and was selected to represent a U.S. government agency, internationally, to provide interview and interrogation training and instruction on effective street interviewing techniques. Domenic is the creator of the Gang Combat Dynamics series, Criminal Related Interviewing Made Easy (CRIME 1-2-3), Investigating Gang Homicides, Testifying in High Profile Cases – and much more. Still working the street today, Domenic’s teaching methods, credibility, and fresh approach always make for an interesting and valuable training experience.

Building Entry and Control Tactics Combined for 21st Century Policing

Plainfield Police Department

14300 Coil Plus Dr., Plainfield, IL. 60544

Monday and Tuesday; February 24-25, 2025

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- De-escalation Techniques 7.75 Hours (7.25 Hours Scenario-Based)
- Officer safety techniques, including cover, concealment, and time 8.25 Hours (7.75 Hours Scenario-Based)
- Specialized: School Resource Officer (SRO) Pre-Qualified
 - Active Threat Response 16.0 Hours (15.0 Hours Scenario-Based)

Course Description: This course will be two days in length for a total of 16 hours of training. This program has been designed by Conceptual Guardian Systems Inc. to provide students with concepts related to building entry and control tactics.

This course will cover building entry and control tactics, combined together to show Officers safer ways to clear buildings and how to more effectively deal with compliant and non-compliant subjects encountered during building entry. Officers will learn how to non-compliantly handcuff a subject on the ground without placing a knee on the subject's back, reducing the chance for positional asphyxia. Officers will also learn how to non-compliantly handcuff a subject in a standing position that allows the Officer to quickly move a subject out of a zone of concern. Officers will learn concepts related to building entry that will allow them to safely clear any building on the planet using two easy to learn concepts. Officers will also learn hallway and stairway clearing tactics. This course is related to single Officer/two Officer call for service response and team tactics related to search/arrest warrants and active shooter response.

PLEASE NOTE: SCHOOL RESOURCE OFFICERS WILL RECEIVE PRIORITY

To participate, students must bring duty belt, duty pistol, duty long gun, flashlight or weapon mounted light and body armor.

Instructors: Lead Instructor, Jason Laferriere is the Owner and Founder of CGSI. Jason has spent over 33 years in Law Enforcement and 39 years studying and teaching martial arts. Jason spent 21 years as a Special Agent with Homeland Security Investigations serving as the Assistant Team Leader and Training Coordinator for HSI Chicago's SRT team. He created HSI's SRT control tactics system and undercover escape and evasion program. Prior to HSI, Jason was a Police Officer in Montpelier, Vermont and served in the United States Coast Guard.

Supervising/Managing the Field Training Process

(Sokolove Model)

Romeoville Police Department

1050 West Romeo Road, Romeoville, IL. 60446

Monday-Thursday, February 24-27, 2025

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 0.5 Hour
- Const. Use of LE Authority 0.5 Hour
- Legal Updates 1.0 Hour
- Officer wellness/mental health 1.0 Hour
- Procedural Justice 12.0 Hours

Course Description: This four-day hands-on, problem-based learning course is specifically designed for first-line patrol and administrative support services managers responsible for supervising and managing Field Training Officers and probationary law enforcement employees. Instruction will include all revisions to the Process.

The course emphasizes the necessary components of supervising probationers and Field Training Officers at the patrol shift level to ensure that administrative guidelines and legal requirements are met. The course highlights two essential supervisory responsibilities: (1) the ability to comprehensively examine probationer performance documentation in accordance with the **totally revised** standardized Field Training and Evaluation Process assessment guidelines, and (2) auditing the probationer's on-the-job training to ensure the Field Training Unit utilizes the most appropriate instructional techniques for training task mastery and when necessary, corrective action. The instructional presentation will focus upon discussion of critical Field Training issues as well as hands on completion of the course materials during small group and individual in-class exercises. Students are required to complete out-of-classroom reading assignments.

Course content will include:

- Ensuring that your Agency's Field Training and Evaluation Process structure actually *works*.
- In-class review and assessment of participating agency *Probationer's Training and Evaluation Manual* (POM).
- Staffing the Field Training Unit: Recruitment, Testing, Selection and Training of FTOs.
- Realistic definition and expectations of Field Training Officer duties/responsibilities.
- Issues of compensation for Field Training Unit personnel.
- FTO scheduling issues/resource allocation.
- Utilizing the non-numerically anchored performance assessment scale and guidelines including 2009 revisions.
- Performance assessment errors that compromise the objectivity and legality of Field Training.
- Auditing the *Daily Observation Report*: Application of the standardized evaluation guidelines.
- Auditing the FTO's application of the on-shift instructional techniques.

Continued on next page:

- Auditing Probationer training and coaching documentation. Are the FTOs doing what they were trained to do?
- Conducting the *Weekly Performance Summary* process meeting.
- Special focus: **Not Responding to Training** (NRT) Probationer and extension of training.
- Supervising the development of the NRT Probationer's *Performance Improvement Plan*.
- Supervising Probationers during Step V, the Solo Patrol Certification Period.
- Reorientation of personnel returning to Patrol Operations after extended street-absence.
- Preparing Probationer Employment Status Reports/Recommendation for the Chief Executive.
- Assessing the effectiveness of the Field Training Officers and the Field Training Process.
- Avoiding *constructive discharge* allegations
- Defending against State and Federal Court wrongful discharge claims.

Students should bring a copy of their Agency's current Field Training and Evaluation Process manual and forms.

Instructor: This course will be taught by: Mr. Bruce Sokolove, Field Training Assoc., Ypsilanti, MI.

Northwestern University - Traffic Crash Investigation 1

Frankfort Police Department

20602 Lincoln-Way Lane, Frankfort, IL 60423

Monday- Friday, February 24 – March 7, 2025

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 3.0 Hours
- Const. Use of LE Authority 4.0 Hours
- Legal Updates 3.0 Hours
- Procedural Justice 3.0 Hours
- Lead Homicide Investigator 80.0 Hours

Course Description: In most jurisdictions, traffic crashes account for more lives lost, more injuries and more property damage than all criminal activity combined. To effectively implement crash prevention programs and improve quality of life, law enforcement agencies need to know the who, what, where, when and why of crash occurrence.

The moments immediately following a traffic crash are crucial, and only a well-trained crash investigator knows how to identify and collect the necessary information at the crash scene and to begin the interpretation of that evidence.

Crash investigators must work quickly and confidently to preserve significant physical results before the crash scene is altered or evidence disappears. They must anticipate what information will be needed for enforcing traffic laws, planning crash prevention programs and possible case litigation. In addition, they must properly document the at-scene information and evidence because once the scene is cleared, the evidence might be impossible to recover.

Crash Investigation 1, based on J. Stannard Baker's world-renowned text, Traffic Crash Investigation, is an in-depth study of the skills needed to systematically investigate a traffic crash. Techniques for recognizing and properly recording roadway and vehicle crash evidence are thoroughly presented. Students learn to take measurements and photographs of the crash scene and to create sketches and after-crash diagrams. Crash Investigation 1 also addresses how the collected data are used to reconstruct crashes. Finally, the use of electronic devices to collect and record at-scene data is also introduced.

Course Topics:

- Preparation for traffic crash investigation
- Information from and about people
- Information from vehicles
- Information from roads
- Measuring and mapping the crash scene
- Photographing the crash scene and damaged vehicles

Continued on next page:

- For this updated program, students will develop a new case study. Photographs and exhibits have been updated, and classroom instruction now includes how the latest generation of vehicle electronics - including data recorders, traction and stability controls, multiple airbags, etc. - affect both the crash and the crash investigation

Course Materials: All students need to bring a laptop computer or other device with a USB port to the class. Student reference materials will be distributed in USB flash drives (files will accept electronic comments and highlighting and can be saved).

In all cases, please bring the following additional items to class:

- Comfortable outdoor clothing (likely to get dirty) for Week 2 outdoor projects
- Simple calculator with square root key
- Mechanical Pencils
- Staedtler Geometry Compass
- Laptop computer (or other device) with USB port(s) and Adobe Reader installed.
- Students may use calculators and electronic communication devices in class; however, possession/use of electronic communication devices during closed-book quizzes and exams is prohibited.

Course Outcomes: Officers/investigators who successfully complete Crash Investigation 1 significantly improve their ability to handle all aspects of the majority of traffic crash investigations occurring within their jurisdictions.

Participants who successfully complete Crash Investigation 1 or its equivalent are eligible to enroll in Tri-River's and NUCPS's next crash investigation course, Crash Investigation 2.

Instructor (s): Course instructor(s) are provided by *NUCPS*.

Yoga for First Responders

Plainfield Police Department
14300 Coil Plus Dr., Plainfield, IL. 60544
Thursday; February 27, 2025
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Officer Wellness/Mental Health 8.0 Hours

Course Description: This course uses tactical breath work, physical drills, and cognitive behavioral therapy resulting in optimal functioning of the entire psychophysiological system. This includes increasing mental toughness, enhancing tactical skills, preventing injury, self-deescalation, regulating the nervous system and more. The result of consistent training in YFFR Protocol will not only lead to better performance and stress management but an increase in mindful responses versus emotional reactions with interpersonal communication.

This course will introduce the trainee to the basic concepts of yoga, mindfulness, and resilience, functions of the brain and nervous system, as well as the principles of the YFFR Protocol that make it job-specific and culturally informed. Attendees will learn techniques to use right away along with resources to continue their training.

Course Objectives:

1. Explain yoga, its original intent, and address misconceptions.
2. Formulate the steps needed to practice mindfulness.
3. Outline the 3 Principles of Resilience Training.
4. Assess how a career in Law Enforcement can affect the mind, body, and nervous system.
5. Categorize the basic functions of the nervous system and stress response.
6. Conclude the missing skill set in Law Enforcement training.
7. Illustrate how yoga can train the Law Enforcement Officer to perform at his/her highest level of functioning for tactical performance and career longevity.
8. Compare how the YFFR Protocol differs from community yoga in western cultures.
9. Deduce how YFFR can be added into current Law Enforcement Training Standards.
10. Learn and practice the foundational techniques of YFFR protocol.
11. Distinguish which basic YFFR techniques can train the entire system to process stress effectively, build resilience actively, and enhance performance tactically.
12. Adopt YFFR techniques for improving body mechanics, neuromuscular efficiency, awkward shooting positions, breath control, and proprioception for tactical performance.
13. Decide when and how to use and adapt YFFR techniques for optimal value.
14. Understand how to implement YFFR as a consistent training tool personally or for your department.

Officers should wear clothing that they would normally wear during defensive tactics training, as there will be practical applications to the classroom instructions. This will take place on defensive tactics mats. Watch the attached videos for further:

Instructor: Cheryl Mabry is a 500-hr Certified Yoga teacher, and has been a life-long fitness practitioner and teacher, with a primary focus on Corporate Yoga since 2003. Cheryl's teachings are rooted in safe, effective techniques that honor mental and physical strength with self-awareness.

After spending years in gymnastics, powerlifting, cycling and strength training, and enduring a life threatening spinal injury...then surgery, Cheryl credits her resiliency to her Yoga practice and mindset training. Her deep desire to help those in the First Responder community began with her father, a Vietnam Veteran, and other extended family members that serve in local communities. After learning about Yoga For First Responders (YFFR) in August of 2018 from a recent Chicago Police Department (CPD) Academy grad, Cheryl began to research and follow YFFR. She completed her Instructor School Class 009 with YFFR in Seattle in 2019. She is currently serving as Fundraising Coordinator with YFFR and has been an active Instructor and speaker for YFFR since certifying. She recently was a Squad Leader for YFFR at Instructor School Class 014 at CPD and spoke at the ILEETA conference back in March of 2021. Cheryl engages in the YFFR Community weekly, and looks to future opportunities to learn and lead. Cheryl resides near Chicago, IL, and is deeply committed to sharing the benefits of the YFFR Protocol.

BUILDING A BETTER POLICE REPORT

Lockport Police Department
1212 South Farrell Rd., Lockport, IL. 60441
Wednesday; March 12, 2025
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Const. Use of LE Authority 0.5 Hour
- Procedural Justice 3.0 Hours
- Psychology of Domestic Violence 2.0 Hours
- Use of Force (General) 1.0 Hour
- Lead Homicide Investigator 8.0 Hours

Course Description:

This 8-hour course will focus on enhancing an officer's report writing skills so that he or she may better submit clear, accurate, concise, and detailed primary case reports. Emphasis will be placed on detailing probable cause for an arrest, better providing investigators with essentials in primary reports so that follow-up may become more efficient and enhancing case building in a way that will aid prosecutorial success. The course will examine some of the top failure points of poorly written reports as seen by shift supervisors, and then provide a blueprint to organization to better build reports for the future. Added emphasis will be placed on the additional care and challenges presented when preparing initial reports for Domestic Violence, Criminal Sexual Assault, and when an officer has had to apply physical force in the field. This course is geared to both newer patrol officers who may be developing report writing experience, as well as those veteran officers who might benefit from enhancing their report writing skills. Learning will be done through both lecture and a practical writing lab. Students are encouraged to bring a laptop computer with Microsoft Word installed.

Topics to be discussed:

- Developing a winning mindset for proper report writing- Why it is THAT important!
- Top areas of report failure and how to correct them before you commit them
- Eliminating the "Cliffhangers" and communicating to your overall audience (cops, courts, lawyers, and social services)
- Implementing a fool-proof "Blueprint" for organizing any report, every time
- Making the link from describing events to establishing why actions were taken
- Strategy for reviewing reports prior to submitting them
- Challenges in preparing a primary Domestic Violence Report
- Challenges in preparing a primary Sexual Assault Report
- Documenting your use of force within your report

• Reporting Child Abuse and Neglect	0.5 Hour
• Specialized:	
○ Lead Homicide Investigator	40.0 Hours

Course Description:

This training features interactive lectures and discussions of actual case histories, videos, and laws specific to homicide investigations. This comprehensive seminar provides instruction in conducting investigations and prosecuting death cases from the start of the investigation, through evidence collection, press conferences, trial testimony, and ultimately conviction.

This class uses a combination of actual homicide case studies, so participants work through a case from the beginning, through case closure. **The training provides participants the techniques and structure to *lead* a professional and lawful investigation.**

"Effective 01-01-2012, under 50 ILCS 705/10.11, only law enforcement officers who successfully complete the Board certified 40-hour Lead Homicide Investigator training program may be assigned as lead investigators in homicide investigations." This course fulfills the requirements.

Instructor: Lou Tessmann, CFI retired from the Waukegan (Illinois) Police Department after 23 years of service in a wide variety of assignments, including patrol, investigations, training, and ultimately Deputy Chief of Police. Lou is a 26-year veteran of the United States Marine Corps, retiring as a CWO-4. In addition to his service in Vietnam he was activated for Desert Storm and Desert Shield and has received numerous military awards including the Naval Commendation Medal. Lou began his career as a police officer with the City of Waukegan assigned to the patrol division. He was later assigned to the detective bureau for nine years and as a juvenile officer for one year. Lou also served as the Commander of the elite Lake County Major Crime Task Force. The task force works on major criminal investigations relating to homicides, kidnappings, and police-involved shootings. During his career, he has conducted thousands of interviews and interrogations. Most noteworthy, Lou has obtained over 80 homicide confessions during his career with only three instances where he was unable to obtain a confession from the homicide suspect. **(Continued)**

Jeffrey J. Pavletic is a subject matter expert and an award-winning trial attorney who has built a reputation of integrity and exceptional skill in the courtroom. As a prosecutor over the past three decades, he has tried countless cases to victory (including approximately 175 jury trials with a concentration in homicide and violent crime). In addition to trying some of the highest profile and complex cases that have occurred in the history of Northern Illinois, Jeff was Chief of the Felony Review Division, and was the First Assistant State's Attorney for the Lake County (Illinois State's Attorney's Office).

NHTSA - Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)

Lockport Police Department
1212 S. Farrell Rd., Lockport, IL. 60441
Wednesday & Thursday; March 19 & 20, 2025
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 10.0 Hours
- Const. Use of L.E. Authority 2.0 Hours
- Legal Updates 4.0 Hours
- Specialized
 - Advanced Roadside Impaired Driving Enforcement (ARIDE) 16.0 Hours

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training, he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.
