Illinois DUI and IVC Legal Update

Plainfield Police Department (**COURTROOM**)

14300 Coil Plus Dr., Plainfield, IL. 60544

Thursday; March 3, 2022

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
PENDING

Course Description:

This course is design and instructed by an experienced and practicing assistant state's attorney to give police officers, first line supervisors and command level personnel a review and update in the area of DUI and many of the associated issues. In addition to the DUI update, recent legislation and case law involving other aspects of the Illinois Vehicle Code will also be examined.

Topics to be covered include:

- Updates on DUI/Traffic laws (both statutory and case law)
- Legal issues associated with fatal/life threatening crashes with and without evidence of impairment
- Summary suspension issues
- Trial and courtroom issues
- Chemical testing
- Updates on other issue pertaining to the Illinois Vehicle Code

Instructor: Deborah Mills had been a prosecutor for over 20 years, 5 years with the Milwaukee District Attorney's Office and the remaining years with the Will County State's Attorney's Office. Deborah served as the supervisor of the DUI/Traffic Unit in the Will County State's Attorney's Office since 2004 and has primarily prosecuted DUI/Traffic cases since 2004. She currently serves as a felony prosecutor. Additionally, Deborah has trained officers and prosecutors in both Illinois and Wisconsin on various DUI and traffic issues.

Member Tuition: None*

Non-Member Tuition: None*

**This course is grant approved by the Illinois Department of Transportation through the Police Traffic Services Training Project and administered by the Illinois Law Enforcement Training and Standards Board.*

Mental Health Awareness & Response: An Intro to CIT

Grundy County Administration Center (EOC)

1320 Union St., Morris, IL. 60450

Monday; March 7, 2022

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

PENDING

Course Description: Law enforcement officers have an important role to play in their interactions with community members. This means responding to incidents with individuals who have mental health issues, including diagnosed mental illness.

This 8-hour course, developed by the Illinois Law Enforcement Training & Standards Board, is meant to provide law enforcement officers with an awareness of mental health issues including a history of mental health systems, types of mental illness, signs and symptoms, common treatments & medications, and potential interactions law enforcement may have, on a regular basis, with these individuals, their families and service providers.

Topics covered will include:

- Prevalence of mental illness
- History & impact on law enforcement
- Common forms of mental illness likely to be encountered
- Signs & symptoms of mental illness
- Treatments & medications
- Suicide warning signs
- Police interaction models
- De-escalation strategies
- Involuntary admission process
- HIPPA & FERPA

Instructor: Lt. Troy Siewert has been with the Orland Park Police Department (OPPD) for over 28 years and holds a master's degree in criminal social justice from Lewis University. He is a certified CIT coordinator, CIT officer, crisis negotiator and Mental Health First Aid instructor as well as a CIT role play evaluator for the Illinois Law Enforcement Training and Standards Board. Troy started the OPPD Crisis Intervention Team (CIT) in 2015 and has developed the program into what is now recognized as a standard for best practice. He has been a guest speaker at multiple conferences and various local professional groups promoting CIT and the One Mind Campaign. Troy recently worked on a committee to update the International Chiefs of Police model policy for "Responding to Persons Experiencing a Mental Health Crisis."

Non-Member Tuition: None*

**This course is CIT grant funded by the Illinois Law Enforcement Training and Standards Board.*

Enforcing Cannabis Laws

New Lenox Police Department
200 Veterans Parkway, New Lenox, IL 60451
Tuesday; March 8, 2022
8:00 am to 4:00 pm

This course complies with the guidelines of the following mandate(s):
PENDING

Course Description: The "Cannabis Regulation and Tax Act" as described in "Amendment to HB 1438", was signed into law by Governor Pritzker on June 25th, 2019. This legislation permits the cultivation, selling, and the adult use of cannabis, beginning January 1, 2020. The implementation of this legislation will have a tremendous effect on all aspects of law enforcement. The most profound impact will be on traffic safety. Illinois officers need to be trained to understand the legislation and to take appropriate action when required.

Upon Completion of this training officers will be able to:

- Describe business organization which may cultivate and sell cannabis
- Describe the entities associated with transporting, testing and education
- Define the state agencies associated with regulating the cannabis industry
- Distinguish the laws governing medical cannabis and the adult user
- Describe the possession limits for Illinois residents and non-residents
- Describe who is banned from the medical program
- Define the Opioid Alternative Pilot Program
- Define Medical Cannabis Provisional Patients
- Summarize scientific research related to driving and cannabis usage
- Recognize signs and symptoms associated with cannabis usage
- Describe research regarding the effectiveness of field tests
- Describe the two Implied Consent provision associated with the legislation
- Describe the limitations of chemical testing

Course Goals: At the end of this eight-hour block of instruction officers will have:

1. An understanding of the new cannabis laws as it relates to the cannabis industry;
2. The knowledge to identify violations of the cannabis laws;
3. The knowledge to observe, identify and articulate cannabis usage;
4. An understanding of the two DUI violations which may occur.

Instructor: Tony Lebron (Retired M/Sgt; ISP) will be the lead instructor.

The Reid Technique of Interviewing and Interrogation®

Will County Sheriff's Department

16911 W. Laraway Rd., Joliet, IL 60433

Tuesday - Thursday; March 8-10, 2022

8:00 am till 3:00 pm

This course complies with the guidelines of the following mandate(s):
PENDING

Course Description: This is a 3-day, twenty-one hour program on the Reid Technique of Interviewing and Interrogation®. The course includes; interview and interrogation preparation, behavior symptoms, the Reid® Behavior Analysis Interview (B.A.I.) and "The Reid Nine Steps of Interrogation" which include:

Interview and Interrogation Preparation

The style, appearance and approach of the successful interviewer and interrogator will be covered, as will the room settings conducive to these activities.

Behavior Symptoms

Differences in verbal and nonverbal behavior between innocent and deceptive persons often can be observed, and are thus indicative of whether or not a suspect is telling the truth. A guilty suspect makes a conscious decision to resist your effort to get at the truth. In trying to maintain a structure of verbal lies, however, that suspect most often develops internal conflicts and tensions which manifest themselves in nonverbal behavior. Thus, body movements, facial expressions, eye contact, attitudes, posture and grooming gestures can indicate whether the subject is telling the truth or lying. Nonverbal indicators can also be used to determine whether the suspect under interrogation is listening, maintaining a defiant attitude or is ready to confess. You will learn how to observe and assess critical behavior symptoms and use those assessments to determine whether to move on to the next step of the interrogation.

Reid® Behavioral Analysis Interview (B.A.I.)

The information developed through use of the standard investigative questions of "who," "what," "when" and "how" is often not adequate — even in combination with physical evidence — to identify the wrongdoer. The Reid Behavioral Analysis Interview is a technique that uses a structured set of non-accusatory behavior-provoking questions developed as a result of many thousands of interviews. The B.A.I. makes it easier to determine whether the suspect is telling the truth about involvement in the matter under investigation, and is flexible enough to be used in cases ranging from employee theft to homicide.

The Reid Nine Steps of Interrogation®

The nine-step approach to a successful interrogation has been developed by John E. Reid and Associates through extensive research and practical experience over a period of 60 years. Because of the subject's importance, approximately half the classroom time in the seminar is devoted to the interrogation process and detailed examination of each of the nine steps.

John Reid and Associates will provide the instructor for this class.

Tactical Emergency Casualty Care

Frankfort Police Department

20602 Lincoln-Way Lane, Frankfort, IL 60423

Wednesday; March 9, 2022

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): PENDING

Course Description: Officers will discuss and visualize the concept of Tactical Emergency Casualty Care as it applies to law enforcement tactical situations and the treatment of injured officers. Officers will learn and demonstrate specific treatments and interventions for the most commonly encountered wound patterns.

Officers are asked to bring clothing appropriate for weather conditions for scenario training.

On completion of the course, each participant will receive a Medical Patrol Officer Kit for duty use. Each kit contains: One C-A-T Combat Application Tourniquet, an OLAES Emergency Trauma Dressing and a Hyfin Vent Compact Chest Seal.

Upon completion of this period of instruction, officers will be able to:

1. Identify the concepts of Tactical Emergency Casualty Care, its use in the law enforcement environment and how this concept differs from historically taught conventional First Responder medical treatment practices.
2. Identify the most commonly sustained officer injuries and preventable causes of death.
3. Identify the importance of mindset and maintaining situational awareness when wounded and when treating fellow officers.
4. Identify signs and symptoms of airway problems and demonstrate airway interventions.
5. Identify signs and symptoms of serious bleeding and demonstrate control interventions.
6. Identify signs and symptoms of shock and demonstrate prevention and treatment interventions.
7. Perform a Casualty Evaluation/F.A.S.T. Rapid Trauma Assessment and tactical evacuation.
8. Plan and perform a vehicle and non-vehicle officer down rescue/extraction in a high-threat environment.

Instructor: Justin D. Rottmann is a police officer and a firefighter/paramedic. He has been part of the ILEAS Region 8 SRT since 2012. He currently serves as the TEMS (tactical EMS) team leader.

Member Tuition: None*

Non-Member Tuition: None* (Members will have priority in registration)

** This project will be supported by funds from the Department of Homeland Security, Federal Fiscal Year 2016 Homeland Security Grant Program. CFDA #97.067.*

Asset Forfeiture & Financial Crimes Training

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL. 60451

Thursday, March 10, 2022

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

PENDING

Course Description: Forfeitures can be a valuable tool to law enforcement in the following areas: improving public safety by forfeiting the DUI and suspended driver's car, taking away expensive vehicles and other assets from drug dealers, seizing bank accounts of criminals who commit check/credit card fraud and other financial crimes, forfeiting real property paid for with proceeds of mortgage fraud or any other crime where money is derived.

This course will provide law enforcement officers an understanding of forfeiture law in Illinois and how to successfully incorporate the forfeiture component into criminal investigations and prosecutions. After reviewing applicable statutes, the course will cover practical implementation of those statutes through real world examples. Additionally, techniques for locating assets and building financial cases will be discussed. This course will be useful for patrol officers; officers in specialized units such as narcotics, gangs or financial crimes; command staff; and agency policymakers. For those individuals who have already attended a forfeiture training, this course will broaden your ability to implement forfeiture law into your investigations and capture previously untouched assets of criminal enterprises.

Some of the topics include:

- Statutory basis for forfeiture in Illinois based on the Controlled Substances Act, The Money Laundering Act, The Gang Act, Article 36, and miscellaneous statutes
- Locating and discovering hidden assets and co-conspirators
- Putting together the forfeiture case simultaneous to the criminal case
- Search warrant execution – how to build a forfeiture case during a search warrant
- Techniques and tips for building a financial crimes case
- Use of forfeited property

Instructor: Assistant State's Attorney Dant Foulk of the Will County State's Attorney's Office, manages the Forfeiture Unit and serves in the office's Financial Crimes Prosecution Unit. In the Forfeiture Unit, Dant specializes in identifying, locating, seizing and forfeiting illegally gained proceeds from narcotics and money laundering activities and other financial crimes. In the Financial Crimes Unit, he coordinates the long-term investigations of complex financial crimes, including credit card and check fraud rings, identity theft conspiracies and organized money laundering activities.

John Reid Advanced Interviews & Interrogations

Will County Sheriff's Department
16911 W. Laraway Rd., Joliet, IL 60433
Friday; March 11, 2022
8:00 am till 3:00 pm

This course complies with the guidelines of the following mandate(s):
PENDING

Course Description: This course is for individuals who have completed the 3-day seminar on *The Reid Technique of Interviewing and Interrogation*, and builds upon their knowledge of the Reid Technique.

Most unsuccessful interrogations are a result of the investigator's inability to move the guilty suspect from one stage of the interrogation to the other. *Reid* has defined three distinct stages of the interrogation that may give the investigator problems:

1. Defiant stage: seven proven tactics to move suspects out of this stage
2. Neutral stage: four proven techniques to get the suspect to listen to the interrogator's themes
3. Acceptance stage: three specific techniques that will dramatically increase admissions of guilt

People who commit crimes do so to fulfill certain needs. What needs were satisfied is based upon the case facts, evidence and results of the interview — types of needs that will be thoroughly discussed are:

- Real need crimes
- Impulse need crimes
- Esteem need crimes
- Lifestyle need crimes

The Advanced Seminar will also address the following specific problem areas for some but not all interrogations:

- Juvenile interrogations
- Interrogation regarding guilty knowledge
- Playing one suspect against another
- Interrogation on multiple crimes

Course Instructor: This course will be taught by Instructors with John E. Reid and Associates, Inc.

Member Tuition: None

Non- Member Tuition: \$150.00

ILETSB School Resource Officer Training by Sullivan

Monday-Thursday: Frankfort Police Department, 20602 Lincoln-Way Lane, Frankfort, IL. 60423

Friday: Lincoln-Way North High School, 19900 S. Harlem Ave., Frankfort, IL. 60423

Friday: Park in the rear, near the loading dock.

Monday - Friday, March 14 – 18, 2022

8:00 am to 4:00 pm

This course complies with the guidelines of the following mandate(s): PENDING

Eligibility: To be eligible for this special certificate, a full-time Illinois law enforcement officer must have been actively employed in a law enforcement position within the state for at least three years (five years for part-time officers) before enrolling in the course or requesting a waiver. Each such officer must also be of sound character, free of disciplinary concerns, and open to working with minors.

Courses Description:

This course is a forty-hour Illinois Law Enforcement Training and Standards Board-certified School Resource Officer course. This course is intended for a law enforcement officer who has been primary assigned to a school or school district under an agreement with a local law enforcement agency.

Topics discussed will include:

History of Juvenile Justice in Illinois | The Juvenile Court Act | Due Process | Detention of Juveniles | Interrogating Juveniles | Parents Rights | Role of the SRO | Understanding School Hierarchy | Interacting with School Staff | Counselors | Adolescent Development | Communication methods/techniques | Developing Relationships | Special Populations & Special Needs | Ethics | School Threat Response and Role of SRO during a threat | Recognizing and active threat | Tactical maneuvering on School Grounds | Post-Event Considerations | Threat Response Scenario Trainings

***Successful completion and attendance of the course, including passing the exam, is required to be State certified.**

Course Instructor: Gail P. Sullivan, MA graduated from Loyola University (BA) and DePaul University (MA) with honors. She has worked in the field of social services and criminal justice for the past twenty-five years in the private and public sector. She has provided therapy to children who have been sexually traumatized by abuse and neglect. She managed an organization with over one hundred employees (Illinois certified) to serve the needs of sexually traumatized and problematic children under the age of twelve years. As an expert, she has sat on the State's Attorney Task Force for the Mass Molestation of Children and The Cook County Child Death Review Team. She has developed a curriculum that meets State requirements for the certification of juvenile police officers. She provides training for the Cook County Adult Probation Department, Illinois Crisis Intervention Team and Homeland Security, as well as MTUs across the state of Illinois.

Breath Analysis Operator

16-hour *Breath Analysis Instrument Operator Course*

Monee Police Department

5356 W. Main Street, Monee, IL 60449

Tuesday & Wednesday; March 15-16, 2022

8:00 am till 5:00 pm

This course complies with the guidelines of the following mandate(s):

PENDING

Course Description:

Officers completing this program will be certified as Illinois Breath Analysis Operators by the Illinois State Police. This sixteen-hour course is also certified by the Illinois Law Enforcement Training and Standards Board.

Some of the topics that will be discussed are as follows:

- Operation and function of the breath testing equipment approved for use in Illinois
- Detailed discussions on drinking driver enforcement
- Laboratory training in the use of equipment
- Pharmacological effects of alcohol
- Legal matters relating to drinking driver enforcement (including implied consent and case presentation for court)

Successful completion and attendance of the course including passing the exam is required to be a state certified Breath Alcohol Operator (BAO).

Instructors: The Illinois State Police Academy will be providing instructors for this course.

ARIDE

Advanced Roadside Impaired Driving Enforcement

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL. 60451

Thursday & Friday; March 17-18, 2022

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

PENDING

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment.

ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.

Field Training Officer Certification

(Sokolove Model)

Will County Sheriff's Office

16911 W. Laraway Rd., Joliet, IL 60433

Monday - Friday, March 21-25, 2022

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

PENDING

Course Description: This forty-hour course is specifically designed for experienced uniformed patrol personnel selected to serve as Field Training Officers with probationary employees. The course emphasizes the FTO's role in assisting probationers certify for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policy, procedures and community service delivery standards. The instruction highlights two essential Field Training and Evaluation Process skills: 1) the ability to examine and objectively document the probationer's job behaviors using the 2009 revised non- numerical/behaviorally anchored standardized assessment guidelines and, 2) analyzing the probationer's training needs and using proper instructional techniques for corrective action. The instruction presentation will focus upon discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out- of-classroom reading assignments from the course text and workbook, Breaking Routine™: Field Training Officer.

The course content will include:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process.
- The Instructional Relay Race: Taking over where Basic Police Training/Certification left off.
 - Inventorying the probationer's current knowledge and skill proficiencies.
- Selection and use of on-the-job instructional techniques: finding the best tools to meet the challenge.
- Utilization of legally defensible, non-numerical standardized evaluation guidelines.
- Objectively documenting probationer performance.
- Documenting the extent of training and coaching without becoming a best-selling author.
- Strategically addressing Probationer areas of Corrective Action Necessary.
- Utilizing the Probationer Officer Manual as the Field Training playbook.
- Practical Directed Patrol Mapping™: Preparing the Probationer for Proactive – Community Oriented Policing: Dancing with SARA!
- Creating a Self-Reliant™ law enforcement agent.

Special attention: Students should be familiar with their Department's current Field Training and Evaluation Process and should be briefed on their agency's process. Students are encouraged to bring a copy of their agency's Probationary Office Manual and forms to class.

Instructor: This course will be taught by: Mr. Bruce Sokolove, Field Training Assoc., Ypsilanti, MI.

Member Tuition: None

Non-Member Tuition: \$750.00

32 Hour Instructor Development Course

New Lenox Police Department
200 Veterans Parkway, New Lenox, IL. 60451
Tuesday – Friday; March 22 - 25, 2022
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
PENDING

Course Description: This new 32-hour curriculum has been designed to provide new instructors with the skills needed to become dynamic, effective trainers. In this highly interactive and participatory program, students will be introduced to a multitude of techniques that can be used successfully within traditional law enforcement environments and applications, including the classroom, field operations, simulated scenes, scenarios, and assessment training.

This course focuses on techniques of instruction that address different adult learning styles and will provide a comprehensive overview of different classroom management principles. Participants will complete numerous practical exercises in public speaking, demonstrative instruction, and lesson plan preparation. Class will culminate in each participant providing a block of instruction on a law enforcement-related topic of their choosing. Attendees will be encouraged in the development of their instructional skills through immediate, supportive feedback from instructors as well as their fellow classmates.

Topics to be addressed include:

- How to instruct to all adult learning styles
- Time management of a training program or unit of instruction
- Organization and lesson plan preparation
- Writing course objectives
- Different types of class participation
- How to construct exam questions
- Classroom media, including PowerPoint, and Poll Everywhere

Instructors: This course will be taught by Lt. Heather Hansen, Illinois State Police and Lt. Chris Collins with Kane County Sheriff's Department

Member Tuition: None

Non-Member Tuition: \$600.00

IVC Update and Review for Patrol

(Interactive, Scenario and Table Top Format)

Monee Police Department

5356 W. Main Street, Monee, IL 60449

Thursday; March 24, 2022

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

PENDING

Course Description: This eight-hour course will be an open forum review of the primary enforcement sections of the Illinois Vehicle Code. Content includes the use of IVC violations for probable cause stops, bail bond procedures for multiple offense and out-of-state violators, and equipment and safety and enforcement issues. Attendees will participate in table-top exercises in the morning and afternoon sessions. These exercises will help officers understand the subtle differences in the subsections of offenses (e.g.: turning, U turns, sign violations). Attendees will also examine the differences between business, petty, and serious IVC offenses. Attendees will:

- Learn the application of the "hands free" electronic communication device law
 - what is allowed while holding the device (speed dialing, etc)
- Review
 - New laws
 - Changes to existing laws
- Review current violations from commonly used IVC chapters
- Cover the new bond procedure for petty traffic offenses effective 01/01/2021
- Learn how to recognize vehicles which are hazardous dilapidated motor vehicles
- DUI enforcement laws
 - BAID
 - MDDP
 - DUI-convicted driver felony violations
- Review less commonly used, probable cause-based sections
- Equipment
- Learn to identify probable cause violations in 2nd division vehicles
- Learn to identify unsafe vehicle equipment and attaching components
- Learn to correctly identify appropriate driver's license weight classifications
- Learn identification violations on private/local delivery and tow trucks

***Continued on next page:**

Instructor: H. Michael Drumm, D.P.A, will conduct the course. Dr. Drumm is president of Drumm & Associates, Ltd. He has more than 38 years of IVC enforcement experience and is currently a member of the Monee Police Department. Drumm is an ITOA and ILEETA member and is certified as an instructor with the Illinois Law Enforcement Training and Standards Board. Drumm is also an approved instructor for the Department of Homeland Security, and an adjunct instructor at the Police Training Institute at the University of Illinois and the Suburban Law Enforcement Academy (SLEA) at the College of DuPage (IL).

Course Description:

At scene traffic crash data collection is useful only if all appropriate information is collected and properly interpreted and analyzed. Participation in Crash Investigation 2 enhances the capability and credibility of the at-scene investigator.

Crash Investigation 2, based on the 2014 edition of J. Stannard Baker's world-renowned textbook Traffic Crash Investigation, emphasizes vehicle behavior in crashes, vehicle damage analysis and more advanced mapping and evidence location skills.

Crash Investigation 2 builds upon topics examined in Crash Investigation 1 and provides the student/investigator with greater knowledge of the information available at the crash scene and how to properly collect and initiate interpretation of that information.

The course also provides instruction in the use of laser-based measurement devices to measure crash scenes and the evidence found there. Laser Technology, Inc. units are used for these demonstrations. Downloading the electronic information into mapping programs is also covered.

Course Topics:

- Vehicle damage analysis - description, reporting and determination of direction of forces
- Vehicle behavior in crashes
- Results of the crash on the road - identifying and interpreting tire marks and road scars
- Lamp filament analysis - determining whether headlamps, tail lights and turn signals were on or off at moment of impact
- Tire damage analysis - role of tire failure
- Measurement methods - perspective grid, photogrammetry, measurement techniques, diagram drawing and systematic methods for organizing and illustrating data
- Interpretation of data - use of all information obtained through investigation
- Specialized data gathering - measuring devices and other testing
- Laser-based measurement and use of mapping software
- In addition to addressing how the latest generation of vehicle electronics - including data recorders, traction and stability controls, multiple airbags - affect both the crash and the crash investigation, specific new topics include:
 - hit-and-run investigations,
 - dealing with event data recorders
 - technical report writing and other emerging technologies

Continued on next page:

Course Materials: All students need to bring a laptop computer or other device with a USB port to the class. Student reference materials will be distributed in USB flash drives (files will accept electronic comments and highlighting and can be saved).

In all cases, please bring the following additional items to class:

- Comfortable outdoor clothing (likely to get dirty) for Week 2 outdoor projects
- Small pair of scissors
- Simple calculator with square root key
- Staedtler Geometry Compass
- Mechanical Pencils
- Triangles 45-45-90 and 30-60-90
- Laptop computer (or other device) with USB port(s) and Adobe Reader installed
- **Traffic Crash Investigation, 11th Edition – All Crash Investigation 1 students receive a copy of the text. If necessary, a copy may be purchased online at nucps.northwestern.edu/crashbooks.**
- Students may use calculators and electronic communication devices in class; however, possession/use of electronic communication devices during closed-book quizzes and exams is prohibited.

Who Should Attend:

- Crash Investigation 2 is designed for those who analyze data collected by other crash investigators and who gather and analyze supplementary data.
- Crash Investigation 2 participants must have successfully completed NUCPS's Crash Investigation 1 or its equivalent

Course Outcomes: Officers/investigators who successfully complete Crash Investigation 2 develop skills in technically preparing crash investigation data and collecting follow-up data required by prosecutors, defense attorneys, claim adjusters, fleet supervisors, reconstructionists and highway safety engineers.

Instructor (s): Course instructor(s) are provided by *NUCPS*.

Member Tuition: None*

Non-Member Tuition: None*

*Initial registration will be limited to Tri-River member agencies; a waiting list will be established for non-members. A limited number of seats are available. All agencies may be limited as to the number of attendees allowed to initially register and attend.

This class is funded by the Illinois Department of Transportation through the Police Traffic Services Training Project and administered by the Illinois Law Enforcement Training & Standards Board.

Mental Health Awareness & Response: An Intro to CIT

Plainfield Fire Protection District (Headquarters)

Park in the rear of the building

23748 W. 135th Street; Plainfield, IL 60544

Tuesday; March 29, 2022

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
PENDING

Course Description: Law enforcement officers have an important role to play in their interactions with community members. This means responding to incidents with individuals who have mental health issues, including diagnosed mental illness.

This 8-hour course, developed by the Illinois Law Enforcement Training & Standards Board, is meant to provide law enforcement officers with an awareness of mental health issues including a history of mental health systems, types of mental illness, signs and symptoms, common treatments & medications, and potential interactions law enforcement may have, on a regular basis, with these individuals, their families and service providers.

Topics covered will include:

- Prevalence of mental illness
- History & impact on law enforcement
- Common forms of mental illness likely to be encountered
- Signs & symptoms of mental illness
- Treatments & medications
- Suicide warning signs
- Police interaction models
- De-escalation strategies
- Involuntary admission process
- HIPPA & FERPA

Instructor: Lt. Troy Siewert has been with the Orland Park Police Department (OPPD) for over 28 years and holds a master's degree in criminal social justice from Lewis University. He is a certified CIT coordinator, CIT officer, crisis negotiator and Mental Health First Aid instructor as well as a CIT role play evaluator for the Illinois Law Enforcement Training and Standards Board. Troy started the OPPD Crisis Intervention Team (CIT) in 2015 and has developed the program into what is now recognized as a standard for best practice. He has been a guest speaker at multiple conferences and various local professional groups promoting CIT and the One Mind Campaign. Troy recently worked on a committee to update the International Chiefs of Police model policy for "Responding to Persons Experiencing a Mental Health Crisis."

DWI Detection & SFST

(24-hour course)

Romeoville Police Department

1050 West Romeo Rd. (at Sunset Pointe Drive) Romeoville, IL 60446

Wednesday – Friday; March 30 – April 1, 2022

8:00 am till 4:30 pm

This course complies with the guidelines of the following mandate(s):

PENDING

This three-day, 24-hour course is a State Certified program on the standardization of sobriety testing procedures. The latest testing methods will be demonstrated. Horizontal Gaze Nystagmus (HGN) techniques for improved probable cause standard for DUI arrests will be taught. This course will also cover the pharmacological differences between drug effects and alcohol effects on the body.

- *This course utilizes live dosed individuals as opposed to videos, which greatly enhances the training.*

Course Description: The purpose of this course is to increase deterrence of DWI violations, and thereby reduce the number of crashes, deaths and injuries caused by impaired drivers. As a result of this training, participants will become significantly better able to:

- Understand enforcement's role in general DWI deterrence.
- Understand detection phases, clues and techniques.
- Understand requirements for organizing and presenting testimonial and documentary evidence in DWI cases.
- Recognize and interpret evidence of DWI violations.
- Administer and interpret Standardized Field Sobriety Tests.
- Describe DWI evidence clearly and convincingly in written reports and verbal testimony.
- Understand the tasks and decisions of DWI detection.
- Know and recognize typical vehicle maneuvers and human indicators symptomatic of DWI associated with initial observations.
- Know and recognize typical reinforcing maneuvers and indicators that come to light during the stopping sequence.
- Know and recognize typical sensory and other clues of alcohol and/or other drug impairment that may be seen during face-to-face contact with DWI suspects.
- Know and recognize typical behavioral clues of alcohol and/or other drug impairment that may be seen during the suspect's exit from the vehicle.
- Understand the role and relevance of psychophysical testing in pre-arrest screening of DWI suspects.
- Know and carry out appropriate administrative procedures for validated divided attention psychophysical tests.
- Know and carry out appropriate administrative procedures for the Horizontal Gaze Nystagmus test.
- Know and recognize typical clues of alcohol and/or other drug impairment that may be seen during administration of the Standardized Field Sobriety Tests.

Instructors: The instructors for this class will be Lt. Dave Schurr (Ret.) of the Bolingbrook Police Department and Sgt. Steve Sigler of the Illinois State Police.
