

Mobile Team Unit 16 ASSIST Program A Statewide System of In-Service Training

TRI-RIVER POLICE TRAINING REGION, INC. ANNUAL REPORT FISCAL YEAR 2023

CHAIRMAN SHANE CASEY DIRECTOR BRADLEY R. HERTZMANN

Illinois Law Enforcement Training and Standards Board

500 S. 9th Street Springfield, Illinois 62701

TRI-RIVER POLICE TRAINING REGION FY2023 ANNUAL REPORT

November 10, 2023

FY23 began with great confidence regarding state funding from ILETSB. As the fiscal year went on, it was confirmed that we would be fully funded in FY23. The ASSIST Budget awarded Tri-River \$446,710.57 in State funding. By the end of the fiscal year, Tri-River had received a total of \$446,710.56 in State funding.

Tri-River continued assisting our members with opportunities to fulfill current training mandates. We also liaised between the Training Board and member departments regarding the new SAFE-T Act legislation which changed the in-service training mandates for officers and their departments. Training mandate compliance continues to play a significant role in determining the types of classes we schedule. Tri-River has worked diligently to guide and assist our member departments in meeting training mandates required for their Officers.

Changes and upgrades continue to be made by ILETSB regarding LEDI, LETM and the newly developed Officer Portal. Tri-River staff continued to work with instructors to obtain the necessary course information for courses to be vetted and certified by ILETSB. In FY23, Tri-River reviewed and submitted over 140 courses to ILETSB for Certification.

ILETSB also required that all instructors resubmit their instructor applications for approval by ILETSB. During fiscal year 2023, the Executive Director reviewed, signed off on and submitted to ILETSB over 280 Form-C Instructor Applications.

During Fiscal Year 2023, Tri-River continued to assist our members in meeting their required mandates through the certification of their own in-service department training. Individually or collectively, departments have submitted in-house training courses that were reviewed and submitted to the Training Board for certification of certain mandates and hours. This service for our member agencies has greatly increased the workload of our MTU. After Course certification, our Departments then hold classes with approved instructors and provide the training documentation to our MTU for entry into the LETM database and providing certificates.

As of June 2023, about 29 member departments were utilizing a monthly on-line computer-based training program which was certified by the Training Board. Each department's on-line monthly training is entered into LETM as an individual class which has resulted in a significant increase in data entry on the part of our staff. Tri-River anticipates more member departments will take advantage of on-line training as well as in-service departmental training to meet required training mandates.

In FY2023 Tri-River, MTU 16, hosted and/or facilitated 851 classes totaling 86,158 training man hours. This was an increase of over 50% in classes and almost 30% in total training man hours over Fiscal Year 2022. Due to the passage of the SAFE-T ACT, Tri-River increased offerings of certain specialized training courses. This was done to assist departments in meeting required mandates by facilitating their own inservice Department training. To this end, Tri-River has increased its offerings of instructor courses, hoping those specially trained Department personnel will then instruct within their own Departments. Some of the instructor and/or train the trainer courses included Instructor Development, Use of Force Train the Trainer, Firearms Instructor, & High Risk Vehicle Stops train the trainer.

In addition, Tri-River continues to seek out additional quality courses of instruction. As mentioned before, we continued to have members certify their in-service training and on-line training through Tri-River. This procedure added additional courses and training hours to our totals for this fiscal year. It was a decision which required additional manpower on our part, however it provided member departments the opportunity to take advantage of the many services we could provide them.

The Tri-River Advisory Board has been actively involved in the management of the MTU. The Advisory Board meets monthly, ensuring that necessary high-quality training is provided to our member agencies. We have received excellent support from our member departments, especially in providing facilities to hold our classes. Most of our classes are conducted in facilities controlled or contracted by our members, which has kept our rental cost down to \$200.00 for the fiscal year. We thank all of

those who have supported our training efforts.

Our FY2023 audit was completed in October of 2023 by the accounting firm of Wermer, Rogers, Doran & Ruzon LLC. The Illinois Law Enforcement Training and Standards Board, (ILETSB) allowed MTU's to contract with their choice of accounting firms for this audit if they met the standards to comply with handling governmental agency audits. This firm is from the local Joliet area and has completed numerous governmental audits at the local and county level. A copy of their final report is available upon request.

In Fiscal Year 2023, we continued to incorporate internet-based software into our daily activities. This included incorporating standard forms into an Adobe format for fill in the blank use by our members. We have further moved along with the use of our training database along with using email as the primary form of contact and announcements of our courses. Our website continues to accept registration requests as well.

At the conclusion of FY23, Tri-River had a balance (reserve) of excess Local Funds, from unused local dues, in the amount of \$138,198.36, which was collected for FY2023 above our hard match requirement and excess cash added to balance our year end budget. Any excess funds will be held as a contingency fund, reserved for any future emergency expenses or training needs not budgeted.

In FY2023, we completed a 15th year assisting the Training Board with Chicago Police Department training funds. Tri-River continued to assist the Training Board with processing approved payments for the Chicago Police Department. As in the past, all training vouchers continued to be approved by the Training Board prior to payment being made. The Training Board continued to issue Tri-River the funds for Chicago's In-Service Training Grant, and Tri-River would then pay the training related bills once approval was received from the Training Board and the Chicago Police Department. A total of \$400,000 was received for this fund for FY23 and \$535,112.81 was distributed during FY 2023 which left a balance of \$60,158.63. The balance includes funds carried over from FY22. Tri-River processed 22 different transactions related to the management of CPD Funds in FY23.

During FY15, ILETSB's CIT funds in the amount of \$130,360 were turned over to Tri-River for the administration of these funds per an agreement signed with the ILETSB. During FY23, the fund started with a balance of \$19,825.37 and ended the fiscal year with a balance of \$412.08 with 4 transactions processed during the year for the Training Board.

In Fiscal Year 2023, we had \$190,672.44 in grant reimbursed courses. This total consisted of Homeland Security Grants \$51,538.32, IDOT Grants \$59,788.64 and CIT/SRO Grants \$79,345.48. These additional funds assisted Tri-River in delivering additional specialized training classes. Many of these classes would have been financially prohibitive to offer our members without the award of these grants.

On behalf of Tri-River, it continues to be a privilege to serve the member agencies of the Tri-River Police Training Region, MTU# 16, and the Illinois Law Enforcement Training and Standards Board.

Bradley R. Hertzmann Director, MTU# 16
