Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)

Orland Park Police Department

15100 S. Ravinia Ave., Orland Park, IL. 60462

Wednesday & Thursday; June 1-2, 2022

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|--|---------------------------------------|
| • Civil Rights | 10.0 Hours (3.0 Hours Scenario-Based) |
| • Const. Use of L.E. Authority | 2.0 Hours |
| • Legal Updates | 4.0 Hours |
| • Advanced Roadside Impaired Driving Enforcement (ARIDE) | 16.0 Hours (3.0 Hours Scenario-Based) |

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program. This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.

Member Tuition: None

Non-Member Tuition: None*

(*members will have priority in registration)

* This class is funded by the Illinois Department of Transportation through the Police Traffic Services Training Project and administered by the Illinois Law Enforcement Training & Standards Board.

***FULL* Bloodstain Evidence Workshop**

Plainfield Police Department
14300 Coil Plus Dr., Plainfield, IL. 60544
Thursday; **June 2, 2022**
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): PENDING

- Const. Use of LE Authority 3.0 Hours
- Procedural Justice 1.0 Hour
- Lead Homicide Investigator 8.0 Hours

Course Description: The goal of this program is to provide investigators with the skills necessary to identify, document, collect, and preserve bloodstain evidence and effectively integrate it into their cases. It provides the foundation for investigators to identify, document, collect, and handle bloodstain evidence in any criminal case. Students will be given detailed explanations of the most up-to-date, scientifically sound methods for identifying, documenting, and collecting bloodstain evidence encountered by law enforcement crime scene service units. It will build upon basic blood evidence training students receive in standard 40 Hour Basic Evidence Technician courses and will introduce advanced methods for interpreting and processing such evidence.

The lecture portion of this program is minimal so students can maximize time spent on hands-on exercises meant to build upon practical skills that will be immediately applicable on the job.

Topics to be addressed include:

- Safety precautions to be taken when working with bloodstain evidence
- Identifying bloodstain evidence
- Documenting bloodstain evidence (through photography and sketching)
- Photographing bloodstain evidence
- Sketching bloodstain evidence
- Chemical enhancement of bloodstain evidence
- Collecting blood stain evidence

Upon completion of this program students will have an enhanced awareness of how bloodstain evidence provides information as to types of weapons used, minimum number of blows struck, movement before and after bloodshed, and victim / offender positions before, during and after bloodshed.

STUDENTS MUST BRING A DEPARTMENT-ISSUED CAMERA WITH MACRO LENS, THE INSTRUCTIONAL MANUAL FOR THE CAMERA, A TRIPOD, ELECTRONIC FLASH, SYNC CORD, CABLE RELEASE, MEMORY CARD, FLASHLIGHT, AND A SCIENTIFIC CALCULATOR TO CLASS. MOST SMART PHONES HAVE A SCIENTIFIC CALCULATOR APP.

Instructor: This course will be taught by Michael Kirby (Inverness P.D.-retired).

Member Tuition: None

Non-Member Tuition: \$150.00

***FULL* Bloodstain Evidence Workshop**

Plainfield Police Department
14300 Coil Plus Dr., Plainfield, IL. 60544
Friday; **June 3**, 2022
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): PENDING

FULL Crisis Intervention Team Training (CIT-B) Basic

Plainfield Police Department

14300 Coil Plus Dr., Plainfield, IL. 60544

Monday – Friday; June 6 – 10, 2022

8:00 am till 4:00 pm

Please note: Officers are required to have 2 years of service in a non-probationary status before he/she may attend this class.

This course complies with the guidelines of the following mandate(s):

- | | |
|---|--------------------------------------|
| • Civil Rights | 0.5 hours |
| • Constitutional/Proper Use of LE Authority Use of LE Authority | 0.5 hours |
| • Crisis Intervention | 12.0 hours |
| • Human Rights | 7.0 hours |
| • Legal Updates | 2.0 hours |
| • Officer wellness/mental health | 2.0 hours |
| • Procedural Justice | 4.0 hours |
| • De-escalation Techniques | 8.0 hours (4.0 Hours Scenario-Based) |
| • Officer Safety Techniques | 4.0 hours (3.0 Hours Scenario-Based) |
| • Crisis Intervention Team Training | 40 hours |

Purpose: Law enforcement officers are generally the first responders to crisis events. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Participants of this voluntary, 40 hour training program, receive intensive training on recognizing and addressing individuals in the community who have a mental illness or other behavioral health crisis. The CIT training program is an in depth, specialized course for officers with at least two years' experience. The five day course includes presentations by behavioral health specialists, experienced field officers and representatives from regional service providers. Officers will receive training in topics such as mental illness/signs and symptoms, co-occurring disorders, child and adolescent issues, medical conditions and psychotropic medications, and law enforcement response and legal issues. They will also learn advanced communication and de-escalation techniques, partake in valuable exercises, have a unique opportunity to participate in discussions with individuals who have a mental illness and or their family members and given an opportunity to exercise their skills in realistic scenario role plays.

(Continued)

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario-based training will take place on Thursday, June 9th, attendees will be required to wear their "department uniform of the day" for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

Crisis Intervention Team Training (Advanced) – 1 Day Refresher

Plainfield Police Department (**COURTROOM**)

14300 Coil Plus Drive, Plainfield, IL. 60544

Wednesday; June 8, 2022

8:00 am till 4:00 pm

Please note: Officers are required to have 1 year of experience as an active CIT officer.

This course complies with the guidelines of the following mandate(s):

- | | |
|--|--------------------------------------|
| • Civil Rights | 0.5 hours |
| • Constitutional & Proper Use of Law Enforcement Authority | 0.5 hours |
| • Crisis Intervention | 1.5 hours |
| • Legal Updates | 0.5 hours |
| • Officer Wellness and Mental Health | 0.5 hours |
| • Procedural Justice | 0.5 hours |
| • De-Escalation Techniques | 3.0 hours (scenario-based hours 3.0) |
| • Officer Safety Techniques | 1.0 hour (scenario-based hours 1.0) |

Purpose:

This 8-hour, voluntary training program was created as a review for officers who have at least one year's experience as an active CIT officer. Participants in this course will review topics such as trouble shooting, legal updates, self-care, and community resources. They will also partake in valuable group exercises in de-escalation and active listening and review and refresh their skills in realistic scenario role play exercises.

About the Instructors:

The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

Lead Homicide Investigator Course

Will County Sheriff's Office

16911 West Laraway Rd., Joliet, IL 60433

Monday – Friday; June 13 – 17, 2022

8:00 am till 5:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|---|------------|
| • Civil Rights | 4.0 hours |
| • Constitutional/Proper Use of LE Authority | 8.0 hours |
| • Cultural Competency | 4.0 hours |
| • Human Rights | 6.0 hours |
| • Legal Updates | 10.0 hours |
| • Procedural Justice | 8.0 hours |
| • Lead Homicide Investigator | 40.0 hours |

Course Description: This program was developed in 2011 for the Illinois Law Enforcement Training & Standards Board meet the 40-hour course requirements of Illinois Public Act 96-1111 (SB 3491) for a training program in death and homicide investigation for law enforcement officers of local government agencies. Illinois Officers completing this course may be assigned as lead investigators in such investigations. From rookie first responders all the way to the seasoned investigator, this course will provide a wealth of knowledge and information. Lead investigators develop a sense of what their ultimate objective and goals are within the crime scene, and how to recognize what forensic application would be appropriate based on the evaluation of each scene.

Course Topics, Discussions and Objectives:

- Introduction to Death & Homicide Investigations
- Overview of Crime Scene Investigations
- Causes of Death
- Autopsy from the Investigator's Perspective
- Investigative Tactics and Role of Task Force
- W-Z Non-Confrontational Method of Interview and Interrogation
- Developing the Admission and Bringing the Suspect into the Conversation
- Digital Forensic Evidence
- The Role of the Digital Forensic Examiner
- Digital Media Memory, Storage, and Collection in the Field
- Passwords and Encryption in Digital Media Devices
- Introduction of Legal Aspects, Miranda, and Electronic Recordings
- Report Writing and Effective Courtroom Testimony

Instructors will include: (CONTINUED)

Scott Pickett, CFI retired from the Department of Homeland Security with more than 32 years of local and Federal law enforcement experience. He started his career as a Dallas Police Officer and was a full-time SWAT officer in the department's Special Operations Section. During his time at the Dallas Police Department, Scott responded to and participated in approximately 100 homicide and death investigations obtaining confessions and witness statements. Scott then accepted a special agent position with the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF). He was assigned to an organized and violent crime group focusing on Jamaican Posse members, outlaw motorcycle gangs, and violent Colombian narcotics traffickers. As a special agent and supervisor at several ATF field offices and Headquarters, Scott conducted many complex investigations, interviews, and interrogations which resulted in the task force clearing 12 homicides in the United States and Jamaica. His experience investigating Colombian drug traffickers resulted in witness statements being obtained leading to the clearance of three homicides. As the supervisor for a violent crime taskforce, Scott provided leadership and oversight to task force members responding to and solving several bombing cases including a cold case bombing. In the cold case, numerous interviews had to be conducted soliciting new details to the investigation. This case resulted in a successful prosecution and murder conviction. After the attacks on September 11th, Scott transferred to the Department of Homeland Security's Federal Air Marshal Service (FAMS) as a supervisor. He helped open the Cincinnati Field Office and later transferred to the Cleveland Field Office as the Assistant Special Agent in Charge. Scott was promoted and transferred to FAMS Headquarters where he was the Special Agent in Charge of the FAMS Investigations Division. He then transferred to the Chicago Field Office and served as the Assistant Supervisory Air Marshal in Charge for more than three years before retiring in 2016. Scott has been an international speaker, a member of a United Nations working group, a presenter at INTERPOL, and an instructor at numerous domestic firearms trafficking seminars. Scott earned a Bachelor of Science Degree in Police Administration from Eastern Kentucky University and a master's degree in Homeland Security and Defense from the Naval Postgraduate School.

Jeffrey J. Pavletic is an award-winning trial attorney who has built a reputation of integrity and exceptional skill in the courtroom. As a prosecutor for the past two decades, he has tried countless cases to victory (including approximately 150 jury trials with a concentration in homicide and violent crime). In addition to trying some of the highest profile and complex cases that have occurred in the history of Northern Illinois, Jeff was Chief of the Felony Review Division, and is currently the First Assistant State's Attorney for the Lake County (Illinois) State's Attorney's Office. Jeff served as Special Counsel to the U.S. House of Representatives Judiciary Committee in the impeachment of President Clinton. His duties included all aspects of independent counsel review, the impeachment inquiry, presentation of articles of impeachment to the U.S. House of Representatives, all witness interviews and depositions of trial witnesses, and the actual impeachment trial before the U.S. Senate. Jeff has received numerous federal, state, and local awards. These include Illinois State Crime Commission's State's Attorney of the Year, Felony Trial Attorney of the Year, The Fred L. Foreman Criminal Justice Award, The Ruth Rosengarden Victim Service provider Award, and a special U.S. House of Representatives Award presented by Congressman Henry Hyde. Jeff has been featured on 20/20, The Today Show, Good Morning America, Court TV, and the Discovery Channel. Jeff is a published author and a well-respected legal instructor who holds undergraduate and graduate faculty positions and has received accolades as a nationally renowned lecturer, training thousands of police officers, lawyers, prosecutors, and judges.

IDNR Explosives Safety, Recognition and Handling Course

New Lenox Police Department
200 Veterans Parkway, New Lenox, IL.60451
Wednesday; June 15, 2022
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Legal Updates 3.5 Hours
- Procedural Justice 2.0 Hours

Course Description: This is a one day 8-hour class being provided by the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. The class will provide hands on education for recognizing the different types of high/low explosives and their requirements at both the State of Illinois level, as well as the BATFE (Federal) level. In addition to general explosive recognition, the specifics and differences of consumer fireworks (1.4) vs. professional grade fireworks (1.3G) and the laws that pertain to them will be discussed in great detail.

This class is being provided by the IDNR to help educate law enforcement and to provide direct assistance, on scene, when dealing with explosive situations. The IDNR regulates / investigates high and low explosives including 1.1, 1.2, 1.3, and 1.5. Too many times law enforcement does not have the education to know how to identify an explosive and/or if a bomb squad needs to be called. Bomb Squads, Explosives Breaching SWAT Teams, and BOMB Dog Handlers already possess the IL Individual Explosives License. The IDNR must be notified immediately upon any recovery of a regulated explosive and/or device to pursue the information necessary for enforcement.

If the Officer and their respective department so desire; after completing the class and passing the exam they can receive an IL IDNR Individual Explosives License, to be used in association with their law enforcement duties. A random monthly bank of test questions will be administered at the end of the class which will consist of 50 questions that will be multiple choice and/or True-False. Each officer receiving the license will fill out an application and must pass the test with an 80% or higher. Officers who do not pass the test will be provided an opportunity to retest in the near future.

- **Licensing is recommended but not required to attend.**

There are eight chapters covered in the presentation and each officer will be provided a packet of information from the IDNR consisting of a copy of the IL Explosives Act, the Admin Codes that Apply to the Act, a general explosives safety packet, a packet for note taking as the presentation is given, and a small 4-page packet for officers to keep available as a quick reference guide for explosive identification purposes, while on duty.

Continued on next page:

Key topical areas to be addressed include the following:

- Illinois Explosives Act
- Explosive Storage Requirements-Law Enforcement and Non-Law Enforcement
- Explosives Safety/Recognition/Handling (m-devices, homemade sticks, etc.)
- Fireworks- 1.3G low explosives (professional fireworks) vs 1.4 low explosives
- Enforcement of 1.3G vs. 1.4 and their requirements

Instructor:

The instructor for this class is Nick Sterling who currently is a Specialist/Inspector/Investigator for the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. Mr. Sterling's current territory includes Cook, Lake, McHenry, DuPage, Kane, Kendall, Gundy, and Will Counties. Sterling has been with the Department for four years and inspects/investigates all explosive storage facilities (Law enforcement and Non-Law Enforcement), explosives accidents, explosives incidents, and performs random checks/investigations on both licensed and unlicensed individuals. Sterling has 18 years of high explosives experience and teaches the IL Individual Explosives License Class on a regular basis. Over the past few years Mr. Sterling has noticed a lack of education when law enforcement agencies are dealing with explosives related issues, and hopes to help prevent these issues in the future through education and assistance.

Vehicle Dynamics

Students must have successfully completed Crash Investigation 1 and Crash Investigation 2

Frankfort Police Department
20602 Lincoln-Way Lane, Frankfort, IL 60423
Monday- Friday, June 20-24, 2022
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

PENDING

Course Description:

Learn the mathematics and laws of physics required for Traffic Crash Reconstruction 1 & 2. This course teaches the motion of bodies and the actions of forces that produce or change that motion (dynamics) as applied to crashes. Students learn the classical mechanics equations of motion, drag factor, and friction and acceleration coefficients. Vehicle Dynamics also introduces the methodology for estimating vehicle speeds based on flips, vaults, and sideslips and teaches the differences between force, momentum, and energy in crash investigation/reconstruction.

This course provides an introduction to basic mathematical procedures and the basic laws of physics necessary for those who wish to attend Traffic Crash Reconstruction 1 and Traffic Crash Reconstruction 2.

Vehicle Dynamics involves a considerable amount of physics and mathematics. Prospective students should have successfully completed a high school physics course as well as high school level algebra, geometry, and trigonometry.

Course Topics:

- Newton' Laws of Motion
- Coefficient of friction and drag factor
- Introduction to basic motion equations – velocity, time, acceleration, and distance
- Speed estimates using flip/vault, fall and sideslip equations
- Momentum – collinear (in-line)
- Energy and skidding, kinetic energy, and velocity estimates
- Speed estimates from irregular skid marks

Course Materials: All students **must** bring the following:

- Small pair of scissors
- Scientific calculator with square root key
- Mechanical Pencils
- Laptop computer (or other device) with USB port(s) and Adobe Reader installed

*Students may use calculators and electronic communication devices in class; however, possession/use of electronic communication devices during closed-book quizzes and exams is prohibited.

Instructor (s): Course instructor(s) are provided by *NUCPS*.

Member Tuition: None*

Non-Member Tuition: \$900.00*

*Initial registration will be limited to Tri-River member agencies; a waiting list will be established for non-members. A limited number of seats are available. All agencies may be limited as to the number of attendees allowed to initially register and attend.

FULL

Sexual Assault Investigator Training (Day-2)

Attendees must have previously completed the Initial Responders 8-hour in person or 8-hour online class to attend

Joliet Police Department

150 W. Washington St., Joliet, IL. 60432

(Park on the hill to the west of the P.D., but not against the river)

Wednesday; June 22, 2022

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|---|-----------|
| • Civil Rights | 0.5 Hour |
| • Const. Use of LE Authority | 0.5 Hour |
| • Cultural Competency | 0.5 Hour |
| • Human Rights | 0.5 Hour |
| • Legal Updates | 0.5 Hour |
| • Procedural Justice | 0.5 Hour |
| • Psychology of Domestic Violence | 1.0 Hour |
| • Sexual Assault Trauma Informed Response | 4.0 Hours |
| • Lead Homicide Investigator | 8.0 Hours |
| • Sexual Assault Investigator Training | 8.0 Hours |

Course Description: This course will meet all the requirements of the Sexual Assault Incident Procedure Act (Public Act 099-0801) which was enacted January 1, 2017. This Act requires all agencies employing law enforcement officers who conduct sexual assault and abuse investigations be required to provide specialized training within 2 years (January 1, 2019) of the effective date of this act. The act also requires that agencies present training to all law enforcement officers who are initial responders within 3 years (January 1, 2020) of the effective date of this act.

Instructor: Commander John Arizzi has worked for the Lockport Police Department since 2005. He is the Investigations Commander and currently serving as a Division Commander in the Will/Grundy Major Crimes Task Force. John is a former Deputy Director of the Metro Area Narcotics Squad and has worked undercover for both state and federal authorities. John is also an FBI certified crisis negotiator and served on the Will County SWAT team. John holds a Bachelor's Degree in Criminal Justice from Benedictine University.
