# ~~High Risk Vehicle Stops – Train the Trainer~~

Kankakee County Sheriff's Office  
3000 S. Justice Way, Kankakee, IL. 60901  
Monday & Tuesday; May 1 & 2, 2023  
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Const. Use of LE Authority 0.25 Hours
- High Risk Traffic Stops 15.50 Hours (scenario-based hours 11.0)
- Law concerning stops, searches, and the use of force 0.25 Hours
- Officer safety techniques, including cover, concealment, and time 0.50 Hours

**Course Description:** The goal of this course is to provide training to officers in High-Risk Vehicle Stops, so that they are able to provide training to other officers. This course uses lessons learned from other encounters and provides methods for safely performing high risk stops and communication techniques for officers conducting these stops.

## Topics include:

- Teaching The History and Evolution of High-Risk Vehicle Stops
- Additional Field Failures – Examples
- "THE V" 1970-2020 – Discussing the history, evolution, tactical errors and lessons learned by examining past high-risk vehicle stop incidents including the review of written materials and video documentation. Students will have the ability to discuss and instruct the history and evolution.
- Teaching The Anatomy of Contact/Cover – Define the overall role, responsibility and strategy of contact and cover. Identify standard operational safety procedures for all field contacts
- Teaching Modern High-Risk Vehicle Stop Tactics: Centerfuge and Michigan State Police Model - Illustrate the dynamics of modern, state of the art high risk stops including ballistics, vehicle positioning, officer positioning, verbal commands, equipment issues, rifle deployment, handcuffing and positioning of suspects, searching suspects, questioning and intelligence gathering, securing suspect(s) and vehicle clearing/clean-up.
- Teaching Practical Exercises and Scenarios

## Each Student Officer Will Perform the Role of:

- Officer In Position One – Including Verbal Commands and Coordination
- Officer In Position Two – Including Verbal Commands and Coordination
- Officer In Position Three – Including Verbal Commands and Coordination
- Officer In Position Four – Including Verbal Commands and Coordination
- Suspect In Vehicle, And:
- Will Demonstrate Proper Instruction Methods for Each of The Above.

(CONTINUED)

**Instructors:**

**Chief Ed Delmore** - Gulf Shores AL PD; A former Patrol Officer, Undercover Narcotics Investigator, Patrol Sergeant, Watch Commander, Deputy Chief and Chief of Police. Chief Delmore has been involved in the seizure of millions of dollars in illicit drugs and currency and has trained thousands of police officers throughout the United States on criminal Interdiction techniques.

**Officer Stacy McElroy** - Gulf Shores AL PD; An 18-year police veteran began his career with the Collinsville, IL PD. He has served as a Patrol Officer, K-9 handler, and a Task Force Officer with the Drug Enforcement Administration.

Officer McElroy has made several significant seizures involving thousands of pounds of narcotics and over a million dollars in currency. Stacy has trained thousands of officers in Criminal Patrol Drug Enforcement throughout the country.

# Crash Investigation 1

Frankfort Police Department

20602 Lincoln-Way Lane, Frankfort, IL 60423

Monday- Friday, May 1 – May 12, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 3.0 Hours (1.0 Hour Scenario-Based)
- Const. Use of LE Authority 4.0 Hours (4.0 Hours Scenario-Based)
- Legal Updates 3.0 Hours (1.0 Hour Scenario-Based)
- Procedural Justice 3.0 Hours
- Lead Homicide Investigator 80.0 Hours (8.0 Hours Scenario-Based)

**Course Description:** In most jurisdictions, traffic crashes account for more lives lost, more injuries and more property damage than all criminal activity combined. To effectively implement crash prevention programs and improve quality of life, law enforcement agencies need to know the who, what, where, when and why of crash occurrence.

The moments immediately following a traffic crash are crucial, and only a well-trained crash investigator knows how to identify and collect the necessary information at the crash scene and to begin the interpretation of that evidence.

Crash investigators must work quickly and confidently to preserve significant physical results before the crash scene is altered or evidence disappears. They must anticipate what information will be needed for enforcing traffic laws, planning crash prevention programs and possible case litigation. In addition, they must properly document the at-scene information and evidence because once the scene is cleared, the evidence might be impossible to recover.

Crash Investigation 1, based on J. Stannard Baker's world-renowned text, Traffic Crash Investigation, is an in-depth study of the skills needed to systematically investigate a traffic crash. Techniques for recognizing and properly recording roadway and vehicle crash evidence are thoroughly presented. Students learn to take measurements and photographs of the crash scene and to create sketches and after-crash diagrams. Crash Investigation 1 also addresses how the collected data are used to reconstruct crashes. Finally, the use of electronic devices to collect and record at-scene data is also introduced.

## Course Topics:

- Preparation for traffic crash investigation
- Information from and about people
- Information from vehicles
- Information from roads
- Measuring and mapping the crash scene
- Photographing the crash scene and damaged vehicles

Continued on next page:

- For this updated program, students will develop a new case study. Photographs and exhibits have been updated, and classroom instruction now includes how the latest generation of vehicle electronics - including data recorders, traction and stability controls, multiple airbags, etc. - affect both the crash and the crash investigation

**Course Materials:** All students need to bring a laptop computer or other device with a USB port to the class. Student reference materials will be distributed in USB flash drives (files will accept electronic comments and highlighting and can be saved).

**In all cases, please bring the following additional items to class:**

- Comfortable outdoor clothing (likely to get dirty) for Week 2 outdoor projects
- Simple calculator with square root key
- Mechanical Pencils
- Staedtler Geometry Compass
- Laptop computer (or other device) with USB port(s) and Adobe Reader installed.
- Students may use calculators and electronic communication devices in class; however, possession/use of electronic communication devices during closed-book quizzes and exams is prohibited.

**Course Outcomes:** Officers/investigators who successfully complete Crash Investigation 1 significantly improve their ability to handle all aspects of the majority of traffic crash investigations occurring within their jurisdictions.

Participants who successfully complete Crash Investigation 1 or its equivalent are eligible to enroll in Tri-River's and NUCPS's next crash investigation course, Crash Investigation 2.

**Instructor (s):** Course instructor(s) are provided by *NUCPS*.

**Member Tuition: None\***

**Non-Member Tuition: None\***

\*Initial registration will be limited to Tri-River member agencies; a waiting list will be established for non-members. A limited number of seats are available, all agencies may be limited as to the number of attendees allowed to initially register and attend.

*This class is funded by the Illinois Department of Transportation through the Police Traffic Services Training Project and administered by the Illinois Law Enforcement Training & Standards Board.*

# SFST Refresher – 8 Hour day

Orland Park Police Department

15100 S. Ravinia Ave., Orland Park, IL. 60462

Friday; May 5, 2023

8:00 am to 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 4.0 Hours (2.0 Hours Scenario-Based)
- Const. Use of LE Authority 2.0 Hours
- Legal Updates 2.0 Hours

**Course Description:** The purpose of this course is to increase deterrence of DWI violations, and thereby reduce the number of crashes, deaths and injuries caused by impaired drivers. As a result of this training, participants will become significantly better able to:

- Understand enforcement's role in general DWI deterrence.
- Understand detection phases, clues and techniques.
- Understand requirements for organizing and presenting testimonial and documentary evidence in DWI cases.
- Recognize and interpret evidence of DWI violations.
- Administer and interpret Standardized Field Sobriety Tests.
- Describe DWI evidence clearly and convincingly in written reports and verbal testimony.
- Understand the tasks and decisions of DWI detection.
- Know and recognize typical vehicle maneuvers and human indicators symptomatic of DWI associated with initial observations.
- Know and recognize typical reinforcing maneuvers and indicators that come to light during the stopping sequence.
- Know and recognize typical sensory and other clues of alcohol and/or other drug impairment that may be seen during face-to-face contact with DWI suspects.
- Know and recognize typical behavioral clues of alcohol and/or other drug impairment that may be seen during the suspect's exit from the vehicle.
- Understand the role and relevance of psychophysical testing in pre-arrest screening of DWI suspects.
- Know and carry out appropriate administrative procedures for validated divided attention psychophysical tests.
- Know and carry out appropriate administrative procedures for the Horizontal Gaze Nystagmus test.
- Know and recognize typical clues of alcohol and/or other drug impairment that may be seen during administration of the Standardized Field Sobriety Tests.

**Instructors:** Dave Schurr; Lieutenant (Ret.) with the Bolingbrook Police Department and Steven Sigler; Sergeant with the Illinois State Police.

# ILETSB - SRO Recertification - Butts

Plainfield Police Department

14300 Coil Plus Dr., Plainfield, IL. 60544

Monday & Tuesday, May 8 & 9, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

• Civil Rights	2.0 Hours
• Const. Use of LE Authority	2.0 Hours
• Crisis Intervention	1.5 Hours
• Cultural Competency	0.5 Hour
• Human Rights	0.5 Hour
• Legal Updates	1.5 Hours
• Officer wellness/mental health	0.5 Hour
• Procedural Justice	3.0 Hours
• Law concerning stops, searches, and the use of force	1.0 Hour (0.5 Hour Scenario-Based)
• Officer safety techniques, including cover, concealment, and time	3.0 Hours (1.5 Hours Scenario-Based)
• Specialized: School Resource Officer	
○ Active Threat Response	4.0 Hours (2.0 Hours Scenario-Based)
○ Juvenile Law	3.0 Hours
○ Officer & Youth Interaction	3.0 Hours

**\*\* Students are encouraged to bring a laptop or tablet that can utilize a thumb drive; paper copies of the materials will not be provided. \*\***

**Course Description:** This 2-day, 16-hour program has been designed by the Illinois Law Enforcement Training Standards Board to provide students with the required training in use of police personnel within the school setting in accordance with SB 2925 (PA 100-984). SROs must be police officers of law enforcement agencies who are to serve within a school setting pursuant to a memorandum of understanding between the employing law enforcement agency and a school district within the agency's jurisdiction. Any officer serving in this role as of January 1, 2021, must have a special certification issued by the Illinois Law Enforcement Training and Standards Board ("Board"). Such officers must have attended a special training or attained a waiver by the Board before they can serve in this role.

This course consists of the three primary components addressed in the curriculum: Juvenile Law, Officer and Youth Interactions, and School Threat Response. Students will participate in guided discussions/lectures, interactive activities, and performance-based exercise

**Instructors:** This course will be taught by a team of Instructors. Lead Instructor, Danielle Butts is the Founder and Executive Director of All Our Children's Advocacy Center. She has been a Forensic Interviewer for 20 years and conducted over 4,000 interviews. Danielle is a member of the Cook County Child Abuse Advisory Board and the Children's Advocacy Center of Illinois Legislative Committee. She has been a law enforcement instructor for over 15 years and currently teaches; Interviewing Children, Juvenile Investigations, Sexual Assault and SRO.

# The Winning Mind™ for Women

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL 60451

Wednesday, May 10, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- |   |           |
|---|-----------|
| • Const. Use of LE Authority  | 1.0 Hour  |
| • Officer wellness/mental health                                    | 1.0 Hour  |
| • De-escalation Techniques  | 1.0 Hour  |
| • High-Risk Traffic Stops   | 1.0 Hour  |
| • Officer safety techniques, including cover, concealment, and time | 3.0 Hours |

## Course Description:

“The Winning Mind for Women” is one of the most unique and popular courses offered by the “Winning Mind Seminars” team. Sgt. Betsy Smith guides students through 8 hours of intensive, interactive training that will provide attendees with updates and information they can employ to improve and enhance both their professional and personal lives.

We begin each session by honoring the sacrifices of our fallen, celebrating the law enforcement profession and asking each attendee to inwardly assess their own career. We define true “Warrior Ethos” as well as the “Guardian Mindset” as we talk about the history of women in policing and celebrate our winners and role models. We then introduce gender-specific science and leadership principles that anyone can use to enhance their career and improve their life on and off the job. The multi-media format keeps students engaged and entertained while we provide officers, agents, dispatchers, trainers, supervisors, managers and all other personnel with a realistic view of gender differences and how these can be harnessed in both men and women to improve performance, morale, communication, relationships, and especially officer safety.

This training is like no other in that it encourages women, and those who train and supervise them, to look beyond the anecdotal, “that’s-the-way-we’ve-always-done-it” world of learning and utilize science, physiology and proven methods and information that will help anyone in law enforcement improve their career and their survival. Sgt. Smith’s philosophy of “teaching by storytelling” cites real-world, inspirational examples of courageous men and women whose stories stay with the attendees long after the class has concluded. The atmosphere created in the classroom encourages students to network and gain strength and information from each other, making this session a powerful day for all involved. This course will inspire, motivate, and encourage women to excel and to win, regardless of assignment!

**(CONTINUED)**

## Topics will include:

- The “Not Today” mindset, on every call, on every shift
- Why “survival” is minimalistic and we must train to WIN!
- Embracing your responsibility for your own tactics, training, safety and career
- What “Guardianship” really means to you, your career and your community
- Why and how to embrace Warrior Ethos regardless of your career path
- Preventing and preparing for officer ambush
- How to leave behind the “victim-based” mentality and take control of your own future
- Recognizing and taking advantage of the differences between men and women
- Learning to communicate effectively with everyone in your agency and beyond
- How to bring your family into your world to enhance off duty safety and your relationships
- Finding and using the best female-specific equipment available
- Learning to “lead, mentor, and inspire” others regardless of your assignment or tenure
- How to increase your awareness and overcome the effects of “routine”
- Dealing with pregnancy in a high risk profession
- Assessing your own career and coming up with a plan for real success
- How “Post Traumatic Growth” can improve your career and your life
- How to truly embrace “the family” of law enforcement and stand together

**Instructor:** Sgt. Betsy Brantner Smith retired in 2009 as a 29-year veteran of a large metropolitan police department in the Chicago suburbs. Beginning her career as a police dispatcher at age 17, Betsy became an officer four years later and has held positions in patrol, investigations, narcotics, juvenile, hostage negotiation, crime prevention and field training. She received her four year degree from Western Illinois University in 1991, and was a class officer and graduate of the Northwestern University Center for Public Safety’s School of Staff and Command in May of 2001. She supervised her department’s K-9 Unit, served as a field training sergeant, recruitment team sergeant, bike patrol coordinator, Crowd Control Bike Team leader, and supervisor of the Community Education/Crime Prevention Unit. Betsy served on the Elderly Services Team, the Crisis Intervention Team, and was a proud founding supervisory member of NPD’s Honor Guard Unit. Betsy received numerous awards and commendations from her police department as well as many local and national awards for her performance as a police officer and supervisor. From 1999 – 2003 Betsy hosted various training programs and was a content expert for the Law Enforcement Television Network (LETN), is currently an on-air commentator and advisor for the Police One Academy and was a featured character in the Biography Channel’s “Female Forces” reality show. She has been a law enforcement trainer for over 20 years and was a content expert and senior instructor for the Calibre Press “Street Survival” seminar from 2003 through 2012 where she also created the “Street Survival for Women” seminar. Betsy is a popular keynote speaker at conferences and events throughout the United States and has trained in various international venues. Since 1995, Betsy has authored hundreds of articles for law enforcement, government and civilian publications including Innovations in Government, Police Marksman, Law and Order, Police Chief, Law Officer, PoliceLink.com, PoliceOne.com, LawOfficer.com and various civilian firearms magazines through Harris Publications including “Combat Handguns.” She served on the advisory board of Police Marksman magazine, was a featured columnist and video contributor on Officer.Com, NationalPolice.org and PoliceOne.Com. Betsy is a media analyst and the spokesman for the National Police Association and a frequent guest on numerous national news programs. Betsy is the creator of the only course of its kind for women in law enforcement, “The Winning Mind for Women” and is the owner of The Winning Mind LLC. Together, Betsy and her husband Dave develop and instruct cutting edge courses and travel extensively, bringing their inspirational messages throughout the world. Betsy can be reached through her website at [www.femaleforces.com](http://www.femaleforces.com).

**\* FULL \*** ~~Small Unmanned Aircraft Systems  
(Drones) in Law Enforcement~~

JJC, Weitendorf Agricultural Education Center

17840 W. Laraway Rd., Joliet, IL 60433

Monday-Thursday, May 15-18, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Civil Rights 1.0 Hour
- Const. Use of LE Authority 4.0 Hours
- Legal Updates 1.0 Hour
- Procedural Justice 1.0 Hour
- Officer safety techniques 1.0 Hour

**Course Description:** This training will introduce officers to the use of Small Unmanned Aircraft Systems (sUAS), commonly called "drones", for both evidence collection and search operations. The course will cover all aspects of UAS operations, including preparations for the mandatory FAA Part 107 licensing. It will include information on the necessary waiver to fly in populated areas and night operation of drones. Hands-on experience with full-sized drones will give officers the confidence and ability to operate in a safe manner. Evidence collections in both photo and video format will be addressed, as well as the legal aspects of how to handle and store this information, as it differs from standard photo/video collection rules.

Finally, the Freedom from Drone Surveillance Act, ILCS 725/167 will be discussed to provide officers and their departments with a clear understanding about operating drones within the confines of the law, including the mandate to inform the State about maintenance and flight operations. Upon completion of this course, attendees will possess the knowledge to successfully take and pass their Part 107 FAA pilot's exam to become a licensed pilot. They will also be able to assist in creating proper departmental policies and procedures for operating drones.

**Course Objectives:** Identify the following: All state and federal laws pertaining to Small Unmanned Aircraft Systems (sUAS); different types of airspace; weather and weather-related conditions including cloud formations, types of fog, and wind conditions and how they play a role in the flight of a sUAS; loading and performance factors; airport and airfield standards, including left traffic patterns, METARS, TAFs, sectional charts, longitude and latitude; crew resource management, including types of attitudes, visual observers, Remote Pic, and the effects of drugs and alcohol; radio communication including 2.4 and 5 GHz, AWOS, ASOS, licensed frequencies, and CTAF; Emergency, Lost-Link, and Flyaway procedures; launch and recovery; and Plan B and C.

✓ Perform the procedures for: Vertical takeoff and landing, basic flight maneuvers, recording video, taking still images, autonomous flights, pre-flight and maintenance, equipment replacement, record keeping, pre- and post-flight inspection, and logbook maintenance.

✓ Gain the necessary knowledge and skills to test for and earn the FAA certification for sUAS Operator.

✓ Understand the Freedom from Drone Surveillance Act. (CONTINUED)

**Instructor:** Chris Edwards, Associate Professor at Rend Lake College, the primary instructor for this class, holds an AAS degree in Information Technology from Rend Lake College, a Bachelor's Degree in Information Technology from Southern Illinois University Carbondale, and a Master's Degree in Cybersecurity from Liberty University. He is licensed as a Remote Pilot by the FAA. Chris teaches in the Information Technology Division at Rend Lake, with an emphasis on Cybersecurity and Computer Forensics. He has developed the sUAS curriculum for the college. Chris has taught a related series of courses for over three years and has added several other courses to the curriculum.

# ~~Tactical Emergency Casualty Care~~

Plainfield Police Department

14300 Coil Plus Dr., Plainfield, IL. 60544

Tuesday; May 16, 2023

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Emergency Medical Training & Certification      8.0 Hours (4.0 Hours Scenario-Based)

**Course Description:** Officers will discuss and visualize the concept of Tactical Emergency Casualty Care as it applies to law enforcement tactical situations and the treatment of injured officers. Officers will learn and demonstrate specific treatments and interventions for the most commonly encountered wound patterns.

**Officers are asked to bring clothing appropriate for weather conditions for scenario training.**

On completion of the course, each participant will receive a Medical Patrol Officer Kit for duty use. Each kit contains: One C-A-T Combat Application Tourniquet, an OLAES Emergency Trauma Dressing and a Hyfin Vent Compact Chest Seal.

**Upon completion of this period of instruction, officers will be able to:**

- Identify the concepts of Tactical Emergency Casualty Care, its use in the law enforcement environment and how this concept differs from historically taught conventional First Responder medical treatment practices.
- Identify the most commonly sustained officer injuries and preventable causes of death.
- Identify the importance of mindset and maintaining situational awareness when wounded and when treating fellow officers.
- Identify signs and symptoms of airway problems and demonstrate airway interventions.
- Identify signs and symptoms of serious bleeding and demonstrate control interventions.
- Identify signs and symptoms of shock and demonstrate prevention and treatment interventions.
- Perform a Casualty Evaluation/F.A.S.T. Rapid Trauma Assessment and tactical evacuation.
- Plan and perform a vehicle and non-vehicle officer down rescue/extraction in a high-threat environment.

**Instructor:** Justin D. Rottmann is a police officer and a firefighter/paramedic. He has been part of the ILEAS Region 8 SRT since 2012. He currently serves as the TEMS (tactical EMS) team leader.

**Member Tuition: None\***

**Non-Member Tuition: None\*** (Members will have priority in registration)

(One-week version of *Supervision of Police Personnel* course)

Lockport Police Department

1212 South Farrell Rd., Lockport, IL. 60441

Monday – Friday; May 22-26, 2023

8:00 am to 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Procedural Justice 3.5 Hours

**Course Description:** The *First-Line Supervision* course prepares first-line supervisors for a successful transition from officer to supervisor and provides professional development to current supervisors who have had little or no formal training to lead officers. The course provides the fundamentals of leadership and followership to enable students to become more effective in their roles, and provide an educational foundation for life-long learning and professional development.

The **one-week course** is designed to teach supervisors how to overcome contemporary leadership challenges and focuses on understanding human behavior and day-to-day work relationships with subordinates, superiors and the public. As emerging leaders navigating today's changing law enforcement environment, *First-Line Supervision* students learn how to effectively motivate, evaluate and discipline employees in order to successfully carry out the visions of their law enforcement agencies.

**Who Should Attend:**

*First-Line Supervision* is an absolute must for all new supervisors or soon-to-be-promoted officers. Experienced supervisors are encouraged to attend to improve their leadership and supervisory effectiveness and continue developing in the law enforcement profession.

**\*Students will need a laptop computer or similar device with a USB port.**

**Course Content:**

- The personal profile system: DiSC instrument
- Key elements of dynamic leadership
- Communication
- Supervising Diversity
- Motivational principles
- Performance Management
- Planning and decision making
- The disciplinary process
- Ethics, professionalism and community image
- Risk Management

**Instructors:** Course instructors are police managers (active or retired) who combine extensive experience with solid academic credentials, provided by *NUCPS*.

**Member Tuition: None**

**Non-Member Tuition: \$750.00**

(Members receive priority registration)

# Policing A Diversified America (The U Approach)

Frankfort Police Department  
20602 W. Lincoln-Way Ln., Frankfort, IL. 60423  
Tuesday; May 30, 2023  
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- |                       |           |
|-----------------------|-----------|
| • Civil Rights        | 1.0 Hour  |
| • Cultural Competency | 4.0 Hours |
| • Human Rights        | 1.0 Hour  |
| • Procedural Justice  | 1.0 Hour  |

**Purpose:** Law enforcement officers today must understand the need to be educated in the differences that exist among the many cultures that we have in America. It is important that individuals who engage in law enforcement learn to understand and respect the differences among the many cultures today. This understanding will assist in enhancing the public perception of law enforcement and thus provide officers with the knowledge, skills, and attitude necessary for dealing with cultural differences and thus enhance the professional image of today's law enforcement officers.

**Course Description:** Policing a Diversified America is a specialized course of study for law enforcement officers, who as part of their calls for service and proactive responsibilities, will likely encounter people that may be different from who they are and people who have different views on life. With this 8-hour training course officers will be able use the knowledge attained to better relate to a variety of cultures and communicate/interact effectively through understanding.

The key components of this course will cover the following:

- The definition of culture and the many types of cultures that exist today in America.
- The history of cultural tensions in America
- The mental conditioning of bias
- Discussion on cultural stereotyping
- Presumptions about Law Enforcement and Culture
- Controversies involving the excessive use of force
- The Civil Rights Act
- Laws Governing Racial Profiling
- Case Laws Involving Law Enforcement and Bias
- Effective Communication Through Understanding

**About the Instructor:** The course will be conducted by Traneil Thomas. Traneil is currently a Sergeant and former detective with over 20 years of Law Enforcement experience. Traneil is also a Marine Corps Veteran and holds a Bachelor's Degree in Criminal Justice. He is currently the CEO and Owner of Trained Ready Armed Defense Training & Consulting; he is also the owner of Trained Ready & Armed Apparel. Traneil grew up on the south-side of Chicago and is well versed in both urban and suburban lifestyles.

# IDNR Explosives Safety, Recognition and Handling Course

Morris Police Department  
200 E. Chapin St., Morris, IL 60450  
Wednesday; May 31, 2023  
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

- Legal Updates 3.5 Hours
- Procedural Justice 2.0 Hours

**Course Description:** This is a one day 8-hour class being provided by the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. The class will provide hands on education for recognizing the different types of high/low explosives and their requirements at both the State of Illinois level, as well as the BATFE (Federal) level. In addition to general explosive recognition, the specifics and differences of consumer fireworks (1.4) vs. professional grade fireworks (1.3G) and the laws that pertain to them will be discussed in great detail.

This class is being provided by the IDNR to help educate law enforcement and to provide direct assistance, on scene, when dealing with explosive situations. The IDNR regulates / investigates high and low explosives including 1.1, 1.2, 1.3, and 1.5. Too many times law enforcement does not have the education to know how to identify an explosive and/or if a bomb squad needs to be called. Bomb Squads, Explosives Breaching SWAT Teams, and BOMB Dog Handlers already possess the IL Individual Explosives License. The IDNR must be notified immediately upon any recovery of a regulated explosive and/or device to pursue the information necessary for enforcement.

If the Officer and their respective department so desire; after completing the class and passing the exam they can receive an IL IDNR Individual Explosives License, to be used in association with their law enforcement duties. A random monthly bank of test questions will be administered at the end of the class which will consist of 50 questions that will be multiple choice and/or True-False. Each officer receiving the license will fill out an application and must pass the test with an 80% or higher. Officers who do not pass the test will be provided an opportunity to retest in the near future.

- **Licensing is recommended but not required to attend.**

There are eight chapters covered in the presentation and each officer will be provided a packet of information from the IDNR consisting of a copy of the IL Explosives Act, the Admin Codes that Apply to the Act, a general explosives safety packet, a packet for note taking as the presentation is given, and a small 4-page packet for officers to keep available as a quick reference guide for explosive identification purposes, while on duty.

Continued on next page:

**Key topical areas to be addressed include the following:**

- Illinois Explosives Act
- Explosive Storage Requirements-Law Enforcement and Non-Law Enforcement
- Explosives Safety/Recognition/Handling (m-devices, homemade sticks, etc.)
- Fireworks- 1.3G low explosives (professional fireworks) vs 1.4 low explosives
- Enforcement of 1.3G vs. 1.4 and their requirements

**Instructor:**

The instructor for this class is Nick Sterling who currently is a Specialist/Inspector/Investigator for the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. Mr. Sterling's current territory includes Cook, Lake, McHenry, DuPage, Kane, Kendall, Grundy, and Will Counties. Sterling has been with the Department for four years and inspects/investigates all explosive storage facilities (Law enforcement and Non-Law Enforcement), explosives accidents, explosives incidents, and performs random checks/investigations on both licensed and unlicensed individuals. Sterling has 18 years of high explosives experience and teaches the IL Individual Explosives License Class on a regular basis. Over the past few years Mr. Sterling has noticed a lack of education when law enforcement agencies are dealing with explosives related issues, and hopes to help prevent these issues in the future through education and assistance.
