| • Specialized: | |
| ○ Lead Homicide Investigator | 16.0 Hours |
| ○ Juvenile Law | 2.0 Hours |
| ○ Officer & Youth Interaction | 3.0 Hours |

Course Description: This course is more in depth than the 8-hour course offered, with added discussion and exercises. It is designed to provide law enforcement officers with a comprehensive overview on various crimes against children involving child abuse. Each topic will be discussed in a way that professionals working child abuse can recognize and distinguish various offenses involving children, appreciate their unique characteristics, dispel common myths and outdated practices, discern how injuries may or may not present, understand the complexities involved and learn how to overcome the challenges these cases present. This session will also provide guidance with responses to these specific calls while acknowledging the unique characteristics and discuss how to work with an MDT (Multidisciplinary Team) for the best outcome. The importance of an adequate investigation will be highlighted on cases where victims are unable to tell their story. The focus will include real case scenarios of incident investigation, suspect interviews, child interviews, non-offending caretaker/witness interviews, crime scene evaluation and creation of timelines. The most common forms of physical abuse will be discussed, which will include bruises, burns, fractures and abusive head trauma as well as child death investigations.

Course Goals:

- Officers can recognize and distinguish offenses of child maltreatment.
- Officers can appreciate how responses may appear and the unique characteristics of crimes against children, including challenges and barriers specific to child victims.
- Officers will learn about Adverse Childhood Experiences, trauma informed responses and understand how these responses are related to epigenetics and long-term outcomes including intergenerational trauma responses.
- Dispel common myths and outdated practices with physical abuse.
- Recognize the importance of trauma informed and victim centered responses.
- Discern how injuries may or may not be present.
- Understand the complexities involved with evidence in physical abuse and death investigations.
- Appreciate the unique judicial processes involved with crimes against children, which includes criminal court, juvenile court, family court and DCFS hearings.
- Discuss the involvement of a child forensic interview, a children's advocacy center and child abuse specialists.

(CONTINUED)

- Learn how to overcome challenges these types of crimes present.
- Demonstrate how to identify and utilize the evidence to interpret who and what caused a child's injuries and/or death.
- Explore the necessary MDT investigative process needed to determine mechanisms behind serious abusive injuries and death investigations.
- Apply medical aspects of child maltreatment to a comprehensive MDT investigation of child abuse and/or death.

Instructor: Jennifer Hillgoth has been in law enforcement for 20 years and has been a detective for approx. 9 years. Jen has conducted hundreds of investigations involving crimes against children and is also a child forensic interviewer, which has afforded her the ability to conduct numerous child forensic interviews on both child victims and witnesses. Jen has provided expert witness testimony in child abuse, she is an active member on the Illinois Child Death Review Team, the Child Protection Team at Central DuPage Hospital, the Community Advisory Board with Lurie Children's Hospital in Chicago and the Family Violence Coordinating Council. Jen has provided training and education for law enforcement, medical providers, child life specialists, social workers, attorneys, DCFS, CASA, Children's Advocacy Centers and educators. She has presented for The American Professional Society on the Abuse of Children (APSAC), Children's Advocacy Center's of Illinois, Children's Advocacy Centers of Mississippi, Louisiana MDTs including Louisiana Supreme Court, CASA and Children's Advocacy Centers, Prevent Child Abuse Illinois, Family Violence Coordinating Council, Northwestern/Delnor Hospital, Lurie Children's Hospital, Child Advocacy Center of McHenry County, Kane County Major Crimes Task Force, Aurora University and Kane County CASA. She has a Bachelor's degree in Criminal Justice with a minor in Psychology and is finishing her studies at Loyola University Chicago where she will obtain a Masters of Jurisprudence in Children's Law and Policy.

NHTSA - Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)

Romeoville Police Department

1050 West Romeo Road, Romeoville, IL. 60446

Monday & Tuesday; January 13-14, 2025

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |
|--|------------|
| • Civil Rights | 10.0 Hours |
| • Const. Use of L.E. Authority | 2.0 Hours |
| • Legal Updates | 4.0 Hours |
| • Advanced Roadside Impaired Driving Enforcement (ARIDE) | 16.0 Hours |

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training, he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem.

The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.

- Civil Rights 1.0 Hour
- Const. Use of LE Authority 1.0 Hour
- Human Rights 1.0 Hour
- Legal Updates 2.0 Hours
- Procedural Justice 25.0 Hours

Course Description: This forty-hour course is specifically designed for experienced uniformed patrol personnel selected to serve as Field Training Officers with probationary employees. The course emphasizes the FTO's role in assisting probationers certify for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policy, procedures and community service delivery standards. The instruction highlights two essential Field Training and Evaluation Process skills: 1) the ability to examine and objectively document the probationer's job behaviors using the 2009 revised non- numerical/behaviorally anchored standardized assessment guidelines and, 2) analyzing the probationer's training needs and using proper instructional techniques for corrective action. The instruction presentation will focus upon discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out- of-classroom reading assignments from the course text and workbook, *Breaking Routine™: Field Training Officer*.

The course content will include:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process.
- The Instructional Relay Race: Taking over where Basic Police Training/Certification left off.
 - Inventorying the probationer's current knowledge and skill proficiencies.
- Selection and use of on-the-job instructional techniques: finding the best tools to meet the challenge.
- Utilization of legally defensible, non-numerical standardized evaluation guidelines.
- Objectively documenting probationer performance.
- Documenting the extent of training and coaching without becoming a best-selling author.
- Strategically addressing Probationer areas of Corrective Action Necessary.
- Utilizing the Probationer Officer Manual as the Field Training playbook.

Course Description: Law enforcement officers have an important role to play in their interactions with community members. This means responding to incidents with individuals who have mental health issues, including diagnosed mental illness.

This 8-hour course, developed by the Illinois Law Enforcement Training & Standards Board, is meant to provide law enforcement officers with an awareness of mental health issues including a history of mental health systems, types of mental illness, signs and symptoms, common treatments & medications, and potential interactions law enforcement may have, on a regular basis, with these individuals, their families and service providers.

Topics covered will include:

- Prevalence of mental illness
- History & impact on law enforcement
- Common forms of mental illness likely to be encountered
- Signs & symptoms of mental illness
- Treatments & medications
- Suicide warning signs
- Police interaction models
- De-escalation strategies
- Involuntary admission process
- HIPAA & FERPA

Instructor: Lt. Troy Siewert retired from the Orland Park Police Department (OPPD) and holds a master's degree in criminal social justice from Lewis University. He is a certified CIT coordinator, CIT officer, crisis negotiator and Mental Health First Aid instructor as well as a CIT role play evaluator for the Illinois Law Enforcement Training and Standards Board. **(Continued)**

Troy started the OPPD Crisis Intervention Team (CIT) in 2015 and has developed the program into what is now recognized as a standard for best practice. He has been a guest speaker at multiple conferences and various local professional groups promoting CIT and the One Mind Campaign. Troy recently worked on a committee to update the International Chiefs of Police model policy for "Responding to Persons Experiencing a Mental Health Crisis."
