- For this updated program, students will develop a new case study. Photographs and exhibits have been updated, and classroom instruction now includes how the latest generation of vehicle electronics - including data recorders, traction and stability controls, multiple airbags, etc. - affect both the crash and the crash investigation

Course Materials: All students need to bring a laptop computer or other device with a USB port to the class. Student reference materials will be distributed in USB flash drives (files will accept electronic comments and highlighting and can be saved).

In all cases, please bring the following additional items to class:

- Comfortable outdoor clothing (likely to get dirty) for Week 2 outdoor projects
- Simple calculator with square root key
- Mechanical Pencils
- Staedtler Geometry Compass
- Laptop computer (or other device) with USB port(s) and Adobe Reader installed.
- Students may use calculators and electronic communication devices in class; however, possession/use of electronic communication devices during closed-book quizzes and exams is prohibited.

Course Outcomes: Officers/investigators who successfully complete Crash Investigation 1 significantly improve their ability to handle all aspects of the majority of traffic crash investigations occurring within their jurisdictions.

Participants who successfully complete Crash Investigation 1 or its equivalent are eligible to enroll in Tri-River's and NUCPS's next crash investigation course, Crash Investigation 2.

Instructor (s): Course instructor(s) are provided by *NUCPS*.

Member Tuition: None*

Non-Member Tuition: None*

*Initial registration will be limited to Tri-River member agencies; a waiting list will be established for non-members. A limited number of seats are available, all agencies may be limited as to the number of attendees allowed to initially register and attend.

This class is funded by the Illinois Department of Transportation through the Police Traffic Services Training Project and administered by the Illinois Law Enforcement Training & Standards Board.

BUILDING A BETTER POLICE REPORT

Lockport Police Department

1212 South Farrell Rd., Lockport, IL. 60441

Wednesday; March 12, 2025

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Const. Use of LE Authority 0.5 Hour
- Procedural Justice 3.0 Hours
- Psychology of Domestic Violence 2.0 Hours
- Use of Force (General) 1.0 Hour
- Lead Homicide Investigator 8.0 Hours

Course Description:

This 8- hour course will focus on enhancing an officer's report writing skills so that he or she may better submit clear, accurate, concise, and detailed primary case reports. Emphasis will be placed on detailing probable cause for an arrest, better providing investigators with essentials in primary reports so that follow-up may become more efficient and enhancing case building in a way that will aid prosecutorial success. The course will examine some of the top failure points of poorly written reports as seen by shift supervisors, and then provide a blueprint to organization to better build reports for the future. Added emphasis will be placed on the additional care and challenges presented when preparing initial reports for Domestic Violence, Criminal Sexual Assault, and when an officer has had to apply physical force in the field. This course is geared to both newer patrol officers who may be developing report writing experience, as well as those veteran officers who might benefit from enhancing their report writing skills. Learning will be done through both lecture and a practical writing lab. Students are encouraged to bring a laptop computer with Microsoft Word installed.

Topics to be discussed:

- Developing a winning mindset for proper report writing- Why it is THAT important!
- Top areas of report failure and how to correct them before you commit them
- Eliminating the "Cliffhangers" and communicating to your overall audience (cops, courts, lawyers, and social services)
- Implementing a fool-proof "Blueprint" for organizing any report, every time
- Making the link from describing events to establishing why actions were taken
- Strategy for reviewing reports prior to submitting them
- Challenges in preparing a primary Domestic Violence Report
- Challenges in preparing a primary Sexual Assault Report
- Documenting your use of force within your report

- Procedural Justice 10.0 Hours
- Psychology of Domestic Violence 0.5 Hour
- Reporting Child Abuse and Neglect 0.5 Hour
- Specialized:
 - Lead Homicide Investigator 40.0 Hours

Course Description:

This training features interactive lectures and discussions of actual case histories, videos, and laws specific to homicide investigations. This comprehensive seminar provides instruction in conducting investigations and prosecuting death cases from the start of the investigation, through evidence collection, press conferences, trial testimony, and ultimately conviction.

This class uses a combination of actual homicide case studies, so participants work through a case from the beginning, through case closure. **The training provides participants the techniques and structure to lead a professional and lawful investigation.**

“Effective 01-01-2012, under 50 ILCS 705/10.11, only law enforcement officers who successfully complete the Board certified 40-hour Lead Homicide Investigator training program may be assigned as lead investigators in homicide investigations.” This course fulfills the requirements.

Instructor: Lou Tessmann, CFI retired from the Waukegan (Illinois) Police Department after 23 years of service in a wide variety of assignments, including patrol, investigations, training, and ultimately Deputy Chief of Police. Lou is a 26-year veteran of the United States Marine Corps, retiring as a CWO-4. In addition to his service in Vietnam he was activated for Desert Storm and Desert Shield and has received numerous military awards including the Naval Commendation Medal. Lou began his career as a police officer with the City of Waukegan assigned to the patrol division. He was later assigned to the detective bureau for nine years and as a juvenile officer for one year. Lou also served as the Commander of the elite Lake County Major Crime Task Force. The task force works on major criminal investigations relating to homicides, kidnappings, and police-involved shootings. During his career, he has conducted thousands of interviews and interrogations. Most noteworthy, Lou has obtained over 80 homicide confessions during his career with only three instances where he was unable to obtain a confession from the homicide suspect. (Continued)

Jeffrey J. Pavletic is a subject matter expert and an award-winning trial attorney who has built a reputation of integrity and exceptional skill in the courtroom. As a prosecutor over the past three decades, he has tried countless cases to victory (including approximately 175 jury trials with a concentration in homicide and violent crime). In addition to trying some of the highest profile and complex cases that have occurred in the history of Northern Illinois, Jeff was Chief of the Felony Review Division, and was the First Assistant State's Attorney for the Lake County (Illinois State's Attorney's Office).

NHTSA - Advanced Roadside Impaired Driving Enforcement (A.R.I.D.E.)

Lockport Police Department

1212 S. Farrell Rd., Lockport, Il. 60441

Wednesday & Thursday; March 19 & 20, 2025

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- | | |

| • Civil Rights | 10.0 Hours |
| • Const. Use of L.E. Authority | 2.0 Hours |
| • Legal Updates | 4.0 Hours |
| • Specialized | |
| ○ Advanced Roadside Impaired Driving Enforcement (ARIDE) | 16.0 Hours |

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training, he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment. ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem.

The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructors: Dave Christiansen (lead instructor), of the Dekalb County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash investigator. Ari Briskman (co-instructor), of the Lake County Sheriff's Office, is a Drug Recognition Expert Instructor as well as a Standardized Field Sobriety Testing Instructor and crash reconstructionist.

Hi-Risk & Tactical Traffic Stops – Drumm

JJC, Weitendorf Agricultural Education Center

17840 W. Laraway Rd; Joliet, IL 60433

Thursday; March 20, 2025

8:00am – 4:00pm

NEW COURSE

This course complies with the guidelines of the following mandate(s):

- | | |
|---|--------------------------------------|
| • High-Risk Traffic Stops | 6.0 Hours (6.0 Hours Scenario-Based) |
| • Law concerning stops, searches, and the use of force | 0.5 Hour |
| • Officer safety techniques, including cover, concealment, and time | 1.0 Hour (0.5 Hour Scenario-Based) |

Course Description: The primary focus of the course will be to provide patrol officers and patrol supervisors with the specialized skills, knowledge and abilities while making or assisting on traffic stops needed to recognize the specific clues of persons involved in criminal, terrorist or other illegal activities. Content will include making the initial observation, contact, and safety protocols for traffic stops. Officers will learn and practice the strategic skill set needed for properly searching multiple suspects on the street. Scenarios will involve safely securing weapons, possible explosive devices, and procedures for procedural justice concerns during these encounters. Officers will also become familiar with the kinetics of car and truck-based bombs and incendiary devices. Officers will learn how to use traffic stops to initiate contact responses to possibly recognize individuals involved in illicit activities which may also relate to final-point smuggling and border crossings. These include front runners who are involved in supplying people, money, and weapons to individuals, home-based safety threats, as well as large impact groups. Attendees will also be exposed to their role as the grass roots front runners in domestic security. Training will utilize air soft scenario-based training.

STUDENTS MUST BRING THE FOLLOWING EQUIPMENT TO CLASS:

- ✓ Duty belt
- ✓ Duty flashlight
- ✓ Soft body armor
- ✓ Comfortable long sleeve shirt, **NO SHORTS** (fatigues/BDUs suggested) **NOTE: Students will participate in multiple tactical exercises and can expect to get dirty.**
- ✓ Water to drink during tactical exercises **AND**
- ✓ **A packed lunch**

Course Goals:

- Learn the differences between unknown, low, medium, and high risk stops.
- Review Illinois laws regarding traffic stops and occupant control issues.
- Review techniques for vehicle stop locations and suspect-officer interaction.
- Learn tactics for squad car placement on traffic stops.
- Learn the proper commands for removing driver from vehicle.
- Learn how to control and remove multiple subjects on stops.
- Learn how to read and use vehicle occupant body language for safety.
- Learn how de-escalation techniques can be used on traffic stops.
- Review identifying IEDs for responder and public safety.
- Learn how to request contact of STIC, bomb squad(s) and DHS.
