23748 W. 135th St., Plainfield, IL. 60544

Tuesday; April 15, 2025

8:00 am till 4:00 pm

NEW

This course complies with the guidelines of the following mandate(s):

- Crisis Intervention 0.50 Hours
- De-escalation Techniques 7.00 Hours (1.00 Hour Scenario Based)

Course Description:

Members of the law enforcement profession have come under intense pressure in recent years to prioritize efforts at employing de-escalation techniques in force encounters. Fundamentals of Realistic De-Escalation is a one-day course describing the often-challenging expectations placed on law enforcement officers that they gain compliance without using physical force. Oftentimes, not using physical force at all may not be realistic or safe. The legitimate goal of de-escalation tactics is to resolve problems with minimal use of force.

This course presents concepts and methods to support de-escalation efforts when personal connections can be made. Participants will be provided with knowledge to apply in real-world situations. This includes learning ways to address the needs of people in a state of a mental health crisis, or those whose perception of reality is altered. Worst-case scenarios in these types of situations can end with harm to the officer, bystanders or the subject, and scenarios such as suicide by cop further complicate the picture for responding officers.

Topics include:

- Articulate what “de-escalation” actually means, what its objectives are and in what situations they can and cannot consider it.
- Discuss the tactical principles of de-escalation, risk assessment and decision-making.
- Quickly evaluate an interaction to determine whether de-escalation is reasonable to consider, tactically practical and likely to be successful.
- Apply concepts from the Force Science approach, such as the “Response-ability Zone” and the “7 Ts De-Escalation Evaluation Model” to evaluate tactics that are needed or likely to be successful in supporting a de-escalation process.
- Make better connections, establish rapport and use effective principles of persuasion when dealing with difficult subjects, including those who are mentally ill, through the application of the “Behavior Influence Stairway Model.”
- Enhance de-escalation efforts by strategically combining human performance research findings, observations of subject behavior and psychological tactics for negotiation and influence.
- Apply the “Thought/Emotion Behavior” (TEB) Matrix to quickly recognize whether a subject is in “conflict,” “crisis” or has “contaminated” thinking, and therefore which strategies of persuasion are most likely to be effective. **(CONTINUED)**

- Better ensure that officers' approach and control strategies maximize their response options while minimizing the potential for unnecessary emotional or physical escalation.
- Balance the desirability of trying to resolve a conflict peacefully with the need to maintain officer and public safety.
- Recognize and list common barriers to effective communication that officers often use unintentionally, promoting better practices such as active listening.
- Discuss how professional de-escalation techniques embrace the concepts of "fair and impartial" and "rightful policing" principles.
- Assist investigators and other personnel reviewing uses of force to recognize the pivotal behavioral and situational factors that must go into an assessment of whether de-escalation efforts might have been feasible or potentially effective.
- Help community members and media outlets better understand what realistic de-escalation entails and the challenges that subjects may present that can inhibit, if not prohibit, an officer's ability to safely de-escalate.

| ○ School Resource Officer (SRO) Pre-Qualified | |
| ▪ Juvenile Law | 10.0 Hours |
| ▪ Officer & Youth Interaction | 16.0 Hours |

PURPOSE OF COURSE: This four-day, 32-hour program has been designed by expert practitioners from the fields of juvenile law, social work, and law enforcement to assist recently assigned juvenile officers in the legal, moral, and social issues that they will encounter in their positions as juvenile specialists. Public Act 88-7 requires "Juvenile Officers" to complete a course as prescribed by the Board. This course meets that requirement.

**** Students **MUST** bring a laptop or tablet that can utilize a thumb drive; paper copies of the materials will not be provided. ****

COURSE OVERVIEW: The focus of this course is primarily to provide police officers with the skills, knowledge, and abilities needed to perform their duties as juvenile officers. In this unique role, juvenile officers not only enforce laws, but also respond compassionately and effectively to family problems. They serve as protectors of society by investigating criminal acts for findings of delinquency and as supporters of youths by helping them to grow out of adolescence without experiencing the stigma of police involvement.

Specific topics to be addressed in this program include the following:

- The role and responsibility of the Juvenile Officer
- Gaining perspectives on the assignment
- Child development
- Child psychology
- Communicating with adolescents and parents
- Adolescents and electronic influences
- Intervention and prevention strategies
- Article I of the Juvenile Court Act: General provisions
- Article II of the Juvenile Court Act: Abused, neglected, and dependent minors
- Article III of the Juvenile Court Act: Minors requiring authoritative intervention (**CONTINUED**)

[Back to Index](#)

- Article IV of the Juvenile Court Act: Addicted Minors
- Article V of the Juvenile Court Act: Delinquent minors
- Psychodynamics of child abuse
- The role of law enforcement and social services
- Protective custody
- Investigative techniques
- Preparing child abuse cases for court
- Sexual abuse and sexual exploitation investigations

COURSE GOALS: The goals of this course are to make officers particularly aware of the demographics of the burgeoning youth population, which is becoming increasingly more vulnerable to gang recruitment, violent crime, sexual exploitation, alcohol, and drug abuse, and carrying weapons. Officers will become uniquely aware of these problems and the needs facing the children, adolescents, young adults, and parents that they will be serving in their capacity as juvenile officers. Throughout the program, participation in supportive networks such as Juvenile Officer Associations, Gang Task Forces, and high school liaison programs will be discussed and encouraged.

Yoga for First Responders

Plainfield Police Department
14300 Coil Plus Dr., Plainfield, IL. 60544
Thursday; May 8, 2025
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Officer Wellness/Mental Health 8.0 Hours

Course Description: This course uses tactical breath work, physical drills, and cognitive behavioral therapy resulting in optimal functioning of the entire psychophysiological system. This includes increasing mental toughness, enhancing tactical skills, preventing injury, self-deescalation, regulating the nervous system and more. The result of consistent training in YFFR Protocol will not only lead to better performance and stress management but an increase in mindful responses versus emotional reactions with interpersonal communication.

This course will introduce the trainee to the basic concepts of yoga, mindfulness, and resilience, functions of the brain and nervous system, as well as the principles of the YFFR Protocol that make it job-specific and culturally informed. Attendees will learn techniques to use right away along with resources to continue their training.

Course Objectives:

1. Explain yoga, its original intent, and address misconceptions.
2. Formulate the steps needed to practice mindfulness.
3. Outline the 3 Principles of Resilience Training.
4. Assess how a career in Law Enforcement can affect the mind, body, and nervous system.
5. Categorize the basic functions of the nervous system and stress response.
6. Conclude the missing skill set in Law Enforcement training.
7. Illustrate how yoga can train the Law Enforcement Officer to perform at his/her highest level of functioning for tactical performance and career longevity.
8. Compare how the YFFR Protocol differs from community yoga in western cultures.
9. Deduce how YFFR can be added into current Law Enforcement Training Standards.
10. Learn and practice the foundational techniques of YFFR protocol.
11. Distinguish which basic YFFR techniques can train the entire system to process stress effectively, build resilience actively, and enhance performance tactically.
12. Adopt YFFR techniques for improving body mechanics, neuromuscular efficiency, awkward shooting positions, breath control, and proprioception for tactical performance.
13. Decide when and how to use and adapt YFFR techniques for optimal value.
14. Understand how to implement YFFR as a consistent training tool personally or for your department.

Officers should wear clothing that they would normally wear during defensive tactics training, as there will be practical applications to the classroom instructions. This will take place on defensive tactics mats. Watch the attached videos for further:

Instructor: Cheryl Mabry is a 500-hr Certified Yoga teacher, and has been a life-long fitness practitioner and teacher, with a primary focus on Corporate Yoga since 2003. Cheryl's teachings are rooted in safe, effective techniques that honor mental and physical strength with self-awareness.

After spending years in gymnastics, powerlifting, cycling and strength training, and enduring a life threatening spinal injury...then surgery, Cheryl credits her resiliency to her Yoga practice and mindset training. Her deep desire to help those in the First Responder community began with her father, a Vietnam Veteran, and other extended family members that serve in local communities. After learning about Yoga For First Responders (YFFR) in August of 2018 from a recent Chicago Police Department (CPD) Academy grad, Cheryl began to research and follow YFFR. She completed her Instructor School Class 009 with YFFR in Seattle in 2019. She is currently serving as Fundraising Coordinator with YFFR and has been an active Instructor and speaker for YFFR since certifying. She recently was a Squad Leader for YFFR at Instructor School Class 014 at CPD and spoke at the ILEETA conference back in March of 2021. Cheryl engages in the YFFR Community weekly, and looks to future opportunities to learn and lead. Cheryl resides near Chicago, IL, and is deeply committed to sharing the benefits of the YFFR Protocol.

Fundamentals of Realistic De-Escalation (FSI) – 8 Hour

Kankakee County Sheriff's Office

3000 S. Justice Way, Kankakee, IL. 60901

Monday; May 12, 2025

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Crisis Intervention 0.50 Hours
- De-escalation Techniques 7.00 Hours (1.00 Hour Scenario Based)

Course Description:

Members of the law enforcement profession have come under intense pressure in recent years to prioritize efforts at employing de-escalation techniques in force encounters. Fundamentals of Realistic De-Escalation is a one-day course describing the often-challenging expectations placed on law enforcement officers that they gain compliance without using physical force. Oftentimes, not using physical force at all may not be realistic or safe. The legitimate goal of de-escalation tactics is to resolve problems with minimal use of force.

This course presents concepts and methods to support de-escalation efforts when personal connections can be made. Participants will be provided with knowledge to apply in real-world situations. This includes learning ways to address the needs of people in a state of a mental health crisis, or those whose perception of reality is altered. Worst-case scenarios in these types of situations can end with harm to the officer, bystanders or the subject, and scenarios such as suicide by cop further complicate the picture for responding officers.

Topics include:

- Articulate what "de-escalation" actually means, what its objectives are and in what situations they can and cannot consider it.
- Discuss the tactical principles of de-escalation, risk assessment and decision-making.
- Quickly evaluate an interaction to determine whether de-escalation is reasonable to consider, tactically practical and likely to be successful.
- Apply concepts from the Force Science approach, such as the "Response-ability Zone" and the "7 Ts De-Escalation Evaluation Model" to evaluate tactics that are needed or likely to be successful in supporting a de-escalation process.
- Make better connections, establish rapport and use effective principles of persuasion when dealing with difficult subjects, including those who are mentally ill, through the application of the "Behavior Influence Stairway Model."
- Enhance de-escalation efforts by strategically combining human performance research findings, observations of subject behavior and psychological tactics for negotiation and influence.
- Apply the "Thought/Emotion Behavior" (TEB) Matrix to quickly recognize whether a subject is in "conflict," "crisis" or has "contaminated" thinking, and therefore which strategies of persuasion are most likely to be effective. **(CONTINUED)**

- Better ensure that officers' approach and control strategies maximize their response options while minimizing the potential for unnecessary emotional or physical escalation.
- Balance the desirability of trying to resolve a conflict peacefully with the need to maintain officer and public safety.
- Recognize and list common barriers to effective communication that officers often use unintentionally, promoting better practices such as active listening.
- Discuss how professional de-escalation techniques embrace the concepts of "fair and impartial" and "rightful policing" principles.
- Assist investigators and other personnel reviewing uses of force to recognize the pivotal behavioral and situational factors that must go into an assessment of whether de-escalation efforts might have been feasible or potentially effective.
- Help community members and media outlets better understand what realistic de-escalation entails and the challenges that subjects may present that can inhibit, if not prohibit, an officer's ability to safely de-escalate.

This course complies with the guidelines of the following mandate(s):

- Crisis Intervention 3.5 Hours
- Procedural Justice 2.0 Hours
- De-escalation Techniques 1.5 Hours (1.5 Hours Scenario-Based)

Course Description: Mental Health First Aid (MHFA) for Adults is an evidence-based program designed to teach police officers and first responders how to identify, understand, and respond to signs of mental health challenges or crises in adults. This 8-hour course provides officers with practical tools to assist individuals in need, de-escalate potentially volatile situations, and support overall community well-being. By enhancing mental health literacy and crisis response capabilities, this training promotes safer, more informed interactions between law enforcement and the communities they serve. MHFA equips individuals with the skills to recognize and respond to signs of mental health challenges or crises, such as anxiety, depression, substance use, or suicidal ideation.

Topics include:

- Understanding mental health and substance use disorders.
- Recognizing risk factors and warning signs of mental health issues.
- The impact of mental health on law enforcement interactions.
- Overview of the Mental Health First Aid Action Plan (ALGEE):
 - **A**ssess for risk of suicide or harm.
 - **L**isten non-judgmentally.
 - **G**ive reassurance and information.
 - **E**ncourage professional help.
 - **E**ncourage self-help strategies.
- Crisis response strategies, including de-escalation techniques.
- Connecting individuals to community resources and professional services.

Goals of the MHFA Class:

- Equip officers with the tools to identify and respond effectively to mental health challenges.
- Reduce stigma surrounding mental health within law enforcement and the community.
- Promote officer and public safety by fostering understanding and compassion.
- Strengthen community trust through informed, empathetic interactions.
- Understanding Mental Health: Basic information on mental health disorders, risk factors, and prevalence.
- Crisis and Non-Crisis Response: Training on handling crises (e.g., panic attacks, suicidal thoughts) and supporting ongoing mental health management.

~~Small Unmanned Aircraft Systems (Drones) in Law~~

FULL Enforcement FULL

JJC, Weitendorf Agricultural Education Center

17840 W. Laraway Rd., Joliet, IL 60433

Monday-Thursday, May 19-22, 2025

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 1.0 Hour
- Const. Use of LE Authority 4.0 Hours
- Legal Updates 1.0 Hour
- Procedural Justice 1.0 Hour
- Officer safety techniques 1.0 Hour

Course Description: This training will introduce officers to the use of Small Unmanned Aircraft Systems (sUAS), commonly called "drones", for both evidence collection and search operations. The course will cover all aspects of UAS operations, including preparations for the mandatory FAA Part 107 licensing. It will include information on the necessary waiver to fly in populated areas and night operation of drones. Hands-on experience with full-sized drones will give officers the confidence and ability to operate in a safe manner. Evidence collections in both photo and video format will be addressed, as well as the legal aspects of how to handle and store this information, as it differs from standard photo/video collection rules.

Finally, the Freedom from Drone Surveillance Act, ILCS 725/167 will be discussed to provide officers and their departments with a clear understanding about operating drones within the confines of the law, including the mandate to inform the State about maintenance and flight operations. Upon completion of this course, attendees will possess the knowledge to successfully take and pass their Part 107 FAA pilot's exam to become a licensed pilot. They will also be able to assist in creating proper departmental policies and procedures for operating drones.

Course Objectives: Identify the following: All state and federal laws pertaining to Small Unmanned Aircraft Systems (sUAS); different types of airspace; weather and weather-related conditions including cloud formations, types of fog, and wind conditions and how they play a role in the flight of a sUAS; loading and performance factors; airport and airfield standards, including left traffic patterns, METARS, TAFs, sectional charts, longitude and latitude; crew resource management, including types of attitudes, visual observers, Remote Pic, and the effects of drugs and alcohol; radio communication including 2.4 and 5 GHz, AWOS, ASOS, licensed frequencies, and CTAF; Emergency, Lost-Link, and Flyaway procedures; launch and recovery; and Plan B and C.

✓ Perform the procedures for: Vertical takeoff and landing, basic flight maneuvers, recording video, taking still images, autonomous flights, pre-flight and maintenance, equipment replacement, record keeping, pre-and post-flight inspection, and logbook maintenance.

✓ Gain the necessary knowledge and skills to test for and earn the FAA certification for sUAS Operator.

✓ Understand the Freedom from Drone Surveillance Act. **(CONTINUED)**

Instructor: Chris Edwards, Associate Professor at Rend Lake College, the primary instructor for this class, holds an AAS degree in Information Technology from Rend Lake College, a Bachelor's Degree in Information Technology from Southern Illinois University Carbondale, and a Master's Degree in Cybersecurity from Liberty University. He is licensed as a Remote Pilot by the FAA. Chris teaches in the Information Technology Division at Rend Lake, with an emphasis on Cybersecurity and Computer Forensics. He has developed the sUAS curriculum for the college. Chris has taught a related series of courses for over three years and has added several other courses to the curriculum.

| ○ Officer & Youth Interaction | 3.0 Hours |

Course Description: This course goes more in depth than the offered 8-hour course, with added discussion and exercises. It is designed to provide law enforcement officers with a comprehensive overview on various crimes against children involving child abuse. Each topic will be discussed in a way that professionals working child abuse can recognize and distinguish various offenses involving children, appreciate their unique characteristics, dispel common myths and outdated practices, discern how injuries may or may not present, understand the complexities involved and learn how to overcome the challenges these cases present. This session will also provide guidance with responses to these specific calls while acknowledging the unique characteristics and discuss how to work with an MDT (Multidisciplinary Team) for the best outcome. The importance of an adequate investigation will be highlighted on cases where victims are unable to tell their story. The focus will include real case scenarios of incident investigation, suspect interviews, child interviews, non-offending caretaker/witness interviews, crime scene evaluation and creation of timelines. The most common forms of physical abuse will be discussed, which will include bruises, burns, fractures and abusive head trauma as well as child death investigations.

Course Goals:

- Officers can recognize and distinguish offenses of child maltreatment
- Officers can appreciate how responses may appear and the unique characteristics of crimes against children, including challenges and barriers specific to child victims
- Officers will learn about Adverse Childhood Experiences, trauma informed responses and understand how these responses are related to epigenetics and long-term outcomes including intergenerational trauma responses
- Dispel common myths and outdated practices with physical abuse
- Recognize the importance of trauma informed and victim centered responses
- Discern how injuries may or may not be present
- Understand the complexities involved with evidence in physical abuse and death investigations
- Appreciate the unique judicial processes involved with crimes against children, which includes criminal court, juvenile court, family court and DCFS hearings
- Discuss the involvement of a child forensic interview, a children's advocacy center and child abuse specialists
- Learn how to overcome challenges these types of crimes present

(CONTINUED)

- Demonstrate how to identify and utilize the evidence to interpret who and what caused a child's injuries and/or death.
- Explore the necessary MDT investigative process needed to determine mechanisms behind serious abusive injuries and death investigations
- Apply medical aspects of child maltreatment to a comprehensive MDT investigation of child abuse and/or death

Instructor: Jennifer Hillgoth has been in law enforcement for 20 years and has been a detective for approx. 9 years. Jen has conducted hundreds of investigations involving crimes against children and is also a child forensic interviewer, which has afforded her the ability to conduct numerous child forensic interviews on both child victims and witnesses. Jen has provided expert witness testimony in child abuse, she is an active member on the Illinois Child Death Review Team, the Child Protection Team at Central DuPage Hospital, the Community Advisory Board with Lurie Children's Hospital in Chicago and the Family Violence Coordinating Council. Course Description: This course, which is nationally certified through the International Police Mountain Bike Association (IPMBA), has been developed for officers and First Line Supervisors and focuses on the use of the bicycle as a patrol vehicle. Participants will spend approximately half of each day riding their bikes and negotiating obstacles. Students will learn to safely handle their bikes while in traffic and how to use the bicycle when making traffic stops, citizen contacts, and suspect contacts. They will also learn how to safely handle bicycles in pursuit situations.

The course includes:

- Bicycle, uniform, accessory, and clothing selections
- Basic physical fitness and injury avoidance
- Critical situation riding techniques
- Basic maintenance, tire changing, brake and gear adjustment, lubrication
- Pre-ride safety inspections
- Traffic strategies and approaches to calls
- Negotiation of basic obstacles
- Patrolling, vehicle stops, suspect stops
- Pursuits and takedowns

Continued next page:

- **Night patrol (evening class will be Thursday, May 29th)**

In an effort to allow equal training opportunities, all "Member" Officers who have not taken this course will receive priority over those who have, unless their department requests an exception.

Course Description: With rising insurance, repair, and medical costs, reducing or preventing law enforcement accidents is crucial for officer safety, and that of the public they protect. The professional instructors at Autobahn have developed an extensive one day driving program that covers skills training typically found in a multiple day program.

In the classroom, officers will learn the following concepts of driving safety:

- How cars react under emergency environments
- The basics of car control
- Common mistakes of other drivers on the road
- How to avoid accidents in the first place
- Controlling adrenaline
- Maintaining a high level of awareness
- Minimizing the effects of distractions

Throughout the rest of the day, officers will be placed in common emergency situations in a controlled, safe environment designed to replicate common emergency scenarios.

These drills will cover:

- Braking in low traction conditions (rain, snow, etc.)
- Emergency lane change techniques
- Vehicle dynamics training
- Skid control recovery

❖ *To facilitate this one-day program, breakfast and lunch are provided on site.*

Requirements:

- **At least one department squad car, SUV, or Pick-up truck is required for every two officers (from the same department) and will be used in the training.**
- In order to maximize training, class size is limited to 12 officers.

This course complies with the guidelines of the following mandate(s):

- Cultural Competency 3.0 Hours
- Officer wellness/mental health 1.0 Hour
- Procedural Justice 3.0 Hours

Course Description: This new 40-hour curriculum has been designed to provide new instructors with the skills needed to become dynamic, effective trainers. In this highly interactive and participatory program, students will be introduced to a multitude of techniques that can be used successfully within traditional law enforcement environments and applications, including the classroom, field operations, simulated scenes, scenarios, and assessment training. This course focuses on techniques of instruction that address different adult learning styles and will provide a comprehensive overview of different classroom management principles. Participants will complete numerous practical exercises in public speaking, demonstrative instruction, and lesson plan preparation. Class will culminate in each participant providing a block of instruction on a law enforcement-related topic of their choosing. Attendees will be encouraged in the development of their instructional skills through immediate, supportive feedback from instructors as well as their fellow classmates.

Topics to be addressed include:

- How to instruct to all adult learning styles
- Time management of a training program or unit of instruction
- Organization and lesson plan preparation
- Writing course objectives
- Different types of class participation
- How to construct exam questions
- Classroom media, including PowerPoint, and Poll Everywhere

NEW COURSE

This course complies with the guidelines of the following mandate(s):

- Const. Use of LE Authority 1.5 Hours
- Procedural Justice 5.0 Hours
- Lead Homicide Investigator 8.0 Hours

**** The target audience for this course is upper-level command personnel, or Public Information Officers. ****

Course Description:

This program is tailored specifically to meet the unique media relations needs of law enforcement agencies. While meeting those LE needs is *always* the principal focus, this class is presented from the instructor's media perspective as an award-winning, veteran broadcast journalist who has 30 years of experience as a major-market TV and radio news anchorman and reporter. From that foundation, the primary goal is to give participants in-depth insights into working with mainstream news media, by sharing the *inside story* on what reporters do and why they do it, so you can own your full half of a *mutually effective* relationship with them.

This course is designed to give students instruction on a broad spectrum of situations, detailing strategies and tactics that must be understood and applied if LE professionals are to engage in successful media (and public!) relations. You will learn *real-world, real-life, practical* skills and techniques that will dramatically increase your abilities to deal with reporters under numerous circumstances, from the most routine day-to-day inquiries to an ugly situation to a major critical incident. Some 3 dozen videos highlight the best and worst of law enforcement - media relations, making this class not only instructive, but highly entertaining as well. Student questions and comments are always welcome and encouraged.

Topics To Be Discussed:

- The Rules of Engagement
- The Public Information Standard Operating Procedure
- Feeding The Animals
- Media Relations "Do's and Don'ts"
- Interviews
- News Releases
- News Conferences
- The Ugly News Situation
- The Big One

Brill Law Enforcement Action in Democracy (LEAD) – 4 Hour

Plainfield Police Department

14300 Coil Plus Dr., Plainfield, IL. 60544

Wednesday; June 11, 2025

8:00 am till 12:00 pm (4 hours)

This course complies with the guidelines of the following mandate(s):

- Cultural Competency 1.0 Hour
- Human Rights 2.0 Hours
- Procedural Justice 1.0 Hour

Course Description: This dynamic 4-hour program has been designed to provide law enforcement officers with a compelling historical analysis of the Holocaust that serves as a framework for further exploration of the ways in which abuses of authority evolve over time and how the rights of individuals must be balanced with the need for societal protection. The Law Enforcement Democracy Initiative is a proven program that impacts how police officers consider empathy, ethics, and morals in their decision-making process.

Participants will examine how changes in government policy and law shifted traditional functions of policing in German society to the implementation of human rights abuses and genocidal programs represented as national security and defense priorities. They will consider the effects these incremental policy shifts had on societal, occupational, and personal life, as well as the decision making of individual police officers during the Nazi era. Through examination of historical and contemporary case studies, students will consider the following issues:

- Moral and ethical decision-making
- Explore issues of racism, bias, and violence through exploration of contemporary case studies
- Discuss the dangers of silence and indifference
- Challenges inherent to the law enforcement profession
- Responsibilities officers have to society and each other
- Stereotyping and the abuse of authority
- Empathizing and connecting with individuals
- Current Hate Crime legislation, reporting considerations, and review of high-profile hate crimes

Class will conclude with a Holocaust survivor's eyewitness recounting of events as they happened during the Nazi era.

Instructors:

Dr. Susan Woollen: I worked in higher education for over 30 years, and I retired from the Department of Criminal Justice Sciences (CJS) at Illinois State University in 2019. I was an administrator in CJS and co-taught a study abroad course on genocide using the Holocaust as a case study. I also taught classes in the College of Education at ISU. My early research focused on equity in education and women's leadership in higher education. Currently, a former colleague and I are conducting research that applies a criminological theory to explain the causes of genocide and how to prevent future cases. I have co-presented results of this research to the American Society of Criminology, as well as to the United Nations Office on Drugs and Crime. I am also actively involved with the Illinois Holocaust Museum and Education Center as a docent, facilitator, and member of the Second-Generation Speakers' Bureau (my mother was a survivor of the atomic bomb that was deployed over Nagasaki, and I present her pre-war, war, and post-war experiences to community members).

Jacqueline L. Schneider is Professor and former Chair in the Department of Criminal Justice Sciences at Illinois State University, Normal, IL. She received her undergraduate degrees in law enforcement and in criminal justice from the University of Cincinnati. She received her Master's in Public Administration from The Ohio State University and then returned to the University of Cincinnati on scholarship to work on her doctorate in Sociology, which she received in 1995. She's taught and conducted research in the US and in England where her work on stolen goods markets has been put forward as best practice in and has attracted interest from policymakers in various countries. In addition to her many grants, she was the first recipient of the Home Office's Innovative Research Challenge Grant (UK) and she received an outstanding teaching award in the United States. Her published works include numerous academic papers and chapters in books. Her book, *Sold into Extinction* received the Distinguished Book Award, 2012 from the American Society of Criminology's Division of International Criminology. Her current research area pertains to the role criminal justice organizations played in the Holocaust and other genocides. Previous research topics included stolen goods markets, and the illegal trade in endangered flora and fauna.

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Legal Updates 3.5 Hours
- Procedural Justice 2.0 Hours

Course Description: This is a one day 8-hour class being provided by the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. The class will provide hands on education for recognizing the different types of high/low explosives and their requirements at both the State of Illinois level, as well as the BATFE (Federal) level. In addition to general explosive recognition, the specifics and differences of consumer fireworks (1.4) vs. professional grade fireworks (1.3G) and the laws that pertain to them will be discussed in great detail.

This class is being provided by the IDNR to help educate law enforcement and to provide direct assistance, on scene, when dealing with explosive situations. The IDNR regulates / investigates high and low explosives including 1.1, 1.2, 1.3, and 1.5. Too many times law enforcement does not have the education to know how to identify an explosive and/or if a bomb squad needs to be called. Bomb Squads, Explosives Breaching SWAT Teams, and BOMB Dog Handlers already possess the IL Individual Explosives License. The IDNR must be notified immediately upon any recovery of a regulated explosive and/or device to pursue the information necessary for enforcement.

If the Officer and their respective department so desire; after completing the class and passing the exam they can receive an IL IDNR Individual Explosives License, to be used in association with their law enforcement duties. A random monthly bank of test questions will be administered at the end of the class which will consist of 50 questions that will be multiple choice and/or True-False. Each officer receiving the license will fill out an application and must pass the test with an 80% or higher. Officers who do not pass the test will be provided an opportunity to retest in the near future.

- **Licensing is recommended but not required to attend.**

There are eight chapters covered in the presentation and each officer will be provided a packet of information from the IDNR consisting of a copy of the IL Explosives Act, the Admin Codes that Apply to the Act, a general explosives safety packet, a packet for note taking as the presentation is given, and a small 4-page packet for officers to keep available as a quick reference guide for explosive identification purposes, while on duty.

Continued on next page:

[Back to Index](#)

Key topical areas to be addressed include the following:

- Illinois Explosives Act
- Explosive Storage Requirements-Law Enforcement and Non-Law Enforcement
- Explosives Safety/Recognition/Handling (m-devices, homemade sticks, etc.)
- Fireworks- 1.3G low explosives (professional fireworks) vs 1.4 low explosives
- Enforcement of 1.3G vs. 1.4 and their requirements

Instructor:

The instructor for this class is Nick Sterling who currently is a Specialist/Inspector/Investigator for the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. Mr. Sterling's current territory includes Cook, Lake, McHenry, DuPage, Kane, Kendall, Grundy, and Will Counties. Sterling has been with the Department for four years and inspects/investigates all explosive storage facilities (Law enforcement and Non-Law Enforcement), explosives accidents, explosives incidents, and performs random checks/investigations on both licensed and unlicensed individuals. Sterling has 18 years of high explosives experience and teaches the IL Individual Explosives License Class on a regular basis. Over the past few years Mr. Sterling has noticed a lack of education when law enforcement agencies are dealing with explosives related issues, and hopes to help prevent these issues in the future through education and assistance.

NEW

This course complies with the guidelines of the following mandate(s):

- Crisis Intervention 0.5 Hour
- Legal Updates 0.5 Hour
- Procedural Justice 3.0 Hours
- De-escalation Techniques 1.5 Hours
- Officer safety techniques, including cover, concealment, and time 1.0 Hour

Course Description:

During this 8-hour ILETSB-certified free course, highly experienced national trainer, Lt. Jim Glennon (ret.), will dissect real-world force encounters, recorded on body cameras, with the goal of identifying what, if anything, could have been done to reduce or avoid the need to use force.

He will explore an array of important topics including acute stress and its impact on officer decision-making and performance; high-tension interaction strategies designed to depressurize subjects in crisis; legal, ethical and tactical considerations regarding use of force; effective tactical communication; myths and realities of de-escalation; responsibilities of command staff and trainers to thoroughly prepare officers to apply a force-avoidance skillset to forestall the need for force when possible, and more.

This course is designed to realistically take into account human factors limitations that impact officers' mental and physical performance in high-stress, time-compressed circumstances.

Animal Cruelty and its Link to Domestic Violence

Romeoville Police Department

1050 West Romeo Rd., Romeoville, IL. 60446

Thursday; June 19, 2025

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 1.0 Hour
- Const. Use of LE Authority 1.0 Hour
- Legal Updates 1.5 Hours
- Procedural Justice 0.5 Hour
- Psychology of Domestic Violence 1.5 Hours
- Reporting of Child Abuse and Neglect 0.5 Hour

Course Description: Criminal offenses committed against animals are often overlooked and not prioritized. However, it permeates and affects most traditional areas of law- including tort, criminal, family, civil and constitutional law. Through extensive research, a link has been established between crimes committed against animals and those committed against human victims. Often these crimes against human victims do not become apparent until the crime against an animal has been discovered. Recognizing and understanding this link and how to properly navigate from the inception of the investigation to the witness stand is the key goal of this course.

Topics to be addressed in this class include:

- Understanding Illinois Current Animal statutes and applicable case law
- A crash course in Domestic violence in general, and how it's been linked to animal cruelty
- Animal hoarding, a mental illness
- Investigating animal cruelty cases
- Search warrants
- Animal forfeiture

Instructor: Assistant State's Attorney Courtney Hogan is assigned as a felony assistant. Along with these duties, she assists as a special prosecutor for animal cruelty cases in the Animal Protection Unit. She has served as a prosecutor in the domestic violence division in Michigan and Will County. She has been a practicing attorney for nearly ten years, graduating from Western Michigan Thomas M. Cooley Law School.

BUILDING A BETTER POLICE REPORT

Lockport Police Department
1212 South Farrell Rd., Lockport, IL. 60441
Wednesday; August 6, 2025
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Const. Use of LE Authority 0.5 Hour
- Procedural Justice 3.0 Hours
- Psychology of Domestic Violence 2.0 Hours
- Use of Force (General) 1.0 Hour
- Lead Homicide Investigator 8.0 Hours

Course Description:

This 8- hour course will focus on enhancing an officer's report writing skills so that he or she may better submit clear, accurate, concise, and detailed primary case reports. Emphasis will be placed on detailing probable cause for an arrest, better providing investigators with essentials in primary reports so that follow-up may become more efficient and enhancing case building in a way that will aid prosecutorial success. The course will examine some of the top failure points of poorly written reports as seen by shift supervisors, and then provide a blueprint to organization to better build reports for the future. Added emphasis will be placed on the additional care and challenges presented when preparing initial reports for Domestic Violence, Criminal Sexual Assault, and when an officer has had to apply physical force in the field. This course is geared to both newer patrol officers who may be developing report writing experience, as well as those veteran officers who might benefit from enhancing their report writing skills. Learning will be done through both lecture and a practical writing lab. Students are encouraged to bring a laptop computer with Microsoft Word installed.

Topics to be discussed:

- Developing a winning mindset for proper report writing- Why it is THAT important!
- Top areas of report failure and how to correct them before you commit them
- Eliminating the "Cliffhangers" and communicating to your overall audience (cops, courts, lawyers, and social services)
- Implementing a fool-proof "Blueprint" for organizing any report, every time
- Making the link from describing events to establishing why actions were taken
- Strategy for reviewing reports prior to submitting them
- Challenges in preparing a primary Domestic Violence Report
- Challenges in preparing a primary Sexual Assault Report
- Documenting your use of force within your report

Instructor: Jeffrey J. Pavletic is an award-winning trial attorney who has built a reputation of integrity and exceptional skill in the courtroom. As a prosecutor for the past two decades, he has tried countless cases to victory (including approximately 150 jury trials with a concentration in homicide and violent crime). In addition to trying some of the highest profile and complex cases that have occurred in the history of Northern Illinois, Jeff was Chief of the Felony Review Division, and is currently the First Assistant State's Attorney for the Lake County (Illinois) State's Attorney's Office. Jeff served as Special Counsel to the U.S. House of Representatives Judiciary Committee in the impeachment of President Clinton.

His duties included all aspects of independent counsel review, the impeachment inquiry, presentation of articles of impeachment to the U.S. House of Representatives, all witness interviews and depositions of trial witnesses, and the actual impeachment trial before the U.S. Senate. Jeff has received numerous federal, state, and local awards. These include Illinois State Crime Commission's State's Attorney of the Year, Felony Trial Attorney of the Year, The Fred L. Foreman Criminal Justice Award, The Ruth Rosengarden Victim Service provider Award, and a special U.S. House of Representatives Award presented by Congressman Henry Hyde. Jeff has been featured on 20/20, The Today Show, Good Morning America, Court TV, and the Discovery Channel. Jeff is a published author and a well-respected legal instructor who holds undergraduate and graduate faculty positions and has received accolades as a nationally renowned lecturer, training thousands of police officers, lawyers, prosecutors, and judges.
