TRI-RIVER POLICE TRAINING REGION FY2017 ANNUAL REPORT

Fiscal Year 2017 was a very unusual year due to the State mandated training requirements kicking in for Departments. In order to assist our members in meeting these requirements, we have begun to have their in-house training certified for mandate coverage and we enter it into the LETM database to provide certificates. This has resulted in around an additional 162 classes. As of June 2017, 14 Departments were utilizing a monthly on-line computer based training program which must be certified monthly and I expect the number of Departments using this training to expand in the future. Each Departments online monthly training is entered into LETM as an individual class which has resulted in a significant increase of data entry on the part of our Administrative Assistant. I anticipate this along with additional in-service classes certified to cover mandates will greatly increase and will cause additional data entry work on our part.

In FY2017 we hosted 306 classes that totaled 2,642 hours of training. A total of 8,593 (234% increase from FY16) personnel were trained which amounted to 54,088 total man hours (74% increase from FY16) of training. There was a good report on overall training compared to the situation the state payments presented us with. Upon an analysis of these figures, we show an offering of more multiple day courses instead of one-day courses to keep the training cost for overtime down for our members and to offer more 'quality' courses instead of courses just to increase our overall numbers. Also in FY2017 the Joliet Police Department and the Will County Sheriff have continued to incorporate their in-service training through our organization and we also brought this service to other members namely the Grundy County Sheriff's Office. This procedure added additional courses and man trained hours to our totals for this fiscal year with only requiring a small input of additional manpower on our part and giving Departments the opportunity to take advantage of the many services we can provide to them.

The Tri-River Advisory Board has been actively involved in the management of the MTU. The Advisory Board meets monthly, to ensure that necessary high-quality training is provided to our member agencies. We have received excellent support from our member Departments, especially in providing facilities to hold our classes. The majority of our classes are conducted in facilities controlled or contracted through our members which has kept our rental cost down to \$2,800 for the fiscal year. We thank all of those who have supported our training efforts.

Our FY2017 audit was completed in August of 2017 by the accounting firm of Wermer, Rogers, Doran & Ruzon LLC. The Illinois Law Enforcement Training and Standards Board, (ILETSB) allowed MTU's to contract with their choice of accounting firms for this audit as long as they met the standards to comply with handling governmental agency audit. This firm is from the local area, Joliet, and has completed numerous governmental audits at the county and local governmental level. They supplied representatives on site for approximately three days to complete a thorough audit of our operation for FY17. A copy of their final report is available upon request.

In Fiscal Year 2017, we continued to incorporate internet based software into our daily activities. This included incorporating standard forms into an Adobe base format for fill in the blank use by our members. We have further moved along with the use of our training data base along with using email as the primary form of contact and announcements of our courses. We upgraded our web site to accept registration requests as well.

On October 19, 2016, we were informed by the IROCC office that our services for this program will no longer be needed. The entire program of scheduling and contracting the range officers, were taken over by the IROCC office in Springfield. This concluded our assistance with this program which started in November 2006, and resulted in our office handling 27,254 qualification shoots for retired officers.

At the conclusion of FY17, Tri-River had a balance (reserve) of excess Local Funds, from unused local dues, in the amount of \$22,960 which was collected for FY2017 above our hard match requirement. Any excess funds will be held as a contingency fund, reserved for any future emergency expenses or training need.

In FY2017 we had another full year of assisting the Training Board in processing payments of training vouchers for the Chicago Police Department after we received Training Board approval. The Training Board would issue us the funds for Chicago's In-Service Training Grant and we would then pay their training related bills once approval was received from the Board and the Chicago Police Department. A total of \$400,000 was received for this fund and all but \$64,948.19 (which includes a FY16 carryover of \$73,742.80), \$408,794.61 was distributed during FY 2017 for this program.

The CPD's CIT funds of \$130,360 from FY15 were turned over to the Training Board and we will administer these funds per an agreement signed with the ILETSB. During FY17, \$226.50 was gained in interest and \$6,443.52 was disturbed leaving a balance of \$103,493.66 in this fund.

In Fiscal Year 2017, we had over \$146,187.41 in grant sponsored courses, which is an increase of \$15,653.83 (includes 1-time equipment grant and audit reimbursement) from FY16 even with the cutbacks in Homeland Security Funds. We greatly increased our CIT grant funding and reached out for additional funds for ARIDE and the IDOT Grant.

We foresee no need to increase our present membership dues rate which has been in effect for around six years.

On behalf of the Tri-River Staff and myself, it is a privilege to serve the Chiefs, Sheriffs, Police Officers of the Tri-River Police Training Region, MTU# 16, and the Illinois Law Enforcement Training and Standards Board during Fiscal Year 2017 and we look forward to having another new and exciting year in Fiscal Year 2018.
