Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)

New Lenox Police Department
200 Veterans Parkway, New Lenox, IL. 60451
Monday & Tuesday; September 18-19, 2023
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|--|---------------------------------------|
| • Civil Rights | 10.0 Hours (3.0 Hours Scenario-Based) |
| • Const. Use of L.E. Authority | 2.0 Hours |
| • Legal Updates | 4.0 Hours |
| • Advanced Roadside Impaired Driving Enforcement (ARIDE) | 16.0 Hours (3.0 Hours Scenario-Based) |

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.

~~17840 W. Laraway Rd., Joliet, IL 60433~~

~~Monday-Thursday, September 18-21, 2023~~

~~8:00 am till 4:00 pm~~

~~This course complies with the guidelines of the following mandate(s):-~~

- ~~• Civil Rights ————— 1.0 Hour~~
- ~~• Const. Use of LE Authority ——— 4.0 Hours~~
- ~~• Legal Updates ————— 1.0 Hour~~
- ~~• Procedural Justice ————— 1.0 Hour~~
- ~~• Officer safety techniques ——— 1.0 Hour~~

~~**Course Description:** This training will introduce officers to the use of Small Unmanned Aircraft Systems (sUAS), commonly called "drones", for both evidence collection and search operations. The course will cover all aspects of UAS operations, including preparations for the mandatory FAA Part 107 licensing. It will include information on the necessary waiver to fly in populated areas and night operation of drones. Hands-on experience with full-sized drones will give officers the confidence and ability to operate in a safe manner. Evidence collections in both photo and video format will be addressed, as well as the legal aspects of how to handle and store this information, as it differs from standard photo/video collection rules.~~

~~Finally, the Freedom from Drone Surveillance Act, ILCS 725/167 will be discussed to provide officers and their departments with a clear understanding about operating drones within the confines of the law, including the mandate to inform the State about maintenance and flight operations. Upon completion of this course, attendees will possess the knowledge to successfully take and pass their Part 107 FAA pilot's exam to become a licensed pilot. They will also be able to assist in creating proper departmental policies and procedures for operating drones.~~

~~**Course Objectives:** Identify the following: All state and federal laws pertaining to Small Unmanned Aircraft Systems (sUAS); different types of airspace; weather and weather-related conditions including cloud formations, types of fog, and wind conditions and how they play a role in the flight of a sUAS; loading and performance factors; airport and airfield standards, including left traffic patterns, METARS, TAFs, sectional charts, longitude and latitude; crew resource management, including types of attitudes, visual observers, Remote Pic, and the effects of drugs and alcohol; radio communication including 2.4 and 5 GHz, AWOS, ASOS, licensed frequencies, and CTAF; Emergency, Lost Link, and Flyaway procedures; launch and recovery; and Plan B and C.~~

~~✓ Perform the procedures for: Vertical takeoff and landing, basic flight maneuvers, recording video, taking still images, autonomous flights, pre-flight and maintenance, equipment replacement, record keeping, pre and post flight inspection, and logbook maintenance.~~

~~✓ Gain the necessary knowledge and skills to test for and earn the FAA certification for sUAS Operator.~~

~~✓ Understand the Freedom from Drone Surveillance Act. **(CONTINUED)**~~

FORCE ENCOUNTERS COURSE

Investigation Fundamentals, Decision-Making, and Human Performance

Plainfield Fire Department Headquarters

23748 W. 135th Street; Plainfield, IL 60544

Tuesday-Wednesday; September 19-20, 2023

8:00 am till 5:00 pm

(PARK IN THE REAR OF THE BUILDING - if available)

This course complies with the guidelines of the following mandate(s):

- | | |
|---|------------|
| • Use of Force (General) | 6.5 Hours |
| • De-escalation Techniques | 1.0 Hour |
| • High-Risk Traffic Stops | 2.0 Hours |
| • Officer safety techniques, including cover, concealment, and time | 3.0 Hours |
| • Specialized | |
| ○ Lead Homicide Investigator | 16.0 Hours |

Course Description:

To keep everyone as safe as possible, officers must understand the dynamics of human conflict. Officers without this knowledge run the risk of being drawn into confrontations that can quickly escalate and result in injury to themselves and community members.

In this two-day course, you will come to understand the risks of unmanaged conflict and recognize the need to read what is happening, anticipate outcomes, pre-plan your responses, and adjust on the fly. Officers will learn about how stress, distraction, and other factors can impact perception and decision making and degrade performance and become familiar with methods to optimize the safety of all concerned through mastering their own skills and abilities. The implications of attention, perception, and other human factors in evaluating officer performance will also be considered.

The application of force by police on citizens is one of the highest responsibilities with which police officers are empowered. The professional and ethical application of force requires a proper understanding of the complex milieu of human factors that are involved in these rapidly unfolding and complex encounters. Recent advancements in human factors research that impact officer decision-making and performance must be understood and incorporated into police training and investigations. This program, created and instructed exclusively by the Force Science® Institute, is designed to clearly present, in a practical and understandable fashion, the results of the most cutting-edge research into the dynamics of human behavior during life-threatening encounters, and how the findings are applied to the law enforcement field, Executives, Trainers, Investigators & Frontline Officers.

LEARNING AND TRAINING OBJECTIVES:

Students will learn a wide variety of skills during this course including:

- Understanding of the various aspects of human factors that impact officer performance.
- What the research shows is the most critical risk factors are for officers in use of force encounters.
- Vital threat cues and importance of early recognition and preventative action.
- How some common training methods and tactics actually set officers up for undesirable responses in a crisis.
- Recommended tactics for managing potentially dangerous incidents for achieving the most desirable outcome.
- How perceptual alterations and stress-induced memory gaps impact an officers' ability to accurately recall incident details.

(continued)

[Back to Index](#)

- How quickly suspects can launch an attack and why officers and trainers must take speed of assault studies into account when preparing for a confrontation.
- Aspects of officer memory following a critical incident and how investigators can “mine” officers’ memories and avoid interviewing mistakes that can put the officer, the investigator, and the entire department in jeopardy.
- What the most recent Force Science® studies have to say about traffic stop assault response and officer movement, threats posed by prone subjects, the impact of exhaustion on officer memory and performance, and much more.

Engagement That Meets The Mission

New Lenox Police Department
200 Veterans Parkway, New Lenox, IL. 60451
Thursday; September 21, 2023
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Procedural Justice 7.0 Hours (0.25 Hour Scenario-Based)

Course Description: The focus and level of engagement of an organization's members are key variables in separating highly-effective agencies from failing ones. In any department with more than one member, no police executive can know all that goes on, at all times, within their organization. Even in smaller agencies, having one or two top-performing members is not enough for the organization overall to meet its mission. Two interrelated engagement factors are key in establishing a highly-effective organization. First, fostering excellence among the agency's supervisors. Second, establishing internal assessment approaches that continually measure and build the organization's core performance capabilities.

The Eight Levels of Supervisory Engagement

A fundamental truth of organizations, including law enforcement agencies, is that underperforming, and problem employees exist. When the underperforming or problem employee is a supervisor, the need for the organization to respond is elevated. Effectively addressing deficient and problematic supervisors is advanced with an understanding of the "Eight Levels of Supervisory Engagement." These eight levels are identified by considering three key variables: (1) the level of technical knowledge and tactical skill; (2) the willingness of the supervisor to direct subordinates and proactively address performance issues; and (3) whether and the level to which the supervisor has come to reject (deviate) from the organization's values, goals, and strategies. Once the eight engagement levels are understood, 19 separate response strategies can either improve supervisory performance or mitigate the harm from problem supervisors.

Why Highly-Effective Organizations Measure Performance

There are two key reasons for an organization to measure its performance, which is a composite of the performance levels of all of its members. First, standards provide the pathway to excellence. Only through measuring can an agency know how well it is meeting its mission. Second, you can be sure that someone outside the organization will be measuring. This is particularly the case when others believe your agency is not "measuring up." Three "R" factors combine to identify a police agency's performance level. They are: (1) "Readiness," examining factors relating to preparedness; (2) "Response," examining factors relating to the agency's activities and operations; and (3) "Reach," examining factors relating to staff utilization internally, as well as coordination with other agencies, and the community. Identifying the key measures for your department for each of the "Three Rs" is the first of three key performance assessment steps. The second is actually doing continual assessments. The third is having the courage and skill to address underperformance. **(continued)**

| • Legal Updates | 8.0 hours |
| • Officer Wellness/Mental Health | 0.5 hours |
| • Procedural Justice | 10.0 hours |
| • Lead Homicide Investigator | 40.0 hours |

Course Description:

This training features interactive lectures and discussions of actual case histories, videos, and laws specific to homicide investigations. This comprehensive seminar provides instruction in conducting investigations and prosecuting death cases from the start of the investigation, through evidence collection, suspect interviews, press conferences, trial testimony, and ultimately conviction.

This class uses a combination of actual homicide case studies, so participants work through a case from the beginning, through case closure. **The training provides participants the techniques and structure to lead a professional and lawful investigation.**

“Effective 01-01-2012, under 50 ILCS 705/10.11, only law enforcement officers who successfully complete the Board certified 40-hour Lead Homicide Investigator training program may be assigned as lead investigators in homicide investigations.” This course fulfills the requirements.

Instructor: Lou Tessmann, CFI retired from the Waukegan (Illinois) Police Department after 23 years of service in a wide variety of assignments, including patrol, investigations, training, and ultimately Deputy Chief of Police. Lou is a 26-year veteran of the United States Marine Corps, retiring as a CWO-4. In addition to his service in Vietnam he was activated for Desert Storm and Desert Shield and has received numerous military awards including the Naval Commendation Medal. Lou began his career as a police officer with the City of Waukegan assigned to the patrol division. He was later assigned to the detective bureau for nine years and as a juvenile officer for one year. Lou also served as the Commander of the elite Lake County Major Crime Task Force. The task force works on major criminal investigations relating to homicides, kidnappings, and police-involved shootings. During his career, he has conducted thousands of interviews and interrogations. Most noteworthy, Lou has obtained over 80 homicide confessions during his career with only three instances where he was unable to obtain a confession from the homicide suspect.

Jeffrey J. Pavletic is a subject matter expert and an award-winning trial attorney who has built a reputation of integrity and exceptional skill in the courtroom. As a prosecutor over the past three decades, he has tried countless cases to victory (including approximately 175 jury trials with a concentration in homicide and violent crime). The Reid Technique of Interviewing and Interrogation®

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL 60451

Tuesday - Thursday; October 17-19, 2023

8:00 am till 3:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 1.0 Hour
- Const. Use of LE Authority 1.0 Hour
- Legal Updates 2.0 Hours
- Procedural Justice 12.0 Hours
- Lead Homicide Investigator 18.0 Hours (7.0 Hours Scenario-Based)

Course Description: This is a 3-day, twenty-one hour program on the Reid Technique of Interviewing and Interrogation®. The course includes; interview and interrogation preparation, behavior symptoms, the Reid® Behavior Analysis Interview (B.A.I.) and “The Reid Nine Steps of Interrogation” which include:

Interview and Interrogation Preparation

The style, appearance and approach of the successful interviewer and interrogator will be covered, as will the room settings conducive to these activities.

Behavior Symptoms

Differences in verbal and nonverbal behavior between innocent and deceptive persons often can be observed, and are thus indicative of whether or not a suspect is telling the truth. A guilty suspect makes a conscious decision to resist your effort to get at the truth. In trying to maintain a structure of verbal lies, however, that suspect most often develops internal conflicts and tensions which manifest themselves in nonverbal behavior. Thus, body movements, facial expressions, eye contact, attitudes, posture and grooming gestures can indicate whether the subject is telling the truth or lying. Nonverbal indicators can also be used to determine whether the suspect under interrogation is listening, maintaining a defiant attitude or is ready to confess. You will learn how to observe and assess critical behavior symptoms and use those assessments to determine whether to move on to the next step of the interrogation.

Reid® Behavioral Analysis Interview (B.A.I.)

The information developed through use of the standard investigative questions of “who,” “what,” “when” and “how” is often not adequate — even in combination with physical evidence — to identify the wrongdoer. The Reid Behavioral Analysis Interview is a technique that uses a structured set of non-accusatory behavior-provoking questions developed as a result of many thousands of interviews. The B.A.I. makes it easier to determine whether the suspect is telling the truth about involvement in the matter under investigation, and is flexible enough to be used in cases ranging from employee theft to homicide.

The Reid Nine Steps of Interrogation®

The nine-step approach to a successful interrogation has been developed by John E. Reid and Associates through extensive research and practical experience over a period of 60 years. Because of the subject’s importance, approximately half the classroom time in the seminar is devoted to the interrogation process and detailed examination of each of the nine steps.

John Reid and Associates will provide the instructor for this class.

Yoga for First Responders

Plainfield Police Department
14300 Coil Plus Dr., Plainfield, IL. 60544
Wednesday, October 18, 2023
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Officer Wellness/Mental Health 8.0 Hours

Course Description: This course uses tactical breath work, physical drills, and cognitive behavioral therapy resulting in optimal functioning of the entire psychophysiological system. This includes increasing mental toughness, enhancing tactical skills, preventing injury, self-deescalation, regulating the nervous system and more. The result of consistent training in YFFR Protocol will not only lead to better performance and stress management but an increase in mindful responses versus emotional reactions with interpersonal communication.

This course will introduce the trainee to the basic concepts of yoga, mindfulness, and resilience, functions of the brain and nervous system, as well as the principles of the YFFR Protocol that make it job-specific and culturally informed. Attendees will learn techniques to use right away along with resources to continue their training.

Course Objectives:

1. Explain yoga, its original intent, and address misconceptions.
2. Formulate the steps needed to practice mindfulness.
3. Outline the 3 Principles of Resilience Training.
4. Assess how a career in Law Enforcement can affect the mind, body, and nervous system.
5. Categorize the basic functions of the nervous system and stress response.
6. Conclude the missing skill set in Law Enforcement training.
7. Illustrate how yoga can train the Law Enforcement Officer to perform at his/her highest level of functioning for tactical performance and career longevity.
8. Compare how the YFFR Protocol differs from community yoga in western cultures.
9. Deduce how YFFR can be added into current Law Enforcement Training Standards.
10. Learn and practice the foundational techniques of YFFR protocol.
11. Distinguish which basic YFFR techniques can train the entire system to process stress effectively, build resilience actively, and enhance performance tactically.
12. Adopt YFFR techniques for improving body mechanics, neuromuscular efficiency, awkward shooting positions, breath control, and proprioception for tactical performance.
13. Decide when and how to use and adapt YFFR techniques for optimal value.
14. Understand how to implement YFFR as a consistent training tool personally or for your department.

Officers should wear clothing that they would normally wear during defensive tactics training, as there will be practical applications to the classroom instructions. This will take place on defensive tactics mats. Watch the attached videos for further:

Instructor: Cheryl Mabry is a 500-hr Certified Yoga teacher, and has been a life-long fitness practitioner and teacher, with a primary focus on Corporate Yoga since 2003. Cheryl's teachings are rooted in safe, effective techniques that honor mental and physical strength with self-awareness.

After spending years in gymnastics, powerlifting, cycling and strength training, and enduring a life threatening spinal injury...then surgery, Cheryl credits her resiliency to her Yoga practice and mindset training. Her deep desire to help those in the First Responder community began with her father, a Vietnam Veteran, and other extended family members that serve in local communities. After learning about Yoga For First Responders (YFFR) in August of 2018 from a recent Chicago Police Department (CPD) Academy grad, Cheryl began to research and follow YFFR. She completed her Instructor School Class 009 with YFFR in Seattle in 2019. She is currently serving as Fundraising Coordinator with YFFR and has been an active Instructor and speaker for YFFR since certifying. She recently was a Squad Leader for YFFR at Instructor School Class 014 at CPD and spoke at the ILEETA conference back in March of 2021. Cheryl engages in the YFFR Community weekly, and looks to future opportunities to learn and lead. Cheryl resides near Chicago, IL, and is deeply committed to sharing the benefits of the YFFR Protocol.

John Reid Advanced Interviews & Interrogations

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL 60451

Friday; October 20, 2023

8:00 am till 3:00 pm

This course complies with the guidelines of the following mandate(s):

- Procedural Justice 3.0 Hours
- Lead Homicide Investigator 6.0 Hours (3.0 Hours Scenario-Based)

Course Description: This course is for individuals who have completed the 3-day seminar on *The Reid Technique of Interviewing and Interrogation*, and builds upon their knowledge of the Reid Technique.

Most unsuccessful interrogations are a result of the investigator's inability to move the guilty suspect from one stage of the interrogation to the other. *Reid* has defined three distinct stages of the interrogation that may give the investigator problems:

1. Defiant stage: seven proven tactics to move suspects out of this stage
2. Neutral stage: four proven techniques to get the suspect to listen to the interrogator's themes
3. Acceptance stage: three specific techniques that will dramatically increase admissions of guilt

People who commit crimes do so to fulfill certain needs. What needs were satisfied is based upon the case facts, evidence and results of the interview — types of needs that will be thoroughly discussed are:

- Real need crimes
- Impulse need crimes
- Esteem need crimes
- Lifestyle need crimes

The Advanced Seminar will also address the following specific problem areas for some but not all interrogations:

- Juvenile interrogations
- Interrogation regarding guilty knowledge
- Playing one suspect against another
- Interrogation on multiple crimes

Course Instructor: This course will be taught by Instructors with John E. Reid and Associates, Inc.

Crisis Intervention Team Training (CIT-B) Basic

Orland Park Police Department

15100 S. Ravinia Ave., Orland Park, IL. 60462

Monday – Friday; October 30 – November 3, 2023

8:00 am till 4:00 pm

NOTE: Officers are required to have 2 years of service in a non-probationary status before they may attend this class.

This course complies with the guidelines of the following mandate(s):

• Civil Rights	0.5 hours
• Constitutional/Proper Use of LE Authority Use of LE Authority	0.5 hours
• Crisis Intervention	12.0 hours
• Human Rights	7.0 hours
• Legal Updates	2.0 hours
• Officer wellness/mental health	2.0 hours
• Procedural Justice	4.0 hours
• De-escalation Techniques	8.0 hours (4.0 Hours Scenario-Based)
• Officer Safety Techniques	4.0 hours (3.0 Hours Scenario-Based)
• Crisis Intervention Team Training	40 hours

Purpose: Law enforcement officers are generally the first responders to crisis events. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Participants of this voluntary, 40-hour training program, receive intensive training on recognizing and addressing individuals in the community who have a mental illness or other behavioral health crisis. The CIT training program is an in depth, specialized course for officers with at least two years' experience. The five-day course includes presentations by behavioral health specialists, experienced field officers and representatives from regional service providers. Officers will receive training in topics such as mental illness/signs and symptoms, co-occurring disorders, child and adolescent issues, medical conditions and psychotropic medications, and law enforcement response and legal issues. They will also learn advanced communication and de-escalation techniques, partake in valuable exercises, have a unique opportunity to participate in discussions with individuals who have a mental illness and or their family members and given an opportunity to exercise their skills in realistic scenario role plays.

(Continued)

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario-based training will take place on Thursday, November 2nd; attendees will be required to wear their "department uniform of the day" for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

32 Hour Juvenile Specialist Skills Program

Lockport Police Department

1212 South Farrell Rd., Lockport, IL. 60441

Monday-Thursday; November 6-9, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 2.0 Hours
- Const. Use of LE Authority 4.0 Hours
- Human Rights 3.0 Hours
- Legal Updates 9.0 Hours
- Procedural Justice 5.0 Hours
- Crisis Intervention 1.0 Hour
- Reporting of Child Abuse and Neglect 3.0 Hours
- Specialized Training
 - School Resource Officer (SRO) Pre-Qualified
 - Juvenile Law 10.0 Hours
 - Officer & Youth Interaction 16.0 Hours
 - Lead Homicide Investigator 32.0 Hours

PURPOSE OF COURSE: This four-day, 32-hour program has been designed by expert practitioners from the fields of juvenile law, social work, and law enforcement to assist recently assigned juvenile officers in the legal, moral, and social issues that they will encounter in their positions as juvenile specialists. Public Act 88-7 requires "Juvenile Officers" to complete a course as prescribed by the Board. This course meets that requirement.

COURSE OVERVIEW: The focus of this course is primarily to provide police officers with the skills, knowledge, and abilities needed to perform their duties as juvenile officers. In this unique role, juvenile officers not only enforce laws, but also respond compassionately and effectively to family problems. They serve as protectors of society by investigating criminal acts for findings of delinquency and as supporters of youths by helping them to grow out of adolescence without experiencing the stigma of police involvement.

Specific topics to be addressed in this program include the following:

- The role and responsibility of the Juvenile Officer
- Gaining perspectives on the assignment
- Child development
- Child psychology
- Communicating with adolescents and parents
- Adolescents and electronic influences
- Intervention and prevention strategies
- Article I of the Juvenile Court Act: General provisions
- Article II of the Juvenile Court Act: Abused, neglected, and dependent minors
- Article III of the Juvenile Court Act: Minors requiring authoritative intervention
- Article IV of the Juvenile Court Act: Addicted Minors
- Article V of the Juvenile Court Act: Delinquent minors
- Psychodynamics of child abuse

(CONTINUED)

[Back to Index](#)

- The role of law enforcement and social services
- Protective custody
- Investigative techniques
- Preparing child abuse cases for court
- Sexual abuse and sexual exploitation investigations

COURSE GOALS: The goals of this course are to make officers particularly aware of the demographics of the burgeoning youth population, which is becoming increasingly more vulnerable to gang recruitment, violent crime, sexual exploitation, alcohol, and drug abuse, and carrying weapons. Officers will become uniquely aware of these problems and the needs facing the children, adolescents, young adults, and parents that they will be serving in their capacity as juvenile officers. Throughout the program, participation in supportive networks such as Juvenile Officer Associations, Gang Task Forces, and high school liaison programs will be discussed and encouraged.

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL. 60451

Monday-Friday; November 6-10, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- PENDING

Course Description: This new 40-hour curriculum has been designed to provide new instructors with the skills needed to become dynamic, effective trainers. In this highly interactive and participatory program, students will be introduced to a multitude of techniques that can be used successfully within traditional law enforcement environments and applications, including the classroom, field operations, simulated scenes, scenarios, and assessment training.

This course focuses on techniques of instruction that address different adult learning styles and will provide a comprehensive overview of different classroom management principles. Participants will complete numerous practical exercises in public speaking, demonstrative instruction, and lesson plan preparation. Class will culminate in each participant providing a block of instruction on a law enforcement-related topic of their choosing. Attendees will be encouraged in the development of their instructional skills through immediate, supportive feedback from instructors as well as their fellow classmates.

Topics to be addressed include:

- How to instruct to all adult learning styles
- Time management of a training program or unit of instruction
- Organization and lesson plan preparation
- Writing course objectives
- Different types of class participation
- How to construct exam questions
- Classroom media, including PowerPoint, and Poll Everywhere

Adaptive Decision Making for Law Enforcement

Frankfort Police Department

20602 Lincoln-Way Lane, Frankfort, IL. 60423

Tuesday, November 7, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 1.0 Hour
- Const. Use of LE Authority 1.0 Hour
- Procedural Justice 1.0 Hour
- Use of Force 1.0 Hour

Course Description: The law enforcement environment can often be described as one that is a non-linear, open loop system, that happens at light speed. One where time can be either friend or foe. Operating in this environment creates stress which affects decision-making. Within this time-compressed environment officers often feel they need to act because they are there, rather than allowing the circumstances of the call to determine the urgency to act. The question is how to provide a strategy for officers to effectively control the stress response and to make lawful and ethical decisions. The answer is two-fold; with 1) Emotional Intelligence and 2) The Adaptive Decision-Making Model.

The Adaptive Decision-Making Model addresses lawful and ethical decision-making. The model's foundation is the 4th Amendment Search and Seizure law. It asks, "Does the officer have the lawful authority to act or search or arrest?" Then examines the urgency to take an action, or what threshold of "government intrusion" will be acceptable to accomplish the law objective? This engaging workshop provides the attendees with strategies to increase their emotional intelligence competencies and develop their critical thinking and decision-making skills.

Course topics include:

- The 5 Pillars of Emotional Intelligence
- The Law Enforcement Environment
- Decision-making and Thinking Mental Models
- The Adaptive Decision-Making Model

NOTE: Participants must bring a laptop computer or tablet capable of connecting to the Internet. The participant's e-device must have a PDF reader (Adobe Reader Recommended). All course materials are provided through Google Drive. If you have any I/T questions please contact the instructor at (847) 644-6437

Orland Park Police Department
15100 S. Ravinia Ave., Orland Park, IL. 60462
Monday; November 13, 2023

8:00 am till 12:00 pm

This course complies with the guidelines of the following mandate(s):

- Crisis Intervention 1.0 hour
- Officer wellness/mental health 3.0 hours (0.50 Hour Scenario-Based)

Course Description: First responders work in a world that is filled with hours of calm and moments of chaos. Couple this with everyday factors that touch our lives, and it is possible to lose our sense of purpose and drive. This course will focus on understanding the physiological and psychological effects of stress and job-related trauma on the body and identify tools that can increase long-term protective factors and optimize human performance under stress.

In this four-hour workshop facilitated by an experienced first responder, participants will engage in meaningful conversations about the stressful and often traumatic life of a first responder. Participants should expect to leave the workshop with a better understanding of how stress and trauma affect first responder performance and be equipped with techniques to build resilience and initiate difficult conversations.

Outcomes:

PERFORMANCE

1. Define stress and differentiate between two types.
2. Recognize the effects of stress on physical and mental performance.

PERSISTENCE

3. Initiate an #IWillListen / #IWillTalk conversation.
4. Identify at least five resources for officers in your agency to turn to for help.

PREVENTION – R.A.N.G.E. of Options

5. Explore resilience and healthy habits.
6. Employ a R.A.N.G.E. of five resilience skills.

Supervising & Managing the Field Training Process

(Sokolove Model)

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL 60451

Monday-Thursday, December 4-7, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 0.5 Hour
- Const. Use of LE Authority 0.5 Hour
- Legal Updates 1.0 Hour
- Officer wellness/mental health 1.0 Hour
- Procedural Justice 12.0 Hours

Course Description: This four-day hands-on, problem-based learning course is specifically designed for first-line patrol and administrative support services managers responsible for supervising and managing Field Training Officers and probationary law enforcement employees. Instruction will include all revisions to the Process.

The course emphasizes the necessary components of supervising probationers and Field Training Officers at the patrol shift level to ensure that administrative guidelines and legal requirements are met. The course highlights two essential supervisory responsibilities: (1) the ability to comprehensively examine probationer performance documentation in accordance with the **totally revised** standardized Field Training and Evaluation Process assessment guidelines, and (2) auditing the probationer's on-the-job training to ensure the Field Training Unit utilizes the most appropriate instructional techniques for training task mastery and when necessary, corrective action. The instructional presentation will focus upon discussion of critical Field Training issues as well as hands on completion of the course materials during small group and individual in-class exercises. Students are required to complete out-of-classroom reading assignments.

Course content will include:

- Ensuring that your Agency's Field Training and Evaluation Process structure actually *works*.
- In-class review and assessment of participating agency *Probationer's Training and Evaluation Manual* (POM).
- Staffing the Field Training Unit: Recruitment, Testing, Selection and Training of FTOs.
- Realistic definition and expectations of Field Training Officer duties/responsibilities.
- Issues of compensation for Field Training Unit personnel.
- FTO scheduling issues/resource allocation.
- Utilizing the non-numerically anchored performance assessment scale and guidelines including 2009 revisions.
- Performance assessment errors that compromise the objectivity and legality of Field Training.
- Auditing the *Daily Observation Report*: Application of the standardized evaluation guidelines.
- Auditing the FTO's application of the on-shift instructional techniques.

Continued on next page:

- Auditing Probationer training and coaching documentation. Are the FTOs doing what they were trained to do?
- Conducting the *Weekly Performance Summary* process meeting.
- Special focus: **Not Responding to Training** (NRT) Probationer and extension of training.
- Supervising the development of the NRT Probationer's *Performance Improvement Plan*.
- Supervising Probationers during Step V, the Solo Patrol Certification Period.
- Reorientation of personnel returning to Patrol Operations after extended street-absence.
- Preparing Probationer Employment Status Reports/Recommendation for the Chief Executive.
- Assessing the effectiveness of the Field Training Officers and the Field Training Process.
- Avoiding *constructive discharge* allegations
- Defending against State and Federal Court wrongful discharge claims.

Students should bring a copy of their Agency's current Field Training and Evaluation Process manual and forms.

Instructor: This course will be taught by: Mr. Bruce Sokolove, Field Training Assoc., Ypsilanti, MI.

Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)

Romeoville Police Department
1050 West Romeo Road, Romeoville, IL. 60446
Monday & Tuesday; December 11-12, 2023
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|--|---------------------------------------|
| • Civil Rights | 10.0 Hours (3.0 Hours Scenario-Based) |
| • Const. Use of L.E. Authority | 2.0 Hours |
| • Legal Updates | 4.0 Hours |
| • Advanced Roadside Impaired Driving Enforcement (ARIDE) | 16.0 Hours (3.0 Hours Scenario-Based) |

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training, he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.

Below 100: Train the Trainer*

8:00 am till 4:00 pm

Will County Sheriff's Office
16911 W. Laraway Rd., Joliet, IL 60433
Monday, December 18, 2023

This course complies with the guidelines of the following mandate(s):

- Procedural Justice 4.0 Hour

Course Description: (Morning Session); Over the course of the last ten years, more than 150 law enforcement officers, on average, have died each year in the line-of-duty. Law enforcement is a dangerous profession and there will always be line-of-duty deaths at the hands of evil people. Unfortunately, too many officer deaths are due to "accidents" attributable to otherwise preventable circumstances. In fact, the number of deaths due to accidents has actually been higher in some years than the number of deaths due to felonious assault. The Below 100 initiative was started in 2011, with the mission of reducing line-of-duty police officer deaths to less than 100 per year through the targeting of common behaviors, practices, and mindsets that often lead to such tragedies.

Issues to be addressed in this program include:

- Wearing seat belts and maintaining safe vehicle speeds
- Wearing body armor
- The power of What's Important Now (W.I.N.)
- The threat of complacency

Officers of all ranks are encouraged to attend this highly intensive 4-hour class.

***Train the Trainer Afternoon Session: (Morning and Afternoon)**

This 8-hour presentation includes the High-Level Overview program (4 hours) and an afternoon Train-the-Trainer portion which will equip trainers to conduct risk assessments, examine policy and make changes if necessary, and present the Below 100 program within their own agencies.

Topics to be addressed include the following:

- Challenges inherent to police culture and effecting organizational change
- Wearing seat belts and maintaining safe vehicle speeds
- Wearing body armor
- The power of What's Important Now (W.I.N.)
- The threat of complacency
- Basics of the Below 100 PowerPoint presentation

Students will be provided with all related materials, including the High-Level Overview and supporting items such as sample policies, posters, videos, and relevant supporting articles. Typically, an outline and electronic access to all relevant files will be provided.

***PLEASE NOTE: Officers wishing to attend this Train-the-Trainer program MUST attend the Below 100 High Level Overview program conducted during the morning session.**

The course emphasizes the FTO's role in assisting probationers certify for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policy, procedures and community service delivery standards. The instruction highlights two essential Field Training and Evaluation Process skills: 1) the ability to examine and objectively document the probationer's job behaviors using the 2009 revised non-numerical/behaviorally anchored standardized assessment guidelines and, 2) analyzing the probationer's training needs and using proper instructional techniques for corrective action. The instruction presentation will focus upon discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out- of-classroom reading assignments from the course text and workbook, *Breaking Routine™: Field Training Officer*.

The course content will include:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process.
- The Instructional Relay Race: Taking over where Basic Police Training/Certification left off.
 - Inventorying the probationer's current knowledge and skill proficiencies.
- Selection and use of on-the-job instructional techniques: finding the best tools to meet the challenge.
- Utilization of legally defensible, non-numerical standardized evaluation guidelines.
- Objectively documenting probationer performance.
- Documenting the extent of training and coaching without becoming a best-selling author.
- Strategically addressing Probationer areas of Corrective Action Necessary.
- Utilizing the Probationer Officer Manual as the Field Training playbook.
- Practical Directed Patrol Mapping™: Preparing the Probationer for Proactive – Community Oriented Policing: Dancing with SARA!
- Creating a Self-Reliant™ law enforcement agent.

Special attention: Students should be familiar with their Department's current Field Training and Evaluation Process and should be briefed on their agency's process. Students are encouraged to bring a copy of their agency's Probationary Officer Manual and forms to class.
